

PRELIMINARY OFFICIAL STATEMENT DATED JUNE 12, 2026**NEW ISSUE
(BOOK-ENTRY ONLY)**

RATINGS:
Moody's: Aaa
S&P: AAA
Fitch: AAA
See "RATINGS" herein.

*In the opinion of Bond Counsel, based upon an analysis of existing laws, regulations, rulings and judicial decisions, and assuming, among other matters, the accuracy of certain representations and the continued compliance with certain covenants and tax law requirements, interest on the 2026A Bonds and the 2026C Bonds (also herein referred to collectively as the "Tax-Exempt Bonds") is excludable from gross income for federal income tax purposes under Section 103 of the Internal Revenue Code of 1986, as amended, and is not a specific preference item for purposes of the federal alternative minimum tax imposed on individuals and corporations; however, interest on the Tax-Exempt Bonds is taken into account in determining the annual adjusted financial statement income of certain corporations for the purpose of computing the alternative minimum tax imposed on certain corporations. **INTEREST EARNED ON THE 2026B BONDS (ALSO HEREIN REFERRED TO AS THE "TAXABLE BONDS") IS NOT EXCLUDABLE FROM GROSS INCOME OF THE HOLDERS OF THE TAXABLE BONDS FOR FEDERAL INCOME TAX PURPOSES.** In the opinion of Bond Counsel, interest on the 2026A Bonds, the 2026B Bonds, and the 2026C Bonds (collectively, the "Bonds") is exempt from present State of Georgia income taxation. See APPENDIX E, APPENDIX F, and APPENDIX G herein for the forms of the opinions Bond Counsel proposes to deliver in connection with the issuance of the Bonds. For a more complete discussion of the tax status of the Bonds and certain other tax consequences relating to the Bonds, see "LEGAL AND TAX STATUS" herein.*

\$1,571,095,000*
STATE OF GEORGIA

\$620,510,000* General Obligation Bonds 2026A

\$160,460,000* General Obligation Bonds 2026B (Federally Taxable)

\$790,125,000* General Obligation Refunding Bonds 2026C

Dated: Date of Delivery

Due: As shown on inside cover

This Official Statement has been prepared by the Georgia State Financing and Investment Commission (the "Commission") for and on behalf of the State of Georgia (the "State") to provide information on the above-captioned bonds (from top to bottom, respectively, the "2026A Bonds," the "2026B Bonds," and the "2026C Bonds" and collectively the "Bonds"). The summary information on this cover is for convenience only. To make an informed decision regarding the Bonds, a prospective investor should read this Official Statement in its entirety.

<i>Security</i>	The Bonds constitute general obligations of the State to which its full faith, credit, and taxing powers are pledged.
<i>Redemption</i>	Certain of the Bonds are not subject to optional redemption prior to their maturity and certain of the Bonds are subject to optional redemption prior to their maturity, as further described herein.
<i>Purpose</i>	The 2026A Bonds and 2026B Bonds are being issued to provide funds for various capital outlay projects of the State, to make grants to various governmental entities for capital outlay projects, and to pay all or a portion of costs of issuance of the 2026A Bonds and 2026B Bonds, as further described herein. The 2026C Bonds are being issued to provide funds to refund certain outstanding general obligations of the State and to pay all or a portion of costs of issuance of the 2026C Bonds, as further described herein.
<i>Interest Payment Dates</i>	Semiannual, as described herein.
<i>Denomination</i>	\$5,000 and integral multiples thereof.
<i>Registration</i>	Full book-entry only and registered in the name of Cede & Co., as nominee for The Depository Trust Company, New York, New York.
<i>Closing/Delivery Date</i>	On or about July 9, 2026*.

The Bonds are being offered when, as and if issued by the State and accepted by the Underwriters, subject to prior sale or withdrawal or modification of the offer without notice, validation by the Superior Court of Fulton County, Georgia and approval as to legality by Gray Pannell LLC, Savannah, Georgia, Bond Counsel. Certain legal matters will be passed upon for the State by its Disclosure Counsel, Kutak Rock LLP, Atlanta, Georgia. Public Resources Advisory Group is serving as the Financial Advisor to the State.

* Preliminary, subject to change

No dealer, broker, salesperson or other person has been authorized by the Commission or the State to give any information or to make any representations, other than as contained in this Official Statement in connection with the issuance of the Bonds described herein and, if given or made, such information or representations must not be relied upon as having been authorized by the Commission or the State. This Official Statement does not constitute a contract between the Commission or the State and any one or more owners of the Bonds, nor does this Official Statement constitute an offer to sell the Bonds or a solicitation of an offer to buy, nor shall there be any sale of the Bonds by any person in any jurisdiction in which it is unlawful for such person to make such an offer, solicitation or sale. The information set forth herein has been furnished by the Commission or the State and by other sources which are believed to be reliable. The information and expressions of opinion herein are subject to change without notice, and neither the delivery of this Official Statement nor any sale made hereunder shall, under any circumstances, create any implications that there has been no change in the affairs of the State or any other parties described herein since the date hereof.

This Official Statement (including the Appendices attached hereto) contains forecasts, projections, and estimates that are based on current expectations but are not intended as representations of fact or guarantees of results. If and when included in this Official Statement (including the Appendices attached hereto), the words “expects,” “forecasts,” “projects,” “intends,” “anticipates,” “estimates,” and analogous expressions are intended to identify forward looking statements as defined in the Securities Act of 1933, as amended, and any such statements inherently are subject to a variety of risks and uncertainties, which could cause actual results to differ materially from those contemplated in such forward looking statements. Forward looking statements speak only as of the date of this Official Statement. The Commission and the State disclaim any obligation or undertaking to update or release publicly any updates or revisions to any forward looking statement contained herein to reflect any change in the Commission’s or the State’s expectations with regard thereto or any change in events, conditions, or circumstances on which any such statement is based.

INFORMATION CONCERNING OFFERING RESTRICTIONS IN CERTAIN JURISDICTIONS OUTSIDE THE UNITED STATES

NEITHER THE STATE NOR THE COMMISSION (REFERRED TO IN THESE LEGENDS AS THE “ISSUER”) MAKES ANY REPRESENTATION OR WARRANTY AS TO THE ACCURACY, COMPLETENESS, OR ADEQUACY OF THE INFORMATION UNDER THIS CAPTION. REFERENCES UNDER THIS CAPTION TO “BONDS” OR “SECURITIES” MEAN THE 2026B BONDS OFFERED HEREBY. THESE LEGENDS ARE BEING PROVIDED SOLELY FOR THE CONVENIENCE OF THE UNDERWRITERS. COMPLIANCE WITH ANY RULES OR RESTRICTIONS OF ANY JURISDICTION RELATING TO THE OFFERING, SOLICITATION, AND/OR SALE OF THE BONDS IS THE RESPONSIBILITY OF THE UNDERWRITERS AND NEITHER THE STATE NOR THE COMMISSION SHALL HAVE ANY RESPONSIBILITY OR LIABILITY IN CONNECTION THEREWITH. IN CONNECTION WITH OFFERS AND SALES OF THE BONDS, NO ACTION HAS BEEN TAKEN BY THE COMMISSION OR THE STATE THAT WOULD PERMIT A PUBLIC OFFERING OF THE BONDS, OR POSSESSION OR DISTRIBUTION OF ANY INFORMATION RELATING TO THE PRICING OF THE BONDS, THE OFFICIAL STATEMENT OR ANY OTHER OFFERING OR PUBLICITY MATERIAL RELATING TO THE BONDS, IN ANY NON-U.S. JURISDICTION WHERE ACTION FOR THAT PURPOSE IS REQUIRED.

MINIMUM UNIT SALES

THE BONDS WILL TRADE AND SETTLE ON A UNIT BASIS (ONE UNIT EQUALING ONE BOND OF \$5,000 PRINCIPAL AMOUNT). FOR ANY SALES MADE OUTSIDE THE UNITED STATES, THE MINIMUM PURCHASE AND TRADING AMOUNT IS 30 UNITS (BEING 30 BONDS IN AN AGGREGATE PRINCIPAL AMOUNT OF \$150,000).

NOTICE TO PROSPECTIVE INVESTORS IN THE EUROPEAN ECONOMIC AREA (“EEA”)

THE BONDS ARE NOT INTENDED TO BE OFFERED, SOLD OR OTHERWISE MADE AVAILABLE TO AND SHOULD NOT BE OFFERED, SOLD OR OTHERWISE MADE AVAILABLE TO ANY RETAIL INVESTOR IN ANY MEMBER STATE OF THE EEA. FOR THESE PURPOSES, “RETAIL INVESTOR” MEANS A PERSON WHO IS ONE (OR MORE) OF: (I) A RETAIL CLIENT AS DEFINED IN POINT (11) OF ARTICLE 4(1) OF DIRECTIVE 2014/65/EU (AS AMENDED, “MIFID II”); (II) A CUSTOMER WITHIN THE MEANING OF DIRECTIVE (EU) 2016/97 (AS AMENDED, THE “INSURANCE DISTRIBUTION DIRECTIVE”), WHERE THAT CUSTOMER WOULD NOT QUALIFY AS A PROFESSIONAL CLIENT AS DEFINED IN POINT (10) OF ARTICLE 4(1) OF MIFID II; OR (III) NOT A QUALIFIED INVESTOR AS DEFINED UNDER ARTICLE 2(E) OF REGULATION (EU) 2017/1129 (AS AMENDED, THE “PROSPECTUS REGULATION”). CONSEQUENTLY, NO KEY INFORMATION DOCUMENT REQUIRED BY REGULATION (EU) NO. 1286/2014 (AS AMENDED, THE “PRIIPS REGULATION”) FOR OFFERING OR SELLING THE BONDS OR OTHERWISE MAKING THEM AVAILABLE TO RETAIL INVESTORS IN THE EEA HAS BEEN PREPARED AND THEREFORE OFFERING OR SELLING THE BONDS OR OTHERWISE MAKING THEM AVAILABLE TO ANY RETAIL INVESTOR IN ANY MEMBER STATE OF THE EEA MAY BE UNLAWFUL UNDER THE PRIIPS REGULATION.

THIS OFFICIAL STATEMENT IS NOT A PROSPECTUS FOR THE PURPOSES OF THE PROSPECTUS REGULATION AND DOES NOT CONSTITUTE AN OFFER TO THE PUBLIC. THIS OFFICIAL STATEMENT HAS BEEN PREPARED ON THE BASIS THAT ALL OFFERS OF THE BONDS TO ANY PERSON THAT IS LOCATED WITHIN A MEMBER STATE OF THE EEA WILL BE MADE PURSUANT TO AN EXEMPTION UNDER ARTICLE 1(4) OF THE PROSPECTUS REGULATION FROM THE REQUIREMENT TO PRODUCE A PROSPECTUS FOR OFFERS OF THE SECURITIES. ACCORDINGLY, ANY PERSON MAKING OR INTENDING TO MAKE ANY OFFER IN THE EEA OF THE BONDS SHOULD ONLY DO SO IN CIRCUMSTANCES IN WHICH NO OBLIGATION ARISES FOR THE ISSUER OR ANY OF THE UNDERWRITERS TO PROVIDE A PROSPECTUS FOR SUCH OFFER. NEITHER THE ISSUER NOR THE UNDERWRITERS HAVE AUTHORIZED, NOR DO THEY AUTHORIZE, THE MAKING OF ANY OFFER OF 2026 BONDS THROUGH ANY FINANCIAL INTERMEDIARY, OTHER THAN OFFERS MADE BY THE

UNDERWRITERS, WHICH CONSTITUTE THE FINAL PLACEMENT OF THE BONDS CONTEMPLATED IN THIS OFFICIAL STATEMENT.

THE OFFER OF ANY BONDS WHICH IS THE SUBJECT OF THE OFFERING CONTEMPLATED BY THIS OFFICIAL STATEMENT IS NOT BEING MADE AND WILL NOT BE MADE TO THE PUBLIC IN THAT MEMBER STATE, OTHER THAN: (A) TO “QUALIFIED INVESTORS” AS SUCH TERM IS DEFINED UNDER ARTICLE 2(E) OF THE PROSPECTUS REGULATION; (B) TO FEWER THAN 150 NATURAL OR LEGAL PERSONS (OTHER THAN “QUALIFIED INVESTORS” AS SUCH TERM IS DEFINED UNDER ARTICLE 2(E) OF THE PROSPECTUS REGULATION), SUBJECT TO OBTAINING THE PRIOR CONSENT OF THE RELEVANT UNDERWRITER OR THE ISSUER FOR ANY SUCH OFFER; OR (C) IN ANY OTHER CIRCUMSTANCES FALLING WITHIN ARTICLE 1(4) OF THE PROSPECTUS REGULATION, PROVIDED THAT NO SUCH OFFER OF THE BONDS SHALL REQUIRE THE ISSUER OR ANY UNDERWRITER TO PUBLISH A PROSPECTUS PURSUANT TO ARTICLE 3 OF THE PROSPECTUS REGULATION OR A SUPPLEMENT TO A PROSPECTUS PURSUANT TO ARTICLE 23 OF THE PROSPECTUS REGULATION.

FOR THE PURPOSES OF THIS PROVISION, THE EXPRESSION AN “OFFER OF SECURITIES TO THE PUBLIC” IN RELATION TO THE BONDS IN ANY MEMBER STATE MEANS THE COMMUNICATION IN ANY FORM AND BY ANY MEANS OF SUFFICIENT INFORMATION ON THE TERMS OF THE OFFER AND THE BONDS TO BE OFFERED SO AS TO ENABLE AN INVESTOR TO DECIDE TO PURCHASE THE BONDS OR SUBSCRIBE FOR THE BONDS.

EACH SUBSCRIBER FOR OR PURCHASER OF THE BONDS LOCATED WITHIN A MEMBER STATE WILL BE DEEMED TO HAVE REPRESENTED, ACKNOWLEDGED AND AGREED THAT IT IS A “QUALIFIED INVESTOR” AS DEFINED UNDER ARTICLE 2(E) OF THE PROSPECTUS REGULATION. THE ISSUER AND EACH UNDERWRITER AND OTHERS WILL RELY ON THE TRUTH AND ACCURACY OF THE FOREGOING REPRESENTATION, ACKNOWLEDGEMENT AND AGREEMENT.

NOTICE TO PROSPECTIVE INVESTORS IN THE UNITED KINGDOM

THE BONDS ARE NOT INTENDED TO BE OFFERED, SOLD OR OTHERWISE MADE AVAILABLE TO AND SHOULD NOT BE OFFERED, SOLD OR OTHERWISE MADE AVAILABLE TO ANY RETAIL INVESTOR IN THE UNITED KINGDOM. FOR THESE PURPOSES, A “RETAIL INVESTOR” MEANS A PERSON WHO IS ONE (OR MORE) OF: (I) A CLIENT AS DEFINED IN POINT (7) OF ARTICLE 2(1) OF REGULATION (EU) 600/2014 (AS AMENDED) AND AS IT FORMS PART OF DOMESTIC LAW BY VIRTUE OF THE EUROPEAN UNION (WITHDRAWAL) ACT 2018 (“EUWA”); (“UK MIFIR”) WHO IS NOT A PROFESSIONAL CLIENT, AS DEFINED IN POINT (8) OF ARTICLE 2(1) OF UK MIFIR; OR (II) A CUSTOMER WITHIN THE MEANING OF THE PROVISIONS OF THE FINANCIAL SERVICES AND MARKETS ACT 2000 (AS AMENDED, THE “FSMA”) AND ANY RULES OR REGULATIONS MADE UNDER THE FSMA TO IMPLEMENT DIRECTIVE (EU) 2016/97, WHERE THAT CUSTOMER WOULD NOT QUALIFY AS A PROFESSIONAL CLIENT, AS DEFINED IN POINT (10) OF ARTICLE 4(1) OF UK MIFIR OR (III) NOT A “QUALIFIED INVESTOR” AS DEFINED IN SCHEDULE 1 TO THE PUBLIC OFFERS AND ADMISSIONS TO TRADING REGULATIONS 2024 (“POATRS”). CONSEQUENTLY, NO DISCLOSURES HAVE BEEN PREPARED FOR THE BONDS AS REQUIRED BY THE UK CONSUMER COMPOSITE INVESTMENTS (DESIGNATED ACTIVITIES) REGULATIONS 2024 AND ASSOCIATED RULES OF THE FINANCIAL CONDUCT AUTHORITY (THE “FCA”), THEREFORE OFFERING, SELLING OR ADVISING ON THE BONDS OR OTHERWISE MAKING THEM AVAILABLE TO ANY RETAIL INVESTOR IN THE UNITED KINGDOM MAY BE UNLAWFUL UNDER THE CONSUMER COMPOSITE INVESTMENTS (DESIGNATED ACTIVITIES) REGULATIONS 2024 AND THE FSMA; AND/OR A BREACH OF FCA RULES.

THIS OFFICIAL STATEMENT HAS BEEN PREPARED ON THE BASIS THAT ANY OFFER OF BONDS IN THE UNITED KINGDOM WILL BE MADE PURSUANT TO AN EXEMPTION UNDER THE PROHIBITION ON OFFERS OF BONDS TO THE PUBLIC IN THE UNITED KINGDOM UNDER THE POATRS. FOR THIS REASON, ANY SUCH OFFER CAN BE MADE ONLY TO QUALIFIED INVESTORS AS DEFINED IN PARAGRAPH 15 OF SCHEDULE 1 TO THE POATRS OR IN ANY OTHER CIRCUMSTANCES FALLING

WITHIN SCHEDULE 1 TO THE POATRS. FOR THESE PURPOSES, AN “OFFER TO THE PUBLIC” MEANS A COMMUNICATION TO ANY PERSON WHICH PRESENTS SUFFICIENT INFORMATION ON THE BONDS TO BE OFFERED AND THE TERMS ON WHICH THEY ARE TO BE OFFERED TO ENABLE AN INVESTOR TO BUY OR SUBSCRIBE FOR THE BONDS. THIS OFFICIAL STATEMENT IS NOT A PROSPECTUS FOR THE PURPOSES OF THE POATRS.

THIS OFFICIAL STATEMENT HAS NOT BEEN APPROVED FOR THE PURPOSES OF SECTION 21 OF THE FSMA. THIS OFFICIAL STATEMENT IS FOR DISTRIBUTION ONLY TO, AND IS DIRECTED SOLELY AT, PERSONS (I) ARE OUTSIDE THE UNITED KINGDOM, (II) HAVE PROFESSIONAL EXPERIENCE IN MATTERS RELATING TO INVESTMENTS AND WHO ARE INVESTMENT PROFESSIONALS, AS SUCH TERM IS DEFINED IN ARTICLE 19(5) OF THE FSMA (FINANCIAL PROMOTION) ORDER 2005, AS AMENDED, (THE “FINANCIAL PROMOTION ORDER”), (III) ARE HIGH NET WORTH ENTITIES FALLING WITHIN ARTICLE 49(2)(A) TO(D) OF THE FINANCIAL PROMOTION ORDER, OR (IV) ARE OTHER PERSONS TO WHOM THIS OFFICIAL STATEMENT MAY OTHERWISE BE LAWFULLY MADE TO OR DIRECTED AT, PROVIDED THAT SUCH PERSONS ARE NOT RETAIL INVESTORS, AS DEFINED ABOVE (ALL SUCH PERSONS TOGETHER BEING REFERRED TO AS “RELEVANT PERSONS”). ANY INVESTMENT OR INVESTMENT ACTIVITY TO WHICH THIS OFFICIAL STATEMENT RELATES IS AVAILABLE ONLY TO RELEVANT PERSONS AND WILL BE ENGAGED IN ONLY WITH RELEVANT PERSONS. ANY PERSON, WHO IS NOT A RELEVANT PERSON, SHOULD NOT ACT OR RELY ON THIS OFFICIAL STATEMENT OR ANY OF ITS CONTENTS.

THIS OFFICIAL STATEMENT AND ITS CONTENTS ARE CONFIDENTIAL AND SHOULD NOT BE DISTRIBUTED, PUBLISHED OR REPRODUCED (IN WHOLE OR IN PART) OR DISCLOSED BY RECIPIENTS TO ANY OTHER PERSONS IN THE UNITED KINGDOM.

NOTICE TO PROSPECTIVE INVESTORS IN HONG KONG

THE CONTENTS OF THIS OFFICIAL STATEMENT HAVE NOT BEEN REVIEWED BY ANY REGULATORY AUTHORITY IN HONG KONG. YOU ARE ADVISED TO EXERCISE CAUTION IN RELATION TO THE BONDS. IF YOU ARE IN ANY DOUBT ABOUT ANY OF THE CONTENTS OF THIS OFFICIAL STATEMENT, YOU SHOULD OBTAIN INDEPENDENT PROFESSIONAL ADVICE.

THIS OFFICIAL STATEMENT HAS NOT BEEN REGISTERED BY THE REGISTRAR OF COMPANIES IN HONG KONG PURSUANT TO THE COMPANIES (WINDING UP AND MISCELLANEOUS PROVISIONS) ORDINANCE (CHAPTER 32) OF THE LAWS OF HONG KONG (“CWMO”).

ACCORDINGLY, THE BONDS MAY NOT BE OFFERED OR SOLD IN HONG KONG BY MEANS OF ANY DOCUMENT OTHER THAN TO PERSONS WHO ARE “PROFESSIONAL INVESTORS” AS DEFINED IN THE SECURITIES AND FUTURES ORDINANCE (CHAPTER 571) OF THE LAWS OF HONG KONG (“SFO”) AND ANY RULES MADE UNDER THE SFO, OR IN OTHER CIRCUMSTANCES WHICH DO NOT RESULT IN THE DOCUMENT BEING A “PROSPECTUS” AS DEFINED IN SECTION 2(1) OF THE CWMO OR WHICH DO NOT CONSTITUTE AN OFFER TO THE PUBLIC WITHIN THE MEANING OF THE CWMO OR AN INVITATION TO THE PUBLIC WITHIN THE MEANING OF THE SFO. NO PERSON MAY ISSUE, OR HAVE IN ITS POSSESSION FOR THE PURPOSES OF ISSUE, ANY INVITATION, ADVERTISEMENT OR OTHER DOCUMENT RELATING TO THE BONDS WHETHER IN HONG KONG OR ELSEWHERE, WHICH IS DIRECTED AT, OR THE CONTENTS OF WHICH ARE LIKELY TO BE ACCESSED OR READ BY, THE PUBLIC IN HONG KONG (EXCEPT IF PERMITTED TO DO SO UNDER THE SECURITIES LAWS OF HONG KONG) OTHER THAN WITH RESPECT TO BONDS WHICH ARE OR ARE INTENDED TO BE DISPOSED OF ONLY TO PERSONS OUTSIDE HONG KONG OR ONLY TO “PROFESSIONAL INVESTORS” AS DEFINED IN THE SFO AND ANY RULES MADE UNDER THAT ORDINANCE.

NOTICE TO PROSPECTIVE INVESTORS IN JAPAN

THE BONDS HAVE NOT BEEN AND WILL NOT BE REGISTERED UNDER THE FINANCIAL INSTRUMENTS AND EXCHANGE ACT OF JAPAN (NO. 25 OF 1948, AS AMENDED, THE “FIEA”). NEITHER THE BONDS NOR ANY INTEREST THEREIN MAY BE OFFERED OR SOLD, DIRECTLY OR INDIRECTLY, IN JAPAN OR TO, OR FOR THE BENEFIT OF, ANY RESIDENT OF JAPAN (AS DEFINED UNDER ITEM 5, PARAGRAPH 1, ARTICLE 6 OF THE FOREIGN EXCHANGE AND FOREIGN TRADE ACT (ACT NO. 228 OF 1949, AS AMENDED)), OR TO OTHERS FOR RE-OFFERING OR RESALE, DIRECTLY OR INDIRECTLY, IN JAPAN OR TO, OR FOR THE BENEFIT OF ANY RESIDENT OF JAPAN, EXCEPT PURSUANT TO AN EXEMPTION FROM THE REGISTRATION REQUIREMENTS OF, AND OTHERWISE IN COMPLIANCE WITH, THE FIEA AND ANY OTHER APPLICABLE LAWS, REGULATIONS AND MINISTERIAL GUIDELINES OF JAPAN.

NOTICE TO PROSPECTIVE INVESTORS IN SWITZERLAND

THIS OFFICIAL STATEMENT IS NOT INTENDED TO CONSTITUTE AN OFFER OR A SOLICITATION TO PURCHASE OR INVEST IN THE BONDS. THE BONDS MAY NOT BE PUBLICLY OFFERED, DIRECTLY OR INDIRECTLY, IN SWITZERLAND WITHIN THE MEANING OF THE SWISS FINANCIAL SERVICES ACT (“FINSA”) AND NO APPLICATION HAS OR WILL BE MADE TO ADMIT THE BONDS TO TRADING ON ANY TRADING VENUE (EXCHANGE OR MULTILATERAL TRADING FACILITY) IN SWITZERLAND. NEITHER THIS OFFICIAL STATEMENT NOR ANY OTHER OFFERING OR MARKETING MATERIAL RELATING TO THE BONDS CONSTITUTES A PROSPECTUS PURSUANT TO THE FINSA AND NEITHER THIS OFFICIAL STATEMENT NOR ANY OTHER OFFERING OR MARKETING MATERIAL RELATING TO THE BONDS MAY BE PUBLICLY DISTRIBUTED OR OTHERWISE MADE PUBLICLY AVAILABLE IN SWITZERLAND. THIS OFFICIAL STATEMENT WILL NOT BE REVIEWED NOR APPROVED BY A REVIEWING BODY FOR PROSPECTUSES (PRÜFSTELLE).

NEITHER THIS OFFICIAL STATEMENT NOR ANY OTHER OFFERING OR MARKETING MATERIAL RELATING TO THE OFFERING, THE ISSUER OR THE BONDS HAVE BEEN OR WILL BE FILED WITH OR APPROVED BY ANY SWISS REGULATORY AUTHORITY. IN PARTICULAR, THIS OFFICIAL STATEMENT WILL NOT BE FILED WITH, AND THE BONDS WILL NOT BE SUPERVISED BY, THE SWISS FINANCIAL MARKET SUPERVISORY AUTHORITY (“FINMA”) AND NEITHER THE ISSUER NOR THE BONDS HAVE BEEN OR WILL BE AUTHORIZED UNDER THE SWISS FEDERAL ACT ON COLLECTIVE INVESTMENT SCHEMES (“CISA”). THE INVESTOR PROTECTION AFFORDED TO ACQUIRERS OF INTERESTS IN COLLECTIVE INVESTMENT SCHEMES UNDER THE CISA DOES NOT EXTEND TO ACQUIRERS OF THE BONDS.

THIS OFFICIAL STATEMENT DOES NOT CONSTITUTE INVESTMENT ADVICE. IT MAY ONLY BE USED BY THOSE PERSONS TO WHOM IT HAS BEEN HANDED OUT IN CONNECTION WITH THE BONDS AND MAY NEITHER BE COPIED NOR DIRECTLY OR INDIRECTLY DISTRIBUTED OR MADE AVAILABLE TO OTHER PERSONS.

NOTICE TO PROSPECTIVE INVESTORS IN TAIWAN

THE BONDS WILL NOT BE LISTED ON ANY STOCK EXCHANGE IN TAIWAN AND HAVE NOT BEEN AND WILL NOT BE REGISTERED OR FILED WITH, OR APPROVED BY, THE FINANCIAL SUPERVISORY COMMISSION OF TAIWAN AND/OR OTHER REGULATORY AUTHORITIES OR AGENCIES OF TAIWAN PURSUANT TO RELEVANT SECURITIES LAWS AND REGULATIONS OF TAIWAN AND MAY NOT BE ISSUED, OFFERED OR SOLD WITHIN TAIWAN THROUGH A PUBLIC OFFERING OR IN CIRCUMSTANCES WHICH CONSTITUTE AN OFFER WITHIN THE MEANING OF THE SECURITIES AND EXCHANGE ACT OF TAIWAN THAT WOULD REQUIRE A REGISTRATION OR FILING WITH, OR APPROVAL OF THE FINANCIAL SUPERVISORY COMMISSION OF TAIWAN. NO PERSON OR

ENTITY IN TAIWAN HAS BEEN AUTHORIZED TO OFFER OR SELL THE BONDS IN TAIWAN. THE BONDS MAY BE MADE AVAILABLE OUTSIDE TAIWAN FOR PURCHASE OUTSIDE TAIWAN BY TAIWAN RESIDENT INVESTORS, BUT MAY NOT BE OFFERED OR SOLD IN TAIWAN UNLESS THE BONDS ARE OFFERED OR SOLD TO INVESTORS IN TAIWAN THROUGH TAIWAN LICENSED FINANCIAL INSTITUTIONS TO THE EXTENT PERMITTED UNDER RELEVANT TAIWAN LAWS OR REGULATIONS.

NOTICE TO PROSPECTIVE INVESTORS IN CANADA

THE BONDS MAY BE SOLD IN CANADA ONLY TO PURCHASERS PURCHASING, OR DEEMED TO BE PURCHASING, AS PRINCIPAL THAT ARE ACCREDITED INVESTORS, AS DEFINED IN NATIONAL INSTRUMENT 45-106 PROSPECTUS EXEMPTIONS OR SUBSECTION 73.3(1) OF THE SECURITIES ACT (ONTARIO), AND ARE PERMITTED CLIENTS, AS DEFINED IN NATIONAL INSTRUMENT 31-103 REGISTRATION REQUIREMENTS, EXEMPTIONS AND ONGOING REGISTRANT OBLIGATIONS (NI 31-103) AND ONLY BY AN UNDERWRITER DULY REGISTERED UNDER THE APPLICABLE SECURITIES LAWS OF THE APPLICABLE PROVINCE OR TERRITORY OF CANADA OR BY AN UNDERWRITER THAT IS RELYING IN THAT PROVINCE OR TERRITORY ON THE “INTERNATIONAL DEALER” EXEMPTION PROVIDED BY SECTION 8.18 OF NI 31-103. ANY RESALE OF THE BONDS MUST BE MADE IN ACCORDANCE WITH AN EXEMPTION FROM, OR IN A TRANSACTION NOT SUBJECT TO, THE PROSPECTUS REQUIREMENTS OF APPLICABLE SECURITIES LAWS.

SECURITIES LEGISLATION IN CERTAIN PROVINCES OR TERRITORIES OF CANADA MAY PROVIDE A PURCHASER WITH REMEDIES FOR RESCISSION OR DAMAGES IF THIS OFFICIAL STATEMENT (INCLUDING ANY AMENDMENT THERETO) CONTAINS A MISREPRESENTATION, PROVIDED THAT THE REMEDIES FOR RESCISSION OR DAMAGES ARE EXERCISED BY THE PURCHASER WITHIN THE TIME LIMIT PRESCRIBED BY THE SECURITIES LEGISLATION OF THE PURCHASER’S PROVINCE OR TERRITORY. THE PURCHASER SHOULD REFER TO ANY APPLICABLE PROVISIONS OF THE SECURITIES LEGISLATION OF THE PURCHASER’S PROVINCE OR TERRITORY FOR PARTICULARS OF THESE RIGHTS OR CONSULT WITH A LEGAL ADVISOR.

PURSUANT TO SECTION 3A.3 (OR, IN THE CASE OF SECURITIES ISSUED OR GUARANTEED BY THE GOVERNMENT OF A NON-CANADIAN JURISDICTION, SECTION 3A.4) OF NATIONAL INSTRUMENT 33-105 UNDERWRITING CONFLICTS (NI 33-105), THE UNDERWRITERS ARE NOT REQUIRED TO COMPLY WITH THE DISCLOSURE REQUIREMENTS OF NI 33-105 REGARDING UNDERWRITERS’ CONFLICTS OF INTEREST IN CONNECTION WITH THIS OFFERING.

THIS OFFICIAL STATEMENT HAS NOT BEEN PREPARED WITH REGARD TO MATTERS THAT MAY BE A PARTICULAR CONCERN TO CANADIAN INVESTORS. ACCORDINGLY, PROSPECTIVE CANADIAN INVESTORS SHOULD CONSULT WITH THEIR OWN LEGAL, FINANCIAL AND TAX ADVISORS CONCERNING THE INFORMATION CONTAINED WITHIN THIS OFFICIAL STATEMENT AND AS TO THE SUITABILITY OF AN INVESTMENT IN THE BONDS IN THEIR PARTICULAR CIRCUMSTANCES. NO SECURITIES COMMISSION, STOCK EXCHANGE OR OTHER SIMILAR REGULATORY AUTHORITY IN CANADA HAS REVIEWED OR IN ANY WAY PASSED UPON THIS OFFICIAL STATEMENT OR THE MERITS OF THE BONDS DESCRIBED HEREIN, NOR HAS ANY SUCH SECURITIES COMMISSION, STOCK EXCHANGE OR OTHER SIMILAR REGULATORY AUTHORITY IN CANADA MADE ANY RECOMMENDATION OR ENDORSEMENT WITH RESPECT TO THE BONDS. ANY INVESTMENT DECISION SHOULD BE BASED SOLELY ON THIS OFFICIAL STATEMENT AND NOT ON ANY OTHER INFORMATION CONCERNING THE ISSUER. NO REPRESENTATION UNDERTAKING, WRITTEN OR ORAL, IS MADE TO ANY PERSPECTIVE CANADIAN PURCHASER OF THE BONDS THAT ANY PERSON WILL RESELL OR REPURCHASE THE BONDS PURCHASED BY SUCH PURCHASER, THAT THE BONDS WILL BE FREELY TRADEABLE BY SUCH PURCHASER WITHOUT ANY RESTRICTIONS OR HOLD PERIODS, THAT ANY PERSON WILL REFUND THE PURCHASE PRICE OF THE BONDS, OR AS TO THE FUTURE PRICE OR VALUE OF THE BONDS. THE ISSUER IS NOT A “REPORTING ISSUER” (AS SUCH

TERM IS DEFINED UNDER APPLICABLE CANADIAN SECURITIES LAWS) AND IS NOT, AND MAY NEVER BE, A REPORTING ISSUER IN ANY PROVINCE, OR TERRITORY OF CANADA. THERE CURRENTLY IS NO PUBLIC MARKET IN CANADA FOR ANY OF THE BONDS, AND ONE MAY NEVER DEVELOP.

UPON RECEIPT OF THIS OFFICIAL STATEMENT, EACH CANADIAN PURCHASER HEREBY CONFIRMS THAT THE PURCHASER (I) IS ENTITLED UNDER APPLICABLE SECURITIES LAWS TO PURCHASE THE BONDS WITHOUT THE BENEFIT OF A PROSPECTUS QUALIFIED UNDER APPLICABLE CANADIAN SECURITIES LAWS, (II) IS PURCHASING THE BONDS AS PRINCIPAL AND NOT AS AGENT, OR IS OTHERWISE DEEMED TO BE PURCHASING AS PRINCIPAL IN ACCORDANCE WITH APPLICABLE SECURITIES LAWS; (III) IS AN “ACCREDITED INVESTOR” AND “PERMITTED CLIENT” AS SET OUT ABOVE; (IV) IS PURCHASING THE BONDS FOR INVESTMENT ONLY AND NOT WITH A VIEW TO RESALE OR DISTRIBUTION; (V) HAS EXPRESSLY REQUESTED THAT ALL DOCUMENTS EVIDENCING OR RELATING IN ANY WAY TO THE SALE OF THE BONDS (INCLUDING ANY PURCHASE CONFIRMATION OR NOTICE) BE DRAWN UP IN THE ENGLISH LANGUAGE ONLY; AND (VI) IF REQUIRED BY APPLICABLE SECURITIES LAWS OR STOCK EXCHANGE RULES, THE PURCHASER WILL EXECUTE, DELIVER AND FILE OR ASSIST THE ISSUER OR THE UNDERWRITERS, AS APPLICABLE, IN FILING SUCH REPORTS, UNDERTAKINGS AND OTHER DOCUMENTS RELATING TO THE PURCHASER OF THE BONDS AS MAY BE REQUIRED BY ANY SECURITIES COMMISSION, STOCK EXCHANGE OR OTHER REGULATORY AUTHORITY, INCLUDING FOR GREATER CERTAINTY ANY INFORMATION THAT IS REQUIRED FOR COMPLETION OF FORM 45-106F1 UNDER NI 45-106.

SUMMARY STATEMENT

(Subject in all respects to more complete information herein this Official Statement.)

Issuer:	The State of Georgia (“State”) acting by and through the Georgia State Financing and Investment Commission.
Offering:	\$620,510,000* General Obligation Bonds 2026A \$160,460,000* General Obligation Bonds 2026B (Federally Taxable) \$790,125,000* General Obligation Refunding Bonds 2026C
Maturity:	The 2026A Bonds and the 2026B Bonds mature on each July 1, from July 1, 2027 through July 1, 2046. The 2026C Bonds mature on each December 1, from December 1, 2026* through December 1, 2034*. See the inside front cover herein for additional information.
Redemption:	See “DESCRIPTION OF THE BONDS – Redemption Provisions” herein.
Interest:	Interest on the 2026A and 2026B Bonds is payable each January 1 and July 1, with the first interest payment due on January 1, 2027, until final payment. Interest on the 2026C Bonds is payable each June 1 and December 1, with the first interest payment due on December 1, 2026*, until final payment. See “DESCRIPTION OF THE BONDS” herein for additional information.
Dated Date:	Date of Initial Delivery.
Delivery Date:	On or about July 9, 2026*.
Purpose:	The proceeds from the sale of the 2026A Bonds and the 2026B Bonds, including net original issue premium, if any, will be used to provide funds for various capital outlay projects of the State, to make grants to various governmental entities for capital outlay projects, and to pay all or a portion of costs of issuance of the 2026A Bonds and the 2026B Bonds. See “PURPOSE OF THE 2026A BONDS AND THE 2026B BONDS” herein for details. The proceeds from the sale of the 2026C Bonds, including net original issue premium, if any, will be used to provide funds to refund certain outstanding general obligation bonds of the State and to pay all or a portion of costs of issuance of the 2026C Bonds. See “PURPOSE OF THE 2026C BONDS – PLAN OF REFUNDING” herein for details.
Security:	General obligations of the State to which its full faith, credit, and taxing power are pledged.
Book-Entry Bonds:	The Bonds will be issued in fully registered form without interest coupons in denominations of \$5,000 and integral multiples thereof. The Bonds will be registered in the name of Cede & Co., as nominee for The Depository Trust Company, New York, New York.
Bond Counsel:	Gray Pannell LLC, Savannah, Georgia.
Disclosure Counsel:	Kutak Rock LLP, Atlanta, Georgia.
Financial Advisor:	Public Resources Advisory Group, New York, New York
Registrar/Paying Agent:	The Bank of New York Mellon Trust Company, N.A.
Bond Ratings:	Credit ratings of the Bonds as of the date of issuance are as shown on the front cover of this Official Statement and are described more completely in “RATINGS” herein.

