All employment is decided on the basis of qualifications, merit and business need.

Position Overview

Duties:

Assistant Project Manager: Under general supervision, the Assistant Project Manager participates with project management and CCS staff in the management of construction projects for state owned facilities. Ensures that construction projects are completed according to contract documents and plans, and within budget with a proactive approach. The Assistant Project Manager also performs other job-related duties as assigned.

Project Manager: Under general supervision, the Project Manager manages construction projects for state owned facilities. The Project Manager also performs other job-related duties as assigned.

Senior Project Manager: Under broad supervision, the Senior Project Manager manages special projects for state owned facilities as directed by the Director of Operations. The Senior Project Manager also performs other job-related duties as assigned.

Minimum Qualifications:

Assistant Project Manager: Undergraduate degree in Engineering, Architecture, Building Construction, Construction Management or a related field from an accredited university, **OR** an Associate Degree or High School Diploma and five years of experience working in the Project Management Environment.

Project Manager: Completion of an undergraduate degree from an accredited college and a minimum of four (4) years of experience in the construction field as a Project Manager, Project Engineer, or Quality Assurance Manager; **OR** Ten (10) years of experience in the construction field as a Project Manager, Project Engineer, or Quality Assurance Manager.

Senior Project Manager: An undergraduate degree from an accredited college or university, **AND** a minimum of six (6) years of experience as a Project Manager, Project Engineer, and/or Quality Assurance Manager. **OR**, Fifteen (15) years of experience as a Project Manager, Project Engineer, and/or Quality Assurance Manager.

*** Must have a valid driver's license and be capable of traveling statewide to construction sites in various stages of development**

Competencies: Strong verbal, written, and analytical skills; excellent customer service, problem resolution, and organizational skills; ability to effectively interact with highly skilled professionals. Must be capable of reading and interpreting contracts and construction drawings and have experience working with Microsoft Office Suites and Project Management/Scheduling Software. Must have the ability to calculate figures and amounts such as discounts, interests, commissions, proportions, and percentages; ability to solve practical problems and deal with a variety of variables in situations where only limited standardization exists; ability to interpret a variety of instructions furnished in written, oral, diagram or schedule form.

The selected applicant must be authorized to work in the United States and must successfully pass a pre-employment criminal background check, motor vehicle records check and drug screen.

Due to the large volume of resumes received by this office, we are unable to provide information on your resume status over the telephone.

Notifications will only be sent to applicants who are selected for the interview.