\$1,571,095,000*
State of Georgia

\$620,510,000* General Obligation Bonds 2026A

\$160,460,000* General Obligation Bonds 2026B (Federally Taxable)

\$790,125,000* General Obligation Refunding Bonds 2026C

INTRODUCTION

The purpose of this Official Statement, which includes the cover page and Appendices hereto, is to provide certain information concerning the State of Georgia (the “State”) and the above referenced bonds comprised of: (i) State of Georgia General Obligation Bonds 2026A (the “2026A Bonds”), (ii) State of Georgia General Obligation Bonds 2026B (Federally Taxable) (the “2026B Bonds”), and (iii) State of Georgia General Obligation Refunding Bonds 2026C (the “2026C Bonds” and collectively with the 2026A Bonds and 2026B Bonds, the “Bonds.”) The 2026A Bonds and 2026C Bonds collectively also are referred to herein as the “Tax-Exempt Bonds.” The 2026B Bonds also are referred to herein as the “Taxable Bonds.”

The Bonds are being issued by the Georgia State Financing and Investment Commission (the “Commission”), acting for and on behalf of the State, pursuant to the Constitution and laws of the State of Georgia and resolutions adopted by the Commission on June 9, 2026, and expected to be supplemented and amended on June 25, 2026* (together, the “Resolutions”) and all actions taken by the Commission subsequent to such issuance also will be for and on behalf of the State. The Bonds will constitute debt of the State for which the full faith, credit, and taxing power of the State are pledged to the payment of the Bonds and the interest thereon. See “SECURITY FOR THE BONDS” herein. The proceeds from the sale of the 2026A Bonds and the 2026B Bonds, including net original issue premium, will be used to provide funds for various capital outlay projects of the State, to make grants to various governmental entities for capital outlay projects, and to pay all or a portion of costs of issuance of the 2026A Bonds and 2026B Bonds. See “PURPOSE OF THE 2026A BONDS AND THE 2026B BONDS” and “Exhibit 1” and “Exhibit 2” herein. The proceeds from the sale of the 2026C Bonds, including net original issue premium, will be used to provide funds to refund certain outstanding general obligation bonds of the State and to pay all or a portion of costs of issuance of the 2026C Bonds. See “PURPOSE OF THE 2026C BONDS – PLAN OF REFUNDING” and “APPENDIX H - CURRENTLY OUTSTANDING BONDS TO BE REFUNDED BY 2026C BONDS” herein.

The Bonds are authorized to be issued pursuant to powers granted to the Commission in Article VII, Section IV of the Constitution of the State of Georgia (the “State Constitution”) and the Georgia State Financing and Investment Commission Act (Ga. Laws 1973, p. 750, et seq., as amended, codified at

Official Code of Georgia Annotated (“O.C.G.A.”) §50-17-20, et seq., referred to herein as the “Commission Act”). See “SECURITY FOR THE BONDS”, “THE COMMISSION”, and “APPENDIX A - DEBT AND REVENUE INFORMATION - DEBT INFORMATION” herein.

In the opinion of Bond Counsel, based upon an analysis of existing laws, regulations, rulings, and judicial decisions, and assuming, among other things, the accuracy of certain representations and the continued compliance with certain covenants and tax law requirements, interest on the Tax-Exempt Bonds is excludable from gross income for federal income tax purposes under Section 103 of the Internal Revenue Code of 1986, as amended, and is not a specific preference item for purposes of the federal alternative minimum tax imposed on individuals and corporations; however, interest on the Tax-Exempt Bonds is taken into account in determining the annual adjusted financial statement income of certain corporations for the purpose of computing the alternative minimum tax imposed on certain corporations. Interest on the Taxable Bonds is not excludable from gross income of the holders of the Taxable Bonds for federal income tax purposes. In the opinion of Bond Counsel, interest on the Tax-Exempt Bonds and Taxable Bonds is exempt from present State of Georgia income taxation. Bond Counsel expresses no opinion regarding any other tax consequences related to the ownership or disposition of, or the amount, accrual or receipt of interest on, the Bonds. See “APPENDIX E,” “APPENDIX F,” and “APPENDIX G,” herein for the forms of opinions Bond Counsel proposes to deliver in connection with the issuance of the 2026A Bonds, the 2026B Bonds, and the 2026C Bonds, respectively. For a more complete discussion of the tax status of the Bonds and certain other tax consequences relating to the Bonds, see “LEGAL AND TAX STATUS” herein.

The Bonds are offered when, as, and if issued, and subject to validation by the Superior Court of Fulton County, Georgia, and the approving legal opinions of Gray Pannell LLC, Savannah, Georgia, Bond Counsel. Certain legal matters will be passed on for the State by its Disclosure Counsel, Kutak Rock LLP, Atlanta, Georgia. See “LEGAL MATTERS” herein.

It is expected that the Bonds will be available for delivery in New York, New York, on or about July 9, 2026*, in book-entry form only, with actual bond certificates immobilized in the custody of The Depository Trust Company (“DTC”), New York, New York, a registered securities depository, or its agent.

This Official Statement speaks only as of its date and is subject to change. This Introduction and the Summary Statement presented above represent a brief description of the matters contained herein, and a full review should be made of the entire Official Statement, as well as the appendices hereto and any documents described or summarized herein. Requests for additional information with respect to this Official Statement (including the appendices attached hereto) or a copy of the Resolutions may be directed to Diana Pope, Director, Financing and Investment Division, Georgia State Financing and Investment Commission, 270 Washington Street, S.W., Suite 2140, Atlanta, Georgia 30334, telephone number (404) 463-5600.

DESCRIPTION OF THE BONDS

General

The Bonds will be dated the date of delivery.

Interest on the 2026A Bonds and the 2026B Bonds will be payable semiannually on January 1 and July 1 in each year (each an “Interest Payment Date”), commencing January 1, 2027, until final payment for the respective series of the 2026A Bonds and the 2026B Bonds. Interest on the 2026C Bonds will be

payable semiannually on June 1 and December 1 in each year (each an “Interest Payment Date”), commencing December 1, 2026 until final payment for the 2026C Bonds.

The Bonds will bear interest from the applicable Interest Payment Date next preceding their date of authentication to which interest has been paid at the rates per annum set forth on the inside cover page of this Official Statement (computed on the basis of a 360-day year comprised of twelve 30-day months). Payment of the principal of and interest on the Bonds will be made by the designated corporate trust office of The Bank of New York Mellon Trust Company, N.A., as Bond Registrar and Paying Agent, directly to Cede & Co., as nominee for DTC, as registered owner of the Bonds, and subsequently will be disbursed to DTC Participants and thereafter to beneficial owners thereof (the “Beneficial Owners”) of the Bonds as described below. Should book-entry form be discontinued, interest on the Bonds will be payable by check or draft mailed by first-class mail on the Interest Payment Date to the owners thereof as shown on the books and records of the Bond Registrar on the 15th day of the calendar month next preceding the applicable Interest Payment Date and principal of the Bonds will be payable upon surrender thereof at the designated corporate trust office of the Paying Agent.

Redemption Provisions

Optional Redemption of the 2026A Bonds and 2026C Bonds

The 2026A Bonds maturing on or before July 1, 2036* will not be subject to optional redemption prior to their stated maturity. The 2026A Bonds maturing on or after July 1, 2037* will be subject to redemption prior to their respective maturity at the option of the Commission on and after July 1, 2036*, in whole or in part at any time at a redemption price equal to the principal amount of the 2026A Bonds to be redeemed, plus accrued and unpaid interest thereon to the date fixed for redemption.

The 2026C Bonds will not be subject to optional redemption prior to their stated maturity.

Optional Redemption of the 2026B Bonds

The 2026B Bonds will be subject to redemption on any Business Day prior to their stated maturity at the option of the Commission in whole or in part at any time, at a redemption price, which prior to July 1, 2036* shall equal the Make-Whole Redemption Price (as defined below), and on or after July 1, 2036* shall equal one hundred percent (100%) of the principal amount of the 2026B Bonds to be redeemed plus accrued and unpaid interest thereon to the date fixed for redemption.

The “Make-Whole Redemption Price” will be the greater of (a) Amortized Value (as defined below) of the 2026B Bonds (but not less than one hundred percent (100%) of the principal amount of such 2026B Bonds to be redeemed on the redemption date; or (b) the sum of the present values of the remaining scheduled payments of principal and interest to the maturity date on the 2026B Bonds to be redeemed, not including any portion of those payments of interest accrued and unpaid as of the date on which the 2026B Bonds are to be redeemed, discounted to the date on which the 2026B Bonds are to be redeemed on a semi-annual basis, assuming a 360-day year consisting of twelve 30-day months, at the Treasury Rate (as defined below), plus (i) with respect to such 2026B Bonds maturing on July 1, 2027 through and including July 1, 2034*, five (5)* basis points, and (ii) with respect to such 2026B Bonds maturing on July 1, 2035* and July 1, 2036*, ten (10)* basis points; plus, in each case, accrued interest on the 2026B Bonds to be redeemed to the redemption date.

“Amortized Value” means, with respect to a 2026B Bond to be redeemed at a Make-Whole Redemption Price, the principal amount of the 2026B Bond to be redeemed, multiplied by the price of such

2026B Bond expressed as a percentage, calculated based on the industry standard method of calculating bond prices, with a delivery date equal to the redemption date, the maturity date of such 2026B Bond, an initial par call date of July 1, 2036*, and a yield equal to such 2026B Bond's original reoffering yield.

"Treasury Rate" means, with respect to any redemption date for a particular 2026B Bond, the yield to maturity as of such redemption date of United States Treasury securities with a constant maturity as compiled and published in the Federal Reserve Statistical Release H.15 (the "Statistical Release") that has become publicly available at least two (2) business days, but not more than sixty (60) calendar days, prior to the redemption date (excluding inflation indexed securities), or, if such Statistical Release is no longer published, any publicly available source of similar market data most nearly equal to the period from the redemption date to the maturity date of the 2026B Bonds to be redeemed.

Redemption Notices - Selection of Bonds to be Redeemed

Upon receipt of notice from the Commission of its election to redeem any or all of the Bonds, the Paying Agent is to give notice of such redemption by mail to the holders of such Bonds to be redeemed not less than thirty (30) days or more than sixty (60) days prior to the date set for redemption. Failure by any holder to receive notice, or any defect in the notice to such holder, will not affect the redemption of any other Bond. The maturities of the Bonds to be redeemed will be determined by the Commission in its sole discretion.

If the Bonds are registered in book-entry only form, and so long as DTC or a successor securities depository is the sole registered owner of the Bonds, if less than all of the Bonds of a maturity are called for redemption prior to maturity, the particular Bonds of such maturity, or portions thereof to be redeemed shall be selected for redemption on a pro rata pass-through distribution of principal basis among the registered owners of such maturity in accordance with DTC procedures, provided that so long as the Bonds are held in book-entry form the selection for redemption of such Bonds shall be made in accordance with the operational arrangements of DTC then in effect, and, if the DTC operational arrangements do not allow for redemption on a pro rata pass-through distribution of principal basis, the Bonds will be selected for redemption in accordance with DTC procedures then in effect.

It is the Commission's intent that redemption allocations for the Bonds made by DTC be made on a pro rata pass-through distribution of principal basis as described above, however, the Commission cannot provide any assurance that DTC, DTC's direct and indirect participants or any other intermediary will allocate the redemption of the Bonds on such basis. If the DTC operational arrangements do not allow for the redemption of the Bonds on a pro rata pass-through distribution of principal basis as discussed above, then the Bonds to be redeemed will be selected for redemption in accordance with DTC procedures then in effect. If the Bonds are not registered in book-entry only form any redemption of less than the entire outstanding amount of a maturity of the Bonds shall be allocated among the registered owners of such maturity of the Bonds on a pro-rata basis. See "DESCRIPTION OF THE BONDS - Book-Entry System" herein.

Registration, Exchange and Transfer

The Bonds will be issued only as fully registered bonds without coupons in denominations of \$5,000 and integral multiples thereof. The Commission and the Bond Registrar and Paying Agent may deem and treat the registered owner of a Bond as the absolute owner of such Bond for purposes of receiving payment of or on account of principal and interest payable thereon, and for other purposes; the Commission and the Bond Registrar and Paying Agent will not be affected by any notice to the contrary.

The Bonds will be issued in book-entry form registered in the name of Cede & Co., the nominee of DTC. Beneficial Owners of the Bonds will not receive physical delivery of bond certificates. While in book-entry form, registration of exchanges and transfers of beneficial ownership interests in the Bonds will be effected in accordance with DTC practices and procedures described below.

Should book-entry form be discontinued at a future date, ownership of any Bond will be transferable upon surrender thereof to the Bond Registrar, together with an instrument of transfer assignment duly executed by the registered owner or its duly authorized agent, in such form satisfactory to the Bond Registrar. Upon any such transfer of ownership, the Bond Registrar will cause to be authenticated and delivered a new Bond or Bonds registered in the name of the transferee in an authorized denomination in the same aggregate principal amount and interest rate as the Bonds surrendered for such transfer. The Bonds may be exchanged for a like principal amount of Bonds of the same interest rate of other authorized denominations. For every exchange or registration of transfer, the Bond Registrar may charge an amount sufficient to reimburse it for any tax or other governmental charge required to be paid with respect to such exchange or registration of transfer, but no other charge may be made to the owner for any exchange or registration of transfer of the Bonds.

Book-Entry System

The information in this section concerning DTC and DTC's book-entry only system has been obtained from sources believed to be reliable. No representation is made herein by the Commission as to the accuracy, completeness, or adequacy of such information, or as to the absence of material adverse changes in such information subsequent to the date of this Official Statement.

DTC will act as securities depository for the Bonds when initially issued. The Bonds will be issued as fully-registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered Bond certificate will be issued for each maturity in the aggregate principal amount of such maturity and will be deposited with DTC. Purchasers may own beneficial interests in the Bonds in the United States through DTC.

DTC is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code, and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments that DTC's participants ("Direct Participants") deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation ("DTCC"). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). DTC has a Standard & Poor's rating of AA+. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com.

Purchases of the Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Bonds on DTC's records. The ownership interest of each actual purchaser of each Bond ("Beneficial Owner") is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmation providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in the Bonds, except in the event use of the book-entry system for the Bonds is discontinued.

To facilitate subsequent transfers, all Bonds deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts such Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of Bonds may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the Bonds, such as redemptions, tenders, defaults, and proposed amendments to the documents relating to the Bonds. For example, Beneficial Owners of Bonds may wish to ascertain that the nominee holding the Bonds for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the registrar and request that copies of notices be provided directly to them.

Redemption notices shall be sent to DTC. If less than all Bonds within an issue are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such maturity, or maturities, to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to the Bonds unless authorized by a Direct Participant in accordance with DTC's MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the Commission as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Principal and interest payments on the Bonds will be made to Cede & Co. or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the Paying Agent, on the payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Participant and not of DTC, the Paying Agent, or the Commission, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of principal and

interest payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the Paying Agent, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as depository with respect to the Bonds at any time by giving reasonable notice to the Commission and the Paying Agent. Under such circumstances, if a substitute or successor securities depository is not obtained, Bond certificates will be printed and delivered as provided in the Resolutions.

Should the Commission decide to discontinue use of the system of book-entry-only transfers through the DTC (or a successor securities depository), Bond certificates would be printed and delivered as provided in the Resolutions.

THE ABOVE INFORMATION CONCERNING DTC AND DTC'S BOOK-ENTRY SYSTEM HAS BEEN OBTAINED FROM SOURCES THAT THE COMMISSION BELIEVES TO BE RELIABLE, BUT THE COMMISSION TAKES NO RESPONSIBILITY FOR THE ACCURACY THEREOF. NEITHER THE COMMISSION NOR THE PAYING AGENT WILL HAVE ANY RESPONSIBILITY OR OBLIGATION TO DTC PARTICIPANTS, BENEFICIAL OWNERS, OR OTHER NOMINEES OF SUCH BENEFICIAL OWNERS, FOR: (i) SENDING TRANSACTION STATEMENTS; (ii) MAINTAINING, SUPERVISING OR REVIEWING, OR THE ACCURACY OF, ANY RECORDS MAINTAINED BY DTC OR ANY DTC PARTICIPANT OR OTHER NOMINEES OF SUCH BENEFICIAL OWNERS; (iii) PAYMENT OR THE TIMELINESS OF PAYMENT BY DTC TO ANY DTC PARTICIPANT, OR BY ANY DTC PARTICIPANT OR OTHER NOMINEES OF BENEFICIAL OWNERS, TO ANY BENEFICIAL OWNER, OF ANY AMOUNT DUE IN RESPECT OF THE PRINCIPAL OF AND INTEREST ON THE BONDS; (iv) DELIVERY OR TIMELY DELIVERY BY DTC TO ANY DTC PARTICIPANT, OR BY ANY DTC PARTICIPANT OR OTHER NOMINEES OF BENEFICIAL OWNERS, TO ANY BENEFICIAL OWNER, OF ANY NOTICE OR OTHER COMMUNICATION WHICH IS REQUIRED OR PERMITTED UNDER THE TERMS OF THE RESOLUTION TO BE GIVEN TO BONDHOLDERS OR OWNERS OF THE BONDS; OR, (v) ANY ACTION TAKEN BY DTC OR ITS NOMINEE AS THE REGISTERED OWNER OF THE BONDS.

So long as Cede & Co., as nominee for DTC, is the registered owner of the Bonds, reference herein to the registered owners of the Bonds (other than under the heading "LEGAL AND TAX STATUS - Tax Consequences of Owning the Bonds" herein) shall mean Cede & Co., as aforesaid, and shall not mean the Beneficial Owners of the Bonds.

Global Clearance Procedures

Euroclear and Clearstream. Euroclear and Clearstream have advised as follows:

Euroclear and Clearstream each hold securities for their customers and facilitate the clearance and settlement of securities transactions by electronic book-entry transfer between their respective account holders. Euroclear and Clearstream provide various services including safekeeping, administration, clearance and settlement of internationally traded securities and securities lending and borrowing. Euroclear and Clearstream also deal with domestic securities markets in several countries through established depository and custodial relationships. Euroclear and Clearstream have established an electronic bridge between their two systems across which their respective participants may settle trades with each other.

Euroclear and Clearstream customers are worldwide financial institutions, including underwriters, securities brokers and dealers, banks, trust companies and clearing corporations. Indirect access to Euroclear and Clearstream is available to other institutions that clear through or maintain a custodial relationship with an account holder of either system, either directly or indirectly.

Clearing and Settlement Procedures

The 2026B Bonds sold in offshore transactions will be initially issued to investors through the book-entry facilities of DTC, or Clearstream and Euroclear in Europe if the investors are participants in those systems, or indirectly through organizations that are participants in the systems. For any of such 2026B Bonds, the record holder will be DTC's nominee. Clearstream and Euroclear will hold omnibus positions on behalf of their participants through customers' securities accounts in Clearstream's and Euroclear's names on the books of their respective depositories.

The depositories, in turn, will hold positions in customers' securities accounts in the depositories' names on the books of DTC. Because of time zone differences, the securities account of a Clearstream or Euroclear participant as a result of a transaction with a participant, other than a depository holding on behalf of Clearstream or Euroclear, will be credited during the securities settlement processing day, which must be a business day for Clearstream or Euroclear, as the case may be, immediately following the DTC settlement date. These credits or any transactions in the securities settled during the processing will be reported to the relevant Euroclear participant or Clearstream participant on that business day. Cash received in Clearstream or Euroclear as a result of sales of securities by or through a Clearstream participant or Euroclear participant to a DTC Participant, other than the depository for Clearstream or Euroclear, will be received with value on the DTC settlement date but will be available in the relevant Clearstream or Euroclear cash account only as of the business day following settlement in DTC.

Transfer Procedures

Transfers between participants will occur in accordance with DTC rules. Transfers between Clearstream participants or Euroclear participants will occur in accordance with their respective rules and operating procedures. Cross-market transfers between persons holding directly or indirectly through DTC, on the one hand, and directly or indirectly through Clearstream participants or Euroclear participants, on the other, will be effected in DTC in accordance with DTC rules on behalf of the relevant European international clearing system by the relevant depositories; however, cross-market transactions will require delivery of instructions to the relevant European international clearing system by the counterparty in the system in accordance with its rules and procedures and within its established deadlines in European time. The relevant European international clearing system will, if the transaction meets its settlement requirements, deliver instructions to its depository to take action to effect final settlement on its behalf by delivering or receiving securities in DTC, and making or receiving payment in accordance with normal procedures for same day funds settlement applicable to DTC. Clearstream participants or Euroclear participants may not deliver instructions directly to the depositories.

Neither the Commission nor the State will impose any fees in respect of holding the 2026B Bonds; however, holders of book-entry interests in the 2026B Bonds may incur fees normally payable in respect of the maintenance and operation of accounts in the DTC, Euroclear and Clearstream.

Initial Settlement

Interests in the 2026B Bonds will be in uncertified book-entry form. Purchasers electing to hold book-entry interests in the 2026B Bonds through Euroclear and Clearstream accounts will follow the

settlement procedures applicable to conventional Eurobonds. Book-entry interests in the 2026B Bonds will be credited to Euroclear and Clearstream participants' securities clearance accounts on the business day following the date of delivery of the 2026B Bonds against payment (value as on the date of delivery of the 2026B Bonds). DTC participants acting on behalf of purchasers electing to hold book-entry interests in the 2026B Bonds through DTC will follow the delivery practices applicable to securities eligible for DTC's Same Day Funds Settlement system. DTC participants' securities accounts will be credited with book-entry interests in the 2026B Bonds following confirmation of receipt of payment to Commission, on behalf of the State, on the date of delivery of the 2026B Bonds.

Secondary Market Trading

Secondary market trades in the 2026B Bonds will be settled by transfer of title to book- entry interests in Euroclear, Clearstream or DTC, as the case may be. Title to such book-entry interests will pass by registration of the transfer within the records of Euroclear, Clearstream or DTC, as the case may be, in accordance with their respective procedures. Book-entry interests in the 2026B Bonds may be transferred within Euroclear and within Clearstream and between Euroclear and Clearstream in accordance with procedures established for these purposes by Euroclear and Clearstream. Book-entry interests in the 2026B Bonds may be transferred within DTC in accordance with procedures established for this purpose by DTC. Transfer of book- entry interests in the 2026B Bonds between Euroclear or Clearstream and DTC may be effected in accordance with procedures established for this purpose by Euroclear, Clearstream and DTC.

Special Timing Considerations

Investors should be aware that investors will only be able to make and receive deliveries, payments and other communications involving the 2026B Bonds through Euroclear or Clearstream on days when those systems are open for business. In addition, because of time-zone differences, there may be complications with completing transactions involving Clearstream and/or Euroclear on the same business day as in the United States. U.S. investors who wish to transfer their interests in the 2026B Bonds, or to receive or make a payment or delivery of 2026B Bonds, on a particular day, may find that the transactions will not be performed until the next business day in Luxembourg if Clearstream is used, or Brussels if Euroclear is used.

General

The information set out herein is subject to any change in or reinterpretation of the rules, regulations and procedures of DTC, Euroclear or Clearstream currently in effect. Neither Euroclear or Clearstream is under any obligation to perform or continue to perform the procedures referred to above, and such procedures may be discontinued at any time.

Neither the State nor any of its agents will have any responsibility for the performance by Euroclear or Clearstream or their respective direct or indirect participants or account holders of their respective obligations under the rules and procedures governing their operations or the arrangements referred to above.

The information in this subsection concerning DTC, Euroclear and Clearstream has been obtained from sources that the State and the Underwriters believe to be reliable, but neither the State nor the Underwriters take any responsibility for the accuracy thereof or make any representation as to the completeness or the accuracy of such information or as to the absence of material adverse changes in such information subsequent to the date hereof.

SECURITY FOR THE BONDS

The Bonds are direct and general obligations of the State. The Bonds are issued by the Commission pursuant to powers granted to the Commission in Article VII, Section IV of the State Constitution and the Commission Act. “General Assembly” as used throughout this Official Statement means the General Assembly of the State of Georgia, which is the legislative branch of the State of Georgia. Article VII, Section IV, Paragraph VI of the State Constitution provides:

The full faith, credit, and taxing power of the state are hereby pledged to the payment of all public debt incurred under this article and all such debt and the interest on the debt shall be exempt from taxation. Such debt may be validated by judicial proceedings in the manner provided by law. Such validation shall be incontestable and conclusive.

Article VII, Section IV, Paragraph III(a)(1) of the State Constitution provides:

General obligation debt may not be incurred until legislation is enacted stating the purposes, in general or specific terms, for which such issue of debt is to be incurred, specifying the maximum principal amount of such issue and appropriating an amount at least sufficient to pay the highest annual debt service requirements for such issue. All such appropriations for debt service purposes shall not lapse for any reason and shall continue in effect until the debt for which such appropriation was authorized shall have been incurred, but the General Assembly may repeal any such appropriation at any time prior to the incurring of such debt. The General Assembly shall raise by taxation and appropriate each fiscal year, in addition to the sum necessary to make all payments required under contracts entitled to the protection of the second paragraph of Paragraph I(a), Section VI, Article IX of the Constitution of 1976, such amounts as are necessary to pay debt service requirements in such fiscal year on all general obligation debt.

Article VII, Section IV, Paragraph III(a)(2)(A) of the State Constitution provides:

The General Assembly shall appropriate to a special trust fund to be designated “State of Georgia General Obligation Debt Sinking Fund” such amounts as are necessary to pay annual debt service requirements on all general obligation debt. The sinking fund shall be used solely for the retirement of general obligation debt payable from the fund. If for any reason the monies in the sinking fund are insufficient to make, when due, all payments required with respect to such general obligation debt, the first revenues thereafter received in the general fund of the state shall be set aside by the appropriate state fiscal officer to the extent necessary to cure the deficiency and shall be deposited by the fiscal officer into the sinking fund. The appropriate state fiscal officer may be required to set aside and apply such revenues at the suit of any holder of any general obligation debt incurred under this section.

Article VII, Section IV, Paragraph V of the State Constitution provides, in relevant part:

The state may incur general obligation debt or guaranteed revenue debt to fund or refund any such debt or to fund or refund any obligations issued upon the security of contracts to which the provisions of the second paragraph of Paragraph I(a), Section VI, Article IX of the Constitution of 1976 are applicable. The issuance of any such debt for the purposes of said funding or refunding shall be subject to the 10 percent limitation in Paragraph II(b) of this section to the same extent as debt incurred under Paragraph I of this section; provided, however, in making such computation the annual debt service requirements and annual contract payments remaining on the debt or obligations being funded or refunded shall not be taken into account. The issuance of such debt

may be accomplished by resolution of the Georgia State Financing and Investment Commission without any action on the part of the General Assembly and any appropriation made or required to be made with respect to the debt or obligation being funded or refunded shall immediately attach and inure to the benefit of the obligations to be issued in connection with such funding or refunding.

In compliance with the above provisions of the State Constitution, the General Assembly has appropriated to the State of Georgia General Obligation Debt Sinking Fund (the “Sinking Fund”) amounts sufficient to pay the highest annual debt service requirements on all outstanding general obligation debt. There are no contracts currently outstanding which are entitled to the protection of the second paragraph of Paragraph I(a), Section VI, Article IX of the Constitution of 1976. See “APPENDIX A – DEBT AND REVENUE INFORMATION – DEBT INFORMATION” and “APPENDIX B – ANNUAL COMPREHENSIVE FINANCIAL REPORT FOR FISCAL YEAR ENDED JUNE 30, 2025.”

AUTHORIZED INDEBTEDNESS

General Obligation Bond Debt. During its 2026 Regular Session, the General Assembly adopted House Bill (“H.B.”) 974, the General Appropriations Act for FY 2027 (“FY 2027 Appropriations Act”), and the Governor approved the authorization of an aggregate principal amount of \$731,890,000 of new general obligation debt, the proceeds of which are to be used for various planned capital projects of the State, its departments and agencies as well as grants to county and independent school systems and various government entities. Prior to the issuance of the Bonds, the aggregate amount of all authorized but unissued general obligation debt was \$1,057,055,000*, which includes \$325,165,000 of the unissued authorizations from years prior to FY 2027. Upon the issuance of the Bonds, there will remain \$209,020,000* of authorized but unissued general obligation debt. See “APPENDIX A – DEBT AND REVENUE INFORMATION – DEBT INFORMATION – Authorized Indebtedness.”

Guaranteed Revenue Bond Debt. There is currently \$104,835,000 in remaining principal authorized under a FY 2022 authorization of guaranteed revenue bonds for the State Road and Tollway Authority. Authorizations for guaranteed revenue bonds, as well as appropriations for the deposit of maximum annual debt service into the common reserve fund, do not lapse. However, prior to issuance, the General Assembly may repeal any unissued authorization, in whole or in part, and may re-appropriate any unused funds originally designated for deposit into the common reserve fund for other purposes permitted under the Constitution and statutory law.

PURPOSE OF THE 2026A BONDS AND THE 2026B BONDS

The State Constitution provides that the State may incur two types of debt: (i) general obligation debt and (ii) guaranteed revenue debt. General obligation debt may be incurred to: acquire, construct, develop, extend, enlarge, or improve land, waters, property, highways, buildings, structures, equipment, or facilities of the State, its agencies, departments, institutions and certain State authorities; to provide educational facilities for county and independent school systems and to provide public library facilities for county and independent school systems, counties, municipalities, and boards of trustees of public libraries or boards of trustees of public library systems; and to make loans to counties, municipal corporations, political subdivisions, local authorities and other local government entities for water or sewerage facilities or systems or for regional or multi-jurisdictional solid waste recycling or solid waste facilities or systems. Guaranteed revenue debt may be incurred by guaranteeing the payment of certain revenue obligations issued by an instrumentality of the State as set forth in the State Constitution to finance certain specified

public projects. There being no general obligation debt or guaranteed revenue debt scheduled to retire on or between the date of this Official Statement and prior to July 1, 2026, as of the date of this Official Statement the State will have general obligation debt outstanding in an aggregate principal amount of \$7,462,935,000* and guaranteed revenue debt outstanding in an aggregate principal amount of \$462,165,000*. See “APPENDIX A – DEBT AND REVENUE INFORMATION – DEBT INFORMATION.”

The proceeds of the 2026A Bonds and the 2026B Bonds, including all or a portion of the net original issue premium, are expected to be used to fund all or portions of various authorizations from the general appropriations acts as shown in the table below in an aggregate amount of \$848,035,000* and to pay the costs of issuance of the 2026A Bonds and 2026B Bonds. The list of projects currently anticipated to be funded by the 2026A Bonds is included herein as Exhibit 1; the list of projects currently anticipated to be funded by the 2026B Bonds is included herein as Exhibit 2. The General Assembly, by subsequent action as part of a general or amended appropriations act, may repeal unissued general obligation bond authorizations or redirect unspent bond proceeds to a different capital project, or projects, of the State. The Commission, in the future, may approve the redirection of unspent bond proceeds to different capital projects within the same department or agency in accordance with its redirection policy.

GENERAL OBLIGATION BOND AUTHORIZATIONS FUNDED BY THE BONDS							
State Fiscal Year	General Appropriations Act			Amended Appropriations Act			Amount Funded By The Bonds^*
	H.B. #	Date Signed by Governor	Act #	H.B. #	Date Signed by Governor	Act #	
2021	793	June 30, 2020	404	80	February 15, 2021	2	\$ 5,730,000
2022	81	May 10, 2021	305	910	March 16, 2022	566	10,015,000
2023	911	May 12, 2022	865	18	March 10, 2023	1	131,970,000
2024	19	May 5, 2023	351	915	February 29, 2024	366	147,375,000
2025	916	May 7, 2024	709	67	March 6, 2025	973	—
2026	68	May 9, 2025	73	973	March 3, 2026	372	—
2027	974	May 12, 2026	655	Not Applicable at this time.			552,945,000
Total Amount of Projects Funded by the 2026A Bonds and 2026B Bonds							\$ 848,035,000

^ Total project amount funded from proceeds of the Bonds, including net original issue premium.

The Commission Act provides that the Commission shall be responsible for the proper application of the proceeds of the 2026A Bonds and the 2026B Bonds to the purposes for which they are incurred and that the proceeds received from the sale of the 2026A Bonds and the 2026B Bonds shall be held in trust by the Commission and disbursed promptly by the Commission in accordance with the original purpose set forth in the authorization of the General Assembly and in accordance with policies and procedures established by the Commission.

Use of Premium on the 2026A Bonds and the 2026B Bonds

The State currently expects to use all or a portion of the net original issue premium generated from the sale of the 2026A Bonds to provide funds for all or a portion of various capital outlay projects of the State, to make grants to various governmental entities for capital outlay projects, and to pay all or a portion of costs of issuance of the 2026A Bonds.

The State currently expects to use all or a portion of the net original issue premium generated from the sale of the 2026B Bonds to provide funds for all or a portion of various capital outlay projects of the State and to pay all or a portion of the costs of issuance of the 2026B Bonds.

PURPOSE OF THE 2026C BONDS – PLAN OF REFUNDING

The 2026C Bonds are being issued to effect interest cost savings to the State. The State expects to use the proceeds of the 2026C Bonds, including all or a portion of the net original issue premium generated from the sale of the 2026C Bonds, to refund all or a portion of certain previously issued State of Georgia general obligation bonds and to pay all or a portion of the costs of issuance on the 2026C Bonds. Simultaneously with the issuance of the 2026C Bonds, the Commission will deposit or cause to be deposited a portion of the proceeds derived from the sale of the 2026C Bonds with The Bank of New York Mellon Trust Company, N.A., serving in its capacities as paying agent and bond registrar for certain previously issued State of Georgia general obligation bonds (in such capacity, the “2026C Refunding Paying Agent”) to refund all or portions of such previously issued bonds (the portions of such bonds are herein collectively referred to as the “2026C Refunded Bonds”). See “APPENDIX H” herein for details on the 2026C Refunded Bonds. Additionally, the Commission has paid, or will cause to be paid, the fees of the 2026C Refunding Paying Agent in accordance with its standard billing procedures.

The proceeds of the 2026C Bonds deposited with the 2026C Refunding Paying Agent will be in an amount sufficient to pay the interest on the 2026C Refunded Bonds from the most recent interest payment date through and including the applicable redemption date (expected in each case to be July 9, 2026*), and to redeem the 2026C Refunded Bonds on such date at the applicable redemption price, together with accrued interest to that date. Upon issuance of the 2026C Bonds and payment of the applicable redemption price of the 2026C Refunded Bonds, pursuant to Article VII, Section IV, Paragraph V of the State Constitution, the annual debt service requirements of the 2026C Refunded Bonds shall not be included in any constitutional debt limitations.

The accuracy of the mathematical computations confirming the sufficiency of the funds deposited with the 2026C Refunding Paying Agent to pay the applicable redemption prices of the 2026C Refunded Bonds will be verified by Samuel Klein and Company, Certified Public Accountants. See “VERIFICATION OF MATHEMATICAL COMPUTATIONS – 2026C BONDS” herein.

THE COMMISSION

The Commission is an agency and instrumentality of the State, and its members are the Governor, the President of the Senate, the Speaker of the House of Representatives, the State Auditor, the Attorney General, the State Treasurer, and the Commissioner of Agriculture.

The Commission is responsible for the issuance of all public debt of the State, including general obligation debt and guaranteed revenue debt. The Commission is further responsible for the proper application of the proceeds of such debt to the purposes for which it is incurred.

The Commission has two statutory divisions, a Financing and Investment Division and a Construction Division, each administered by a Director who reports directly to the Commission. The Financing and Investment Division performs all services relating to the issuance of public debt, the investment and accounting of all proceeds derived from the incurring of general obligation debt or such other amounts as may be appropriated to the Commission for capital outlay purposes, the management of

other State debt, and all financial advisory matters pertaining thereto. The Construction Division is responsible for all construction and construction related matters resulting from the issuance of public debt or from any such other amounts as may be appropriated to the Commission for capital outlay purposes, except that in the case of bond proceeds for public road and bridge construction or reconstruction, the Commission contracts with the Department of Transportation or the State Road and Tollway Authority for the supervision of and contracting for designing, planning, building, rebuilding, constructing, improving, operating, owning, maintaining, leasing and managing of public roads and bridges for which general obligation debt has been authorized. In all other cases when the Commission contracts with a State department, authority or agency for the acquisition or construction of projects, the projects are acquired and constructed under policies, standards and operating procedures established by the Commission. The Construction Division also is responsible for performing such construction-related services for State agencies and instrumentalities as may be assigned to the Commission by Executive Order of the Governor.

See “APPENDIX A – DEBT AND REVENUE INFORMATION” for information regarding, among other things, the State’s appropriations and debt limitations, State revenues, authorized indebtedness, outstanding debt, State treasury receipts, assessed valuation and debt ratios, and analysis of State General Fund receipts and revenues. See “APPENDIX B – ANNUAL COMPREHENSIVE FINANCIAL REPORT FOR FISCAL YEAR ENDED JUNE 30, 2025” for information regarding, among other things, the budgetary processes, the accounting policies, the retirement systems, and the financial position of the State. See “APPENDIX C – STATISTICAL INFORMATION” for certain information regarding the economy and population of the State.

INVESTMENT OF STATE FUNDS

All funds within the State Treasury (which include proceeds of general obligation debt administered by the Commission) are invested in accordance with Georgia law and the investment policy established by the State Depository Board (the “Investment Policy”). The Investment Policy has four objectives and each portfolio is managed in a manner that is intended to: (1) preserve principal; (2) ensure adequate liquidity; (3) obtain a market rate of return taking cash flow requirements into consideration; and (4) diversify the portfolio. The Investment Policy also sets forth various credit constraints and limitations, as discussed more fully below.

Investment of General Obligation Debt Proceeds. The Commission Act provides that investment of proceeds of general obligation debt shall be limited to: (i) general obligations of the United States or of subsidiary corporations of the United States government fully guaranteed by such government; (ii) obligations issued by the Federal Land Bank, Federal Home Loan Bank, Federal Intermediate Credit Bank, Bank for Cooperatives, Federal Farm Credit Banks regulated by the Farm Credit Administration, Federal Home Loan Mortgage Corporation, Federal National Mortgage Association; (iii) tax exempt obligations issued by any state, county, municipal corporation, district, or political subdivision, or civil division or public instrumentality of any such government or unit of such government; (iv) prime bankers’ acceptances; (v) units of any unit investment trusts the assets of which are exclusively invested in obligations of the type described above; or (vi) shares of any mutual fund the investments of which are limited to securities of the type described in clauses (i), (ii), (iii), and (iv) above and distributions from which are treated for federal income tax purposes in the same manner as the interest on such obligations, provided that at the time of investment such obligations or the obligations held by any such unit investment trust or the obligations held or to be acquired by any such mutual fund are limited to obligations which are rated within one of the top two rating categories of any nationally recognized rating service or any rating service recognized by the State Commissioner of Banking and Finance, and no others, or to securities lending transactions involving securities of the type described in this paragraph. Pursuant to Article VII,

Section IV, Paragraph VII of the State Constitution, the Commission is responsible for the investment of the proceeds of general obligation debt and, as provided by law, including the Commission Act, is required to use the income earned on such proceeds to pay operating expenses of the Commission or to purchase and retire State debt. See “APPENDIX A – DEBT AND REVENUE INFORMATION – DEBT INFORMATION - Market Transactions to Retire Debt.”

Investment of Sinking Fund Monies. Article VII, Section IV, Paragraph III(c) of the State Constitution and the Commission Act provide that (i) funds in the Sinking Fund be as fully invested as is practicable, consistent with the requirements to make current principal and interest payments and (ii) any Sinking Fund investments shall be restricted to obligations constituting direct and general obligations of the United States government or obligations unconditionally guaranteed as to the payment of principal and interest by the United States government, maturing no longer than 12 months from date of purchase.

Investment of State General Funds. Under Georgia law the State may invest its general fund monies in: (i) bankers’ acceptances; (ii) commercial paper; (iii) bonds, bills, certificates of indebtedness, notes, or other obligations of the United States and its subsidiary corporations and instrumentalities or entities sanctioned or authorized by the United States government including, but not limited to, obligations or securities issued or guaranteed by Banks for Cooperatives regulated by the Farm Credit Administration, the Commodity Credit Corporation, Farm Credit Banks regulated by the Farm Credit Administration, Federal Assets Financing Trusts, the Federal Financing Bank, Federal Home Loan Banks, the Federal Home Loan Mortgage Corporation, the Federal National Mortgage Association, the Financial Assistance Corporation chartered by the Farm Credit Administration, the Government National Mortgage Association, the Import-Export Bank, Production Credit Associations regulated by the Farm Credit Administration, the Resolution Trust Corporation, and the Tennessee Valley Authority; (iv) obligations of corporations organized under the laws of Georgia or any other state but only if the corporation has a market capitalization equivalent of at least \$100 million; provided, however, that such obligation shall be listed as investment grade by a nationally recognized rating agency; (v) bonds, notes, warrants, and other securities not in default which are the direct obligations of the government of any foreign country which the International Monetary Fund lists as an industrialized country and for which the full faith and credit of such government has been pledged for the payment of principal and interest, provided that such securities are listed as investment grade by a nationally recognized rating agency; or (vi) obligations issued, assumed, or guaranteed by the International Bank for Reconstruction and Development or the International Financial Corporation, provided that such securities are listed as investment grade by a nationally recognized rating agency and are fully negotiable and transferable; or (vii) shares of any mutual fund the investments of which are limited to securities of the type described above and distributions from which are treated for federal income tax purposes in the same manner as the interest on such obligations, provided that at the time of investment such obligations or the obligations held by any such unit investment trust or the obligations held or to be acquired by any such mutual fund are limited to obligations which are rated within one of the top two rating categories of any nationally recognized rating service or any rating service recognized by the State Commissioner of Banking and Finance, and no others. The State Depository Board also may permit the lending of any securities of the type identified in this paragraph.

Georgia law also provides that the State may invest in the securities described above by selling and purchasing such obligations under agreements to resell or repurchase the obligations at a date certain in the future at a specific price which reflects a premium over the purchase or selling price equivalent to a stated rate of interest (“Repurchase Agreements”).

Because of the credit constraints and limitations contained in the Investment Policy established by the State Depository Board, the State currently is authorized to invest the monies on deposit in its general fund in: direct obligations of the United States Treasury; obligations unconditionally guaranteed by

agencies of the United States government; obligations of subsidiary corporations and instrumentalities or entities sanctioned or authorized by the United States government; and other permitted investments subject to certain criteria established by statute and the State Depository Board which include, among other things, credit and diversification requirements. Such other permitted investments currently include: repurchase agreements, certificates of deposit, commercial paper, bank deposits held for investment purposes, prime bankers' acceptances, obligations of the State or state agencies, obligations of other political subdivisions of the State, obligations of corporations, eligible mutual funds, obligations issued by the government of any foreign country, obligations issued by the International Bank for Reconstruction and Development or the International Financial Corporation, and other such limitations as determined by the State Treasurer to be necessary for the preservation of principal, liquidity, or marketability of any of the portfolios.

Other State Treasury Investments. The Office of the State Treasurer ("OST") manages the Local Government Investment Pool Trust ("LGIP") currently comprised of four LGIP Offerings: Georgia Fund 1 ("GF1"), Georgia Fund 1Plus ("GF1+"), Georgia Fund 1 Prime (GF1Prime"), and Georgia Extended Asset Pool Plus ("GEAP+"). The LGIP is administered in accordance with the LGIP Trust Policy approved by the State Depository Board. The LGIP Trust Policy allows commingling local government monies with State operating funds and State agencies' funds. GF1 is managed to maintain a constant net asset value ("NAV") of \$1.00. GF1 carries Fitch ratings of AAAs for fund credit quality and S1 for market risk sensitivity. GF1Prime is managed to maintain a stable NAV of \$1.00 and is rated AAAs by Fitch Ratings. GF1+ also is managed to maintain a constant NAV of \$1.00. GEAP+ offers a series of fixed income target maturity funds with emphasis on principal preservation. OST also manages investment portfolios for the Commission, the Department of Administration Services Risk Management Fund, Federal Stimulus Funds, and the Guaranteed Revenue Debt Common Reserve.

LEGAL AND TAX STATUS

Legality for Investments

The Commission Act provides that the Bonds are securities in which all public officers and bodies of the State and all municipalities and all municipal subdivisions, all insurance companies and associations and other persons carrying on an insurance business, all banks, bankers, trust companies, saving banks and savings associations, including savings and loan associations, building and loan associations, investment companies and other persons carrying on a banking business, all administrators, guardians, executors, trustees and other fiduciaries and all other persons whatsoever who are authorized to invest in bonds or other obligations of the State may properly and legally invest funds, including capital, in their control or belonging to them. The Commission Act further provides that the Bonds are securities which may be deposited with and shall be received by all public officers and bodies of the State and all municipalities and municipal subdivisions for any purpose for which the deposit of the Bonds or other obligations of the State may be authorized.

Tax Consequences of Owning the Bonds

The Tax-Exempt Bonds

Federal Tax Exemption. In the opinion of Bond Counsel, based upon an analysis of existing laws, regulations, rulings, and judicial decisions, and assuming, among other things, the accuracy of certain representations and the continued compliance with certain covenants and tax law requirements, interest on the Tax-Exempt Bonds is excludable from gross income for federal income tax purposes under Section 103 of the Internal Revenue Code of 1986, as amended (the "Code") and is not a specific preference item for

purposes of the federal alternative minimum tax imposed on individuals and corporations; however, interest on the Tax-Exempt Bonds is taken into account in determining the annual adjusted financial statement income of certain corporations for the purpose of computing the alternative minimum tax imposed on certain corporations. Bond Counsel expresses no opinion regarding any other tax consequences related to the ownership or disposition of, or the amount, accrual or receipt of interest on, the Bonds.

State Tax Exemption. In the opinion of Bond Counsel, interest on the Tax-Exempt Bonds is exempt from present State of Georgia income taxation.

Maintenance of Tax Status. The Code and the regulations promulgated thereunder contain a number of restrictions, conditions, and requirements that must be satisfied subsequent to the issuance of the Tax-Exempt Bonds in order for the interest thereon to be and remain excludable from gross income for federal income tax purposes. Failure to comply with such requirements may cause the inclusion of interest on the Tax-Exempt Bonds in the gross income of the holders thereof for federal income tax purposes retroactively to the date of issuance of the Tax-Exempt Bonds. The State acting by and through the Commission (the “Issuer”) has covenanted to comply with each such requirement of the Code that must be satisfied subsequent to the issuance of the Tax-Exempt Bonds in order that interest thereon be, or continue to be, excludable from gross income for federal income tax purposes. The opinion of Bond Counsel is subject to the condition that the Issuer complies with all such requirements. Bond Counsel has not been retained to monitor compliance with the described post-issuance tax requirements subsequent to the issuance of the Tax-Exempt Bonds. Bond Counsel has not undertaken to determine or to inform any person whether any action taken or not taken or any event occurring or not occurring after the date of issuance of the Tax-Exempt Bonds may adversely affect the value of, or the tax status of interest on, the Tax-Exempt Bonds.

Current and legislative proposals, if enacted into law, clarification of the Code by the Treasury Department or the Internal Revenue Service, or future court decisions may cause interest on the Tax-Exempt Bonds to be subject, directly or indirectly, in whole or in part, to federal income taxation or otherwise prevent owners of the Tax-Exempt Bonds from realizing the full current benefit of the tax status of such interest. The introduction or enactment of any such legislative proposals also may affect the market price for or marketability of the Tax-Exempt Bonds. Prospective purchasers of the Tax-Exempt Bonds are encouraged to consult their own tax advisors regarding any pending or proposed federal legislation, regulatory initiatives, or litigation.

The opinions expressed by Bond Counsel are based upon existing law, legislation and regulations as interpreted by relevant judicial and regulatory authorities as of the date of issuance and delivery of the Tax-Exempt Bonds, cover certain matters not directly addressed by such authorities, and represent Bond Counsel’s judgment as to the treatment of the Tax-Exempt Bonds for federal income tax purposes. Such opinions are not binding on the Internal Revenue Service (the “IRS”) or the courts. Furthermore, Bond Counsel cannot give and has not given any opinion or assurance about the future activities of the Issuer or about the effect of future changes in the Code, the applicable regulations, the interpretation thereof, or the enforcement thereof by the IRS. The Issuer has covenanted, however, to comply with the requirements of the Code.

Bond Counsel’s engagement with respect to the Tax-Exempt Bonds ends with the issuance of the Tax-Exempt Bonds, and, unless separately engaged, Bond Counsel is not obligated to defend the Issuer or the beneficial owners of the Tax-Exempt Bonds regarding the tax-exempt status of the Tax-Exempt Bonds in the event of an audit examination by the IRS. Under current procedures, parties (such as the beneficial owners) other than the Issuer and its appointed counsel would have little, if any, right to participate in the audit examination process. Moreover, because achieving judicial review in connection with an audit

examination of tax-exempt bonds is difficult, obtaining an independent review of IRS positions with which the Issuer legitimately disagrees may not be practicable. Any action of the IRS, including but not limited to selection of the Tax-Exempt Bonds for audit, or the course or result of such audit, or an audit of bonds presenting similar tax issues may affect the market price for, or the marketability of, the Tax-Exempt Bonds, and may cause the Issuer or the beneficial owners of the Tax-Exempt Bonds to incur significant expense.

As to certain questions of fact material to the opinion of Bond Counsel, Bond Counsel has relied upon representations and covenants made on behalf of the Issuer and certificates of appropriate officers and public officials (including certifications as to the use of proceeds of the Tax-Exempt Bonds and of the property financed or refinanced thereby).

Reference is made to the proposed forms of opinion of Bond Counsel relating to the Tax-Exempt Bonds attached hereto in APPENDIX E and APPENDIX G for the complete texts thereof. See also “LEGAL MATTERS” herein.

Premium Bonds. Tax-Exempt Bonds purchased, whether at original issuance or otherwise, for an amount higher than their principal amount payable at maturity (or, in some cases, at their earlier call date) (the “Tax-Exempt Premium Bonds”) will be treated as having amortizable bond premium. No deduction is allowable for the amortizable bond premium in the case of bonds, like the Tax-Exempt Premium Bonds, the interest on which is excludable from gross income. However, the purchaser’s basis in a Tax-Exempt Premium Bond will be reduced by the amount of the amortizable bond premium properly allocable to such purchase during each year. Proceeds received from the sale, exchange, redemption, or payment of a Tax-Exempt Premium Bond in excess of the owner’s adjusted basis (as reduced pursuant to § 1016(a)(5) of the Code) will be treated as a gain from the sale or exchange of such Tax-Exempt Premium Bond and not as interest.

The federal income tax treatment of bond premium under the Code, including the determination of the amount of amortizable bond premium that is allocable to each year, is complicated and holders of Tax-Exempt Premium Bonds should consult an independent tax advisor in order to determine the federal income tax consequences to such holders of purchasing, holding, selling, or surrendering a Tax-Exempt Premium Bond at its maturity.

Other Tax Consequences. Prospective purchasers of the Tax-Exempt Bonds should be aware that ownership of the Tax-Exempt Bonds may result in collateral federal income tax consequences to certain taxpayers depending upon their status and income. Prospective purchasers of the Tax-Exempt Bonds should consult independent advisors as to the consequences of owning the Tax-Exempt Bonds, including the effect of such ownership under applicable state and local laws and any collateral federal income tax and state tax consequences.

Information Reporting and Backup Withholding. Interest paid on the Tax-Exempt Bonds is subject to information reporting to the Internal Revenue Service in a manner similar to interest paid on taxable obligations. This reporting requirement does not affect the excludability of interest on the Tax-Exempt Bonds from gross income for federal income tax purposes, however, in conjunction with that information reporting requirement, the Code subjects certain non-corporate owners of Tax-Exempt Bonds, under certain circumstances, to “backup withholding” at the fourth lowest rate applicable to unmarried individuals with respect to payments on the Tax-Exempt Bonds and proceeds from the sale of the Tax-Exempt Bonds. Any amounts so withheld would be refunded or allowed as a credit against the federal income tax of such owner of Tax-Exempt Bonds. This backup withholding generally applies if the owner of Tax-Exempt Bonds (i) fails to furnish the paying agent (or other person who otherwise would be required to withhold tax from

such interest payments) such owner's social security number or other taxpayer identification number ("TIN"), (ii) furnishes the paying agent an incorrect TIN, (iii) fails to properly report interest, dividends, or other "reportable payments" as defined in the Code, or (iv) under certain circumstances fails to provide the paying agent or such owner's securities broker with a certified statement, signed under penalty of perjury, that the TIN provided is correct and that such owner is not subject to backup withholding. Prospective purchasers of the Tax-Exempt Bonds also may wish to consult with independent tax advisors with respect to the need to furnish certain taxpayer information in order to avoid backup withholding and the procedures for obtaining exemptions from backup withholding.

Disposition of the Tax-Exempt Bonds. Unless a non-recognition provision of the Code applies, the sale, exchange, redemption, retirement, reissuance or other disposition of a Tax-Exempt Bond may result in a taxable event for federal income tax purposes.

The Taxable Bonds

The following general discussion sets forth certain of the anticipated federal income tax consequences from the purchase, ownership, or disposition of the Taxable Bonds. This summary and the opinions referred to below are based upon the Code, including regulations, rulings, and decisions now in effect, all of which are subject to change. The discussion below does not purport to address all aspects of federal taxation that may be relevant to particular investors in light of their individual circumstances, or to certain types of investors subject to special treatment under the federal income tax laws. Furthermore, there can be no assurance that contrary positions to those positions expressed below will not be taken by the Internal Revenue Service.

A prospective purchaser of the Taxable Bonds or other taxpayer should seek advice from an independent tax advisor which is based on the taxpayer's particular circumstances. Prospective purchasers are advised to consult their own tax advisors regarding both the federal income tax consequences from the purchase, ownership, or disposition of the Taxable Bonds and any tax consequences arising under the laws of any state or other taxing jurisdiction.

Federal Income Taxation. Interest earned on the Taxable Bonds is not excludable from gross income of the holders of the Taxable Bonds for federal income tax purposes.

State Income Tax Exemption. In the opinion of Bond Counsel, interest on the Taxable Bonds is exempt from present State of Georgia income taxation.

Reference is made to the proposed form of opinion of Bond Counsel relating to the Taxable Bonds attached hereto as APPENDIX F for the complete text thereof.

Original Issue Premium. Certain Taxable Bonds have been sold to the public at an original issue premium (collectively, the "Taxable Premium Bonds"). Section 171 of the Code provides rules under which a premium paid for a Taxable Premium Bond may be amortized. Those rules permit the interest paid on a Taxable Premium Bond that would otherwise be included in the bondholder's gross income for federal income tax purposes to be reduced by the amount of the amortizable bond premium for the taxable year. Each holder of a Taxable Premium Bond may elect whether to amortize the original issue premium paid by it for federal income tax purposes. An election to amortize the original issue premium shall apply to all Taxable Premium Bonds held by the bondholder at the beginning of the first taxable year to which the election applies or thereafter acquired by the bondholder and would be irrevocable without the consent of the Internal Revenue Service. If an election to amortize the original issue premium is made, § 1016(a)(5) of the Code generally requires a reduction of the bondholder's basis in a Taxable Premium Bond held by it by

the amount of the amortizable bond premium applied to reduce the interest income received on such Taxable Premium Bond. Proceeds received from the sale, exchange, redemption, or payment of a Taxable Premium Bond in excess of the bondholder's adjusted basis (as reduced pursuant to § 1016(a)(5) of the Code) will be treated as a gain from the sale or exchange of such Taxable Premium Bond and not as interest.

The federal income tax treatment of original issue premium under the Code, including the determination of the amount of amortizable bond premium that is allocable to each year, is complicated and holders of Taxable Premium Bonds should consult their own tax advisors in order to determine the federal income tax consequences to such holders of purchasing, holding, selling, or surrendering Taxable Premium Bonds at their maturity.

Tax Treatment of Foreign Investors. Under §§ 871 and 881 of the Code, interest income with respect to the Taxable Bonds held by non-resident alien individuals, foreign corporations, or other non-United States persons ("Non-Residents") may be subject to a thirty percent (30%) United States withholding tax unless that tax is reduced or eliminated pursuant to an applicable tax treaty. That withholding tax generally will not be imposed if the paying agent (or other person who would otherwise be required to withhold tax from such payments) is provided with an appropriate statement identifying the beneficial owner of the Taxable Bonds and stating, among other things, that the beneficial owner is a Non-Resident. The withholding tax also will not apply if interest on the Taxable Bonds is effectively connected with a United States business conducted by the Non-Resident. Foreign investors should consult an independent tax advisor regarding potential imposition of the thirty percent (30%) withholding tax.

Backup Withholding. The Code subjects certain non-corporate owners of Taxable Bonds, under certain circumstances, to "backup withholding" at the fourth lowest rate applicable to unmarried individuals with respect to interest payments on the Taxable Bonds and proceeds from the sale of Taxable Bonds. Any amounts so withheld would be refunded or allowed as a credit against the federal income tax of such owner of Taxable Bonds. This withholding generally applies if the owner of Taxable Bonds (i) fails to furnish the paying agent (or other person who would otherwise be required to withhold tax from such payments) such owner's social security number or other TIN, (ii) furnishes the paying agent an incorrect TIN, (iii) fails to properly report interest, dividends, or other "reportable payments" as defined in the Code, or (iv) under certain circumstances fails to provide the paying agent or such owner's securities broker with a certified statement, signed under penalty of perjury, that the TIN provided is correct and that such owner is not subject to backup withholding. Prospective purchasers of the Taxable Bonds also may wish to consult with their tax advisors with respect to the need to furnish certain taxpayer information in order to avoid backup withholding and the procedures for obtaining exemptions from backup withholding.

Disposition of the Taxable Bonds. Unless a non-recognition provision of the Code applies, the sale, exchange, redemption, retirement, reissuance or other disposition of a Taxable Bond may result in a taxable event for federal income tax purposes.

Defeasance. Defeasance of any Taxable Bond may result in a deemed reissuance thereof for federal income tax purposes, which may be a taxable event for federal income tax purposes.

VALIDATION

As required by and in accordance with the procedures of the Commission Act, prior to delivery, the Bonds must and will be validated by order of the Superior Court of Fulton County prior to their issuance.

Under the laws of the State of Georgia, the judgment of validation is final and conclusive with respect to the Bonds and the security therefor.

RATINGS

Moody's Investors Service, Inc. ("Moody's"), S&P Global Ratings ("S&P"), a division of Standard & Poor's Financial Services LLC, and Fitch Ratings ("Fitch") have assigned the Bonds ratings of "Aaa," "AAA," and "AAA," respectively. The ratings reflect only the view of the respective rating agency as of the date of delivery of the Bonds. Any desired explanation of the significance of such ratings should be obtained from the rating agency furnishing it. Generally, rating agencies base their ratings on information and materials furnished to the agencies and on investigations, studies, and assumptions by the rating agencies. There is no assurance that any rating will remain in effect, or that any rating will not be lowered or withdrawn entirely if, in the judgment of the agency originally establishing the rating, circumstances so warrant. Any such change or withdrawal of a rating could have an adverse effect on the market price of the Bonds. Except as described under "CONTINUING DISCLOSURE" herein, neither the Commission nor the Underwriters have undertaken any responsibility either to bring to the attention of the holders of the Bonds any proposed revision, suspension or withdrawal of a rating or to oppose any such revision, suspension or withdrawal.

SALE AT COMPETITIVE BIDDING - UNDERWRITING

The Bonds will be awarded pursuant to several electronic competitive bidding processes on June 24, 2026* and final Commission action on June 25, 2026*, unless such dates are postponed or changed as described in the respective notices of sale contained in APPENDIX I (2026A Bonds and 2026C Bonds) and APPENDIX J (2026B Bonds) to this Preliminary Official Statement. This Preliminary Official Statement has been deemed final as of its date by the Commission in accordance with the meaning and requirements of Securities and Exchange Commission Rule 15c2-12 ("Rule 15c2-12"), except for the omission of certain pricing and other information permitted to be omitted pursuant to Rule 15c2-12. After the Bonds have been awarded, the Commission will complete the Official Statement so as to be a "final official statement" within the meaning of Rule 15c2-12 (the "Final Official Statement"). The Final Official Statement will include, among other things, the identity of the winning bidder(s) and the manager(s) of the syndicate(s), if any, submitting the winning bid(s), the expected selling compensation to underwriter(s) of the Bonds, and other information as to the interest rates and offering prices or yields of the Bonds, as supplied by the winning bidder(s).

VERIFICATION OF MATHEMATICAL COMPUTATIONS – 2026C BONDS

The accuracy of, among other things, (i) the mathematical computations confirming the sufficiency of the funds deposited with the 2026C Refunding Paying Agent to pay the applicable redemption prices of the 2026C Refunded Bonds and (ii) certain mathematical computations supporting the conclusion that the 2026C Refunded Bonds and the 2026C Bonds are not "arbitrage bonds" under the Code will be verified by Samuel Klein and Company, Certified Public Accountants, a provider of mathematical verification and arbitrage rebate services, (the "Verification Agent"). Such verification shall be based upon certain information supplied by the Commission. See "PURPOSE OF THE 2026C BONDS – PLAN OF REFUNDING" and "LEGAL AND TAX STATUS – Tax Consequences of Owning the Bonds" herein.

LEGAL MATTERS

Legal matters incident to the validity of the Bonds are subject to the approving opinions of Gray Pannell LLC, Savannah, Georgia, Bond Counsel. Bond Counsel has not been engaged to express any opinion with respect to the accuracy, completeness, or sufficiency of any offering documents used in connection with the offering or sale of the Bonds. A copy of the proposed text of the opinions of Bond Counsel for the Bonds are set forth in APPENDIX E, APPENDIX F, and APPENDIX G. A signed copy of such opinions for the Bonds dated and speaking only as of the date of original delivery of the Bonds will be available at the time of original delivery of the Bonds. See “LEGAL AND TAX STATUS” herein. Certain legal matters will be passed on for the State by its Disclosure Counsel, Kutak Rock LLP, Atlanta, Georgia.

ABSENCE OF CERTAIN LITIGATION

The Commission and the State, like other similar entities, are each subject to a variety of suits and proceedings arising in the ordinary conduct of its affairs. The Commission, after reviewing the current status of all pending and threatened litigation with the State’s counsel, the Department of Law of the State, believes that, while the outcome of litigation cannot be predicted, the final settlement of all lawsuits that have been filed and of any actions or claims pending or threatened against the State or its officials in such capacity are adequately covered by insurance or self-insurance reserves maintained by the State or will not have a material adverse effect upon the financial position or results of operations of the State. See “APPENDIX A – DEBT AND REVENUE INFORMATION – SIGNIFICANT CONTINGENT LIABILITIES” and “APPENDIX B – ANNUAL COMPREHENSIVE FINANCIAL REPORT FOR FISCAL YEAR ENDED JUNE 30, 2025 – Notes to the Financial Statements – Note 19: Litigation, Contingencies and Commitments.”

To the knowledge of the Commission, there is no controversy or litigation pending or threatened seeking to restrain or enjoin the issuance, sale, execution or delivery of the Bonds or the pledge by the State of the full faith, credit and taxing power of the State to the payment of the Bonds, or the organization or powers of the Commission, including the power to issue general obligation debt on behalf of the State and to pledge the full faith, credit and taxing power of the State to the payment thereof. The State is a party to certain litigation from time to time, which the Commission believes will not have a material adverse effect upon the ability of the Commission to issue, sell, execute and deliver the Bonds and pledge the full faith, credit, and taxing power of the State to the payment thereof.

CERTIFICATION AS TO OFFICIAL STATEMENT

At the time of payment for and delivery of the Bonds, the Chairman and Secretary of the Commission will furnish a certificate to the effect that, to the best of their knowledge, the Final Official Statement does not, as of the Date of Delivery of the Bonds, contain any untrue statement of a material fact or omit to state a material fact which should be included therein for the purpose for which the Final Official Statement is to be used or which is necessary in order to make the statements contained therein, in light of the circumstances in which they were made, not misleading.

FINANCIAL STATEMENTS

The Annual Comprehensive Financial Report of the State as of and for the State Fiscal Year ended June 30, 2025, included herein as APPENDIX B, was prepared by the State Accounting Office and audited

by the Department of Audits and Accounts. The auditors have issued a disclaimer of opinion on the Business-Type Activities and the Unemployment Compensation Fund based on the State being unable to provide sufficient audit evidence for the balances and financial activity of the receivables and payables of the Unemployment Insurance Fund. Unmodified opinions were issued on the remainder of the State's basic financial statements included in the State of Georgia's Annual Comprehensive Financial Report for Fiscal Year Ended June 30, 2025. With the exceptions as noted above, according to the Independent Auditor's Report, the financial statements of governmental activities, business-type activities, each major fund, aggregate discretely presented component units, and aggregate remaining funds are fairly presented in conformity with accounting principles generally accepted in the United States of America.

CONTINUING DISCLOSURE

The State has covenanted for the benefit of the owners of the Bonds to provide certain financial information and operating data relating to the State (the "Annual Report") by not later than twelve (12) months after the end of each fiscal year, commencing with the fiscal year ended June 30, 2026, and to provide notice of the occurrence of certain events (the "Listed Events"). The Annual Report and any notices of Listed Events will be filed by the State with the centralized information repository developed and operated by the Municipal Securities Rulemaking Board (the "MSRB") through the Electronic Municipal Market Access ("EMMA") System in an electronic format as prescribed by the MSRB and with any similar repositories established by the State (if any). The specific nature of the information to be contained in the Annual Report and a description of the Listed Events is provided in "APPENDIX D – CONTINUING DISCLOSURE AGREEMENT." These covenants have been made in order to assist the Underwriters in complying with Rule 15c2-12.

FORWARD LOOKING STATEMENTS

Any statements made in this Official Statement, including in the Appendices, involving estimates or matters of opinion, whether or not so expressly stated, are set forth as such and not as representations of fact, and no representation is made that any of the estimates or matters of opinion will be realized.

The statements contained in this Official Statement, including in the Appendices, that are not purely historical, are forward looking statements. Readers should not place undue reliance on forward looking statements. All forward looking statements included in this Official Statement are based on information available on the date hereof and the State does not assume any obligation to update any such forward looking statements. It is important to note that the actual results could differ materially from those in such forward looking statements. The forward looking statements herein are necessarily based on various assumptions and estimates and are inherently subject to various risks and uncertainties, including risks and uncertainties relating to the possible invalidity of the underlying assumptions and estimates and possible changes or developments in social, economic, business, industry, market, legal and regulatory circumstances and conditions and actions taken or omitted to be taken by third parties, including customers, suppliers, business partners and competitors, and legislative, judicial and other governmental authorities and officials. Assumptions related to the foregoing involve judgments with respect to, among other things, future economic, competitive, and market conditions and future business decisions, all of which are difficult or impossible to predict accurately and many of which are beyond the control of the State. Any of such assumptions could be inaccurate and, therefore, there can be no assurance that the forward looking statements included in this Official Statement, including in the appendices, would prove to be accurate.

MISCELLANEOUS

The references herein to the Bonds and the Resolutions are brief outlines of certain provisions thereof. Such outlines do not purport to be complete. For full and complete statements of such provisions, reference is made to the Bonds and the Resolutions. A copy of each Resolution is on file in the offices of the Commission and following the delivery of the Bonds will be on file at the designated corporate trust office of the Paying Agent.

The agreement of the Commission with the holders of the Bonds is fully set forth in the Bonds and the Resolutions, and neither any advertisement of the Bonds nor this Official Statement is to be construed as constituting an agreement by the Commission with the purchasers of the Bonds.

The attached Appendices are integral parts of this Official Statement and should be read together with all of the foregoing statements. All estimates and other statements in this Official Statement, including the Appendices attached hereto, involving matters of opinion, whether or not expressly so stated, are intended as such and not as representations of fact.

(The remainder of this page has been left blank intentionally.)

The execution and distribution of this Official Statement has been approved in connection with the public offering of the Bonds.

This APPENDIX A to the Official Statement sets forth certain information with respect to the constitutional and statutory limitations with respect to indebtedness incurred by the State and its various institutions, departments and agencies and certain selected budgetary and financial data.

DEBT INFORMATION

Appropriations and Debt Limitations

Article III, Section IX, Paragraph IV(b) of the State Constitution provides in relevant part:

The General Assembly shall not appropriate funds for any given fiscal year which, in aggregate, exceed a sum equal to the amount of unappropriated surplus expected to have accrued in the state treasury at the beginning of the fiscal year together with an amount not greater than the total treasury receipts from existing revenue sources anticipated to be collected in the fiscal year, less refunds, as estimated in the budget report and amendments thereto.

Article III, Section IX, Paragraph V of the State Constitution provides in relevant part:

In addition to the appropriations made by the general appropriations Act and amendments thereto, the General Assembly may make additional appropriations by Acts, which shall be known as supplementary appropriation Acts, provided no such supplementary appropriation shall be available unless there is an unappropriated surplus in the state treasury or the revenue necessary to pay such appropriation shall have been provided by a tax laid for such purpose and collected into the general fund of the state treasury.

Article VII, Section IV, Paragraph III(a)(1) of the State Constitution provides in relevant part:

All such appropriations for debt service purposes shall not lapse for any reason and shall continue in effect until the debt for which such appropriation was authorized shall have been incurred, but the General Assembly may repeal any such appropriation at any time prior to the incurring of such debt.

Article VII, Section IV, Paragraph I of the State Constitution provides that the State may incur two types of debt: (i) general obligation debt and (ii) guaranteed revenue debt. Pursuant to subparagraphs (c), (d), and (e) of Paragraph I, general obligation debt may be incurred to: acquire, construct, develop, extend, enlarge, or improve land, waters, property, highways, buildings, structures, equipment, or facilities of the State, its agencies, departments, institutions and certain State authorities; provide educational facilities for county and independent school systems and public library facilities for county and independent school systems, counties, municipalities, and boards of trustees of public libraries or boards of trustees of public library systems; and make loans to counties, municipal corporations, political subdivisions, local authorities, and other local government entities for water or sewerage facilities or systems or for regional or multijurisdictional solid waste recycling or solid waste facilities or systems. Pursuant to subparagraph (f) of Paragraph I, guaranteed revenue debt may be incurred by guaranteeing the payment of certain revenue obligations issued by an instrumentality of the State as set forth in the State Constitution to finance certain specified public projects.

Article VII, Section IV, Paragraph II (b) – (e) of the State Constitution provides that:

(b) No debt may be incurred under subparagraphs (c), (d), and (e) of Paragraph I of this section or Paragraph V of this section at any time when the highest aggregate annual debt service requirements for the then current year or any subsequent year for outstanding general obligation debt and guaranteed revenue debt, including the proposed debt, and the highest aggregate annual payments for the then current year or any subsequent fiscal year of the state under all contracts then in force to which the provisions of the second paragraph of Article IX, Section VI, Paragraph I(a) of the Constitution of 1976 are applicable, exceed 10 percent of the total revenue receipts, less refunds of the state treasury in the fiscal year immediately preceding the year in which any such debt is to be incurred.

(c) No debt may be incurred under subparagraphs (c) and (d) of Paragraph I of this section at any time when the term of the debt is in excess of 25 years.

(d) No guaranteed revenue debt may be incurred to finance water or sewage treatment facilities or systems when the highest aggregate annual debt service requirements for the then current year or any subsequent fiscal year of the state for outstanding or proposed guaranteed revenue debt for water facilities or systems or sewage facilities or systems exceed 1 percent of the total revenue receipts less refunds, of the state treasury in the fiscal year immediately preceding the year in which any such debt is to be incurred.

(e) The aggregate amount of guaranteed revenue debt incurred to make loans for educational purposes that may be outstanding at any time shall not exceed \$18 million, and the aggregate amount of guaranteed revenue debt incurred to purchase, or to lend or deposit against the security of, loans for educational purposes that may be outstanding at any time shall not exceed \$72 million.

In addition, Article VII, Section IV, Paragraph IV of the State Constitution provides:

The state, and all state institutions, departments and agencies of the state are prohibited from entering into any contract, except contracts pertaining to guaranteed revenue debt, with any public agency, public corporation, authority, or similar entity if such contract is intended to constitute security for bonds or other obligations issued by any such public agency, public corporation, or authority and, in the event any contract between the state, or any state institution, department or agency of the state and any public agency, public corporation, authority or similar entity, or any revenues from any such contract, is pledged or assigned as security for the repayment of bonds or other obligations, then and in either such event, the appropriation or expenditure of any funds of the state for the payment of obligations under any such contract shall likewise be prohibited.

Article VII, Section IV, Paragraph I (b) of the State Constitution provides that the State may incur “Public debt to supply a temporary deficit in the state treasury in any fiscal year created by a delay in collecting the taxes of that year. Such debt shall not exceed, in the aggregate, 5 percent of the total revenue receipts, less refunds, of the state treasury in the fiscal year immediately preceding the year in which such debt is incurred. The debt incurred shall be repaid on or before the last day of the fiscal year in which it is

incurred out of taxes levied for that fiscal year. No such debt may be incurred in any fiscal year under the provisions of this subparagraph (b) if there is then outstanding unpaid debt from any previous fiscal year which was incurred to supply a temporary deficit in the state treasury.” Pursuant to O.C.G.A. § 50-17-24(b)(2), the amount of aggregate borrowing under this constitutional authorization currently is statutorily restricted to “1 percent of the total revenue receipts, less refunds, of the state treasury in the fiscal year immediately preceding the year in which such debt is incurred.” No such debt has been incurred under this provision since its inception.

See “SECURITY FOR THE BONDS” and “APPENDIX B – ANNUAL COMPREHENSIVE FINANCIAL REPORT FOR FISCAL YEAR ENDED JUNE 30, 2025” herein.

Authorized Indebtedness

The following table sets forth the aggregate net principal amount of general obligation debt and guaranteed revenue debt authorized by the General Assembly of the State to be issued during the fiscal years beginning July 1, 1974 and ending June 30, 2027. These totals include new debt authorizations for FY 2027 for general obligation debt of \$731,890,000, as previously described in the section titled “AUTHORIZED INDEBTEDNESS” shown on page 11 herein. The amounts of such general obligation debt and guaranteed revenue debt actually funded (including the Bonds) and the remaining amounts authorized but unissued as of the date of issuance of the Bonds have been aggregated for presentation in the third and fourth columns of this table and labeled “Total State Debt Funded (Including the Bonds)” and “Unissued Authorized Indebtedness”. The amounts reflected in the column labeled “Total State Debt Funded (Including the Bonds)” reflect the amount of authorized general obligation debt and guaranteed revenue debt funded through the issuance of bonds.

(Table shown on following page – the remainder of this page has been left blank intentionally.)

Outstanding Debt

The following table sets forth the projected outstanding principal amount of indebtedness of the State upon issuance of the Bonds. (There are no general obligation or guaranteed revenue debt principal payments due between the date of this Official Statement and the end of FY 2026 on June 30, 2026.) Upon issuance of the Bonds, there will be \$209,020,000* of unissued authorized general obligation debt and \$104,835,000 of unissued authorized guaranteed revenue debt remaining to be issued.

Description	General Obligation	Guaranteed Revenue	Total Outstanding
Total projected June 30, 2026 debt outstanding (prior to the Bonds)	\$ 7,462,935,000	\$ 462,165,000	\$ 7,925,100,000
Plus the Bonds	1,571,095,000 *		1,571,095,000 *
Less debt due on July 1, 2026	331,790,000	1,355,000	333,145,000
Less debt refunded by the Bonds	814,010,000 *		814,010,000 *
Projected total debt outstanding upon issuance of the Bonds	<u>\$ 7,888,230,000 *</u>	<u>\$ 460,810,000</u>	<u>\$ 8,349,040,000 *</u>

Source: Georgia State Financing and Investment Commission

In November 2010, Georgia voters approved an amendment to the State Constitution which provided that “The General Assembly may by general law authorize state governmental entities to incur debt for the purpose of entering into multiyear contracts for governmental energy efficiency or conservation improvement projects in which payments are guaranteed over the term of the contract by vendors based on the realization of specified savings or revenue gains attributable solely to the improvements....” (Ga. L. 2010, Volume One, Book One, p. 1264, 2010 Regular Session, S.R. 1231) Subsequent to the ratification of said amendment to the State Constitution, S.B. 194, passed by the General Assembly during its 2010 session and signed by the Governor on June 4, 2010, became effective January 1, 2011 (Ga. L. 2010, Volume One, Book One, commencing at p. 1091, Act No. 669, 2010 Regular Session, S.B. 194). S.B. 194 amended Title 50 of the Official Code of Georgia Annotated by adding Chapter 37, which is codified as O.C.G.A. § 50-37-1 through O.C.G.A. § 50-37-8 (the “Guaranteed Energy Savings Performance Act (“GESP Act”)). The GESP Act, among other things, authorizes State governmental units to enter into guaranteed energy savings performance contracts (“EPC” or “EPCs”) for terms not to exceed twenty years. O.C.G.A. § 50-37-7(3) authorizes the Commission to establish a total multiyear guaranteed energy savings performance contract value and provided that any EPC entered into by a state entity that was not in compliance with the total contract value set by the Commission shall be void and of no effect. As of the date of this Official Statement, approximately \$95 million of Commission approved EPC contract value authority has been utilized; however, an additional \$36.9 million is expected to be utilized before the end of FY 2026. Per the Commission’s adopted fiscal guideline policies for EPCs and multiyear rental agreements, the Commission generally will limit the total contract value authority to an amount which will not cause the ratio for debt service to prior year receipts in the Commission’s debt management model to increase by more than one-half percent (0.50%), or exceed the established debt management planning limit, when including all existing and anticipated multiyear obligations. EPCs are not general obligation debt or guaranteed revenue debt of the State and therefore are not subject to the ten percent (10%) debt limit described under “DEBT INFORMATION - Appropriations and Debt Limitations” herein.

In November 2012, Georgia voters approved an amendment to the State Constitution to authorize the General Assembly to allow certain State agencies to enter into multiyear rental agreements, without obligating present funds for the full amount of obligation the State may bear under the full term of such agreements. Subsequent to the ratification of said amendment to the State Constitution, S.B. 37, passed by the General Assembly during its 2012 session and signed by the Governor on May 2, 2012, became effective January 1, 2013 (Ga. L. 2012, Volume One, Book Two, commencing at p. 989, Act No. 717, 2012 Regular Session, S.B. 37). As amended by S.B. 37, O.C.G.A. § 50-16-41(c) authorizes the State Properties

Commission (the “SPC”) to enter into multiyear lease agreements for administrative space on behalf of state agencies for terms not to exceed twenty years. Pursuant to O.C.G.A. § 50-16-41(l) the Commission established fiscal policies regarding multiyear lease and rental agreements and, each year, the Commission adopts a resolution establishing the maximum total multiyear contract value authority for use by SPC and the Board of Regents (“BOR”) of the University System of Georgia (“USG”).

Through May 2026, the SPC and BOR had closed on an aggregate of approximately \$1.2 billion in multiyear rental agreements. At its June 25, 2026 meeting, SPC and BOR are scheduled to request FY 2027 multiyear rental agreement contract value authority of up to \$85 million and \$10 million, respectively. Multiyear rental agreements are not subject to the ten percent (10%) debt limitation described under “DEBT INFORMATION - Appropriations and Debt Limitations” herein.

In addition to the multiyear rental agreements described above, the State periodically acquires certain property and equipment through multiyear lease, purchase, or lease purchase contracts that are considered for accounting purposes to be capital lease or installment purchase obligations. The State also periodically leases land, office facilities, office and computer equipment, and other assets pursuant to leases that are considered for accounting purposes to be operating leases. For information regarding outstanding capital and operating leases entered into by the State, reference is made to Note 10 – “Leases” in the State’s Annual Comprehensive Financial Report for Fiscal Year Ended June 30, 2025, included herein as APPENDIX B.

(The remainder of this page has been left blank intentionally.)

Schedule of Outstanding Debt Service

Principal and interest debt service payments are made in various months throughout the year; amounts shown in the following schedule are the maximum aggregate scheduled sinking fund payments beginning with fiscal year 2027 for all issued and outstanding general obligation bonds and guaranteed revenue bonds as of June 30, 2026. (Note: amounts shown below do not include the net debt service effect of the Bonds.)

Fiscal Year	General Obligation Bonds		Guaranteed Revenue Bonds		Total Bonds		
	Principal	Interest	Principal	Interest	Principal	Interest	Total Debt Service
2027	\$ 777,710,000	\$ 291,118,667	\$ 1,355,000	\$ 17,406,215	\$ 779,065,000	\$ 308,524,882	\$ 1,087,589,882
2028	722,440,000	257,969,276	1,500,000	17,334,840	723,940,000	275,304,116	999,244,116

Market Transactions to Retire Debt

From time to time the State uses earnings on invested general obligation bond proceeds to purchase outstanding general obligation bonds in secondary market transactions with dealers; bonds so purchased are then cancelled and are no longer outstanding. The schedule below summarizes these transactions for the years indicated. (Note: FY 2026 is through the date of this Official Statement.)

Fiscal Year	Par Value	Purchase Price ^(a)	Purchase Price as % of Par Value
2022	\$ 2,055,000	\$ 2,352,898	114.496 %
2023	62,400,000	56,732,764	90.918
2024	41,195,000	36,443,921	88.467
2025	80,060,000	82,567,257	103.132
2026	6,785,000	6,578,341	96.954

Debt Statistics

State Treasury Receipts

The State's compliance with its constitutional debt limitation is calculated on the basis of the State Treasury Receipts (revenue receipts less refunds); information for FY 2021 through FY 2025 is set forth in the table below. The annual percentage increase or decrease in such State Treasury Receipts is set forth in the third column of the table below. For preliminary information regarding major tax category collections during FY 2026 year-to-date, see the table on page A-22 which is titled "FY 2026 Year to Date Unaudited State Revenues Collected by the Georgia Department of Revenue" herein.

Fiscal Year	State Treasury Receipts	% Change From Prior Year
2021	\$30,316,588,230	12.7%
2022	36,596,472,710	20.7
2023	37,706,936,572	3.0

Legal Debt Margin

The State's Constitution limits the amount of outstanding general obligation and guaranteed revenue debt such that the highest annual debt service requirement (which includes debt service for general obligation and guaranteed revenue bonds that are currently outstanding, highest annual debt service for the Bonds proposed to be issued, and appropriated debt service for remaining unissued authorizations) shall not exceed 10% of prior year state treasury receipts. The highest annual debt service amounts reflected below and compared to prior year (FY 2025) state treasury receipts does not exceed the 10% State Constitutional debt limit.

State Treasury Receipts for FY 2025	\$38,951,300,216
Highest annual debt service commitments permitted by the State's Constitutional debt limitation (10% of State Treasury Receipts for FY 2025)	<u>3,895,130,022</u>
Highest annual debt service for currently outstanding debt	\$ 1,087,589,882
Highest annual debt service for the Bonds	<u>99,145,844 *</u>
Sub-Total	\$ 1,186,735,726 *
Highest annual debt service appropriations for all remaining unissued authorizations of general obligation bonds	20,698,493 *
Remaining debt service appropriation for unissued authorizations of guaranteed revenue debt	<u>7,330,597</u>
Highest annual debt service commitments (currently outstanding debt plus the Bonds plus any remaining authorized but unissued general obligation debt and guaranteed revenue debt)	\$ 1,214,764,816 *
As a percent of FY 2025 State Treasury Receipts	3.12%*
As a percent of FY 2026 Projected State Treasury Receipts of \$38,758,211,472	3.13%*
As a percent of FY 2027 Projected State Treasury Receipts of \$38,485,105,683	3.16%*

Assessed Valuation
(Real Estate and Personal Property)

Article VII, Section I, Paragraph II (a) of the State Constitution provides: “The annual levy of state ad valorem taxes on tangible property for all purposes, except for defending the state in an emergency, shall not exceed one-fourth mill on each dollar of the assessed value of the property.”

The State last imposed a tax levy under this provision in 2015, although occasionally payments will be received as appraisal and assessment appeals and court cases are resolved with taxes owed to the State or a refund owed by the State to a successful appellant or litigant.

The assessed valuation of real and personal property located in the State, its estimated actual value (“EAV”), and the assessed value as a percentage of the EAV are set forth in the table below.

Year	Assessed Valuation	Estimated Actual Value	Assessed as a % of EAV
2021	\$498,660,295,294	\$1,341,205,743,125	36.8 %
2022	578,310,618,653	1,599,310,339,194	35.8
2023	688,508,516,506	1,797,203,123,221	38.3
2024	750,649,078,598	1,899,415,684,711	39.4
2025 ^a	800,854,290,451	2,035,207,853,751	39.3

^a Note: Amounts for 2025 are preliminary and certain amounts have not been approved by the State Board of Equalization as of the date of this Official Statement. Amounts as shown above are subject to further changes until November 2026, when they are scheduled to be finalized, with further revisions subject to any ongoing appeals at that time.

REVENUE INFORMATION

Fiscal Policy

Under Georgia law, the Governor serves as the State's Chief Executive and ex officio Director of the Budget. The Governor is assisted in financial management by the Director of the Governor's Office of Planning and Budget ("OPB"), who also serves as the Chief Financial Officer for the State. The State Constitution assigns responsibility for revenue estimates to the Governor, who is aided in this determination by revenue projections developed by the State Economist. The State Economist utilizes various sources of information and other forecasts of key U.S. and Georgia economic data when developing his forecasts. The State Economist's forecasts then are compared to publicly available forecasts such as those produced by the Georgia State University Economic Forecasting Center, as well as consensus forecasts of the U.S. economy. The Governor also appoints a Council of Economic Advisors, separate from the State Economist. This Council is comprised of economists and business executives from public and private entities who meet at the call of the Governor to provide independent economic and revenue forecasts on current and future fiscal years.

Budgetary Controls and Budget Process

The State Constitution requires the State to adopt a balanced budget. It assigns responsibility for revenue estimates to the Governor, provides that no money may be drawn from the State Treasury except pursuant to appropriations made by law, and requires the General Assembly to annually appropriate state and federal funds necessary to operate the various departments and agencies of State government. It further provides that the general appropriations bill shall include only appropriations for purposes established by prior law; the ordinary expenses of the executive, legislative, and judicial departments of State government; payment of the public debt and the interest thereon; and support of the public institutions and educational interests of the State.

Each year, the General Assembly routinely passes, and the Governor signs two separate appropriations acts: (i) the "amended" or "supplementary" appropriations act for the current fiscal year (which adjusts the current fiscal year budget to account for changes in school enrollment, changes in estimated revenues, and to provide for other unanticipated needs), and (ii) the general appropriations act for the upcoming fiscal year (FY 2027 in this case), which must be adopted prior to the start of the upcoming fiscal year. The regular session of the legislature begins the second Monday in January each year. If necessary, one or more special legislative sessions can be called by the Governor prior to the meeting of the General Assembly for the regular session to address budgetary or revenue matters, or other legislative priorities.

Cashflow Management

Before funds may be disbursed pursuant to an appropriation, they must be allotted (administratively allocated and approved for expenditure). Allotments are provided to State agencies and other budget units through the issuance of warrants by OPB. A warrant authorizes funding of a portion of an appropriated amount to a budget unit such that the budget unit has the funding available to expend in accordance with an appropriation. The Office of the State Treasurer ("OST") funds warrants as allotment draw requests are submitted by State budget units and monitors approved but undrawn allotment balances. Such undrawn allotment balances may include funding for expenditures associated with contractual obligations, resulting in certain carry-forwards from the prior fiscal year. Allotments are generally drawn down over time; however, a sudden increase in requests and/or amounts from budget units for previously allotted funds could place a strain on the State's cash resources. To manage cash flow and maintain liquidity, OPB has

the authority to withhold undrawn allotments prior to their funding by the OST. In addition, if revenues during a fiscal year appear likely to fall below original estimates, OPB may take steps to reduce State expenditures, including requiring budget units to reserve appropriations, delaying approval of allotments, or rescinding previously approved allotments, in coordination with State agencies and budget units. The Governor may also reduce the revenue estimate for a fiscal year and recommend that the legislature amend the current budget to reflect such revised revenue estimates.

The following table summarizes the appropriation allotment amounts to various areas of State government for the five fiscal years FY 2021 through FY 2025 (amounts in thousands):

Category	FY 2021	FY 2022	FY 2023	FY 2024	FY 2025
Education	\$14,436,014	\$15,877,431	\$16,789,489	\$17,746,628	\$19,117,795
Public Health and Welfare	5,617,197	6,493,278	6,949,569	7,766,562	8,595,502
Transportation	1,930,602	2,152,251	2,268,749	3,845,849	3,667,637
Judicial, Penal and Corrections	1,860,497	1,987,782	2,167,643	2,313,889	2,771,655
Natural Resources	223,240	287,794	285,720	323,759	509,742
General Obligation Debt Sinking Fund	1,342,562	1,451,674	1,292,401	1,197,758	1,183,365
General Government	1,164,556	2,068,768	2,804,261	4,623,809	4,763,247
Total Allotments	<u>\$26,574,668</u>	<u>\$30,318,978</u>	<u>\$32,557,832</u>	<u>\$37,818,254</u>	<u>\$40,608,943</u>

(The remainder of this page has been left blank intentionally.)

OST continually monitors cash balances available to fund appropriation allotments as they are presented for payment. If necessary, the State may take action to ensure adequate liquidity, including managing the timing of allotments for appropriations and tax refunds as permitted by state law; withholding appropriation allotments, or rescinding previously approved allotments. Although the State has not utilized certain additional measures to maintain sufficient liquidity, it has other legally authorized options available in more extraordinary circumstances. These include securing a bank line of credit, issuing short-term debt, entering into reverse repurchase agreements, or utilizing internal borrowing. Under current State law, the amount that could be drawn on an external line of credit is limited to one percent (1%) of the prior year's receipts and any such borrowing must be repaid within the same fiscal year it was incurred.

The following table (\$ in millions) sets forth the month ending cash investments of State fund balances in the State Treasury for FY 2021 through the date of this Preliminary Official Statement.

Month	FY 2021	FY 2022	FY 2023	FY 2024	FY 2025	FY 2026
July	\$10,830	\$16,301	\$24,276	\$28,236	\$27,530	\$24,933
August	11,091	16,614	24,080	28,387	27,995	24,734
September	11,356	17,778	24,543	29,421	28,840	25,492
October	10,731	17,350	23,911	28,939	27,658	24,413
November	10,820	17,685	23,972	28,041	27,857	23,940
December	10,501	18,025	25,126	28,256	28,047	24,464
January	11,599	19,151	25,864	28,817	28,224	24,807
February	11,510	19,182	26,194	28,622	28,156	24,413
March	11,280	20,083	26,829	28,332	27,626	23,747
April	12,139	22,411	28,771	29,202	28,741	25,081
May	15,381	21,761	28,103	29,283	28,481	
June	16,344	24,214	28,131	27,926	25,866	

Note: Balances (i) exclude investments in the Lottery for Education Reserve, Brain and Spinal Injury Trust Fund, Guaranteed Revenue Debt Common Reserve, unspent bond funds including any unspent general obligation bond funds, and previously drawn allotment balances held in state agency accounts, and (ii) include both the RSR and certain state agency funds invested by the Treasury for and on behalf of the state agencies, such as Georgia Department of Transportation funds, which state agency funds may not be readily available for use by OST. On any given day, the amount available for use by OST may be significantly less than the amounts reflected above, which are as of the last day of the month.

Source: Office of State Treasurer

State fund balances have been impacted by previously received federal COVID response funds transferred to the State by the U.S. Treasury. In April 2020, the State received approximately \$3.5 billion from the Coronavirus Relief Fund established by the federal government under the Coronavirus Aid, Relief and Economic Security Act (the "CARES Act"). In May 2021, the State received \$439 million for non-entitlement units of local governments for the Local Fiscal Recovery Fund ("LFRF") and \$2.4 billion for the State Fiscal Recovery Fund ("SFRF"). In June 2022, approximately \$2.4 billion of additional SFRF funding was received and approximately \$431 million of additional LFRF funding was received; no additional funding is expected from these sources. The State has used federal COVID response funds primarily for one-time projects to mitigate the negative economic impacts of COVID and enhance the state's infrastructure. Georgia has not used any relief funds for revenue replacement in its budget.

Revenue Shortfall Reserve

As amended by HB 463 during the 2026 legislative session, O.C.G.A. § 45-12-93 sets forth the following provisions regarding the revenue shortfall reserve and the mid-year adjustment reserve:

- (a) There shall be a reserve of state funds known as the “Revenue Shortfall Reserve.”
- (b) The amount of all surplus in state funds existing as of the end of each fiscal year shall be reserved and added to the Revenue Shortfall Reserve. Funds in the Revenue Shortfall Reserve shall carry forward from fiscal year to fiscal year, without reverting to the general fund at the end of a fiscal year. The Revenue Shortfall Reserve shall be maintained, accumulated, appropriated, and otherwise disbursed only as provided in this Code section.
- (c) For each existing fiscal year, the General Assembly may appropriate from the Revenue Shortfall Reserve an amount up to one percent (1%) of the net revenue collections of the preceding fiscal year for funding increased K-12 needs.
- (d) The Governor may release for appropriation by the General Assembly a stated amount from funds in the Revenue Shortfall Reserve that are in excess of eight percent (8%) of the net revenue of the preceding fiscal year.
- (e) As of the end of each fiscal year, an amount shall be released from the Revenue Shortfall Reserve to the general fund to cover any deficit by which total expenditures and contractual obligations of state funds authorized by appropriation exceed net revenue and other amounts in state funds made available for appropriation.
- (f) The Revenue Shortfall Reserve shall not exceed twenty percent (20%) of the previous fiscal year’s net revenue for any given fiscal year.

Once the Revenue Shortfall Reserve reaches its fully funded level of twenty percent of the previous fiscal year’s net revenue, any additional excess net revenue or agency surplus will be reflected as undesignated, unreserved surplus. Such a surplus would be available to be used first for any future revenue shortfalls prior to the use of the Revenue Shortfall Reserve. In FY 2021, the then 15% legal limit for the Revenue Shortfall Reserve was met and the receipts in excess of the 15% limit were reported as unreserved, undesignated surplus. The legal limit for the Revenue Shortfall Reserve has now been reached for the fifth consecutive year. As of June 30, 2025, the balance of the Revenue Shortfall Reserve was \$5,582,959,810 and the balance of the unreserved, undesignated surplus was \$9,338,943,267. Enacted during the 2026 legislative session and taking effect on January 1, 2026, HB 463 raised the statutory cap on the Revenue Shortfall Reserve from 15% to 20% of the previous fiscal year’s net revenue collections. The legislation also elevated the threshold at which the Governor may release funds for appropriation by the General Assembly, raising it from from 4% to 8% of prior year net revenues.

(The remainder of this page has been left blank intentionally.)

The following tables set forth certain information regarding the State's Revenue Shortfall Reserve for the fiscal years shown as provided by the State Accounting Office.

Total State General Funds and Revenue Shortfall Reserve (\$ in millions)				
Fiscal Year	Total State General Funds	Revenue Shortfall Reserve ⁽¹⁾		
		Total Reserves	Uses of Reserves ⁽²⁾	Net
2021	\$28,592	\$4,289	(\$286)	\$4,289 ^
2022	34,935	5,240	(349)	5,240 ^
2023	35,945	5,392	(359)	5,392 ^
2024	36,442	5,466	(364)	5,466 ^
2025	37,220	5,583	(372)	5,583 ^

⁽¹⁾ Effective January 1, 2026, the amount by which the total Revenue Shortfall Reserve exceeds eight percent (8%) of the net revenue collections (referred to as "Total State General Funds" above) of the preceding fiscal year may be released by the Governor for appropriation by the General Assembly. (As discussed on page A-14, HB 463 increased this to 8% from 4%). For the fiscal years shown above, no funds in addition to the one percent (1%) for funding increased educational needs (see (2) below) were released from the Revenue Shortfall Reserve by the Governor.

⁽²⁾ Up to one percent (1%) of the net revenue collections (referred to as "Total State General Funds" above) of the preceding fiscal year may be used for funding increased educational (K-12) needs. Such amounts for the fiscal years shown above were appropriated in the immediate subsequent fiscal year for this purpose (see the table on page A-25 herein).

^ Due to the availability of unreserved, undesignated surplus at the end of the fiscal year, the funds used for the 1% midterm adjustment for K-12 needs will be replenished from the unreserved, undesignated surplus and thus will not reduce the overall balance of the Revenue Shortfall Reserve.

Balances as of June 30, 2025. For the fifth year in a row, the statutory legal limit for the Revenue Shortfall Reserve has been met, with excess funds reported as unreserved, undesignated surplus. As described on page A-14, the legal limit for the Revenue Shortfall Reserve was increased from 15% to 20%. The State currently expects the June 30, 2026 balance in the Revenue Shortfall Reserve to reach the maximum 20% limit. The estimated June 30, 2026 unreserved, undesignated surplus will reflect one-time uses appropriated in the Amended FY 2026 Budget, as well as the impacts of the 2026 legislation, including HB 1000 tax refunds and motor fuel tax suspensions (as further discussed under Fiscal Performance).

Adjusted Net FY 2024 Revenue Shortfall Reserve Balance	\$ 5,466,259,838
Undesignated, Unreserved Regular Surplus (FY 2024 Balance)	11,477,855,304
FY 2025 Uses	(3,737,508,418)
Excess of Total Current Year State Treasury Receipts and Agency Surplus Returned Over Current Year Appropriation	1,715,296,354
Sub-Total	<u>\$14,921,903,077</u>

Ending RSR and Surplus Balance - June 30, 2025

Revenue Shortfall Reserve (Maximum amount – 15% of State General Fund Receipts)	\$ 5,582,959,810
Unreserved, Undesignated Surplus	<u>9,338,943,267</u>
Balances as of June 30, 2025	<u>\$14,921,903,077</u>

2026 Legislative Session

Income Tax Cuts. Prior to the 2026 session of the General Assembly, Georgia enacted a series of significant tax policy changes that both reduced income tax burdens and fundamentally restructured the State income tax framework.

Georgia's first major reform after the passage of the federal Tax Cuts and Jobs Act (TCJA) occurred in Tax Year 2019 (the term "Tax Year," as used in this section, means January 1 to December 31). Following the federal expansion of the standard deduction and elimination of personal exemptions under the TCJA, Georgia increased its own standard deduction while retaining its existing personal exemption structure. As a result, the standard deduction doubled - from \$2,300/\$3,000 to \$4,600/\$6,000 (single/married filing jointly) - while taxpayers continued to receive separate personal exemptions. This temporarily produced a more generous combined deduction structure for many taxpayers than existed under federal law.

The General Assembly enacted a more comprehensive restructuring in the 2022 legislative session through HB 1437, which fundamentally revised Georgia's individual income tax system beginning in Tax Year 2024. The legislation replaced the graduated individual income tax structure with a flat tax framework and substantially expanded the State's deduction structure. In doing so, it began the transition away from the prior system of smaller standard deductions and layered personal exemptions. HB 1437 initially established a 5.49% flat individual income tax rate for Tax Year 2024 and provided for annual rate reductions of 10 basis points until the tax rate reached 4.99%, contingent upon specified revenue growth and reserve thresholds being satisfied.

Subsequent legislation accelerated and expanded those reforms. HB 1015 reduced the individual income tax rate to 5.39% beginning in Tax Year 2024, while HB 1023 aligned the corporate income tax rate with the individual flat-tax schedule beginning in the same year. HB 1021 also increased the dependent deduction from \$3,000 to \$4,000 beginning in Tax Year 2024. In 2025, HB 111 further advanced the previously enacted rate reduction schedule, lowering both the individual and corporate income tax rates to 5.19%.

In the 2026 legislative session, the Governor introduced HB 1001, which proposed accelerating the scheduled rate reductions once again by lowering both the individual and corporate income tax rates to 4.99% beginning in Tax Year 2026. The projected fiscal impact of this rate reduction -- estimated at approximately \$948 million in FY 2027 -- was fully incorporated into the Amended Fiscal Year 2026 and Fiscal Year 2027 budget revenue estimates within anticipated economic growth and without requiring reductions to existing state agency budgets.

The General Assembly subsequently incorporated the proposed 4.99% rate reduction into HB 463 while also substantially expanding Georgia's deduction structure and establishing a new framework for additional future tax relief. Effective for Tax Year 2026, HB 463 increased the standard deduction by 25%, from \$12,000 to \$15,000 for single filers and from \$24,000 to \$30,000 for married taxpayers filing jointly. The legislation also increased the dependent deduction from \$4,000 to \$5,000 per qualifying dependent.

Relative to the pre-TCJA structure in place in Tax Year 2018, the cumulative effect of Georgia's reforms through 2026 reduced the top individual and corporate income tax rates from 5.75% to 4.99%, while tripling the effective base deduction equivalent (standard deduction plus taxpayer/spousal personal exemptions under prior law) for single filers and nearly tripling it for married taxpayers filing jointly. Even

after adjusting for inflation, the 2026 deduction structure substantially exceeds the effective deduction levels in place prior to HB 1437. The table on the following page reflects the various changes.

Tax Year	Individual Rate	Corporate Rate	Standard Deduction	Dependent Deduction
2018	5.75% top rate	5.75%	\$2,300/\$3,000	\$3,000
2019	5.75% top rate	5.75%	\$4,600/\$6,000	\$3,000
2022	5.75% top rate	5.75%	\$5,400/\$7,100	\$3,000
2024	5.39% flat	5.39%	\$12,000/\$24,000	\$4,000
2025	5.19% flat	5.19%	\$12,000/\$24,000	\$4,000
2026	4.99% flat	4.99%	\$15,000/\$30,000	\$5,000

Note: Prior to Tax Year 2024, Georgia also maintained separate taxpayer and spousal personal exemptions in addition to the standard deduction. In addition, an amendment to the State Constitution related to State income taxes, effective as of January 1, 2015, effectively has established a maximum marginal tax rate of income tax at six percent (6%).

HB 463 also revised and accelerated the contingent tax reduction framework originally established under HB 1437. Beginning in Tax Year 2027, and subject to specified fiscal conditions, the legislation provides for annual reductions of 12.5 basis points in both the individual and corporate income tax rates, annual increases in the standard deduction of \$375/\$750 (single/married filing jointly), and annual increases of \$125 in the dependent deduction. These automatic adjustments continue until the income tax rates reach 3.99%, the standard deduction reaches \$18,000/\$36,000, and the dependent deduction reaches \$6,000.

The revenue and reserve conditions that would trigger automatic rate reductions and increases in the standard and dependent deductions beginning in Tax Year 2027 follow those originally established in HB 1437: (1) the Governor's revenue estimate for the upcoming fiscal year must exceed the revised estimate for the current fiscal year by at least 3%; (2) the prior fiscal year's net revenue collection must exceed the highest level of actual collections from the immediately preceding three fiscal years; and (3) the Revenue Shortfall Reserve must contain sufficient funds to offset the projected revenue loss associated with the next scheduled rate reduction and deduction increase. If any of these conditions are not met, the scheduled rate reduction and deduction increases are deferred for one year.

In addition to the broad-based rate and deduction changes, HB 463 enacted several targeted tax relief provisions. Beginning in Tax Year 2027, the legislation increases the retirement income exclusion for taxpayers age 65 and older from \$65,000 to \$70,000. The bill also selectively conforms to recent federal tax law changes by exempting the first \$1,750 of both tip income and overtime compensation from state income taxation. These tip and overtime exclusions sunset after Tax Year 2028, consistent with the corresponding federal provisions. HB 463 also repealed several infrequently utilized income tax credits and sales tax exemptions. These repeals were not intended to offset the broader income tax reductions and are expected to have only a minimal effect on overall state revenues.

Importantly, the FY 2027 revenue estimate accompanying the budget as introduced already assumed the reduction in the individual and corporate income tax rates from 5.19% to 4.99%. However, the additional provisions enacted in HB 463 -- including the expanded standard deduction, increased dependent deduction, and additional tax exclusions -- are estimated to reduce state revenues by an additional \$1.35 billion in FY 2027. Those additional reductions were not incorporated into the FY 2027 budget revenue estimate.

Income tax refunds. Similar to actions taken in prior years, the General Assembly passed and the Governor signed HB 1000, authorizing a one-time tax refund for Georgia taxpayers who filed individual income tax returns for both of the two preceding tax years. Refund amounts were up to \$250 for single filers, \$375 for heads of household, and \$500 for married taxpayers filing jointly, not to exceed the taxpayer's actual Georgia income tax liability. The legislation is estimated to cost approximately \$1.17 billion and is funded from the State's unreserved, undesignated surplus fund balance. As a one-time refund, the measure does not reduce current fiscal year revenue collections and does not create any ongoing future obligations or recurring costs to the State.

Suspensions of state taxes on motor fuel and diesel fuel. Georgia also continued to provide temporary taxpayer relief through selective suspensions of motor fuel taxes. HB 1199 included provisions that suspended State motor and diesel fuel taxes for 60 days, from March 20, 2026, through May 19, 2026, in order to give taxpayers relief from spiking gas prices stemming from the geopolitical conflicts in the Middle East. The loss of fuel tax collections during this period is estimated to be \$390 million. The temporary suspension of the motor fuel tax does not impact enacted appropriations to the Department of Transportation for road and bridge projects. To ensure the planned project work for the Department of Transportation is not disrupted, the loss of fuel tax collections during this period will be offset through excess FY 2026 general fund revenue collections and, if necessary, transfers from the State's unreserved, undesignated surplus fund balance to meet appropriated budget.

Other tax legislation. Other significant tax legislation enacted in the 2026 session includes HB 134 and HB 328. HB 134 -- the "Keep Georgia Forested Act" -- provides transferrable enhanced jobs and investment tax credits for new forestry manufacturing-related activity. Credits earned under the bill must be pre-approved and have an aggregate credit cap of not to exceed \$250 million through 2030 when it is scheduled to sunset. HB 328 expands the existing annual cap on tax credits for contributions to student scholarship organizations (SSOs) from \$120 million to \$150 million. SSOs award scholarships to qualified students attending private school. HB 328 also increases the existing annual cap on for contributions to public school foundations from \$15 million to \$25 million.

The table below summarizes income tax provisions passed during the 2026 session of the General Assembly not already accounted for in the Governor's FY 2027 budget revenue estimate.

Bill	Description	FY 2027 Revenue Impact (millions)	FY 2028 Revenue Impact (millions)
HB 463	4.99% rate expanded deduction structure, retirement exclusion, tip/overtime exclusion, and future trigger-based tax reductions	(\$1,349)*	(\$968)*
HB 134	Enhanced jobs and investment tax credits for new forestry manufacturing-related activity	(\$11)	(\$11)
HB 328	Increase tax credit cap for educational contributions	\$0	(\$19)
HB 1199	Updates Georgia's conformity with the federal Internal Revenue Code.	\$43	\$84
HB 1209	Sales tax exemption for construction project in Savannah	(\$2)	(\$2)
Total		(\$1,319)	(\$916)

* Net of impact from reducing rates from 5.19% to 4.99%, which is already reflected in the Governor's budget revenue estimate.

Vetoed and Budgetary Disregards. While the State determined that the broad-based tax relief enacted in HB 463 could be accommodated within the State's existing fiscal framework, doing so required continued restraint in recurring spending growth and careful prioritization between one-time and ongoing commitments. Had all tax measures and spending additions passed by the General Assembly been enacted without modification, the resulting recurring fiscal impact would have exceeded the level the Governor considered sustainable over the long term without materially weakening reserve levels or increasing pressure on future recurring budgets.

In evaluating tax proposals passed during the session, the Governor sought to balance broad-based taxpayer relief, targeted economic development incentives, and long-term fiscal sustainability. Accordingly, the Governor vetoed several additional tax measures passed by the General Assembly, including expansions or extensions of certain existing tax credits, exemptions, and dedicated revenue related to timber replanting, land conservation, historic rehabilitation, targeted employment incentives, railroad infrastructure investment, and admissions to certain artistic performances. The estimated recurring revenue loss associated with the vetoed measures was approximately \$65 million annually.

In addition, the Governor exercised his executive authority to withhold or veto more than \$300 million in newly authorized spending from the FY 2027 budget in order to preserve structural balance, maintain reserve capacity, and moderate the growth in future recurring expenditures. The withheld items primarily consisted of appropriations added during the legislative process above the Governor's original budget recommendation, rather than reductions to existing agency base operations or core service levels. These actions allowed the State to recalibrate recurring spending growth and realign the FY 2027 budget with a more conservative long-term revenue outlook following enactment of HB 463 and other tax policy changes.

Fiscal Performance

Economic Outlook and Uncertainty. Georgia's economy moderated in calendar year 2025, broadly reflecting national trends. Real GDP grew 1.9%, compared to 2.1% for the nation and 2.3% for the Southeast region. Growth was positive in 14 of 20 private industry sectors, led by real estate, health care and social assistance, professional and business services, and manufacturing, which collectively contributed 1.49 percentage points to annual growth.

Georgia's labor market performance was uneven throughout 2025, with monthly employment gains and losses resulting in a net decline of 4,100 nonfarm jobs, or 0.08%, compared to growth of 0.9% in 2024. The largest employment gains occurred in education and health services, and in construction, while the largest declines were recorded in trade, transportation and utilities, information, and government. The State's unemployment rate remained relatively stable, increasing only slightly from 3.4% in December 2024 to 3.5% following the federal shutdown and remaining at that level through April 2026. This compares favorably to the national unemployment rate of 4.3%. Employment growth has strengthened in 2026, with preliminary data indicating that 12,900 jobs were added through April, supporting continued income growth for Georgia households. Nominal wage and salary income increased 4.1% in 2025, while total personal income rose 4.9%; similar growth rates are expected in 2026.

The economic outlook remains subject to uncertainty arising from federal trade policies and global energy markets. Although some tariffs have been invalidated by court rulings, tariff levels remain historically elevated, while disruptions associated with the conflict involving Iran have contributed to higher energy prices. Tariff-related price increases contributed to higher inflation during 2025, and the

energy shock has further increased inflationary pressures, with headline Consumer Price Index (CPI) inflation reaching 3.8% year-over-year in April 2026 and core Personal Consumption Expenditures (PCE) inflation reaching 3.3%. Elevated inflation has weighed on consumer sentiment, which has fallen to historically low levels according to the University of Michigan survey. Despite weaker sentiment, consumer spending growth in calendar year 2026 has been strong, supported by increased prices and larger federal tax refunds.

Overall, the outlook for 2026 is currently expected to be characterized by moderate economic growth, elevated inflation, and stable labor market conditions. The April 2026 Wall Street Journal survey of economists reported an average recession probability of 33%, down from 45% one year earlier. At the same time, minutes from the April Federal Open Market Committee (FOMC) meeting indicate that participants generally expect GDP growth to continue at a solid pace and employment conditions to remain stable, while expressing concern regarding persistent inflationary pressures.

The revenue estimates supporting the Amended FY 2026 Budget and FY 2027 Budget discussed below were developed using reasonable and conservative economic assumptions available at the time they were prepared. Actual results may differ materially from these estimates due to uncertainties associated with federal policy decisions, including potential changes to federal funding programs and anticipated federal spending reductions. The State's current financial position provides substantial capacity to withstand economic fluctuations and revenue volatility. However, the State cannot predict with certainty future federal policy actions or the extent to which such actions may positively or negatively affect federal funding received by the State.

FY 2025 Results. The initial FY 2025 state general funds revenue estimate totaled \$34.4 billion, approximately \$2.0 billion (5.5% decrease) below actual FY 2024 collections. The estimate was also below actual collections for FY 2022 and FY 2023, reflecting expectations that revenue growth would normalize following the unusually strong post-pandemic collection performance. The estimate also incorporated the projected revenue impact of reducing the individual income tax rate from 5.75% to 5.39%.

Stronger than anticipated revenue performance during the fiscal year resulted in an upward revision to the revenue estimate in the Amended FY 2025 budget of nearly \$1.3 billion in state general funds, or 3.8% above the original estimate. Even with that upward revision, the revised FY 2025 revenue estimate remained approximately \$704.4 million (1.9%) below actual FY 2024 collections.

The Amended FY 2025 budget also authorized approximately \$2.7 billion in one-time expenditures for Hurricane Helene response and recovery efforts, contributions to improve the funded ratio of the State Employees' Retirement System, and investments in water, sewer and transportation infrastructure throughout the state.

As shown in the table on the following page, actual FY 2025 total state treasury receipts exceeded the amended budget revenue estimate by nearly \$1.5 billion and reached an all-time high of nearly \$39.0 billion, representing a 1.9% increase over FY 2024 actual collections.

FY 2026 Preliminary Year-to-Date Results. Georgia has continued to maintain conservative revenue estimates and disciplined recurring spending growth in order to preserve structural balance, maintain strong reserve levels, and retain flexibility to respond to future economic volatility. FY 2025 represents the fifth consecutive year that the State concluded the year with the Revenue Shortfall Reserve at the then statutory maximum of 15% and has strategically utilized unreserved, undesignated surplus funds for one-time expenditures. The State currently expects to conclude FY 2026 with a Revenue Shortfall Reserve at the recently increased statutory maximum of 20%. FY 2026 revenue collections have exceeded the assumptions incorporated into the original FY 2026 budget despite the implementation of additional tax relief measures and the temporary suspension of motor fuel taxes during a portion of the fiscal year.

The table on the following page (\$ thousands) sets forth preliminary, unaudited net revenue collections, by the Georgia Department of Revenue in certain categories for the first eleven months (July 1 through May 31) of FY 2025 and FY 2026. Based on preliminary year-to-date figures, FY 2026 tax collections as reported by the Georgia Department of Revenue amounted to approximately \$15.0 billion in personal income tax, \$2.7 billion in corporate income tax, and \$8.9 billion in net sales and use tax. Additional State revenues, collected by other State agencies and remitted to the Office of the State Treasurer, are not reflected in the table below.

FY 2026 Year-to-Date Unaudited State Revenues Collected by the Georgia Department of Revenue
(Preliminary, Subject to Change)

Tax Revenues:	FYTD 2025*	FYTD 2026*	Change (\$)*	Change (%)*
Income Tax - Individual	\$14,743,513	\$14,987,012	\$243,499	1.7 %
Income Tax - Corporate	2,771,377	2,652,178	(119,198)	(4.3)
Net Sales and Use Taxes - General	8,556,130	8,917,367	361,237	4.2
Motor Fuel Taxes	2,030,850	1,870,804	(160,046)	-7.9
Other Taxes	395,287	391,731	(3,556)	(0.9)
Motor Vehicle Revenues	1,228,698	1,237,190	8,492	0.7
Total Net Tax Revenues	29,725,856	30,056,282	330,426	1.1
Interest, Fees and Sales ⁽¹⁾	730,718	744,931	14,213	1.9
Total Taxes and Other Revenues	<u>\$30,456,575</u>	<u>\$30,801,213</u>	<u>\$344,638</u>	1.1

⁽¹⁾“Interest, Fees, and Sales” include payments that have been deposited in the bank, but for which returns may not yet have been processed. These undistributed amounts are then re-classified (once the return is processed) to the appropriate tax revenue account. This also includes Unclaimed Property collections.

Note: Amounts may not add precisely due to rounding.

Amended FY 2026 Budget. The Amended FY 2026 (“AFY 2026”) budget (HB 973) was passed by the General Assembly on February 25, 2026 and signed into law by the Governor on March 3, 2026. The \$43.7 billion amended budget provides \$5.9 billion in additional spending over the original FY 2026 budget, including \$821.7 million in additional general fund revenues, \$4.5 billion in authorized use of undesignated unreserved surplus, and \$372.2 million in Revenue Shortfall Reserve funds for the required mid-term adjustment.

The amended FY 2026 tax revenue estimate of \$33.6 billion is a 0.3% reduction over FY 2025 actual tax revenues of \$33.5 billion and total general fund receipts are estimated at approximately \$36.8 billion, or 1.2% below FY 2025’s actual general fund revenues of \$37.2 billion. The amended revenue estimate reflects the estimated impact of an additional 20 basis point reduction to the income tax rate to lower the rate for the 2026 tax year to 4.99%, reduced expectations for interest earnings at the Office of the State Treasurer associated with anticipated Federal Reserve rate cuts, the continued spending of federal fiscal relief fund balances and use of undesignated surplus for one-time appropriations.

The AFY 2026 budget prioritized tax relief for Georgians, meeting growth needs in K-12 education and Medicaid, providing the first needs-based aid for higher education, addressing critical needs in our correctional and behavioral health systems, and continuing strategic investments in transportation and utility infrastructure. Changes to the AFY 2026 budget over the original FY 2026 base include:

Capital Investments in State Infrastructure and Assets:

- \$1.1 billion for additional agency capital needs in facilities, equipment, and vehicles, including
 - \$409 million for a new behavioral health hospital at Georgia Regional Health - Atlanta
 - \$310 million for capacity and security projects for the Department of Corrections
 - \$88 million for an aerospace engineering building at Georgia Tech
- \$2.3 billion in freight infrastructure and local road assistance projects at the Department of Transportation
- \$60 million for economic development for rural infrastructure in Tier 1 and 2 counties
- \$35 million for loans and grants to local governments for natural gas infrastructure

Investments in Growth and Long-Term Needs at State Agencies:

- \$850 million for the Homeowner Tax Relief Grant program to address rising property tax burdens across the state
- \$325 million to establish the Georgia DREAMS scholarship program, the first needs based aid for higher education in the state
- \$100 million for Employees' Retirement System to further improve the plan funded ratio
- \$612 million to provide for a \$2,000 one-time pay supplement for state employees and K-12 educators to promote employee retention
- \$70 million for K-12 mid-term adjustment and State Commission Charter Schools supplement
- \$87 million for projected Medicaid utilization and expense growth
- \$81 million for utilization growth for out-of-home foster care services
- \$45 million for the State Housing Trust Fund to establish a homelessness grant program
- \$15 million for rural site development for economic development projects

FY 2027 Budget. On April 2, 2026, the Georgia General Assembly passed HB 974, the appropriations act for Fiscal Year 2027. Relative to the originally adopted FY 2026 base budget, the FY 2027 budget reflects an increase in state general funds of \$647.2 million, or 1.8%. When measured against the amended FY 2026 revenue estimate, the FY 2027 budget projects tax growth of 1.0%, while reflecting a reduction in total state general funds of \$174.5 million, or 0.5%. The budget is centered on delivering tax relief to Georgia citizens, fully funding growth needs in K-12 and higher education, and addressing growth needs in Medicaid, pension obligations, and healthcare costs, while also providing additional support for the State's most vulnerable populations. Notable items include:

Meeting Growth Needs in Education, Health, and Retirement:

- \$292 million for Medicaid and PeachCare for Kids for expense and enrollment growth
- \$103 million for the State Health Benefit School Plan, including \$71.4 million to increase the PMPM for certified K-12 employees to meet projected expense and future needs and \$31.6 million to provide a direct infusion to the School OPEB fund to improve the funding ratio of the plan
- \$259 million in savings for the State Health Benefit Plan for state employees while maintaining current benefits and a State OPEB Plan valuation in excess of 100 percent
- \$55 million for the Department of Corrections' health contracts for offenders to meet projected need and increased population growth
- \$42 million for the actuarial determined employer contribution for the Teachers Retirement System
- \$252.7 million to fund higher education formula growth at the University and Technical College Systems
- \$11.7 million for enrollment growth and training and experience for the Quality Basic Education program and \$40 million for growth in the State Commission Charter Schools supplement

Supporting Georgia's Children and Most Vulnerable Populations:

- \$72.7 million to support statewide literacy initiatives, including \$70.4M to provide a literacy coach in every K-3 school
- \$46 million for administrative support for the federal Supplemental Nutrition Assistance Program (SNAP) as a result of H.R. 1
- \$50 million for utilization growth for out-of-home foster care services
- \$2.5 million to establish the Georgia Foster Care Scholarship to provide financial aid to students in foster care to improve higher education access

AFY 2026 and FY 2027 Budgeted Revenue Estimates. The following table sets forth estimated budget-based State revenues available for appropriation for the Amended FY 2026 Budget and the FY 2027 Budget.

RETIREMENT SYSTEMS

Introduction

The State administers multiple retirement plans under two major retirement systems: the Employees' Retirement System of Georgia ("ERS") and the Teachers Retirement System of Georgia ("TRS"). ERS administers several retirement plans for various employer entities of the State, while TRS administers a retirement plan for teachers in State public schools, the University System of Georgia, and certain other employees of legislatively designated educational agencies. ERS and TRS are referred to collectively herein as the "Systems." The objective of the Systems' retirement plans is to meet long-term benefit obligations through contributions that remain approximately level as a percentage of member payroll over time, while maintaining funding on an actuarially sound basis. The ERS retirement plan for State employees in the executive branch is the most significant of the defined benefit pension plans administered by ERS, and statistical information presented herein with respect to ERS is limited to such plan. As of June 30, 2025, the combined net position of the TRS retirement plan and the ERS retirement plans represented approximately 96.4% of the net position of the State's fifteen (15) defined benefit pension plans. For additional information on the two largest retirement plans, including benefit eligibility, benefit formulas and employee contributions rates, see Note 14, "Retirement Systems," in APPENDIX B hereto. The retirement plans administered by the Systems are generally subject to the provisions of Title 47 of the Official Code of Georgia, including, in particular, Chapter 2 (ERS) and Chapter 3 (TRS), and are the subject of annual actuarial valuations. In the opinion of the Systems' actuary, as of June 30, 2025, each of ERS and TRS is operating on an actuarially sound basis and in conformity with minimum funding standards of Georgia law.

According to the most recent actuarial valuation of ERS, as of June 30, 2025, the funded ratio (actuarial value of assets ("AVA") / actuarial accrued liability ("AAL")) improved to 81.8% as compared to 75.9% as of June 30, 2024 and the unfunded actuarial accrued liability ("UAAL") as a percentage of covered payroll improved, to 115.2% as compared to 162.7% as of June 30, 2024. Additional funds above required contributions were made to strategically invest in increasing the plan's funded ratio - \$500 million was provided to ERS in both the Amended FY 2024 Budget and the Amended FY 2025 Budget. In the Amended FY 2026 Budget, ERS received an additional \$100 million supplemental appropriation, which will be reflected in the next actuarial valuation. Unlike the prior supplemental infusions, the Amended FY 2026 appropriation is proposed to support a modest structural enhancement to the current variable COLA framework through a reduction in the hurdle rate from 6.0% to 5.5%. This proposal is expected to improve the average annual COLA while maintaining the System's funded ratio near current levels and limiting the impact on employer contribution rates.

According to the most recent actuarial valuation of TRS, as of June 30, 2025, the funded ratio improved to 78.7% as compared to 77.9% as of June 30, 2024 and the UAAL as a percentage of covered payroll improved to 183.3% as compared to 192.2% as of June 30, 2024.

ERS and TRS each received at least 100% of its respective Actuarially Determined Employer Contribution ("ADEC") for the last ten years. For FY 2026 and FY 2027, both the ERS and the TRS ADEC payments are fully budgeted. ADEC payments are funded from the variety of sources which comprise State General Fund appropriations, as well as federal, local, and other sources.

The pension disclosures rely on information produced by the pension plans and their independent accountants and actuaries. Actuarial assessments are forward looking valuation estimates that reflect the judgment of the fiduciaries of the retirement plans. Actuarial assessments are based upon a variety of

assumptions, one or more of which may prove to be inconsistent with subsequent events or be changed in the future, and will change with the future experience of the retirement plans.

Statutory Requirements Regarding Retirement Benefit Changes with Fiscal Impacts

Pursuant to O.C.G.A. § 47-20-34, any retirement bill having a fiscal impact may only be introduced in the first term of the regular biennial session of the General Assembly. If a majority of the standing retirement committee in the House or the Senate wishes to consider the bill further and votes in favor of an actuarial investigation of the bill, an actuarial investigation shall be required. O.C.G.A. § 47-20-34 also requires that any such retirement bill may be passed during the second year of the regular biennial session. Pursuant to O.C.G.A. § 47-20-50, any retirement bill having a fiscal impact which is enacted by the General Assembly and which is approved by the Governor or which otherwise becomes law shall become effective on the first day of July immediately following the regular session during which it was enacted, but only if the enacted bill is concurrently funded. If an enacted bill, including one approved by the Governor, is not certified by the State Auditor to be concurrently funded, then such bill may not become effective as law and shall be null, void, and of no force and effect and shall stand repealed in its entirety on the first day of July immediately following its enactment.

System Membership and Beneficiary Information

ERS was created in 1949 by an act of the General Assembly to provide benefits for employees of the State and is managed by a seven-member Board of Trustees (the “ERS Board”) comprised of the State Auditor (ex-officio), the State Treasurer (ex-officio), the Commissioner of the Department of Administrative Services (ex-officio), one appointee of the Governor and three appointees of the ERS Board. TRS was created in 1943 by an act of the General Assembly to provide benefits for qualifying teachers, including teachers of the USG, and is managed by a ten-member Board of Trustees (the “TRS Board”) comprised of the State Auditor (ex-officio), the State Treasurer (ex-officio), five appointees of the Governor, two appointees of the TRS Board and one appointee of the Board of Regents.

The ERS and TRS plans are cost-sharing multiple employer defined benefit plans. The ERS plan for State employees consists of 365 employers, of which 364 are not in the State reporting entity. TRS consists of 330 employers, of which 329 are not in the State reporting entity. Not all employers that comprise TRS participate in the Federal Social Security System (SSA) as some employers decided in the past not to join SSA; some of these employers created 403(b)-type retirement plans for their employees in lieu of joining SSA. Since this decision not to join SSA was made at the local employer level, it has no bearing on either the State or TRS. The preceding counts treat the primary government and its component units as one employer. Membership in the plans as of June 30, 2025 is shown below.

	ERS	TRS
Retirees and beneficiaries currently receiving benefits	55,596	155,826
Inactive members entitled to benefits, but not yet receiving benefits, vested	6,541	16,416
Inactive members, non-vested	71,651	132,261
Active plan members	57,929	242,241
Total	191,717	546,744

Sources: ERS and TRS Audited Financial Statements

Financial Highlights

Both ERS and TRS were impacted by positive equity market returns in FY 2025 and in FY 2024. According to the ERS audited financial statements as of June 30, 2025, total additions (consisting of member and employer contributions and net investment earnings) were \$3.5 billion in FY 2025, compared to \$3.5 billion in FY 2024, reflecting relatively stable contribution levels and investment performance. Additions reflect investment gains, an additional \$500 million cash appropriation in the Amended Fiscal Year 2025 Budget to improve the funding ratio, \$26.8 million to support one-time benefit adjustments to eligible ERS retirees, and a modest 1.0% increase in overall salary and membership. ERS disbursements (consisting of benefit payments, member refunds, and administrative expenses for the year) totaled \$1.5 billion, representing a slight 0.7% increase compared to \$1.5 billion in FY 2024. According to the TRS audited financial statements as of June 30, 2025, total additions (consisting of member and employer contributions and net investment earnings for the year) were \$17.2 billion, a decrease from \$17.5 billion in FY 2024. Additions reflect investment gains, as well as increases in active membership and average member payroll. TRS disbursements totaled \$6.6 billion compared to \$6.3 billion for FY 2024, reflecting higher benefit payments, and administrative expenses.

Financial Reporting of Net Pension Liability

On June 25, 2012, GASB approved GASB Statement Nos. 67 and 68, which impacts the accounting and financial reporting for defined benefit pension plans and for state and local governments that participate in such plans. Statement No. 67 superseded existing guidance for the financial reports of pension plans by, among other things, requiring additional disclosure in the notes to financial statements and in required supplementary information; it also provides guidance regarding the calculation of the net pension liability (“NPL”) as the difference between the total pension liability (the present value of projected benefit payments to employees based on their past service, using new parameters) and the net plan position (consisting mostly of investments reflected at fair value). ERS and TRS implemented GASB Statement No. 67 in their Comprehensive Annual Financial Statements for FY 2014.

GASB Statement No. 68 revises and establishes new financial reporting requirements for most state and local governments that provide their employees with pension benefits by, among other things, requiring governments to recognize long-term obligations for pension benefits as a liability. Major changes include: (1) the inclusion of the NPL on the government employer’s balance sheet (previously, unfunded liabilities typically were included as notes to the government’s financial statements) rather than the portion of the actuarially determined employer contribution that has not been funded; (2) separation of expenses from funding; reported annual pension expense will no longer be connected to the funding of the plan and could be significantly different from the actuarially determined employer contribution, and could be more volatile; (3) use of a single blended discount rate reflecting a long-term expected rate of return on plan assets to the extent that assets are projected to be available to pay benefits and a municipal borrowing rate to the extent a funding shortfall is projected; and (4) immediate recognition of certain benefit plan changes, which generally would increase pension expense; and shorter amortization periods than currently used to recognize the effects on the total pension liability for changes in assumptions and differences in assumptions and actual experience. In addition, the new standard requires cost-sharing employers to record a liability and expense equal to their proportionate share of the collective NPL and expense for the cost-sharing plan while under the prior standard, an employer in a cost-sharing plan would report a liability only if it failed to make its full contractually required contribution to the plan. GASB Statement No. 68 was implemented by state and local governments that provide their employees with pension benefits for FY 2015.

The State reported a net pension liability for all plans of the primary government of approximately \$8.7 billion in its entity-wide financial statements for FY 2025; such liability was approximately \$10.9 billion for FY 2024. For additional information, refer to Note 14, “Retirement Systems,” in APPENDIX B hereto. These disclosures are reported in accordance with accounting standards, not funding standards, and do not change the actuarial methods or assumptions that ERS and TRS use for their actuarial valuations to determine the funding status of the plans.

The ERS audited financial statements show a net position restricted for pensions as of June 30, 2025 of approximately \$18.6 billion, an increase of 11.7% from the June 30, 2024 net position restricted for pensions of approximately \$16.7 billion. This increase in net position was primarily due to positive equity market returns. FY 2026 year to date as of April 30, 2026, ERS had a net position restricted for pensions of approximately \$20.7 billion (interim, unaudited), an increase of 11.3% from the June 30, 2025 net position restricted for pensions.

The TRS audited financial statements show a net position restricted for pensions as of June 30, 2025 of approximately \$116.8 billion, an increase of 10.0% from the June 30, 2024 net position restricted for pensions of approximately \$106.2 billion. This increase in net position was primarily due to positive equity market returns. FY 2026 year to date as of April 30, 2026, TRS had a net position restricted for pensions of approximately \$130.5 billion (interim, unaudited), an increase of 11.7% from the June 30, 2025 net position restricted for pensions.

Investment Fund Management

ERS and TRS are governed by Boards of Trustees with broad statutory powers including the power to invest and reinvest the assets of ERS and TRS, respectively. The investment functions of the Systems are vested in these Boards as set forth in Georgia law (O.C.G.A. § 47-2-31 and § 47-3-27). Each Board of Trustees elects an Investment Committee as set forth in the By-Laws of the said Board of Trustees. Investments for ERS and TRS are under the day-to-day management of the Division of Investment Services (“DIS”). In the domestic equity portion of the fund, the DIS utilizes different styles of management.

Passive (index based) management is utilized as a low cost, low benchmark risk strategy for a core portion of the equity assets. Active management of the common stock portfolio is based on the belief that active management can enhance returns to the fund while maintaining the same conservative investment policy which is the guiding principle behind the investment of all of the System's assets. The DIS also employs investment advisory firms to assist in common stock management. Each such advisory firm is evaluated on both qualitative and quantitative criteria. As a minimum, an advisory firm must meet the following criteria:

1. Advisory firms shall have a five-year composite performance record that complies with AIMR-PPS or its successor organization and standards.
2. Assets under management of at least three billion dollars except assets under management shall be at least \$750 million for small or mid-capitalization advisory firms.
3. In all cases, the portfolio of either ERS or TRS allocated to the advisory firm shall not exceed twenty-five percent (25%) of the advisory firm's total assets under management. Additionally, the combined assets of ERS and TRS allocated to the advisory firm shall not exceed thirty-five (35%) of the advisory firm's total assets under management.
4. In choosing advisory firms, the credentials of the advisory firm shall be considered including consideration of the number of CFAs, the performance record of the firm, and the stability of the advisory firm's personnel.
5. Advisory firms shall respond promptly to queries offered by the DIS. Advisory firms are subject to the related procedures and reporting promulgated by the DIS.
6. In the event that two advisory firms are equally capable, an advisory firm with an office located in the State will be given preference.

The DIS maintains a "Master Approved List of Common Stocks" eligible for investment of pension funds. The Master Approved List contains a current list of companies which are considered to meet a level of risk and potential return suitable for the Systems. DIS undertakes an ongoing analysis of issuers of common stock and adds or removes companies from the Master Approved list based upon a variety of screening criteria. The Master Approved List assists the Investment Committee in its approval process by providing a population of eligible companies which have been thoroughly screened by DIS research analysts.

The Investment Committee reviews asset allocation decisions and the equity portfolio mix on a yearly basis. There may, however, be interim allocation decisions due to market or other conditions when rebalancing is necessary. The Investment Committee has authorized the Chief Investment Officer and the Co-Chief Investment Officers to move up to two percent (2%) of the market value of the respective portfolios among asset classes between Investment Committee meetings.

Asset Allocation

Permissible investments of the Systems are set forth in the Public Retirement Systems Investment Authority Law (O.C.G.A. § 47-20-80 through O.C.G.A. § 47-20-86). In accordance with O.C.G.A. § 47-20-84, the investment assets of the Systems are prohibited from being allocated more than 75% to equity securities. Accordingly, current policy is to maintain equity exposure on a cost basis between 55% and 75% and fixed income between 25% and 45%. The cost of investments is computed using the original cost

of equity securities and the amortized cost of bonds, which means that premiums and discounts are recognized totally over the life of the bonds.

Fixed-income investments include both bonds and mortgages of various types selected on the basis of return, quality, marketability, and overall suitability to the System's portfolio. Equity investments include both domestic and international equities and allow for maximization of total return. Real estate assets of the Systems are limited and restricted by law solely to any structure occupied by the System and to real property acquired through judicial foreclosure of mortgage loans owned and held by such System at time of foreclosure, or by any other judicial or court action that assigns ownership of real property to the System. It is the policy of each System to make every effort to sell or otherwise dispose of all such property except that of any structure occupied by such System within five years of date of acquisition. ERS and TRS, respectively, are permitted to invest in alternative investment instruments, such as private placements and private placement investment pools, as described in and permitted by O.C.G.A. § 47-20-87; provided, however, that such alternative investments shall not in the aggregate exceed ten percent (10%) of the assets of ERS and five percent (5%) of the assets of TRS (each System independently of the other), at any time.

The following table presents the annualized rates of return (net of fees) of ERS and TRS through FY 2025.

Historical Rates of Return

	ERS	TRS
1 year	12.01 %	12.22 %
3 years	12.45	12.87
5 years	10.18	10.13
10 years	8.59	8.53
20 years	7.72	7.67
30 years	8.07	8.10

The rates of return presented in the table above are "time-weighted rates of return" which reflect investment performance. The percentages above are derived by taking the ending daily plan balance, adjusted for contributions and distributions, and then dividing by beginning daily plan balance (with each daily result then linked together to provide for an annual return). For information on "money-weighted rates of return" for ERS and TRS, which is equivalent to an "internal rate of return" that just compares a beginning balance with an ending balance, see Note 14, "Retirement Systems," in APPENDIX B herein.

(The remainder of this page has been left blank intentionally.)

The following table presents a comparison of the assumed investment rate of return and the actual time-weighted investment rate of return for the last ten years.

Historical Rates of Return

Fiscal Year	ERS		TRS	
	Assumed	Actual	Assumed	Actual
2025	7.00%	12.01%	6.90%	12.22%
2024	7.00	14.07	6.90	14.50
2023	7.10	11.29	6.90	11.90
2022	7.20	(11.71)	6.90	(12.78)
2021	7.20	29.36	6.90	29.19
2020	7.30	5.48	7.25	5.42
2019	7.30	6.90	7.25	6.80
2018	7.30	9.18	7.25	8.95
2017	7.40	12.43	7.50	12.50
2016	7.50	1.40	7.50	1.37

Obligations and Funded Status

The State reports the funded status for each of the retirement plans as a whole using a smoothing method to calculate each retirement plan's actuarial value of assets ("AVA"). Under this method, differences in the market value of assets ("MVA") and the AVA are recognized over a period of years. For a more detailed explanation regarding methods and procedures which impact the following tables, see "Actuarial Methods and Assumptions" below. The retirement plans are the subject of five-year experience studies by actuarial firms and various assumptions and methods have been revised to reflect the results of such studies. The most recent experience study for ERS was completed for the five-year period ending June 30, 2024 with results first reflected in the June 30, 2025 valuation. For TRS, the most recent experience study was completed for the five-year period ending June 30, 2023 with results first reflected in the June 30, 2024 valuation.

Status of Actuarially Determined Employer Contributions

Although ERS is a multi-employer plan, State General Fund appropriations are the source for the majority of the ADEC payments. Generally, approximately 67% of the ADEC payments are from State General Fund appropriations. According to O.C.G.A. § 47-2-55, ADEC payments for ERS are borne by appropriations from State and federal funds. O.C.G.A. § 47-2-57 specifies that, on or before June 1 of each year, the normal cost and unfunded accrued liability contribution rates, determined based on the last annual actuarial valuation, are to be certified by the ERS Board to each employer. Each employer is required to make provision in its annual budget for funds with which to pay to the ERS an amount equal to the normal cost and unfunded accrued liability contributions on the earnable compensation of all such employer's eligible members.

TRS is a multi-employer plan, in which the employer contributions for TRS are comprised of funds from State General Fund appropriations, local school districts, colleges, and universities, and federal and other funds. Generally, approximately 52% of the ADEC payments are from State General Fund appropriations. O.C.G.A. § 47-3-48 specifies that, thirty (30) days prior to the time when the State Board of Education fixes the minimum schedule of teacher salaries for the ensuing year, the normal cost and unfunded accrued liability contribution rates, determined based on the last annual actuarial valuation, are to be certified by the TRS Board to each employer. Each employer (other than the Board of Regents) is required to make provision in its annual budget submitted to the State School Superintendent for funds with which to pay to the TRS an amount equal to the normal cost and unfunded accrued liability contributions on the earnable compensation of all such employer's eligible members. The Board of Regents in its estimates of funds necessary for the operation of its units submitted to the General Assembly is to include a request for an appropriation payable to the TRS Board in an amount equal to its portion of the normal cost and unfunded accrued liability contributions and the General Assembly is to make an appropriation to the TRS Board sufficient to provide for such contributions as a part of the earnable compensation of such employer's eligible members.

The following tables indicate, on a fiscal year basis, the ADEC for ERS and TRS, the portion of the ADEC funded by organizations in the State reporting entity, any amount unfunded, and the portion of the ADEC funded by organizations in the State reporting entity as a percentage of total State General Fund appropriations. (For additional information about the State reporting entity, refer to Note 1.B. *Financial Reporting Entity*, in APPENDIX B hereto.) Employer offsets are not included in the amounts provided below and are not available. An employer offset exists under the ERS plan for employees who maintain membership with ERS based upon employment that started prior to July 1, 1982 (old plan members). The old plan offset as of June 30, 2025 continues to be 4.75% of covered compensation paid by the employer on behalf of employees. As described under the heading "Projected Annual Actuarially Determined Employer Contributions," however, it is expected that a portion of the ADEC payments made to ERS and TRS by entities not within the State reporting entity are derived from State General Fund appropriations. See "Projected Annual Actuarially Determined Employer Contributions" below.

(The remainder of this page has been left blank intentionally.)

**State Reporting Entity Impact
ERS Annual Employer Contribution Status
(\$ in thousands)**

Fiscal Year	ADEC	Contribution Deficiency (Excess)	State Reporting Entity Portion of ADEC ^(c)	State Reporting Entity Portion Amount Unfunded	State Reporting Entity Portion as a % of State General Fund Appropriations
2025 ^(b)	\$ 929,459	\$ (526,750)	\$ 851,852	\$ -	2.19%
2024 ^(b)	889,582	(500,000)	784,815	-	2.24
2023	878,158	-	772,498	-	2.49
2022	619,723	-	568,386	-	1.97
2021	615,967	-	537,017	-	2.14
2020	643,857	-	592,131	-	2.27
2019	649,209	-	593,167	-	2.32
2018 ^(a)	650,073	(2,094)	596,729	-	2.47
2017 ^(a)	624,623	(658)	551,590	-	2.38
2016 ^(a)	595,124	(442)	518,281	-	2.36

^(a)Subsequent to the actuarial valuation as of June 30, 2009, ERS determined that an employer group - Locally Elected Tax Commissioners - within ERS had not contributed its required contribution and the financial statements were restated. Combined with an additional shortfall of \$5,262,000 for the same employer group in years prior to FY 2001, the total deficit of \$6,159,000 was expected to be repaid over ten years. Repayment of the deficit commenced in October 2011 and amounts shown in the "Contribution Deficiency (Excess)" column for FY 2016 through FY 2018 represent such repayments. The repayment was completed during FY 2018, approximately three years ahead of the original schedule.

^(b)Contribution excess includes the appropriation of \$500 million in each of the Amended FY 2024 budget and in the Amended FY 2025 budget to improve the funding ratio.

^(c)Amounts reflect the portion of the ADEC funded by organizations within the State reporting entity and consist of State, federal and other monies.

Contribution Rate Structure

Actuarially determined employer contribution rates for ERS and TRS for FY 2026, FY 2027, and FY 2028 are as shown in the following table. The employer contribution rate structures of ERS and TRS are established by their respective Boards of Trustees under statutory guidelines, including requirements for the minimum annual contributions necessary to ensure the actuarial soundness of ERS and TRS (see O.C.G.A. § 47-20-10). Unless the employee elects otherwise, an employee who currently maintains membership with ERS based upon State employment that started prior to July 1, 1982, is an "old plan" member subject to the plan provisions in effect prior to July 1, 1982. Members hired on or after July 1, 1982 but prior to January 1, 2009 are "new plan" members subject to the modified plan provisions. Effective January 1, 2009, newly hired State employees, as well as rehired State employees who did not maintain eligibility for the "old plan" or "new plan," are members of the Georgia State Employees' Pension and Savings Plan "GSEPS." ERS members hired prior to January 1, 2009 also have the option to irrevocably change their membership to the GSEPS plan. Employer offsets are the portion of the employees' required contribution to the pension system that the employer makes on the employees' behalf. An employer offset exists under the ERS plan for old plan members.

Projected Annual Actuarially Determined Employer Contributions

The following tables indicate, for the applicable fiscal and valuation years, commencing with FY 2026 and the valuation year ending June 30, 2023, the projected ADEC for ERS and TRS based on the estimated normal costs of benefits and the payments made to amortize the estimated UAAL. Also shown are the actual funded ratios per the 2023, 2024, and 2025 actuarial valuations, the estimated prospective funded ratios for valuation years 2026 through 2030, the estimated prospective portion of the projected ADEC funded by State General Fund appropriations for fiscal years 2026 through 2033 (including payments made from State General Fund appropriations for entities not within the State reporting entity), and the portion of the projected ADEC funded by State General Fund appropriations as a percentage of total State General Fund appropriations for fiscal years 2026 through 2033. Other than the last two columns, the information in the following tables regarding ERS and TRS was prepared by their enrolled actuary. The information in the last two columns of the following tables was derived by the Governor's Office of Planning and Budget from revenue estimates of the State Economist and using the assumptions noted.

The following tables are based on the ERS and TRS actuarial valuations as of June 30, 2025 and utilize the same assumptions as the June 30, 2025 actuarial valuations.

State General Fund Appropriations Impact

ERS Projected Annual Actuarially Determined Employer Contribution Status (\$ in thousands)

Valuation Year	Fiscal Year	Annual Payroll	ADEC Payment (a)	AVA	AAL	UAAL	Funded Ratio (%)	Projected ADEC funded by State General Fund Appropriations	
								Amount (b)	% of State General Fund Appropriations (c)
2023	2026	\$3,488,861	\$1,146,713	\$15,033,459	\$20,893,936	\$5,860,477	72.0%	\$768,298	2.09%
2024	2027	3,483,756	1,018,483	16,215,793	21,372,472	5,156,679	75.9	682,384	1.86
2025	2028	3,523,136	1,026,247	17,793,223	21,739,669	3,946,446	81.8	687,585	1.81
Projection	2029	3,565,966	1,041,114	18,462,696	23,082,569	4,619,873	80.0	697,546	1.77
Projection	2030	3,609,089	1,049,932	19,739,077	23,248,234	3,509,157	84.9	703,454	1.72
Projection	2031	3,649,697	1,058,393	20,923,743	23,372,566	2,448,823	89.5	709,123	1.67

Actuarial Methods and Assumptions

Numerous significant assumptions are used to determine projected pension obligations and related costs. The amount of benefit to be paid depends on projections of future events incorporated into the pension benefit formula, including estimates of the average life of employees/survivors and average years of service rendered, and is measured based on assumptions concerning future interest rates and future employee compensation levels. In addition, actuarial valuations include assumptions regarding the long-term rate of return on plan assets. Should actual experience differ from actuarial assumptions, the projected pension obligations and related pension costs would be affected in future years. Refer to Note 14, "Retirement Systems," in APPENDIX B hereto for additional detail regarding significant actuarial assumptions.

Georgia law requires that at least once every five years an experience study be performed on TRS and ERS. An experience study is the investigation into the mortality, service and compensation experience of the members and beneficiaries by comparing the actual experience with the assumed experience during the five year period. The actuarial firm preparing the experience study will recommend changes to the assumptions and methods if there are any significant differences. The purpose of the experience study is to assess the reasonableness of the actuarial assumptions and methods used by the Systems.

The most recent five year experience study for ERS for the period beginning July 1, 2019 through June 30, 2024 was completed and presented to the ERS Board of Trustees on December 4, 2025. As a result of the study, the ERS Board of Trustees adopted: (1) revised rates of separation from active service due to withdrawal, disability, death, and retirement; (2) revised rates of salary increases; (3) revised rates of post-retirement mortality; (4) maintain the price inflation rate at 2.50% and the wage inflation rate at 3.00%; and (5) maintain the long-term investment rate of return assumption at 7.00%. The aggregate effect of the changes listed above resulted in a decrease to the ERS UAAL of \$1.1 million in valuation year 2025. The next experience investigation for ERS is expected to be completed in the fall of 2030 for the five-year period July 1, 2024 through June 30, 2029.

The TRS experience study for the five-year period July 1, 2018 through June 30, 2023 was completed and presented to the TRS Board of Trustees on January 8, 2025. As a result of the study, the TRS Board of Trustees adopted: (1) revised rates of separation from active service due to withdrawal, disability, death, and retirement; (2) revised rates of post-retirement mortality; and (3) reductions in the administrative expenses assumption from 0.20% to 0.15% of payroll. The aggregate effect of the changes noted above resulted in a decrease to the TRS UAAL of \$377.1 million in valuation year 2024. The next experience investigation for TRS is expected to be completed in the fall of 2029 for the five-year period July 1, 2023 through June 30, 2028.

Summary of Recent ERS Funding Policy Changes

On December 19, 2013, the ERS Board adopted a formal funding policy establishing funding objectives, benchmarks, and key actuarial methods and assumptions. Two major changes were implemented: (1) the amortization period for the unfunded actuarial accrued liability (UAAL) changed from an open 30-year period to a closed 25-year period to promote eventual payoff of the UAAL, and (2) asset smoothing was shortened from 7 years to 5 years to better reflect market values.

On March 15, 2018, the Board updated the policy, effective with the June 30, 2017 valuation, to gradually reduce the assumed investment rate of return. Beginning with the 2017 valuation, the assumed rate decreases by 0.1% in any year actual investment returns exceed the assumed rate.

On April 21, 2022, the Board adopted further additional updates effected with the June 30, 2021 valuation. The UAAL amortization period was shortened from 25 years to 20 years, and the Board began pre-funding a variable COLA for eligible retirees and beneficiaries, with annual adjustments ranging from 0% to 3% based on investment performance, funded status, and inflation.

The ERS actuarial report dated April 16, 2026 indicates that the UAAL of \$3.9 billion, as of June 30, 2025, was used to set the ADEC for FY 2028. The breakdown of the major reasons for the \$1,210.2 million decrease from the prior year UAAL of \$5.2 billion includes:

- A decrease of \$1,007.0 million in the UAAL due to the accrued liability contribution exceeding the interest on the prior year UAAL. This reduction was partially driven by ERS receiving an extraordinary contribution of \$500 million in addition to the ADEC in FY 2025.
- A decrease of \$470.2 million in the UAAL due to valuation asset growth, as the return on the actuarial value of assets exceeded the assumed rate of 7.00%.
- A decrease of \$75.3 million in the UAAL due to the actual 0.50% COLA provided to certain retirees and beneficiaries as of July 1, 2025, which was lower than the anticipated 1.05% COLA.

- An increase of \$178.1 million in the UAAL due to salary increases that were greater than expected.
- An increase of \$80.7 million in the UAAL due to losses from turnover and retirement.

In addition, significant actuarial assumptions used in the ERS actuarial report as of June 30, 2025 include: (a) an investment rate of return of 7.00%, (b) projected salary increases of 3.00% - 6.75%, (c) an annual inflation rate of 2.50%, (d) a 1.20% annual COLA adjustment, (e) amortization of the UAAL over a closed period of 20 years (the remaining blended amortization period as of the June 30, 2025 valuation date is 6.8 years), and (f) 5-year smoothing of assets. The ERS actuarial report indicates that, in the opinion of the actuary, ERS is operating on an actuarially sound basis and in conformity with the minimum funding standards of Georgia law.

Summary of Recent TRS Funding Policy Changes

On November 20, 2013, the TRS Board adopted a formal funding policy and implemented two major changes: (1) the UAAL amortization method changed from an open 30-year period to a closed 30-year period to support eventual payoff of the liability, and (2) asset smoothing was shortened from 7 years to 5 years to better reflect market values.

On May 15, 2019, the Board changed from a smoothed valuation interest rate methodology to a constant interest rate method. At the same time, the assumed investment return was reduced from 7.50% to 7.25%, and inflation was lowered from 2.75% to 2.50%, decreasing the UAAL by \$133.4 million.

On May 13, 2020, the Board adopted updated separation and mortality assumptions based on a five-year experience study, increasing the UAAL by approximately \$1.2 billion.

On May 11, 2022, the Board updated the funding policy to redefine the transitional UAAL as of June 30, 2021, and established closed amortization periods of up to 23 years for the transitional UAAL and 25 years for future incremental UAALs. The assumed investment return was reduced from 7.25% to 6.90%, wage inflation was lowered from 3.00% to 2.50%, and the asset smoothing method was modified to recognize the FY 2021 investment gains over time. The combined changes has no impact on the UAAL.

The TRS actuarial report, dated May 13, 2026 indicates that the UAAL of \$29.9 billion, as of June 30, 2025, was used to set the ADEC for FY 2028. The most significant reasons for the increase of nearly \$0.4 billion from the prior year UAAL of \$29.5 billion are as follows:

- An increase of \$2,036.1 million in the UAAL due to interest based on the assumed rate of 6.90% in effect for the year.
- An increase of \$1,713.0 million in the UAAL due to salary increases that were greater than expected.
- An increase of \$772.9 million as a result of the following: \$91.3 million due to pensioner mortality, \$153.6 million due to turnover and retirements, \$307.2 million due to new entrants and rehires, and \$220.8 million from other items.
- A decrease of \$1,784.7 million in UAAL due to valuation asset growth. The estimated return on actuarial value of assets is 8.64% compared to the assumed rate of 6.90%.
- A decrease in the UAAL of \$2,321.9 million due to the accrued liability contribution; this is the portion of the total employer contribution received during the year in excess of the employer normal cost.

In addition, significant actuarial assumptions used in the TRS actuarial report as of June 30, 2025 include: (a) an investment rate of return of 6.90%, (b) projected salary increases of 3.00% - 8.75%, (c) an annual inflation rate of 2.50%, (d) anticipated semi-annual cost-of-living adjustments of 1.50%, (e) remaining blended amortization of the total UAAL over a closed period of 19.2 years and each new incremental UAAL over a closed period of 25 years, and (f) 5-year smoothing of assets. The TRS actuarial report indicated that, in the opinion of the actuary, TRS is operating on an actuarially sound basis, and in conformity with the minimum funding standards of Georgia law.

Regents Retirement Plan

The Georgia General Assembly created the USG's Optional Retirement Plan ("Regents Retirement Plan"), a single-employer defined contribution retirement plan, in 1990 pursuant to the Regents Retirement Plan Act (O.C.G.A. Section 47-21-1 *et seq.*) and administered by the BOR of the USG ("Board"). O.C.G.A. Section 47-3-68(a) defines who may participate in the Regents Retirement Plan. An "eligible university system employee" is a faculty member, or all exempt full and partial benefit eligible employees, as designated by the regulations of the Board. Under the Regents Retirement Plan, a plan participant has the option to choose between three approved vendors and is offered a 4-tiered mutual fund investment menu across all three vendors. Retirement benefits depend solely on amounts contributed to the Plan plus investment earnings. Benefits are payable to participating employees or their beneficiaries upon retirement, death or disability.

The institutions of the USG make monthly employer contributions to the Regents Retirement Plan on behalf of the participants at rates determined by the Board, which reviews the contribution amount every three (3) years. For FY 2025, employer contribution were 9.24% of a participating employee's earnable compensation, and participating employees contributed 6.00% of their earnable compensation. All contributions are fully vested and non-forfeitable at all times. For FY 2025 the USG and the covered employees made the required contributions of \$167.6 million and \$109.3 million, respectively. Additional information is included in the University System of Georgia Annual Financial Report for Fiscal Year 2025 which is available from the Board.

(The remainder of this page has been left blank intentionally.)

OTHER POST-EMPLOYMENT BENEFIT (“OPEB”) PLANS

Introduction

Retirees of State government and local school districts who are eligible to receive monthly retirement benefits from a State-sponsored retirement system and are enrolled in the State Health Benefit Plan (“SHBP”) at the time they retire have the option to continue health-care coverage under SHBP. Retirees age 65 and older are required to enroll in a Medicare Advantage option in order to receive state contributions toward their health insurance policy premiums. Retirees and State employees hired prior to July 1, 2009 are also eligible to participate in group term life insurance (“GTLI”). These types of benefits are made available through plans which commonly are known as “Other Post-Employment Benefit” (“OPEB”) plans. The State provides the following significant OPEB plans:

Multi-employer Plans

Administered by the Department of Community Health (“DCH”):

Georgia State Employees Post-employment Health Benefit Fund (“State OPEB Fund”)

Georgia School Personnel Post-employment Health Benefit Fund (“School OPEB Fund”)

Administered by ERS:

State Employees’ Assurance Department – OPEB (“SEAD-OPEB”) (For GTLI benefits)

Single-employer Plan

Administered by the Board of Regents of the University System of Georgia (“USG”):

Board of Regents Retiree Health Benefit Fund (“BOR Retiree Plan”)

For additional information on the four OPEB plans, including details regarding basis of accounting, investments, plan descriptions, plan membership, funding policies, benefits provided, contribution rates, and certain actuarial information, see Note 15, “Postemployment Benefits – Multi-employer Plans”, Note 16, “Postemployment Benefits – Single-employer Plans”, and “Required Supplementary Information” in the State of Georgia Annual Comprehensive Financial Report for FY 2025 in APPENDIX B hereto. In addition, APPENDIX B contains certain other OPEB information required by GASB, including details regarding funded status, funding progress, and net OPEB liability.

The OPEB disclosures rely on information produced by the plan’s management and their enrolled actuaries. Actuarial assessments are forward looking valuation estimates that reflect the judgment of the fiduciaries of the plans. Actuarial assessments are based upon a variety of assumptions. Should actual experience differ from actuarial assumptions, the projected OPEB obligations and related OPEB costs would be affected in future years.

GASB Statement 74

During FY 2017, the State adopted the provisions of GASB Statement No. 74, *Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans* (“GASB 74”). GASB 74 requires the disclosure of the net OPEB liability determined using a specified actuarial cost method, requires expanded footnote disclosure and required supplementary information for OPEB plans, and clarifies what constitutes an OPEB plan.

GASB Statement 75

In June 2015, the GASB issued Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefit Plans Other Than Pensions* (“GASB 75”), effective for fiscal years beginning after June 15, 2017. GASB 75 addresses accounting and financial reporting for OPEB that is provided to the

employees of state and local governmental employers. GASB 75 establishes standards for recognizing and measuring liabilities, deferred outflows of resources, deferred inflows of resources, and expenses in the employer financial statements. It also establishes requirements for related note disclosures and required supplementary information. GASB 75 was adopted with the FY 2018 financial statements. With the implementation of GASB 75, the State is not required to report information as previously reported in the Funding Progress Table shown hereinafter. Instead, the State is required to recognize its proportional share of the net OPEB liability of the OPEB plans applicable to said standard. The State reported a net OPEB liability for all plans of the primary government of \$2.9 billion in its entity-wide financial statements for FY 2025, compared to \$3.4 billion for FY 2024. (Note: the State’s primary government does not include the School OPEB plan)

System Membership and Beneficiary Description

The State OPEB Fund and School OPEB Fund are cost-sharing, multiple-employer defined benefit post-employment healthcare plans. The State OPEB Fund provides post-employment health benefits under the group health plan for employees of State organizations (including technical colleges) and other entities authorized by law to contract with DCH for participation in the plan. Retiree medical eligibility is attained when an employee retires and is immediately eligible to receive a retirement annuity from ERS, the Georgia Judicial Retirement System (“JRS”), or the Legislative Retirement System (“LRS”).

The School OPEB Fund provides post-employment health benefits under the group health plan for public school teachers (including librarians), other certified employees of public schools, regional educational service agencies, and non-certified public school employees. Retiree medical eligibility is attained when an employee retires and is immediately eligible to receive a retirement annuity from TRS or the Public School Employees Retirement System (“PSERS”).

The SEAD-OPEB Plan is a cost-sharing, multiple-employer defined benefit post-employment plan that provides post-employment GTLI benefits to eligible members of the ERS, JRS, and LRS on a monthly renewable term basis. These benefits do not include return premiums or any cash value accumulation.

The BOR Retiree Plan provides post-employment health benefits and life insurance programs for employees of the University System of Georgia.

Membership in the plans are shown below:

	State OPEB Fund ¹	School OPEB Fund ¹	SEAD- OPEB ²	BOR Retiree Plan ²
Inactive members or beneficiaries receiving benefits	36,667	93,922	43,757	22,265
Inactive members entitled to but not yet receiving benefits	-	-	1,032	-
Active plan members	47,112	181,029	13,045	48,817
Total	<u>83,779</u>	<u>274,951</u>	<u>57,834</u>	<u>71,082</u>

¹ Source: GASB Statement No. 74 Report, Prepared as of June 30, 2025 – Membership Data as of June 30, 2024.

² Source: State of Georgia Annual Comprehensive Financial Report for Fiscal Year Ended June 30, 2025.

Plan Contribution Information

The State OPEB Fund, the School OPEB Fund, and the BOR Retiree Plan are currently funded primarily on a “pay-as-you-go” basis. Under this approach, the annual costs of providing benefits are funded in the year in which claims are incurred, and historically, no significant assets have accumulated as would be expected under an advance funding strategy. Each fiscal year, the General Assembly determines the maximum amount of the State’s contributions in the general appropriations act. The Board of Community Health (“DCH Board”) and the BOR, respectively, reacting to input from various entities, determine plan benefits, terms and conditions, contributions required from all employers offering coverage under the respective plans, and the subscription (premium) rate for participants. Neither changes in the UAAL and the Pre-Funding Contribution Amount (“PFC amount”) (which consists of a “normal” amount and an accrued liability amount), nor changes in OPEB liability under GASB, necessarily impact funding decisions which remain within the discretion of the Board of Community Health, the BOR, and the annual appropriations process. GASB’s promulgation of financial reporting standards does not necessarily dictate fiscal management policies or establish legal requirements.

The contribution requirements for the State OPEB Fund and the School OPEB Fund are established by the DCH Board in accordance with the 2026 Appropriations Act and may be amended by the DCH Board. Employer contributions to the State OPEB Fund currently are funded as a percent of state agency payroll and are funded through a mix of State funds appropriations, federal revenue, fee income, and other income streams available to State agencies. For FY 2026, the budgeted employer share of pay-as-you-go contributions to the State OPEB Fund is approximately \$179.4 million. Generally, approximately 67% of the employer contributions has been budgeted from State funded appropriations.

Employer contributions to the School OPEB Fund currently are funded from local school district direct contributions, a significant portion of which is derived from State funds appropriations. For FY 2026, the budgeted employer share of pay-as-you-go contributions to the School OPEB Fund is approximately \$442.4 million. Generally, approximately 65% of the employer contributions has been budgeted from State funded appropriations.

In FY 2025, employer contributions totaled \$179.4 million to the State OPEB Fund and \$700.9 million to the School OPEB Fund. Of the State OPEB Fund contributions, \$179.4 million was for pay-as-you-go expenses. No additional funds were contributed beyond those requirements, as the fund is over 100% funded. Of the \$700.9 million contributed to the School OPEB Fund, \$442.4 million were for pay-as-you-go expenses, and an additional \$258.5 million were additional contributions. Since FY 2014, SHBP has transferred nearly \$4.3 billion in excess funds to both the State and School OPEB Funds. These excess amounts are typically identified following the completion of the State’s Annual Comprehensive Financial Report, with applicable transfers occurring before the end of the subsequent fiscal year.

In May 2018, the State Depository Board approved the OPEB Trust Fund Investment Policy whereby assets in the State OPEB Fund and the School OPEB Fund are invested to generate investment earnings to the funds. As of June 30, 2025, the market value of the investment assets in the State OPEB Fund and School OPEB Fund were approximately \$3.1 billion and \$1.3 billion, respectively. The Office of State Treasurer reports that as of the end of March 2026, the most recent available unaudited balances (market value) of the investment assets for the State OPEB Fund and the School OPEB Fund, were approximately \$3.2 billion and \$1.7 billion, respectively.

The SEAD-OPEB plan is administered by a Board of Directors that establishes contributions by plan members and employer contribution rates. Such rates, when added to members’ contributions, shall not exceed one percent (1%) of earnable compensation. A valuation analysis is conducted each year to

determine if employer contributions will be necessary. There are no required employer contributions for the SEAD-OPEB plan in FY 2026, FY 2027, or FY 2028. Per legislation passed in 2008 and 2009, no new members can be added to this plan.

The BOR Retiree Plan is substantially funded on a pay-as-you-go basis; contribution requirements of plan members and the employer are established and may be amended by the Board of Regents. Employer contributions to the BOR Retiree Plan are funded through a mix of State appropriations, student tuition, fee income, and other income streams available to BOR. For the 2025 plan year, the employer rate was approximately 82% of the total contributions available to cover health insurance cost for eligible retirees and the retiree rate was approximately 18%. For employees hired on or after January 1, 2013 and retirees after January 1, 2018, the amount the USG contributes is tied to years of service, which ranges from 0% to 100%. The total amount of employer contributions to the BOR Retiree Plan for FY 2025 was approximately \$94.3 million. Effective May 2017, any reserve funds in the BOR Health Benefit Plan remaining after allowing for the plan's IBNR liability plus twenty percent (20%) of plan benefit claims expense, are transferred to the BOR Retiree Plan annually, upon completion of the financial audit. Additional one-time contributions also may be made on a discretionary basis in connection with de-risking and other objectives upon approval of the BOR. For FY 2025, the USG contributions and investment gains totaling \$113.1 million were \$5.8 million above benefit payments and administrative expenses.

As of June 30, 2025, the BOR reported \$230.9 million as the Plan Fiduciary Net Position. The BOR Retiree Plan's investments are segregated for OPEB in the BOR Short Term and Balanced Income pooled investment funds. The market value of the plan's net asset value in the Short Term Fund at June 30, 2025 was \$26.2 million; this balance was included in cash and cash equivalents on the Statement of Fiduciary Net Position. The market value of the plan's net asset value in the Balanced Income Fund at June 30, 2025 was \$205.1 million; this balance is reported as investments on the Statement of Fiduciary Net Position.

State OPEB Fund and School OPEB Fund Actuarial Report Information

The Georgia Department of Community Health's most recent available Report of the Actuary on the Retiree Medical Valuations relating to the State OPEB Fund and the School OPEB Fund is dated as of May 1, 2026 and prepared as of June 30, 2025. The total OPEB liability at June 30, 2025 is based upon the June 30, 2024 actuarial valuation.

For the State OPEB Fund, the June 30, 2025 UAAL actuarial valuation was approximately (\$175.7) million. The UAAL on the June 30, 2024 actuarial valuation was (\$389.1) million. The UAAL decreased by \$213.4 million largely because actual FY 2025 employer contributions of \$179.4 million significantly exceeded the ADEC amount of \$59.2 million and because of favorable investment experience. These favorable items were partially offset by higher-than-anticipated Medicare claims costs and changes in participation and spouse coverage assumptions. As a result, the Fund remained overfunded with a funded ratio of 106.1%. The ADEC amount was \$12.0 million per the June 30, 2024 valuation (for FY 2027) and \$32.3 million per the June 30, 2025 valuation (for FY 2028). The actuary reported approximately \$3.1 billion as the market value of the State OPEB Fund assets as of June 30, 2025, compared to \$2.7 billion as of June 30, 2024.

For the School OPEB Fund, the June 30, 2025 UAAL actuarial valuation was approximately \$13.5 billion. The UAAL on the June 30, 2024 actuarial valuation was \$10.2 billion. The UAAL increased by approximately \$3.3 billion, primarily due to higher-than-anticipated claims costs and other actuarial experience changes, partially offset by favorable investment experience and employer contributions. The

ADEC amount was \$763.9 million per the June 30, 2024 valuation (for FY 2027) and increased to \$1.1 billion per the June 30, 2025 valuation (for FY 2028). As of June 30, 2025, the actuary reported \$1.2 billion as the market value of the School OPEB Fund assets, compared to approximately \$842.2 million as of June 30, 2024.

As noted above, the State OPEB Fund, the School OPEB Fund, and the BOR Retiree Plan primarily operate on a pay-as-you-go basis and thus changes to, or the size of, the UAAL do not necessarily impact funding decisions.

BOR Retiree Health Benefit Plan Post-Employment Benefit Actuarial Report Information

The most recent actuarial valuation for the BOR Retiree Plan is as of May 1, 2025, which was used to roll forward the total OPEB liability to June 30, 2025. For the BOR Retiree Plan, the Net OPEB Liability as of June 30, 2025 was approximately \$2.3 billion, compared to a Net OPEB Liability of \$2.9 billion as of June 30, 2024. The decrease of approximately \$0.6 billion was due primarily to several changes in assumptions, including a change in the discount rate from 3.96% to 5.20%, and expected return on assets from 6.02% to 5.91%. The ADEC amount was \$226.2 million per the May 1, 2025 valuation compared to \$260.8 million per the May 1, 2024 valuation.

Additional information on the BOR Retiree Plan can be found in the USG's FY 2025 Annual Financial Report which is available on BOR's website.

Employer Contributions

The following table presents information regarding actual employer contributions made during the fiscal years shown. Although currently the OPEB plans are funded on a “pay-as-you-go” basis, the actuarial determined employer contribution (“ADEC”) is provided for informational purposes only. The Total Employer Contributions received during the fiscal year include the required pay-as-you-go amounts, together with any additional voluntary contributions made from excess funds. The State Entity Portion of Total Employer Contributions is calculated by the State Accounting Office. For fiscal year 2025, this portion reflects 93.12% for the State OPEB Plan, 0.46% for the School OPEB Plan, and 100% for the BOR Retiree Plan.

Financial Reporting of Net OPEB Liability

For OPEB plans administered through trusts that meet the specified criteria, GASB 74 requires the net OPEB liability to be measured as the difference between the total OPEB liability and the plan's fiduciary net position. The total OPEB liability is actuarially determined. Much of the information presented for each fiscal year is based on the prior year's valuation report. For example, the actuarial valuation performed as of June 30, 2024, serves as the basis for significant portions of the information reported as of June 30, 2025). The following schedule is presented from the perspective of the State as the plan sponsor and summarizes the components of the Net OPEB Liability / Net OPEB Asset, by plan (\$000):

Fiscal Year	Total OPEB Liability (TOL)	Plan Fiduciary Net Position (PFNP)	Net OPEB Liability/(Asset) (TOL-PFNP)	Plan Fiduciary Net Position as a Percentage of Total OPEB Liability (PFNP/TOL)	Covered Employee Payroll ^a	Net OPEB Liability as a Percentage of Covered Employee Payroll
<u>State</u>						
6/30/2025	\$2,325,833	\$3,056,125	(\$730,292)	131.4 %	\$3,389,202	(21.5)%

EMPLOYEE HEALTH BENEFIT PLANS

State Health Benefit Plan

The SHBP is comprised of three health insurance plans: (1) a plan primarily for State employees (O.C.G.A. § 45-18-2), (the “State Employees’ Plan”), (2) a plan for teachers (O.C.G.A. § 20-2-881) (the “Teachers’ Plan”), and (3) a plan for non-certificated public school employees (O.C.G.A. § 20-2-911) (the “Public School Employees’ Plan”). All three plans operate on a plan year that is coincident with the calendar year. The State Employees’ Plan is supported by the fund described in O.C.G.A. § 45-18-12, which holds contributions from State departments and agencies and other entities authorized by law to contract with DCH for inclusion, as well as contributions from their employees and retirees. Starting September 1, 2009, retirees’ contributions and the portion of employer contributions to the State Employees’ Plan allocated by DCH for the payment of retiree benefits have been deposited in the Georgia State Employees’ Post-employment Health Benefit Fund. Historically, the budgeted share of the employer contributions to the State Employee’s Plan from State appropriations has been approximately sixty-seven percent (67%).

The Teachers’ Plan is supported by the fund described in O.C.G.A. § 20-2-891, which holds contributions from the Department of Education, local school systems, libraries and regional educational service agencies (“RESAs”), as well as contributions from their employees and retirees. The Public School Employees’ Plan is supported by the fund described in O.C.G.A. § 20-2-918, which holds contributions from the Department of Education, local school systems, libraries and RESAs, as well as contributions from their employees and retirees. Starting September 1, 2009, retirees’ contributions and the portion of employer contributions to the Teachers’ Plan and the Public School Employees’ Plan allocated by DCH for the payment of retiree benefits under those plans have been deposited in the Georgia School Personnel Post-employment Health Benefit Fund. Historically, the budgeted share of the employer contributions to the Teacher’s Plan and the Public School Employees’ Plan from State appropriations has been approximately sixty-five percent (65%).

For Plan Year 2026, SHBP members retain a broad range of choices in both vendors and plan designs, encompassing two HMOs, three HRA options, a High-Deductible Health Plan, two standard and two premium Medicare Advantage options, and a Regional HMO. Wellness remains a core focus of the SHBP, and members have the opportunity to accumulate incentive credits through participation in a variety of wellness activities.

On May 19, 2025, the DCH board approved the establishment of the Fiscal Year 2026 annualized contribution rates for various employee plans. For the Teachers Plan, the monthly employer contribution rate will be \$1,885.00 per enrolled employee, including both library and non-library employee, and will remain in effect until changed by Board resolution. For the Public School Employee Plan, the monthly employer contribution rate will also be \$1,885.00, and will remain in effect until changed by Board resolution. Looking ahead, the monthly employer contribution rates for Fiscal Year 2027, under both the Teachers Plan and the Public School Employee Plan are projected to be set at \$1,935* per enrolled employee at DCH’s board meeting scheduled for June 11, 2026*. These rates are intended to support the ongoing financial stability of SHBP.

On August 14, 2025, the DCH board set the annualized State Employees Plan Employer Contribution Rate for Fiscal Year 2026 at 29.454% of total salaries and continuing until changed by DCH board resolution. Subsequently, on April 9, 2026, the DCH board lowered the Fiscal Year 2026 rate to 20.264% of total salaries, taking effect May 1, 2026, and continuing until changed by Board resolution.

Board of Regents Health Benefit Fund

The USG offers its employees and retirees under the age of 65 access to two self-insured healthcare plan options and one fully insured plan option. For the USG's Plan Year 2026, the following self-insured health care options were available: the Blue Choice HMO plan and the Consumer Choice HSA plan, through Anthem Blue Cross and Blue Shield of Georgia (BCBSGA). The USG also offers a self-insured dental plan administered by Delta Dental. There are no planned changes to the available self-insured health care options for plan year 2027.

The USG participating employees and eligible retirees pay premiums to the plan fund to access benefits coverage. All units of the USG share the risk of loss for claims associated with these plans. The plan fund is considered to be a self-sustaining risk fund. The USG has contracted with Blue Cross and Blue Shield of Georgia, a wholly owned subsidiary of Anthem, Inc., to serve as the claims administrator for the self-insured healthcare plan options. In addition to the self-insured healthcare plan options offered to the employees and eligible retirees of the USG, a fully insured HMO healthcare plan option also is offered through Kaiser Permanente. The Anthem BCBSGA plans have a carved-out prescription drug plan administered through CVS Caremark. Pharmacy drug claims are processed in accordance with guidelines established for the Board of Regents' Prescription Drug Benefit Program. Generally, claims are submitted by participating pharmacies directly to CVS Caremark for verification, processing, and payment. CVS Caremark maintains an eligibility file based on information furnished by Anthem BCBSGA on behalf of the various organizational units of the USG. Retirees age 65 and older participate in a secondary healthcare coverage for Medicare eligible retirees and dependents provided through a retiree healthcare exchange option. The USG makes contributions to a health reimbursement account, which can be used by the retiree to pay premiums and out-of-pocket healthcare related expenses.

The self-funded plan reserve fund had the following cash basis activity for FY 2025: premiums collected of \$683.4 million; claims and expenses paid of \$687.4 million net of prescription rebate expense credit of \$85.9 million; and other income of \$17.3 million resulting in an overall self-funded plan net position at June 30, 2025 of \$335.0 million of which \$230.9 million is held exclusively for OPEB. As of June 30, 2025, the self-funded plans had IBNR claims of \$40.3 million for active employees and \$4.6 million for retirees. As of June 30, 2025, the self-funded plan held cash assets of \$122.5 million and investment assets of \$205.1 million.

(The remainder of this page has been left blank intentionally.)

SIGNIFICANT CONTINGENT LIABILITIES

The State is a defendant in various legal proceedings pertaining to matters incidental to the performance of routine governmental operations. Unless noted otherwise, the ultimate outcome of these proceedings is not presently determinable; however, it is not believed that any such outcome would have a material adverse effect on the financial condition of the State. The following includes significant active, or recently concluded, litigation, claims, and assessments involving the State. For additional information, see “APPENDIX B – STATE OF GEORGIA ANNUAL COMPREHENSIVE FINANCIAL REPORT for Fiscal Year Ended June 30, 2025 – Notes to Financial Statements – Note 19: Litigation, Contingencies and Commitments.”

CSX Transportation v. David M. Curry

CSX Transportation v. David M. Curry, Commissioner, Georgia Department of Revenue, Ga. Tax Tribunal Docket Nos. 1622264, 1645680, 1733834, 1914964, and 2229506. CSX filed multiple appeals of constructive denials of refunds for sales and use tax imposed on diesel fuel starting in 2013. The Department of Revenue (“DOR”) did not act on the refund claims due to the pendency of litigation on a comparable issue in the U.S. Supreme Court against the state of Alabama. The issue is whether the sales and use tax imposed on diesel fuel purchased by rail carriers violates Section 306 of the Railroad Revitalization and Regulatory Reform Act of 1976 (the “4 R Act”), prohibiting discriminatory treatment of rail carriers. CSX contends that the application of a four percent (4%) sales tax rate to its purchase of diesel fuel violates Section 306 of the 4 R Act because motor carriers are subject to state and local taxes but are exempt from the first three percent (3%) of the four percent (4%) sales tax rate under O.C.G.A. § 48-8-31, and because interstate water carriers are exempt from sales and use tax under O.C.G.A. § 48-8-3(17). The total of the sales and use tax refunds claimed by CSX for tax periods October 2010 through July 2019 is approximately \$65,000,000.

The Georgia Tax Tribunal cases were stayed pending the outcome of litigation in Alabama, *CSX Trans., Inc. v. Alabama Dept. of Revenue*, Case No. 17-11705-G. The Eleventh Circuit Court of Appeals (“Eleventh Circuit”) ruled in *CSX Trans., Inc. v. Ala. Dept. of Revenue*, 888 F.3d 1163 (11th Cir. 2018) that Alabama’s sales and use tax did not discriminate against railroads when compared to motor carriers but did discriminate against railroads when compared to water carriers. Alabama and CSX filed petitions for certiorari to the U.S. Supreme Court which denied the petitions on June 24, 2019. Therefore, the Eleventh Circuit’s decision was affirmed, and the case was remanded to the District Court in Alabama to conclude proceedings. The District Court issued a final judgment in favor of CSX in Alabama in 2019, and a District Court ruled in favor of the smaller railroad carriers there in 2021 on the same grounds. Those District Court judgments were appealed to the Eleventh Circuit and are now pending. At this stage of litigation, it is impracticable to render an opinion about whether the likelihood of an unfavorable outcome is either “probable” or “remote”; however, the State believes it has meritorious defenses and is vigorously defending this action.

Pavlisca, Grant, and Cody v. Employees Retirement System of Georgia

Pavlisca, Grant, and Cody v. Employees Retirement System of Georgia, and James Potvin, in his official capacity as Executive Director of ERSGA, Fulton County Superior Court Case 25CV010024. In July 2025, plaintiffs Andrew J. Pavlisca, William J. Grant, and Brian Allen Cody filed a class action lawsuit against Employees’ Retirement System of Georgia (“ERSGA”) and James Potvin in his official capacity as ERSGA’s Executive Director, in the Fulton County Superior Court. Plaintiffs subsequently filed an amended complaint against the same defendants, in September 2025. In the operative complaint, Plaintiffs allege they were Employees’ Retirement System of Georgia members and that they have been

wrongly denied full mandatory cost-of-living adjustments post-retirement and seek certification as a class action, which class could include all retirees who became members of ERSKA prior to 1992. Plaintiffs seek to recover damages based on ERSKA's alleged failure to provide full cost-of-living adjustments, beginning in 2019, and an order requiring ERSKA to issue full cost-of-living adjustments prospectively. ERSKA denies that there is any contractual obligation to provide cost-of-living adjustments as claimed by Plaintiffs. ERSKA filed a motion to dismiss all of Plaintiffs claims on October 22, 2025. At this stage of litigation, it is impracticable to render an opinion about whether the likelihood of an unfavorable outcome is either "probable" or "remote"; however, ERSKA believes it has meritorious defenses and is vigorously defending this action.

(The remainder of this page has been left blank intentionally.)

OTHER SIGNIFICANT MATTERS

For additional information, see “APPENDIX B – STATE OF GEORGIA ANNUAL COMPREHENSIVE FINANCIAL REPORT for Fiscal Year Ended June 30, 2025 – Notes to Financial Statements – Note 19: Litigation, Contingencies and Commitments.”

Interstate Water Disputes Among Georgia, Alabama, and Florida

Background

The State of Georgia is currently involved in two pending disputes concerning the operation of U.S. Army Corps of Engineers (“Corps”) dams and reservoirs in the Apalachicola-Chattahoochee-Flint (“ACF”) and the Alabama-Coosa-Tallapoosa (“ACT”) River Basins.

The ACF River Basin is shared by Alabama, Florida, and Georgia. Lake Lanier, the northernmost reservoir in the ACF River Basin, and the Chattahoochee River are the primary sources of water supply to more than three million people in north Georgia, including a substantial portion of the metropolitan Atlanta population.

The ACT River Basin is shared by Alabama and Georgia. Lake Allatoona, the northernmost reservoir in the ACT River Basin, is a major source of water supply to portions of northwestern Georgia, including portions of the northwestern section of metropolitan Atlanta.

ACF River Basin Litigation

On December 4, 2015, Georgia revised a prior request to the Corps asking the Corps to allocate storage space in Lake Lanier to Georgia sufficient to meet Georgia’s projected 2050 water supply needs. The Corps addressed Georgia’s request in connection with updating its Water Control Manual for the ACF River Basin. On December 16, 2016, the Corps published the Final Environmental Impact Statement for the ACF River Basin Master Water Control Manual Update and Water Supply Storage Assessment. On March 30, 2017, the Corps issued a Record of Decision adopting the water control plans and manuals for the ACF River Basin proposed in the Final Environmental Impact Statement, as well as the Water Supply Storage Assessment addressing Georgia’s water supply request. The ACF Record of Decision authorized the Corps to enter into a water supply agreement with Georgia for the use of 254,170 acre-feet of storage in Lake Lanier. That contract was executed on January 20, 2021.

In response to the Record of Decision, on April 5, 2017, the State of Alabama filed suit in the United States District Court for the District of Columbia challenging, among other things, the Corps’ decision to provide Georgia with storage space in Lake Lanier asserting that the Corps’ actions were contrary to law. This action was docketed as *State of Alabama v. U.S. Army Corps of Engineers, et al.*, D.D.C. District Court Case No. 1:17cv607. Georgia successfully moved to intervene in this action in May 2017. On June 30, 2017, Georgia moved to transfer the action from the D.C. District to the Northern District of Georgia. The D.C. District Court granted Georgia’s motion on March 29, 2018. The transferred action was docketed as *State of Alabama v. U.S. Army Corps of Engineers, et al.*, N.D. Ga. District Court Case No. 1:18cv1529.

Also in April of 2017, the National Wildlife Federation, the Florida Wildlife Federation, and Apalachicola Bay and River Keeper, Inc. (the “Environmental Plaintiffs”) filed a challenge in the D.C. District to the ACF water control manuals and the Record of Decision alleging, among other things, that the Corps’ actions were contrary to law and the Corps did not appropriately consider environmental concerns in

the new Water Control Manual. This action was docketed as *National Wildlife Federation, et al. v. U.S. Army Corps of Engineers, et al.*, D.D.C. District Court Case No. 1:17cv772. Georgia successfully moved to intervene in this action in July 2017. On August 15, 2017, Georgia moved to transfer this action from the D.C. District to the Northern District of Georgia. The D.C. District Court granted Georgia's motion on March 29, 2018. The transferred action was docketed as *National Wildlife Federation, et al. v. U.S. Army Corps of Engineers, et al.*, N.D. Ga. District Court Case No. 1:18cv1530.

On May 8, 2018, Judge Thrash of the United States District Court for the Northern District of Georgia consolidated the two cases into a single action docketed as *In Re ACF Basin Water Litigation*, N.D. Ga. District Court Case No. 1:18 mi 043 TWT. In the summer of 2018, Georgia, along with the other two defendants, filed motions for partial judgment on the pleadings. The N.D. Ga. Court entered an order on May 22, 2020 granting those motions and dismissing certain of Alabama's and the Environmental Plaintiffs' claims. All parties subsequently filed motions for summary judgment, responses, and replies. On August 11, 2021, the N.D. Ga. Court entered an order denying the motions for summary judgment for Alabama and the Environmental Plaintiffs and granting the motions for summary judgment for Georgia and all defendants. On September 10, 2021, Alabama filed a notice of appeal with the United States Court of Appeals for the Eleventh Circuit. The Environmental Plaintiffs later filed a notice of appeal on October 6, 2021. Both appeals are docketed as Case No. 21-13104.

Settlement discussions among all parties—Georgia, the Corps, the Water Supply Providers, Alabama, and the Environmental Plaintiffs—facilitated by the Eleventh Circuit mediator took place commencing the fall of 2021. The ongoing discussions regarding Alabama's appeal were successful and culminated in a Stay Agreement that was filed on December 12, 2023 as an exhibit to a Joint Motion to Hold Appeal in Abeyance. In that Motion, Georgia and the other parties to Alabama's appeal reported that, subject to Corps evaluation and approval, an agreement relating to the Corps meeting certain water flow objectives in Georgia and Alabama had been reached that would resolve the claims asserted in Alabama's appeal. The Corps then evaluated the water flow objectives and on January 8, 2025 issued its determination that it could incorporate the water flow objectives into its operations. Based on the terms of the motion for abeyance, on January 8, 2026, the State of Alabama filed an unopposed motion to voluntarily dismiss its appeal, and on February 19, 2026, the Eleventh Circuit granted Alabama's motion and dismissed Alabama's appeal.

The parties were not successful in resolving the Environmental Plaintiffs' claims. Instead, those claims were briefed by the parties. Initial briefing concluded in July 2024, and supplemental authority briefing concluded in June 2025. The Eleventh Circuit has yet to rule on the Environmental Plaintiffs' appeal. It is not possible to predict the duration or outcome of this case.

ACT River Basin Litigation

Like in the ACF River Basin, the Corps decided to update its Water Control Manual for the ACT River Basin. On November 7, 2014, the Corps published the Final Environmental Impact Statement for Revised Water Control Manuals for the ACT River Basin, and on May 4, 2015, the Corps issued a Record of Decision adopting the water control plans and manuals for the ACT River Basin. In response, on May 7, 2015, the State of Alabama and Alabama Power each filed challenges in the D.C. District Court against the Corps and relevant officers (the "Federal Defendants") alleging that the Corps' actions with respect to the ACT Record of Decision, the water control manuals, and the Final Environmental Impact Statement were contrary to law. The two challenges were consolidated and docketed as *State of Alabama v. U.S. Army Corps of Engineers, et al.*, D.D.C. District Court Case No. 1:15cv696. Georgia moved to intervene on October 7, 2016, and the D.C. District Court granted Georgia's motion to intervene on March 31, 2017. The parties completed briefing on summary judgment motions on December 11, 2017. On November 9, 2023,

the D.C. District Court entered an order denying Alabama’s and Alabama Power’s motions for summary judgment and granting the motions for summary judgment for Georgia and all defendants.

While the litigation was pending, the Corps responded to Georgia’s outstanding water supply request seeking storage space in Allatoona Lake to provide for municipal and industrial water for parts of northern Georgia through 2050. On August 27, 2021, the Corps issued a Record of Decision granting Georgia’s water supply request. On February 9, 2022, Alabama moved to supplement its pending complaint to challenge that 2021 Record of Decision. On November 18, 2022, the D.C. District Court granted Alabama’s motion to supplement. The parties completed briefing on summary judgment motions regarding Alabama’s supplemental complaint on December 11, 2024. On March 31, 2025, the D.C. District Court entered an order denying Alabama’s motion for summary judgment and granting the motions for summary judgment for Georgia and all defendants. On May 29, 2025, the State of Alabama filed a notice of appeal with the United States Court of Appeals for the District of Columbia Circuit. The appeal is docketed as Case No. 25-5206. Briefing on the appeal has not yet commenced. It is not possible to predict the duration or outcome of this case.

Review of Medicaid Funding Arrangements for Nursing Facilities

Following an onsite review in 2014 of Georgia’s nursing facility funding arrangements by the United States Department of Health and Human Services, Centers for Medicare & Medicaid Services (“CMS”), CMS issued a report in November 2015 to the Department of Community Health (“DCH”) concluding that certain funding arrangements for the payment of the State’s share of upper payment limit payments to certain nursing homes owned by development authorities within the State were in violation of federal law and the State’s Medicaid Plan. The report included a demand for the return of such upper payment limit payments for FY 2010 and FY 2011 in an aggregate amount of approximately \$76.0 million and the return of any upper payment limit payments made to such nursing homes in subsequent fiscal years, which DCH estimates to be in an aggregate amount of approximately \$94.0 million for both FY 2012 and FY 2013. DCH has taken no action to return the funds and appealed the demand. A response was received from CMS in November 2018 reaffirming its position. DCH requested reconsideration of the disallowance which was denied in March 2019. DCH subsequently filed an appeal with the CMS Departmental Appeals Board for resolution, which is the final regulatory level of administrative appeal. By April 2020, all parties had filed the necessary briefs and the parties now are awaiting a ruling. It is not possible to predict the duration or outcome of this matter; however, DCH believes it has meritorious defenses and is vigorously defending this action.

Cybersecurity Risks

Similar to other large government and business organizations, the State relies on complex information technology systems in the conduct of its operations. The protection of such systems and infrastructure is important to delivering government services. As both a recipient and provider of personal, private, and/or sensitive information, the State and its agencies and departments are threatened by cyber threats including, but not limited to, data compromise, ransomware attacks, data extortion and exfiltration, denial of service, and other attacks on computers and other critical systems and infrastructure. The State is committed to protecting the information assets of the State and its constituents from unauthorized disclosure, destruction, or modification and to ensure its availability when needed. All State agencies and employees have a fiduciary responsibility of due diligence and due care to that commitment. The State, through the Georgia Technology Authority’s Office of Information Security, provides leadership in the development, delivery and maintenance of a cybersecurity program that safeguards the State’s information technology assets against unauthorized use, disclosure, modification, damage or loss. This comprehensive statewide program encompasses information security implementation, monitoring, threat and vulnerability

management, cyber incident management, and enterprise business continuity management. The State has defended against cyber attacks of varying levels of sophistication in the past and such attacks are an ongoing risk. No assurance can be given that the State's security measures will prevent cyber attacks in the future, nor can any assurance be given that such attacks in the future, if successful, would not have a material impact on the State's operations.

Environmental Risks

Certain areas of the State from time to time may be susceptible to hurricanes, storms and similar weather events such as tornadoes. In addition, the State in the past has experienced episodic drought, flooding in various drainage basins as a result of 100 year events, unusually extended durations of extreme heat or cold, and occasional wildfires. The State has responded effectively to past weather or environmental events because of its emergency response systems, regulatory programs focused on addressing weather and environmental risks, its own State government financial resources, and also disaster area relief programs of the federal government. The State, in part through its Environmental Protection Division, implements measures to protect: (i) air quality, by regulating automobile and truck engine emissions as well as emissions of manufacturing and chemical production/processing facilities, (ii) the land, by managing the disposal and treatment of solid waste and oversight of environmental remediation projects, and (iii) its watersheds and water resources to ensure safe and clean water, by instituting various regulatory wastewater treatment and protection programs, including monitoring, assessment, permitting, and planning. The impact on the State's economy, finances, and operations from weather and environmental risks cannot be determined or predicted.

INSURANCE

The type and amounts of insurance that are carried by the various departments of the State and the State's agencies and authorities are specified through contracts and other arrangements between the Department of Administrative Services and each such department, agency or authority entered into pursuant to the provisions of O.C.G.A. Title 50, Chapter 5 and other sections of the Official Code of Georgia Annotated. See "APPENDIX B – STATE OF GEORGIA ANNUAL COMPREHENSIVE FINANCIAL REPORT for Fiscal Year Ended June 30, 2025" "Notes to the Financial Statements – Note 17: Risk Management" herein.

INTRODUCTORY SECTION

Nathan Deal Judicial Center
Atlanta, Georgia
Submitted by State Accounting Office

Brian P. Kemp

Governor

Gerlida B. Hines

State Accounting Officer

February 11, 2026

The Honorable Brian P. Kemp, Governor of Georgia

The Honorable Members of the General Assembly

Citizens of the State of Georgia

It is my privilege to present the *Annual Comprehensive Financial Report* on the operations of the State of Georgia (State) for the fiscal year ended June 30, 2025, in accordance with the Official Code of Georgia Annotated (OCGA), §50-5B-3(a)(7). The objective of this report is to provide a clear picture of our government as a single comprehensive reporting entity.

This report consists of management's representations concerning the State's finances and management assumes full responsibility for the completeness and reliability of the information presented. This report reflects my commitment to you, the citizens of the State, and to the financial community to maintain our financial statements in accordance with Generally Accepted Accounting Principles (GAAP) applicable to governments as prescribed by the Governmental Accounting Standards Board (GASB). Information presented in this report is believed to be accurate in all material respects, and all disclosures have been included that are necessary to enable the reader to obtain a thorough understanding of the State's financial activities.

Internal Controls

The State's management is responsible for the establishment and maintenance of internal accounting controls which are designed to provide reasonable, but not absolute, assurance that assets are safeguarded, financial transactions are properly recorded and adequately documented, and to ensure the reliability of financial records for preparing financial statements. The concept of reasonable assurance recognizes that the cost of a control should not exceed the benefits likely to be derived from such control and that the evaluation of those costs and benefits requires estimates and judgments by the State's management.

Independent Audit

The financial statements of significant organizations comprising the State reporting entity have been separately audited and reported on by either the State Auditor or independent certified public accountants. The State Auditor and other independent auditors have performed an examination of the accompanying financial statements for the State and have issued a disclaimer of opinion on Business-Type Activities and the Unemployment Compensation Fund and an unmodified opinions on the remainder of the State's basic financial statements included in this report.

Federal regulations also require the State to undergo an annual Single Audit in conformance with the Single Audit Act Amendments of 1996 and the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (contained in Title 2 U.S. Code of Federal Regulations Part 200). Information related to the Single Audit, including the schedule of expenditures of federal awards, audit findings and recommendations, summary of prior audit findings, and the Independent Auditor's reports, is issued in a separate report and will be available at a later date.

Management's Discussion and Analysis (MD&A)

GAAP requires that management provide a narrative introduction, overview and analysis to accompany the basic financial statements in the form of MD&A. This letter of transmittal is designed to complement MD&A and should be read in conjunction with it. The State's MD&A can be found immediately following the independent auditor's report.

PROFILE OF THE STATE OF GEORGIA

The State, founded on February 12, 1733, was the last of the original 13 colonies and became the fourth state by ratifying the U.S. Constitution on January 2, 1788. The State is an economic hub of the southeast. Atlanta, the state capital, is the major economic and population center of the State with major regional economic and population centers in Augusta, Savannah, and Macon. The State's economic base is diverse with major port facilities on the coast, agricultural resources throughout the State, manufacturing and service industries, and is a major transportation center with one of the busiest airports in the nation. The State is the eighth largest state with an estimated population of 11.2 million people.

Reporting Entity

The Constitution of the State of Georgia (Constitution) provides the basic framework for the State's government, which is divided into three separate branches: legislative, executive, and judicial, as shown on the organizational chart on page v. The duties of each branch are outlined in the Constitution and in the OCGA.

For financial reporting purposes, the State's reporting entity consists of (1) the primary government, (2) component unit organizations for which the primary government is financially accountable, and (3) other component unit organizations for which the nature and significance of their relationship with the primary government is such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete. Further information about the State's reporting entity can be found in *Note 1 - Summary of Significant Accounting Policies-Section B* in the Notes to the Financial Statements.

The State and its component units provide a full range of services to its citizens, including education, health and welfare, transportation, public safety, economic development and assistance, culture and recreation, conservation, and general government services. The financial statements present information on the financial position and operations of state government associated with these services as a single comprehensive reporting entity. Accordingly, the various agencies, departments, boards, commissions, authorities, foundations, funds, and accounts of the State that have been identified as part of the primary government or a component unit have been included in this report.

Budgetary Control

The Constitution requires that budgeted expenditures not exceed the estimated revenues and other funding sources, including beginning fund balances. The State's legal level of budgetary control is funding source within program. Annually, the Governor submits a balanced budget by program to the Legislature. In addition to the internal controls previously discussed, the State maintains budgetary controls to ensure compliance with the legal provisions of the State's Appropriation Act, which reflects the Georgia General Assembly's approval of the annual budget. Budgetary control is maintained through a formal appropriation and allotment process.

The State's annual budget is prepared on a statutory basis which is principally the modified accrual basis utilizing encumbrance accounting. The State monitors spending activity to ensure that expenditures do not exceed appropriated amounts by agency at the legal level of control as provided for by the Constitution. Information regarding the State's budgetary process can be found in the Notes to Required Supplementary Information within this report.

The statutory basis of accounting required by state law differs materially from the basis used to report revenues and expenditures in accordance with GAAP. Detailed information on the statutory basis of accounting and the results of operations on that basis for fiscal year 2025 can be found in the separately issued Budgetary Compliance Report (BCR) dated January 30, 2026.

Budget Stabilization

The State maintains the Revenue Shortfall Reserve (RSR) which provides for the sound management of excess revenue collections in any given fiscal year. By statute, all surplus state funds existing at the end of each fiscal year shall be reserved and added to the RSR. Funds in the RSR carry forward from fiscal year to fiscal year without reverting to the revenue collections fund within the General Fund at the end of a fiscal year. Additional information about the State's RSR balances can be found in MD&A.

Long-term Financial Planning - Debt Management

Each year, the Georgia State Financing and Investment Commission (Commission) issues its debt management plan (Plan) which provides a five-year projection of the State's general obligation and guaranteed revenue bond issuances and the debt service requirements for all outstanding debt and projected new debt issuances. The Plan covers the current fiscal year and the four succeeding fiscal years. The resulting projected annual debt service requirements are compared to the actual treasury receipts of the State for the immediately preceding fiscal year and projected future treasury receipts of the State to determine the ratio of debt service requirements to the prior year's State treasury receipts. This ratio, which is established by the Constitution at a maximum of 10%, but the Plan is limited to a maximum of 7% by Commission policy, along with several other ratios discussed in the Plan, serves as a guide for the Governor and the General Assembly in their consideration of the authorization of new State debt during the budget preparation, review, and adoption process. Projected issuances of new debt may be increased or decreased depending on the capital needs of the State and projections of estimated treasury receipts in future years.

Fiscal Year Budget Overview

Georgia enters Fiscal Year 2026 (FY 2026) in a position of fiscal strength and continuing economic growth. Fiscal Year 2025 (FY 2025) ended with Georgia revenues once again out-performing initial expectations. By investing in Georgia for long-term growth instead of growing long-term liabilities, Governor Kemp placed the state in a fiscal position to implement the largest tax reduction for Georgia's citizens in history.

As the state invested heavily in capital infrastructure, education, public safety, and improving customer service in recent budgets, Governor Kemp requested that agencies maintain their current FY 2025 spending levels. Abiding by this plan helps in Georgia's goal of maintaining a structurally balanced budget and meeting mandatory funding needs in enrollment-based program areas like health and education while continuing to provide tax relief to citizens as they combat the impact of record high inflation nationwide. For the second straight calendar year, the state did not issue bonds and instead opted to pay for projects with cash. According to the Governor's office, this will save approximately \$2.2 billion in debt service savings.

While the Governor remains committed to meeting the needs of its growing state, conservative fiscal management means prioritizing spending to live within the state's means and keeping more tax dollars in the pocketbooks of Georgia's citizens.

During fiscal year 2025 State General Fund receipts deposited with the Office of the State Treasurer were \$37.2 billion, which was 4.1% more than the final amended revenue estimate of \$35.7 billion and 2.1% more than prior year 2024. This increase was in line with the Governor's budget plan that expected strong economic performance and fiscal management in FY 2025 and keeps Georgia on solid financial footing. As a result, the balance of the Revenue Shortfall Reserve (RSR) as of June 30, 2025 represented an increase of \$116.7 million (2.1%), as well as the maximum 15% legal limit as compared to the prior year. Receipts representing the excess \$9.3 billion RSR were reported as undesignated, regular surplus.

By statute, up to 1% of fiscal year 2025 net revenue collections of \$372.2 million may be appropriated from the RSR in fiscal year 2026 for K-12 needs. As of the date of this report, the \$5.6 billion RSR balance has not been adjusted for this potential appropriation. In addition, the Governor may release, for appropriation in a subsequent year, funds in excess of 4% of current year (fiscal year 2025) revenue collections.

ECONOMIC FACTORS AND OUTLOOK

Looking ahead to the Amended FY 2026 and FY 2027 budgets, Georgia will continue to prioritize conservative fiscal management to ensure the state meets its ongoing financial commitments, plan for sustainable future growth, and provide further tax relief for Georgia families. Georgia remains committed to a structurally balanced budget.

Additional information on the economic outlook for the State can be located in the State's MD&A which can be found immediately following the independent auditor's report.

ACKNOWLEDGMENTS

The preparation of this report would not have been possible without the dedicated and efficient service of the entire staff of the State Accounting Office. We also express our appreciation to the fiscal officers throughout state government for their dedicated efforts in assisting us in the preparation of this report.

Respectfully submitted,

Gerlida B. Hines

SPECIAL APPRECIATION

The State Accounting Office would like to extend special appreciation to all fiscal and accounting personnel throughout the State who contributed the financial information for their agencies. Additionally, the Division of Statewide Accounting and Reporting would like to acknowledge the efforts given by all of the functional and support personnel of the State Accounting Office.

INDEPENDENT AUDITOR'S REPORT

The Honorable Brian P. Kemp, Governor of Georgia
and
Members of the General Assembly of the State of Georgia

Report on the Audit of the Financial Statements

Disclaimer of Opinions and Unmodified Opinions

We have audited the accompanying financial statements of the governmental activities, aggregate discretely presented component units, each major fund (except the unemployment compensation fund), and aggregate remaining fund information, and we were engaged to audit the business-type activities and unemployment compensation fund, of the State of Georgia (State) as of and for the year ended June 30, 2025, and the related notes to the financial statements, which collectively comprise the State's basic financial statements as listed in the table of contents.

Summary of Opinions

<i>Opinion Unit</i>	<i>Type of Opinion</i>
Governmental Activities	Unmodified
Business-type Activities	Disclaimer
Aggregate Discretely Presented Component Units	Unmodified
Governmental - General Fund	Unmodified
Governmental – Capital Projects Fund	Unmodified
Enterprise - Higher Education Fund	Unmodified
Enterprise - State Health Benefit Fund	Unmodified
Enterprise - Unemployment Compensation Fund	Disclaimer
Aggregate Remaining Fund Information	Unmodified

Disclaimer of Opinions on Business-type Activities and Unemployment Compensation Fund

We do not express an opinion on the accompanying financial statements of the business-type activities and unemployment compensation fund and the respective changes in financial position for the year ended June 30, 2025. Because of the significance of the matter described in the Basis for Disclaimer of Opinion on Business-type Activities and Unemployment Compensation Fund section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements of the business-type activities and unemployment compensation fund of the State.

Unmodified Opinion on Each of the Other Opinion Units

In our opinion, based on our audit and the reports of the other auditors, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, aggregate discretely presented component units, each major fund (except the unemployment compensation fund), and aggregate remaining fund information of the State as of June 30, 2025, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

The financial statements of the entities listed below were audited by other auditors whose reports have been furnished to us, and our opinions, insofar as they relate to the amounts included for the above mentioned entities, are based solely on the reports of the other auditors.

Augusta University Foundation, Inc. and Subsidiaries	Georgia Tech Athletic Association
Augusta University Real Estate Corporation	Georgia Tech Facilities, Inc.
Augusta University Real Estate Foundation, Inc.	Georgia Tech Foundation, Inc.
Augusta University Research Institute, Inc.	Georgia Tech Research Corporation
Employees' Retirement System of Georgia	Kennesaw State University Foundation, Inc.
Georgia Advanced Technology Ventures, Inc. and Subsidiaries	Medical College of Georgia Foundation, Inc.
Georgia Building Authority	Middle Georgia State University Real Estate Foundation, Inc. and Subsidiaries
Georgia Environmental Finance Authority	Teachers Retirement System of Georgia
Georgia Gwinnett College Foundation, Inc.	The University of Georgia Foundation
Georgia Housing and Finance Authority	University of Georgia Athletic Association, Inc.
Georgia Lottery Corporation	University of Georgia Research Foundation, Inc. and Subsidiaries
Georgia Ports Authority	University of North Georgia Real Estate Foundation, Inc. and Subsidiaries
Georgia Southern University Housing Foundation, Inc. and Subsidiaries	UWG Real Estate Foundation, Inc.
Georgia State Financing and Investment Commission	University System of Georgia Foundation, Inc. and Affiliates
Georgia State University Athletic Association, Inc.	VSU Auxiliary Services Real Estate Foundation, Inc.
Georgia State University Foundation, Inc.	
Georgia State University Research Foundation, Inc.	

Those financial statements represent part or all of the total assets, net position or fund balances, and revenues or additions of the governmental activities, the business-type activities, the aggregate discretely presented component units, the major governmental fund- capital projects fund, and the aggregate remaining fund information as reported in the following table:

Opinion Unit	Percent of Total Assets	Percent of Net Position/ Fund Balance	Percent of Total Revenues/ Additions
Governmental Activities	7%	9%	3%
Business-type Activities	2%	5%	0%
Aggregate Discretely Presented Component Units	86%	85%	92%
Governmental – Capital Projects Fund	100%	100%	98%
Aggregate Remaining Fund Information	79%	81%	35%

Basis for Disclaimer of Opinion on Business-type Activities and Unemployment Compensation Fund

The State's Department of Labor was unable to provide sufficient appropriate audit evidence to support the balances and financial activity of the unemployment compensation fund. Internal controls over the recording and reporting of receivables, revenue, unearned revenue, benefit expenses, and payables were not adequately designed or operating effectively. In addition, as of the date of our audit report, management was still in the process of determining the receivable and payable balances related to overpayments of certain unemployment insurance claims. The State's records do not permit us, nor is it practical to extend or apply other auditing procedures, to obtain sufficient appropriate audit evidence to conclude that the reported receivables, revenue, unearned revenue, benefit expenses, payables and related cash flows of the unemployment compensation fund were free from material misstatement. Accordingly, we cannot conclude whether the financial statements are materially accurate or whether adjustments should have been made to the related financial statement accounts.

Basis for Unmodified Opinions

We conducted our audit of the financial statements of the governmental activities, aggregate discretely presented component units, each major fund (except the Unemployment Compensation Fund), and aggregate remaining fund information in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. The other auditors audited the following financial statements in accordance with GAAS but not in accordance with *Government Auditing Standards*:

Augusta University Real Estate Corporation
Augusta University Real Estate Foundation, Inc.
Georgia Advanced Technology Ventures, Inc.
and Subsidiaries
Georgia Gwinnett College Foundation, Inc.
Georgia Lottery Corporation
Georgia Southern University Housing
Foundation, Inc. and Subsidiaries
Georgia State University Athletic Association, Inc.
Georgia State University Foundation, Inc.
Georgia Tech Athletic Association
Georgia Tech Facilities, Inc.

Georgia Tech Foundation, Inc.
Kennesaw State University Foundation, Inc.
Medical College of Georgia Foundation, Inc.
Middle Georgia State University Real Estate
Foundation, Inc. and Subsidiaries
The University of Georgia Foundation
University of Georgia Athletic Association, Inc.
University of North Georgia Real Estate
Foundation, Inc. and Subsidiaries
UWG Real Estate Foundation, Inc.
VSU Auxiliary Services Real Estate Foundation, Inc.

We are required to be independent of the State, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our unmodified audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the State's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Auditor's Responsibilities for the Audit of the Business-type Activities and Unemployment Compensation Fund

Our responsibility is to conduct an audit of the State's financial statements in accordance with GAAS and *Government Auditing Standards* and to issue an auditor's report. However, because of the matter described in the Basis for Disclaimer of Opinion on Business-type Activities and Unemployment Compensation Fund section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements of the unemployment compensation fund.

We are required to be independent of the State and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit.

Auditor's Responsibilities for the Audit of the Governmental Activities, Aggregate Discretely Presented Component Units, Each Major Fund (except The Unemployment Compensation Fund), and Aggregate Remaining Fund Information

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the State's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the State's ability to continue as a going concern for a reasonable period of time.

Georgia statutes, in addition to audit responsibilities, entrust other responsibilities to the Department of Audits and Accounts. Those responsibilities include service by the State Auditor on the governing boards of various agencies, authorities, commissions, and component units of the State. The Department of Audits and Accounts elected not to provide audit services for the organizational units of the State of Georgia associated with these boards.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and required supplementary information listed in the table of contents be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We and other auditors have applied certain limited procedures to the required supplementary information in accordance with GAAS, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the State's basic financial statements. The accompanying supplementary information, as listed in the table of contents, and statistical section are presented for the purposes of additional analysis and are not required parts of the basic financial statements.

The supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such

information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with GAAS by us and other auditors. In our opinion, based on our audit, the procedures performed as described above, and the reports of the other auditors, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory section and statistical section but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we will also issue our report dated February 11, 2026 on our consideration of the State's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. That report will be issued under separate cover. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the State's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the State's internal control over financial reporting and compliance.

A copy of this report has been filed as a permanent record and made available to the press of the State, as provided for by Official Code of Georgia Annotated section 50-6-24.

Respectfully submitted,

Greg S. Griffin
State Auditor

February 11, 2026

MANAGEMENT'S DISCUSSION AND ANALYSIS

State of Georgia

Management's Discussion and Analysis

(Unaudited)

INTRODUCTION

The *Management's Discussion and Analysis* (MD&A) of the State of Georgia's *Annual Comprehensive Financial Report* presents an overview and analysis of the financial activities of the State for the fiscal year ended June 30, 2025. It should be read in conjunction with the letter of transmittal, located in the Introductory Section of this report, and the State's financial statements, including the notes to the financial statements, which are an integral part of the statements that follow this narrative.

FINANCIAL HIGHLIGHTS – PRIMARY GOVERNMENT

Government-wide

- Net Position - Total assets and deferred outflows of resources of the State exceeded liabilities and deferred inflows of resources by \$62.1 billion. Contributing to this amount, an excess of \$9.5 billion was reported as unrestricted net position.
- Changes in Net Position - The State's total net position increased by \$4.1 billion in fiscal year 2025 compared to the balances reported in the prior year. More specifically, net position of governmental activities increased by \$2.6 billion while net position of business-type activities increased by \$1.4 billion.
- Excess of Revenues over Expenses – Governmental Activities - The State's total revenues for governmental activities, which totaled \$68.7 billion were \$6.6 billion more than total expenses (excluding transfers). General revenues, which are primarily comprised of tax collections, totaled \$36.9 billion, and program revenues, which primarily come from operating grants and contributions, totaled \$31.9 billion.

Fund Level

- Governmental Funds – Fund Balances - The governmental funds reported combined ending fund balances of \$29.6 billion. This amount represents an decrease of \$1.5 billion ((4.9)%), when compared with the prior year. Of this total fund balance, \$43.0 million (0.1%) represents nonspendable fund balance; \$11.3 billion (38.2%) represents restricted fund balance; \$24.3 million (0.1%) represents committed fund balance; \$3.9 billion (13.3%) represents assigned fund balance; and \$14.3 billion (48.3%) represents unassigned fund balance.
- General Fund – Fund Balances - The General Fund ended the fiscal year with a total fund balance of \$24.7 billion, of which \$14.3 billion was classified as unassigned fund balance. Total revenues represents an increase by \$2.4 billion 3.6% over the prior year.
- Enterprise Funds – Net position - The Enterprise Funds ended the fiscal year with a total net position of \$9.6 billion. More specifically, the major funds areas with significant net positions were the Higher Education Fund of \$5.5 billion, the Unemployment Compensation Fund of \$2.1 billion, and the State Health Benefit Plan (SHBP) of \$1.6 billion.

Long-term Debt

The long-term bond debt of the primary government decreased \$1.1 billion (9.9%) during the fiscal year. The decrease represents the State fully funding new capital projects with state appropriations, early retirements that retired old debt, along with the normal maturing of principal payments. The amount owed for general obligation (GO) bonds decreased by \$1.0 billion (10.2%) for the primary government. The amount owed for Grant

State of Georgia

Management's Discussion and Analysis

(Unaudited)

Anticipation Revenue Vehicle (GARVEE) bonds/revenue bonds decreased \$66.8 million (6.5%) for the primary government. In fiscal year 2025, the State issued no new bonded debt for the primary government. The State continues to balance the need to issue debt for capital improvements against State management's desire to maintain a conservative approach to debt management.

OVERVIEW OF THE FINANCIAL STATEMENTS

The financial section of this report includes four parts: (1) management's discussion and analysis, (2) basic financial statements, (3) required supplementary information, and (4) other supplementary information. The Basic Financial Statements consist of three components: government-wide financial statements, fund financial statements, and notes to the financial statements.

Government-wide Financial Statements – Reporting the State as a Whole

The Statement of Net Position and the Statement of Activities together comprise the government-wide financial statements and provide a broad overview of the State's financial activities as a whole. These statements are prepared with a long-term focus using the full-accrual basis of accounting, similar to private-sector businesses. This means all revenues and expenses associated with the fiscal year are recognized regardless of when cash is spent or received, and all assets, deferred outflows of resources, liabilities and deferred inflows of resources, including capital assets and long-term debt, are reported at the entity level.

The government-wide statements report the State's net position, which is the difference between total assets and deferred outflows of resources and total liabilities and deferred inflows of resources. These statements also include how these items have changed from the prior year. Over time, increases and decreases in net position measure whether the State's overall financial condition is improving or declining. In evaluating the State's overall condition, however, additional non-financial information should be considered, such as the State's economic outlook, changes in demographics, and the condition of its capital assets and infrastructure. The government-wide statements report three activities:

- Governmental Activities - The majority of the State's basic services fall under this activity, including services related to general government, education, health and welfare, transportation, public safety, economic development and assistance, culture and recreation, and conservation. Taxes and intergovernmental revenues are the major funding sources for these programs.
- Business-Type Activities - The State operates certain activities similar to private-sector businesses by charging fees to customers to recover all or a significant portion of their costs of providing goods and services. The Unemployment Compensation Fund, the self-insured SHBP, and the Higher Education Fund are some examples of business-type activities. The Higher Education Fund consists of the University System of Georgia (USG) and the Technical College System of Georgia.
- Component Units - Certain organizations are legally separate from the State; however, the State remains financially accountable for them. The Georgia Environmental Finance Authority, Georgia Housing and Finance Authority, and Georgia Lottery Corporation are examples of component units.

State of Georgia

Management's Discussion and Analysis

(Unaudited)

Fund Financial Statements – Reporting the State’s Most Significant Funds

The fund financial statements provide detailed information about individual major funds, not the State as a whole, and are located in the Basic Financial Statements – Fund Financial Statements section. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The State, like other state and local governments, uses funds to ensure and demonstrate compliance with finance-related and legal requirements. All of the State funds are divided into three types, each of which use a different accounting approach and should be interpreted differently:

- **Governmental Funds** - Most of the basic services provided by the State are financed through governmental funds and are essentially the same functions reported as governmental activities in the government-wide financial statements. Governmental funds use the modified accrual basis of accounting, and focus on short-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. These statements provide a detailed short-term view of the State’s finances that assist in determining whether there will be adequate financial resources available to meet the current needs of the State.
- **Proprietary Funds** - The Proprietary funds, which include enterprise funds and internal service funds, account for state activities that are similar to private-sector businesses. Like government-wide statements, proprietary fund statements are presented using the full-accrual basis of accounting. Activities whose customers are mostly outside of state government are accounted for in enterprise funds and are the same functions reported as business-type activities. The enterprise fund financial statements provide more detail and additional information than in the government-wide statements, such as cash flows. Activities whose customers are mostly other state organizations are accounted for in internal service funds. The internal service fund activities are allocated proportionately between the governmental activities (predominately) and the business-type activities in the government-wide statements based on the benefit of the services provided to those activities.
- **Fiduciary Funds** - These funds are used to account for resources held for the benefit of parties outside the state government. The State is responsible for ensuring these assets are used for their intended purposes. Fiduciary funds use full-accrual accounting but are not reflected in the government-wide financial statements because the resources from these funds are not available to support the State’s own programs.

Reconciliation between Government-wide and Fund Statements

This report also includes two schedules that reconcile and explain the differences between the amounts reported for the governmental activities on the government-wide statements (full-accrual accounting, long-term focus) with the amounts reported on the governmental fund statements (modified accrual accounting, short-term focus). The schedules are located in the Basic Financial Statements – Fund Financial Statements – Governmental Funds section. The following explanations represent some of the reporting differences between the two statements:

- Capital outlays result in capital assets on the government-wide statements but are reported as expenditures in the governmental fund financial statements.
- Bond proceeds are recorded as long-term debt on the government-wide statements but are listed as current financial resources on the governmental fund statements.

State of Georgia

Management's Discussion and Analysis

(Unaudited)

- Net pension and other postemployment (OPEB) assets/liabilities are reported on the government-wide statements but are not reported on the governmental fund statements.

Notes to the Financial Statements

The notes to the financial statements located at the end of the basic financial statements section provide additional information essential to a complete understanding of the financial statements. The notes are applicable to both the government-wide financial statements and the fund financial statements.

Required and Other Supplementary Information

In addition to this MD&A, the basic financial statements are followed by a section containing other required supplementary information which further explains and supports the information in the financial statements. This section of the report includes: (1) a budgetary comparison schedule of the General Fund (Budget Fund), including reconciliations of revenues and expenditures on the statutory and GAAP basis for the fiscal year, (2) information on the State's public entity risk pool, (3) information on the State's defined benefit pension plans and (4) information on the State's OPEB plans. Other supplementary information includes combined financial statements for the State's nonmajor governmental funds, nonmajor enterprise funds, internal service funds, fiduciary funds and non-major component units. The total columns of these combined financial statements carry forward to the applicable fund financial statements.

FINANCIAL ANALYSIS OF THE STATE AS A WHOLE

Net Position

Governmental entities are required by Generally Accepted Accounting Principles (GAAP) to report on their net position. The *Statement of Net Position* presents the value of all of the State's assets and deferred outflows of resources, as well as all liabilities and deferred inflows of resources, with the difference reported as net position.

As shown in Table 1 on the following page, the State reported a total net position of \$62.1 billion, which is comprised of \$37.9 billion in net investment in capital assets, \$14.7 billion in restricted net position, and an unrestricted portion of net position excess of \$9.5 billion.

Based on the positive balance in unrestricted net position, funds were available to the state for discretionary purposes. In fiscal year 2025, the state exceeded the maximum legal limit of state general receipts with the excess reported as surplus for a fifth year in a row. The following table was derived from the current and prior year government-wide *Statement of Net Position*.

Percent Change in Total:						
Net Position from Prior Year	5.3 %		18.3 %		7.0 %	

⁽¹⁾ Refer to Note 3 for additional details

Note: Adjustments to prior year amounts have been recorded in the prior year column(s), if applicable. Refer to Note 2 for additional details of these adjustments.

Net position for governmental activities increased by \$2.6 billion (5.3%). The excess unrestricted balance of \$10.9 billion is primarily the result of the following types of transactions:

- GASB Statement No. 68 (GASB 68), as related to pensions, required the State to recognize its proportionate share of the net pension liability of the pension plans applicable to said standard. As of June 30, 2025, this liability, along with associated deferred outflows of resources and deferred inflows of resources, resulted in a \$3.70 billion impact to unrestricted net position.
- GASB Statement No. 75 (GASB 75), as related to OPEB, required the State to recognize its proportionate share of the net OPEB liability of the OPEB plans applicable to said standard. As of June 30, 2025, this liability, along with associated deferred outflows of resources and deferred inflows of resources, resulted in a \$22.6 million impact to unrestricted net position.
- The above excess net position includes \$5.6 billion in Revenue Shortfall Reserves (RSR) and an additional \$9.1 billion that was in excess of the 15% legal limit in the RSR.

Net position for business-type activities increased by \$1.4 billion (18.3%). The deficit unrestricted balance of \$4.5 billion is primarily due to net pension and OPEB liabilities as follows:

- GASB 68, as related to pensions, required the State to recognize its proportionate share of the net pension liability of the pension plans applicable to said standard. As of June 30, 2025, this liability, along with

State of Georgia

Management's Discussion and Analysis

(Unaudited)

associated deferred outflows of resources and deferred inflows of resources, resulted in a \$3.6 billion impact to unrestricted net position.

- GASB 75, as related to OPEB, required the State to recognize its proportionate share of the net OPEB liability of the OPEB plans applicable to said standard. As of June 30, 2025, this liability, along with associated deferred outflows of resources and deferred inflows of resources, resulted in a \$4.0 billion impact to unrestricted net position.

Changes in Net Position

The revenue and expense information, as shown in Table 2 on the following page, was derived from the government-wide *Statement of Activities* and summarizes the State's total revenues, expenses and changes in net position for fiscal year 2025. Consistent with the prior year, the State received a majority of its \$83.0 billion in revenues from taxes and operating grants and contributions. Expenses of the primary government during fiscal year 2025 were \$79.0 billion. As a result of the excess revenues over expenses, the total net position of the primary government increased by \$4.1 billion, before contributions to permanent endowments and transfers.

State of Georgia

Management's Discussion and Analysis

(Unaudited)

Governmental Activities

The State's total revenues for governmental activities from all sources increased by \$905.3 million (1.3%). The primary driver of this change was an increase in operating grants and contributions of \$1.2 billion (4.4%), which was primarily related to the following:

- The Department of Community Health had an increase of \$1.6 billion revenue, which was primarily due to a backlog of CMO rate adjustments ultimately approved for fiscal years 2020 - 2024.
- The Department of Education had an offsetting decrease of approximately \$469.0 million, primarily due to a Covid-related grant that expired in September 2024.

These increases in operating grants and contributions revenue were partially offset by a decrease in general revenues of \$206.6 million (0.6%). The drivers of this general revenues decrease was primarily due to a \$255.0 million reduction in corporate income tax collections in fiscal year 2025. Additionally, unrestricted investment income decreased by \$223.4 million due to decreases in investment income for multiple portfolios in fiscal year 2025.

The following table shows to what extent program revenues (charges for services and grants) covered program expenses. During fiscal year 2025, program revenues covered \$31.9 billion (51.3%) of the \$62.1 billion in total program expenses. For the remaining \$30.3 billion (48.7%) of the total program expenses, the State relied on taxes and other general revenues.

(Chart on next page)

State of Georgia

Management's Discussion and Analysis

(Unaudited)

Table 3 – Net Program Revenue

For the Year Ended June 30, 2025 (amounts in billions)

The State's expenses for governmental activities increased \$3.4 billion (5.4%). The primary driver of this change was as follows:

- Total Health and Welfare expenses increased by \$2.9 billion in this fiscal year 2025. The primary reason is due to \$2.0 billion rise in benefits payable expenses at the Department of Community Health due to the approval of fiscal years 2020 - 2024 CMO rate adjustments. Additionally, there was an increase in D-snap benefits due to Hurricane Helene of \$404.0 million. Furthermore, lower rebates of \$130.0 million and a CMS ruling that increased MedBuy expenses by \$81.0 million further reduced benefits payable expenses.
- Public Safety expenses increased by \$0.9 billion were largely due to a variety of increased expenses at the Department of Corrections to cover: the rising costs of a project transferred to GSFIC's management, personnel costs for correctional officers and supplies and equipment to support public safety. Also, expenditures at Georgia Emergency Management Agency increased by approximately \$588.0 million to cover the costs of natural disasters and associated management costs of Hurricane Helene and Storm Debby.

Business-type Activities

The State's revenues for business-type activities increased \$1.3 billion (9.9%), primarily driven by sales and charges for services increases at the State Health Benefit Plan of \$584.9 million, due to CMO rate adjustments accrued in fiscal years 2020 - 2024, that were not approved and executed until fiscal year 2025.

The State's expenses for business-type activities showed an increase of \$765.9 million (4.8%). Of this increase, \$404.9 million was attributable to increases in expenses in Higher Education, which primarily was attributable to increases in operational expenses of \$219.6 million at the Board of Regents. This increase was a result of increases in salaries and benefits expenses due to a combination of increases in overall employee head count as well as cost-of-living and retention adjustments that went into effect during the fiscal year. Additionally, the State Health Benefit

State of Georgia

Management's Discussion and Analysis

(Unaudited)

Plan had approximately \$364.2 million increase in benefits expenses due to the affect of CMO revenue rate adjustments on expenses.

As a result of the excess revenues over expenses, the total net position of the business-type activities increased by \$1.4 billion (18.3%) during the fiscal year.

In fiscal year 2025, business-type activities expenses were funded 85.0% from program revenues compared to 81.1% in the prior year. The remaining expenses were funded by \$3.9 billion in transfers from governmental activities, of which the majority were State Appropriations to the Higher Education Fund.

FINANCIAL ANALYSIS OF THE STATE'S GOVERNMENTAL FUNDS

Fund Balances

As of June 30, 2025, the State's governmental funds reported a combined ending fund balance of \$29.6 billion. Of this amount \$11.3 billion (38.2%) is restricted for specific programs by constitutional provisions, external constraints, or contractual obligations and \$14.3 billion (48.3%) of fund balance is unassigned.

General Fund

The General Fund is the chief operating fund of the State and had a total fund balance of \$24.7 billion as of fiscal year end. The net change in fund balance during the fiscal year was an increase by \$1.7 billion (6.3%). The following major revenues, expenditures and other sources/uses contributed to the change in fund balance:

- **Revenues** - Revenues of the General Fund totaled \$68.4 billion in the fiscal year, which represents an increase of \$2.4 billion 3.6% over the prior year. These increases are primarily related to the following:
 - The \$1.1 billion increase in Intergovernmental - Federal revenues are primarily due to CMO rate adjustments at the Department of Community Health that were eventually approved in fiscal year 2025, resulting in a \$1.5 billion increase. Additionally the Department of Human Services received approximately \$404.0 million in disaster recovery grants after Hurricane Helene as well as Office of Planning and Budget receiving \$6.4 million in disaster recovery grants after the hurricane. Offsetting this increase, the Department of Education received \$1.0 billion less in COVID-related grants due to their expiration.
 - The \$1.0 billion increase in Intergovernmental - Other revenues are primarily due to the Department of Community Health having approximately \$500.0 million of funds collected in fiscal year 2024 that were not collected during the availability period which were recognized in fiscal year 2025 and approximately a \$200.0 million increase in UPL payments.
 - Lottery Proceeds experienced a \$334.4 million increase in fiscal year 2025, due to increases in total lottery ticket sales, e-Instant (Diggi) game sales and total product sales in the interactive channel.
- **Expenditures** - Expenditures of the General Fund totaled \$62.5 billion in the fiscal year, an increase of \$3.9 billion 6.6% over the prior year.
 - Total Health and Welfare expenses increased \$3.1 billion, primarily due to a \$2.0 billion rise in benefits payable expenses due to the approval of fiscal years 2020 - 2024 CMO rate adjustments as well as a \$404.0 million increase in D-snap benefits due to Hurricane Helene.

State of Georgia

Management's Discussion and Analysis

(Unaudited)

Additionally, lower rebates of \$130.0 million and a CMS ruling that increased MedBuy by \$81.0 million further reduced benefits payable expenses.

- Total public safety expenditures increased \$994.9 million due to increased expenses at the department of Corrections of \$194.3 million. This increase was primarily to cover the rising costs of a project transferred to GSFIC's management, personnel costs for correctional officers and supplies and equipment to support public safety. Additionally, expenditures at Georgia Emergency Management Agency increased by approximately \$588.0 million to cover the costs of Hurricane Helene, Storm Debby and associated management costs.
- Transportation expenditures increased \$436.6 million largely due to rises in project costs due to inflation, as well as cleanup costs due to Hurricane Helene.
- Conversely, costs of the General Government decreased by \$665.0 million, largely due to the carry-over of fiscal year 2023 HTRG grants into fiscal year 2024 to the Department of Revenue that were not issued in fiscal year 2025.

Capital Projects Fund

Fund balance in the Capital Projects Fund increased by \$407.1 million (12.3%) from the prior year. This was primarily due to a net increase to capital projects, fully funded from the general fund with State appropriations, as the State funded all capital outlay expenditures during the fiscal year in lieu of issuing new General Obligation Bond debt in calendar year 2025. Over half of these expenditures included projects for Local Boards of Education, the Board of Regents, and the Technical College System of Georgia.

FINANCIAL ANALYSIS OF THE STATE'S PROPRIETARY FUNDS

Higher Education Fund

The total net position of the Higher Education Fund increased \$799.1 million (16.9%).

Operating revenues of the Higher Education Fund increased by \$305.1 million (4.7%). Of this increase, \$128.4 million is generated from operating grants and contract activities at the USG, which is largely due to research activities primarily at four of the research institutions. Auxiliary enterprises increased \$87.3 million driven primarily by intercollegiate athletics, food services, parking and implementation of the Online Learning Fee. Tuition and Fees increased by \$46.3 million primarily due to tuition rate adjustments and increased enrollment. Sales and services increased \$9.1 million due to expanded educational offerings. Other operating revenues, including rents and royalties, increased by \$25.8 million due to insurance recoveries related to Hurricane Helene and increased employee premiums for the USG self-fund health and dental plans.

Operating expenses increased by \$322.5 million (2.8%) primarily a result of changes at the USG as follows.

- Increase in Faculty salaries of \$125.3 million and staff salaries of \$142.6 million, mostly due to cost-of-living and retention adjustments approved by the state legislature for eligible state employees.
- Increase in supplies and other services of \$128.4 million, primarily due to increase in Research and Public Service grants and contracts.
- Decrease in Instruction, Public Service and Academic Support of Scholarships and Fellowship of \$35.5 million, \$80.0 million and \$18.2 million, respectively.

State of Georgia

Management's Discussion and Analysis

(Unaudited)

Non-operating revenues (net of expenses) increased \$278.1 million (22.3%) primarily due to non-operating grants and contracts increases of \$137.9 million at the USG, mostly due to an increase in Pell Grants across most institutions. This growth is driven by provisions in the Free Application for Federal Student Aid Simplification Act and the Consolidated Appropriations Act, which streamline the application process and broaden eligibility criteria. Additionally, State appropriations increased \$102.8 million and included an increase related to formula funding (the accepted calculation for the state's funding portion of specific USG growth metrics) and an increase related to the 4% cost-of-living adjustment not to exceed \$3,000 for state funded employees. Non-capital gifts increased \$38.8 million primarily related to private non-capital gifts.

State Health Benefit Plan

Operating revenues for SHBP increased by \$584.9 million (14.5%) and operating expenses increased by \$348.5 million (8.9%). The revenue increases are driven by increased rates. Expenses were higher, which is consistent with the national average, as well as the plan having some high dollar claims during the year. These changes resulted in a corresponding increase in operating income of \$236.4 million.

Unemployment Compensation Fund

Due to the disclaimer of opinion on the Unemployment Compensation Fund, the results of this fund are not being analyzed.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

The State's capital assets increased by a net \$3.2 billion (7.5%) during the year. The change consisted of a net increase in infrastructure of \$723.0 million and a net increase in machinery and equipment of \$93.2 million, as well as net increases in land and buildings and building improvements of \$321.9 million and \$536.9 million, respectively. Additionally, construction in progress increased by \$1.6 billion.

As of June 30, 2025, the State had General Fund commitments of \$627.8 million and Capital Project Fund commitments of \$5.8 billion for highway infrastructure and bridge construction. The State Road and Tollway Authority had \$1.9 billion of commitments, which is comprised of \$451.7 million for the I-285/I-20 East Interchange Reconstruction Project, \$79.4 million for the SR 316 Bundle 1 Project, \$10.2 million for the I-16 at I-95 Interchange and I-16 Widening from I-95 to I-516 Reconstruction Project, \$26.3 million for the I-285 at SR 400 Interchange Reconstruction Project, \$1.1 billion for I-285/I-20 West Interchange Project, \$155.0 million for SR400 Express Lanes Project, and \$127.1 million for SR316 Bundle 2 Project. Also, the USG had \$631.0 million in outstanding encumbrances at fiscal year end. In addition to these encumbrances, the USG had other significant unearned outstanding construction or renovation contracts in the amount of \$45.6 million executed as of June 30, 2025.

Additional information on the State's capital assets can be found in *Note 8 – Capital Assets and Intangible-Right-to-Use Assets* of the Notes to the Financial Statements section of this report.

Debt Administration

The Constitution authorizes issuing general obligation debt only as approved by the legislature and prohibits the issuance of general obligation bonds for operating purposes. The Constitution requires the State to maintain a reserve sufficient to pay annual debt service requirements on all general obligation debt. If for any reason the reserve balance is insufficient to make all debt service payments when due, the first revenues received thereafter in the General Fund will be set aside for such use. The Constitution also stipulates that no debt may be incurred when the highest aggregate annual debt service requirements for any year for outstanding general obligation debt and guaranteed revenue debt, including proposed debt, exceed 10% of the total revenue receipts, less refunds in the state treasury, in the fiscal year immediately preceding the year in which any such debt is to be incurred. There were no bonds issued in fiscal year 2025. Even so, at June 30, 2025, the State was \$2.7 billion below the annual debt service limit established by the Constitution.

(Table on next page)

State of Georgia

Management's Discussion and Analysis

(Unaudited)

Table 6 - Net Outstanding Bond Debt						
As of June 30, 2024 and 2023 (amounts in thousands)						
	Governmental Activities		Business-type Activities		Total Primary Government	
	2025	2024	2025	2024	2025	2024
General Obligation Bonds	\$ 9,172,886	\$10,218,749	\$ —	\$ —	\$ 9,172,886	\$10,218,749
GARVEE Bonds	384,537	440,186	—	—	384,537	440,186
Revenue Bonds	—	—	577,373	588,530	577,373	588,530
	<u>\$ 9,557,423</u>	<u>\$10,658,935</u>	<u>\$ 577,373</u>	<u>\$ 588,530</u>	<u>\$10,134,796</u>	<u>\$11,247,465</u>

At the end of the fiscal year, the State had \$10.1 billion in total outstanding bonded debt. Of this amount \$9.2 billion (net of premiums and discounts) (90.5%), is secured by the full faith and credit of the government for general obligation bonds. Guaranteed revenue bonds of \$577.4 million (5.7%) are secured primarily by toll revenues or applicable security deeds and related assignment of contract documents; and \$384.5 million (3.8%) in State Road and Tollway Authority GARVEE bonds are secured by Federal Highway Administration grant funds and state motor fuel funds.

Total general obligation bonds, GARVEE bonds, and revenue bonds payable, net of premiums and discounts, decreased \$1.0 billion (10.2%), decreased \$55.6 million (12.6%), and decreased \$11.2 million (1.9%) respectively. During fiscal year 2025, the State did not issue general obligation bonds, as capital projects were fully funded by state appropriations.

Because the state did not issue new general obligation bonds for the calendar year 2025, Fitch Ratings and Moody's Investors Service did not issue formal reports for Georgia's bond ratings. However, S&P Global Ratings reaffirmed the AAA rating. In calendar year 2023, all rating agencies gave Georgia the highest possible ratings in their analyses of the State's credit worthiness. These ratings, the highest available, help the State achieve the lowest possible interest rates. Additional information regarding the State's outstanding debt can be found in *Note 9 – Long-Term Liabilities* of the notes to the financial statements section.

BUDGETARY HIGHLIGHTS

Fiscal Year 2025 Budget Highlights

The Amended Fiscal Year 2025 (AFY 2025) appropriations bill was signed by the Governor on March 6, 2025 as passed by the General Assembly.

Revenues

The AFY 2025 budget increased the total general fund revenue estimate over the original budget by \$1.3 billion, based on FY 2024 actual revenue performance.

Expenditures

The Amended FY 2025 budget increased the revenue estimate over the original budget by \$1.3 billion in general fund revenue, based on FY 2024 actual revenue performance. The Amended budget prioritizes restoring funds for health care and K-12 education needs, funding recruitment and retention initiatives, and continuing economic development investment opportunities.

Statewide Changes:

- \$867.0 million for Hurricane Helene response costs and relief

Educated Georgia:

- \$114.3 million for a midterm adjustment in the Quality Basic Education Program
- \$50.0 million in one-time funds for additional school security grants to K-12 public schools to improve school safety
- \$99.8 million for design and construction of a research building at Augusta University to assist in bringing medical research into results that directly benefit patients

Safe Georgia:

- \$51.0 million to add correctional officer positions to improve staff to offender ratios and reflect increased retention
- \$80.2 million for construction of four 126-bed modular correctional units to facilitate offender population movement necessary for capital and security improvements
- \$46.5 million for furniture, fixtures and equipment for Washington State Prison
- \$43.0 million for construction of the Central Medical Examiner Building

Responsible and Efficient Government:

- \$500.0 million to support state retirees and improve long-term pension system viability by increasing the funded ratio with strategic investments

State of Georgia

Management's Discussion and Analysis

(Unaudited)

- \$225.0 million for the Liability and Property risk pools to reduce outstanding obligations and meet the costs of future claims expenses
- \$58.5 million in the Technology Empowerment Fund for the Department of Community Health Integrated Eligibility System (IES) modernization and the Department of Human Services \$TARS modernization

Growing Georgia:

- \$266.1 million for the Georgia Fund to support water and wastewater infrastructure development across the state through low-interest loans and grants to local communities
- \$501.7 million for investment in the development and construction of surface water resources for Georgia's Coastal region to meet growth in demand

Mobile Georgia:

- \$500.0 million for infrastructure projects that enhance economic development while promoting freight and logistics efficiency and safety for the agricultural, manufacturing, and distribution industries
- \$265.0 million for local maintenance and improvement grants through the Department of Transportation's Local Road Assistance program
- \$244.0 million for the Department of Transportation to reflect updated FY 2025 motor fuel revenue projected collections
- \$46.5 million for the Georgia Transportation Infrastructure Bank's competitive grant and loan program to support local transportation infrastructure projects

Revenue Shortfall Reserve (RSR)

The RSR provides for the sound management of excess revenue collections in any given fiscal year. By statute, all surplus State funds existing at the end of each fiscal year shall be reserved and added to the RSR. Each fiscal year, the General Assembly may appropriate from the RSR an amount up to 1% of the net revenue collections of the preceding fiscal year for funding increased K-12 education needs. Also, the Governor may release for appropriation by the General Assembly a stated amount of reserve funds in the RSR that are in excess of 4% of the net revenue collections of the preceding fiscal year. The RSR cannot exceed 15% of the previous fiscal year's net revenue collections.

By statute, 1% of fiscal year 2025 state general fund receipts/net revenue collections (\$372.2 million) is available from the RSR for the mid-year K-12 education appropriation adjustment in the amended fiscal year 2026 budget. This amount had not been appropriated as of the date of this report, however, it has been included in the chart below.

The ending balance in the Revenue Shortfall Reserve (RSR), or "rainy day" fund, is a critical tool in helping to address budget shortfalls. While combating the impact of inflation and warnings of a potential recession, the State remained focused on maintaining the RSR. After adjusting for the current year agency lapse less the mid-year adjustment for education, the RSR balance as of June 30, 2025 is \$5.6 billion. Current state law provides that the reserve cannot exceed 15% of the previous fiscal year's net revenue. In fiscal year 2025, the 15% legal limit was exceeded and the receipts in excess of the 15% (\$9.3 billion) were reported as unreserved, undesignated surplus. Prior to mid-year adjustment for education, this increase in the RSR represents an increase of \$116.7 million from fiscal year 2024, and after the mid-year adjustment for education, a decrease of \$242.7 million from fiscal year 2024.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET

Economic Outlook

The Georgia economy in 2025 has been steady but growing more slowly than in the earlier years of recovery from the pandemic. Total employment in the state grew by 24,700 jobs during the fiscal year, the largest gains coming in health care and local government followed by arts, entertainment and recreation, and private education. Industries losing jobs were led by transportation, warehousing and utilities followed by retail trade. The state's unemployment rate remained in a narrow, historically low range of 3.5 to 3.6 percent for the fiscal year (FY), ending at the low for the period, 3.5% (see second figure below).

Georgia Unemployment Rate (Seasonally Adjusted)

Still-tight labor markets and core inflation (CPI less food and energy) of 2.9 percent for the 12 months through June helped push wage and salary income 4.8 percent higher in Georgia in fiscal year 2025 compared to the year before, according to U.S. Bureau of Economic Analysis data. This income growth helped to offset the effects of tax cuts that reduced personal income tax rates from 5.75% in 2023 to 5.19% in 2025. Despite these rate cuts, withholding tax collections declined by only 1.0% in FY 2025 from FY 2024.

Continuing labor market strength and rising wage incomes continued to support a strong consumer sector in Georgia, as evidenced by 6.0% growth in personal consumption expenditures (PCE) in the state in calendar year (CY) 2024 over 2023, the latest period of data available. US PCE growth in the first half of CY 2025 remained strong at 5.5% growth compared to the same period in 2024. However, the shift in consumption to tangible goods from generally nontaxable services that boosted sales tax revenues in the first two years after the start of the pandemic has generally reversed, creating a drag on sales taxable collections mostly in FY 2024 but continuing into FY 2025 and restraining sales tax collection gains in FY 2025 to 3.8%. Based on more recent national PCE figures, the shift back to services has brought the goods share of PCE back to slightly below 2019 levels.

(Chart on next page)

State of Georgia

Management's Discussion and Analysis

(Unaudited)

In the first three months of FY 2026, according to BLS data, Georgia lost 7,200 jobs, but unemployment has continued to fall slowly to 3.4% as of September, the latest monthly reading available due to the federal government shutdown. Concerns over the jobs outlook, as well as continuing concerns over inflation and the impact of tariffs, have kept consumer sentiment relatively low, according to The Conference Board's (TCB) Consumer Confidence Survey. TCB's present situation index fell in December below the previous post-recovery low of late 2024 and to the lowest level since early 2021. Their expectations index as of December was, for the eleventh consecutive month, below the level that signals an expected recession.

Federal Reserve monetary policy has eased in the current fiscal year, with interest-rate cuts in September, November, and December, as unemployment rose decisively above 4%, reaching 4.6% in November. New forecasts released after the December FOMC meeting show members' median expectation is for only one 25 basis point cut in CY 2026, though there was one more participant calling for 2 or more cuts than were calling for no further cuts and Fed Funds futures prices going into the year's end imply two cuts in 2026.

In short, Georgia's economy is stable with unemployment remaining well below national levels, but job growth has stalled nationally and turned negative in the state in recent months. While few forecasters are currently predicting a recession in the coming year, consumers are concerned about jobs and persistent inflation, thus continuing growth is vulnerable if one or both doesn't improve or should new policy, geopolitical, or other shocks arise.

Fiscal Year 2026 Budget Highlights

The \$37.7 billion FY 2026 budget was signed by Governor Brian Kemp on May 9, 2025. The FY 2026 budget provides an additional \$1.6 billion in funding over the original FY 2025 budget.

Educated Georgia:

- \$172.6 million to fund the state share of employer increases on certified educators who participate in SHBP.
- \$300.4 million for enrollment growth and training and experience to recognize a 0.07 percent increase in enrollment, bringing the total number of full-time equivalent (FTE) students funded in FY 2026 to 1.74 million students and over 148,000 teachers and administrators.
- \$49.7 million for new student support services, including mental health support grants, out-of-school care, funds for social workers, and a one-time pilot grant for economically disadvantaged students.
- \$176.1 million for construction and renovation projects for local school systems.

State of Georgia

Management's Discussion and Analysis

(Unaudited)

- \$169.5 million for resident instruction to reflect a 2.7 percent increase in credit hour enrollment and a 0.5 percent increase in square footage at University System institutions.
- \$171.0 million for capital projects at various institutions.

Healthy Georgia:

- \$39.2 million to annualize funding for provider rate study recommendations for the New Options Waiver (NOW) and Comprehensive Supports Waiver Program (COMP) and Community Behavioral Health Rehabilitation Services providers
- \$256.6 million for Medicaid and PeachCare, including \$7 million for skilled nursing centers to reflect 2023 cost reports, \$28 million for the Medicare Part D Clawback, \$36 million for new high-cost drugs, and \$22,806,215 for 12 months of continuous eligibility for children under the age of 19
- \$23.4 million to increase reimbursement rates for emergency medical services and air ambulance transports, neonatologists and maternal fetal medicine specialists, applied behavioral analysis, select primary care and dental codes, privately-owned intermediate care facilities for individuals with intellectual disabilities, and newborn deliveries in rural counties

Safe Georgia:

- \$44.1 million to add correctional officer positions to improve staff to offender ratios.
- \$16 million for renovations and site improvements at six Readiness Centers and other department facilities.

Responsible and Efficient Government:

- \$44.5 million for the renovation of the Department of Agriculture building.

Mobile Georgia:

- \$275.0 million for the Department of Transportation to reflect projected FY 2026 motor fuel revenue collections

REQUESTS FOR INFORMATION

This financial report is designed to provide a general overview of the State's finances for all of the State's citizens, taxpayers, customers, and investors and creditors. This financial report seeks to demonstrate the State's accountability for the money it receives. Questions concerning any of the information provided in this report or requests for additional information should be addressed to: State Accounting Office, 200 Piedmont Avenue, Suite 1604 West Tower, and Atlanta, Georgia 30334-9010.

Reconciliation of Fund Balances To the Statement of Net Position June 30, 2025

(amounts in thousands)

Total Fund Balances - Governmental Funds (from previous page) \$ 29,607,164

Amounts reported for governmental activities in the Statement of Net Position are different because:

Capital Assets used in governmental activities are not financial resources and, therefore, are not reported in the funds. These assets consist of:

Land	\$ 5,975,948	
Buildings and Building Improvements	4,540,036	
Improvements Other Than Buildings	232,807	
Machinery and Equipment	1,672,894	
Infrastructure	40,483,051	
Construction in Progress	7,352,155	
Works of Art	159	
Intangibles - Other Than Software	164,791	
Software	601,573	
Accumulated Depreciation	(28,618,374)	32,405,040

Right-To-Use Assets used in governmental activities are not financial resources and, therefore, are not reported in the funds. These assets consist of:

SBITA In Progress - Right-to-Use	52,309	
Land	40	
Buildings and Building Improvements	1,049,741	
Machinery and Equipment	5,248	
SBITAs	315,898	
Accumulated Amortization	(476,268)	946,968

Deferred inflows of resources are not reported in the governmental funds:

Revenues are not available soon enough after year end to pay for current period's expenditures	2,248,713	
Related to OPEB	(299,975)	
Related to Pensions	(628,154)	1,320,584

Internal service funds are used by management to charge the costs of certain activities to individual funds. The assets and liabilities of the internal service funds are included in governmental activities in the Statement of Net Position.

1,757,248

Deferred outflows of resources are not reported in the governmental funds:

Related to OPEB	322,533	
Related to pensions	1,282,342	1,604,875

Other assets not available in the current period and therefore are not reported in the governmental funds:

Net OPEB Asset	665,022	
Net Pension Asset	107,822	772,844

Certain long-term liabilities and related accrued interest are not due and payable in the current period and, therefore, are not reported in the funds.

General Obligation Bonds	(7,905,365)	
Premiums	(891,041)	
Deferred Amount on Refundings	61,329	
Accrued Interest Payable	(471,448)

Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances Governmental Funds to the Statement of Activities For the Fiscal Year Ended June 30, 2025 (amounts in thousands)

Net Change in Fund Balances - Governmental Funds (from previous page) \$ (1,526,750)

Amounts reported for governmental activities in the Statement of Activities are different because:

Capital outlays including leases are reported as expenditures in governmental funds.

However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current period.

Capital outlay (net of losses), net of transfers to Business-Type Activities, Component Units and outside organizations.	\$ 4,309,271	
Depreciation - Amortization expense	(1,393,725)	2,915,546

Revenues in the Statement of Activities that do not provide current financial resources are not reported as revenue in the governmental funds.		(629,134)

Some capital additions were financed through leases. In governmental funds, a lease arrangement is considered a source of financing, but in the Statement of Net Position, the lease obligation is reported as a liability.		(177,545)

Repayment of long-term debt is reported as an expenditure in governmental funds, but the repayment reduces the long-term liabilities in the Statement of Net Position. Payments were made on the following long-term liabilities:

General Obligation Bonds	929,920	
Revenue Bonds	41,685	
Notes	2,190	
Lease Obligations	58,675	1,032,470

Internal service funds are used by management to charge the costs of certain activities to individual funds. The incorporation of the external activities of these funds, and the elimination of profit/loss generated by primary government customers results in net revenue (expense) for Governmental Activities.		272,329

Some items reported in the Statement of Activities do not require the use of current financial resources and therefore are not reported as expenditures in the governmental funds. This adjustment combines the net changes in the following balances:

Compensated Absences	(57,778)	
Accrued Interest on Bonds Payable	(258,272)	
Arbitrage Rebate	(6,615)	
Amortization of Deferred Amount on Refunding	(10,122)	
Bond Premiums	115,166	
OPEB costs, net	272,714	
Pension costs, net	620,970	
Other	85,233	761,296

State of Georgia

Notes to the Financial Statements

For the Fiscal Year Ended June 30, 2025

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Presentation

The accompanying financial statements of the State have been prepared in conformity with U.S. Generally Accepted Accounting Principles (GAAP) as prescribed by the Governmental Accounting Standards Board (GASB). Preparation of the financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts and disclosures in the financial statements. Actual results could differ from those estimates.

The fiscal year end for the primary government and component units is June 30, except for, VSU Auxiliary Service Real Estate Foundation, Inc. (component unit) and the Stone Mountain Memorial Association (component unit) which have a fiscal year end of December 31.

B. Financial Reporting Entity

For financial reporting purposes, the State reporting entity includes the primary government and its component units. The primary government consists of all the organizations that compose the legal entity of the State. All agencies, departments, authorities, commissions, courts, councils, boards, universities, colleges, foundations, retirement funds, associations and other organizations that are not legally separate are, for financial reporting purposes, considered part of the primary government. Component units are legally separate organizations for which the State's elected officials are financially accountable.

Financial accountability is the ability of the State to appoint a voting majority of an organization's governing board and to impose its will upon the organization or when there exists the potential for the organization to provide specific financial benefits or impose specific financial burdens on the primary government. When the State does not appoint a voting majority of an organization's governing body, GASB standards require inclusion in the financial reporting entity if: (1) an organization is fiscally dependent upon the State because its resources are held for the direct benefit of the State or can be accessed by the State *and* (2) the potential exists for the organization to provide specific financial benefits to, or impose specific financial burdens on the State. In addition, component units can be other organizations for which the nature and significance of their relationships with the primary government are such that exclusion would cause the financial statements to be misleading.

Certain component units of the State issue their own separate audited financial statements which may be obtained from their respective administrative offices. The most recent financial statements for component unit organizations with "AUD" at the end of their descriptions below may be obtained from the Department of Audits and Accounts (DOAA) online at www.audits.ga.gov. Certain component units (with "NSR" at the end of their descriptions below) are not required to prepare or issue separate financial statements beyond the financial information included in this report. The financial statements for discretely presented higher education foundations and similar organizations can be obtained from their respective administrative offices or from the Board of Regents.

Blended Component Units

Blended component units have governing bodies substantively the same as the State, provide services entirely or almost entirely to the primary government or have total debt outstanding, including leases, that is expected to be paid entirely, or almost entirely, with resources of the State. As such, although they are legally separate entities, they are, in substance, part of the government's operations. GASB standards require this type of component unit to be reported as part of the primary government and blended into the appropriate funds.

State of Georgia

Notes to the Financial Statements

For the Fiscal Year Ended June 30, 2025

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

The State's blended component units, as described in the Nonmajor Governmental Funds and Internal Service Funds portions of the Supplementary Information – Combining and Individual Fund Statements category of the Financial Section, are as follows:

Special Revenue Funds

The following component units provide services entirely or almost entirely to the primary government and are therefore considered blended component units:

The **Georgia Aviation Authority** was created to provide oversight and efficient operation of state aircrafts and aviation operations, and ensure the safety of state air travelers and aviation property. (NSR)

The **State Road and Tollway Authority** (SRTA) is a legally separate public corporation created to finance transportation projects and operate toll facilities in the State of Georgia. SRTA's total debt outstanding is expected to be paid with resources of the Primary Government and therefore is considered a blended component unit. (AUD)

Debt Service Fund

The **State Road and Tollway Authority** uses a debt service fund for the payment of principal and interest on the debt of SRTA's governmental funds. SRTA issues bonded debt which finances State transportation infrastructure construction. (AUD)

Enterprise Funds

The following component units provide services entirely or almost entirely to the primary government and are therefore considered blended component units:

The **Georgia Higher Education Facilities Authority** is a legally separate public corporation created for the purpose of financing eligible construction, renovation, improvement, and rehabilitation or restoration projects for the University System of Georgia. The Authority issues debt and enters into lease agreements principally with the University System of Georgia Foundation, Inc. (discretely presented component unit). The costs of the Authority's debt are recovered through lease payments from the Foundation. The Authority provides services entirely or almost entirely to the Primary Government and is therefore considered a blended component unit. (<https://gsfc.georgia.gov/financing-and-investment-division/georgia-higher-education-facilities-authority>)

The **State Employees' Assurance Department - Active (SEAD-Active)** is used to account for the accumulation of resources for the purpose of providing survivors' benefits for eligible members of the Employees', Judicial, and Legislative Retirement Systems. SEAD-Active is a cost-sharing multiple employer life insurance plan created in 2007 by the Georgia General Assembly to amend Title 47 of the Official Code of Georgia Annotated, relating to retirement, so as to establish a fund for the provision of term life insurance to active members of Employees' Retirement System (ERS), Legislative Retirement System, and Georgia Judicial Retirement System. (<https://www.ers.ga.gov/group-term-life-insurance>)

The **State Road and Tollway Authority** uses an enterprise fund to account for all tolling activities, including the I-75 South Metro Express Lanes, and all other facilities of the tolling system (i.e. the I-85 Express Lanes, the I-85 Extension Express Lanes, the I-75 Northwest Corridor Express Lanes, and five future toll facilities under planning and/or construction). (AUD)

State of Georgia

Notes to the Financial Statements

For the Fiscal Year Ended June 30, 2025

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Internal Service Funds

The following component units all provide services entirely or almost entirely to the Primary Government and are therefore considered blended component units:

The **Georgia Building Authority** is responsible for all services associated with the management of State office buildings, maintaining the grounds within the State Capitol complex, maintaining the Governor's Mansion and operating parking facilities. (<https://gba.georgia.gov/>)

The **Georgia Correctional Industries Administration** utilizes the inmate work force to manufacture products and provide services for the penal system, other units of state government and local governments. (NSR)

The **Georgia Technology Authority** was created to provide technology enterprise management and technology portfolio management to state and local governments. (NSR)

Discretely Presented Component Units

Discrete presentation entails reporting component unit financial data in a separate column and/or rows in each of the government-wide statements to emphasize that these component units are legally separate from the State. Except for Georgia Military College, the other component units are included in the reporting entity because, under the criteria established by GASB, the State has the ability to impose its will on these organizations.

The determination of major component units is based on any of the following factors: (a) the services provided by the component unit to the citizenry are such that separate reporting as a major component unit is considered essential to financial statement users, (b) there are significant transactions with the primary government, or (c) there is a significant financial benefit or burden relationship with the primary government.

The State's major discretely presented component units are described below:

The **Georgia Environmental Finance Authority (GEFA)** is a body corporate and politic. GEFA provides funding to eligible municipalities, counties, water and sewer authorities in the State for construction and expansion of public water, sewer, and solid waste facilities. The State periodically provides general obligation bond proceeds to GEFA to fund various loan programs for water and sewerage facilities. GEFA is governed by a board of directors consisting of three officials designated by statute and eight members appointed by the Governor. (<https://gefa.georgia.gov/>)

The **Geo. L. Smith II Georgia World Congress Center Authority** is a body corporate and politic and an instrumentality and public corporation of the State. The Authority is responsible for operating and maintaining a comprehensive international trade and convention center consisting of a complex of facilities suitable for multipurpose use. The Authority is governed by a board of directors composed of 15 members appointed by the Governor. (AUD)

The **Georgia Housing and Finance Authority (GHFA)** is a body corporate and politic. GHFA is responsible for facilitating housing, housing finance and financing for health facilities and health care services throughout the State. The powers of GHFA are vested in 18 members who also comprise the board of the Department of Community Affairs (DCA). Board members are appointed by the Governor and are composed of one member from each U.S. Congressional District in the State, plus four additional members from the State at large, and include elected officials of counties or municipalities, individuals with an interest or expertise in community or economic development, environmental issues, housing development

State of Georgia

Notes to the Financial Statements

For the Fiscal Year Ended June 30, 2025

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

or finance or citizens who in the judgment and discretion of the Governor would enhance the DCA board. (<https://www.dca.ga.gov/>)

The **Georgia Lottery Corporation (GLC)** is a public body, corporate and politic. GLC operates lottery games to provide continuing entertainment to the public and maximize revenues, the net proceeds of which are utilized to support improvements and enhancements for educational purposes. Net proceeds are remitted to the State's General Fund and are appropriated to certain educational agencies through the State's budget process. GLC is governed by a board of directors composed of seven members, all of which are appointed by the Governor. The State is legally entitled to residual resources of GLC. (<https://www.galottery.com/en-us/home.html>)

The **Georgia Ports Authority (GPA)** is a body corporate and politic. The purpose of the Authority is to develop and improve the harbors or seaports of the State for the handling of waterborne commerce and to acquire, construct, equip, maintain, develop and improve said harbors, seaports and their facilities. The State has provided general obligation bond proceeds to GPA to finance projects and facilities. The Board consists of 13 members, all of which are appointed by the Governor. (<https://gaports.com/>)

The **Georgia Tech Foundation, Incorporated** is a nonprofit organization established to promote, in various ways, the cause of higher education in the State, to raise and receive funds for the support and enhancement of the Georgia Institute of Technology (GIT), and to aid the GIT in its development as a leading educational institution. The individual financial statements may be obtained from the foundation at the following address: 760 Spring St. NW, Atlanta, GA 30308. (<https://www.gtf.gatech.edu/>)

The **Georgia Tech Research Corporation** Georgia Tech Research Corporation ("GTRC") is a legally separate, not-for-profit corporation under the laws of the state of Georgia. GTRC is organized and operated primarily for the purpose of soliciting grants and contracts for research or services to be performed by or in conjunction with Georgia Institute of Technology (GT). The GTRC reports under GASB standards. The individual financial statements may be obtained from the foundation at the following address: 926 Dalney Street, NW, Atlanta, GA 30332. (<https://gtrc.gatech.edu/gtrc/documents/financial-information>)

The State's nonmajor discretely presented component units are as follows:

The **Atlanta-region Transit Link "ATL" Authority** is a body corporate and politic. The purpose of which is to manage transit and air quality within certain areas of the State of Georgia. The Board of Directors of the Authority consists of 16 members; of which, the primary government appoints or elects a majority. (NSR)

Economic Development Organizations

The Economic Development organizations cultivate business for the State. These organizations are described below:

The **Georgia Development Authority** is a body corporate and politic. The Authority was created to assist agricultural and industrial interests by providing credit and servicing functions to better enable farmers and businessmen to obtain needed capital funds. The Authority is governed by a board of directors composed of seven members; four are appointed by the Governor and three are State Agency heads. (<https://www.gdaonline.com/>)

The **OneGeorgia Authority** is a body corporate and politic and an instrumentality and public corporation of the State. The purpose of the Authority is to promote the health, welfare, safety and economic society of the rural citizens of the State through the development and retention of employment opportunities in rural

State of Georgia

Notes to the Financial Statements

For the Fiscal Year Ended June 30, 2025

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

areas and the enhancement of the infrastructures that accomplish that goal. The six members of the Authority are State officials designated by statute. (NSR)

The **Savannah-Georgia Convention Center Authority** a state Authority, is a body corporate and politic. The Authority was created to develop and promote the growth of the State's import and export markets through its ports and other transportation modes, and to construct, operate and maintain the Savannah International Trade and Convention Center. The Authority is governed by a board of directors composed of 11 members: six members appointed by the Governor; three members appointed by the members of the Georgia General Assembly representing Chatham County; the President of the Savannah Area Convention and Visitors' Bureau; and the President of the Savannah Economic Development Authority. (AUD)

The **Georgia Seed Development Commission** is a body corporate and politic and an instrumentality and public corporation of the State whose purpose is to purchase, process and resell breeders' and foundation seeds. The Commission consists of 11 members who are accountable as trustees. Of the 11 members serving on the Board, six members are State officials or are appointed by State officials. (NSR)

The **Georgia Military College (GMC)** is a body corporate and politic, and is an instrumentality and a public corporation of the State. GMC is dedicated to providing a high-quality military education to the youth of the State. The Board of Trustees consists of the mayor of the City of Milledgeville and six additional members, one of which is elected from each of the six municipal voting districts of the City, as required by statute. The government, control, and management of GMC are vested in the Board of Trustees. GMC receives any designated funds appropriated by the General Assembly through the Board of Regents of the University System of Georgia. Although GMC does not meet the fiscal dependency or financial benefit/burden criteria, due to the nature and significance to the State and the potential assumption that GMC is the same as other colleges reported within the state reporting entity, management has determined that it would be misleading to exclude GMC from the state reporting entity. (AUD)

The **Georgia Public Telecommunications Commission** is a body corporate and politic. The Commission is a public charitable organization created for the purpose of providing educational, instructional and public broadcasting services to citizens of Georgia. The budget of the Commission must be approved by the State. (NSR)

The **Georgia Regional Transportation Authority** is a body corporate and politic. Within its jurisdiction, the purpose of the Authority is to manage land transportation and air quality, review all Developments of Regional Impact (DRI), and approve the allocation of state and federal transportation resources in metro Atlanta via the Atlanta Transportation Improvement Program (TIP). The Governor appoints all 15 Board Members of the Authority. (NSR)

The **Georgia Student Finance Authority** is a body corporate and politic. The Authority was created for the purpose of improving higher educational opportunities by providing educational scholarship, grant and loan assistance. A substantial amount of funding is provided to the Authority by the State. (NSR)

The **REACH Georgia Foundation** is a nonprofit organization that was formed to ensure that Georgia's academically promising students have the academic, social and financial support needed to graduate from high school, access college and achieve post secondary success. The REACH Georgia Program is the State of Georgia's first needs-based mentorship and college scholarship program and the Foundation's mission is to raise and invest funds. (<https://www.gafutures.org/>)

State of Georgia

Notes to the Financial Statements

For the Fiscal Year Ended June 30, 2025

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

The **Regional Educational Service Agencies** were established to provide shared services to improve the effectiveness of educational programs and services of local school systems and to provide direct instructional programs to selected public school students. The State has 16 of these agencies. (NSR)

The **Georgia Superior Court Clerks' Cooperative Authority** is a body corporate and politic and an instrumentality and public corporation of the State created to provide a cooperative for the development, acquisition and distribution of record management systems, information, services, supplies and materials for superior court clerks of the State. (<https://www.gsccca.org/>)

Tourism / State Attractions

These organizations promote State interests or encourage visitation to the State through the operation and maintenance of various attractions. Organizations involved in such activities are described below:

The **Georgia Agricultural Exposition Authority** is a body corporate and politic. The Authority is responsible for provision of a facility for the agricultural community, for public events, exhibits and other activities and for promotion and staging of a statewide fair. (NSR)

The **Jekyll Island - State Park Authority** is a body corporate and politic and an instrumentality and public corporation of the State. The Authority was created to operate and manage resort recreational facilities on Jekyll Island. The Authority includes its component unit, Jekyll Island Foundation, Inc. (NSR)

The **Lake Lanier Islands Development Authority** is a body corporate and politic and an instrumentality and public corporation of the State. The purpose of the Authority is to manage, preserve and protect projects on Lake Lanier Islands. (NSR)

The **North Georgia Mountains Authority** is a body corporate and politic and an instrumentality and public corporation of the State responsible for the construction and management of recreation, accommodation and tourist facilities and services. (NSR)

The **Stone Mountain Memorial Association** is a body corporate and politic and an instrumentality and public corporation of the State. The Authority is responsible for maintenance and operation of Stone Mountain as a Confederate memorial and public recreational area. (<http://stonemountainpark.org/>)

The **Higher Education Foundations and Similar Organizations** are nonprofit organizations established to secure and manage support for various projects including acquisitions and improvements of properties and facilities for units of the University System of Georgia. The following are the organizations included in the Higher Education Foundations (<https://www.usg.edu/>):

- Augusta University Foundation, Inc. and Subsidiaries
- Augusta University Real Estate Corporation, Inc.
- Augusta University Real Estate Foundation, Inc. (formerly known as GHSF)
- Augusta University Research Institute, Inc.
- Georgia Advanced Technology Ventures, Inc. and Subsidiaries
- Georgia Gwinnett College Foundation, Inc. and Subsidiaries
- Georgia Southern University Housing Foundation, Inc.
- Georgia State University Athletic Association, Inc.
- Georgia State University Foundation, Inc.
- Georgia State University Research Foundation, Inc.

 University of West Georgia Real Estate Foundation, Inc.
 Valdosta State University Auxiliary Services Real Estate Foundation, Inc.

Fiduciary Component Units

GAAP requires fiduciary component units to be reported as fiduciary funds of the primary government rather than as discrete component units. In accordance with GAAP, fiduciary funds and component units that are fiduciary in nature are excluded from the government-wide financial statements. The State's two most significant fiduciary component units are ERS and the Teachers Retirement System of Georgia (TRS). Fiduciary component units are detailed in the Fiduciary Funds portion of the Supplementary Information – Combining and Individual Fund Statements category of the Financial Section.

C. Government-wide and Fund Financial Statements

Government-wide Financial Statements

The Statement of Net Position and Statement of Activities display information about the primary government and its component units. These statements include the financial activities of the overall government, except for fiduciary activities. Eliminations have been made to minimize the double-counting of internal activities. Governmental activities, which normally are financed through taxes, intergovernmental revenues, and other non-exchange revenues, are reported separately from business-type activities, which are financed in whole or in part by fees charged to external parties for goods or services. Likewise, the primary government is reported separately from its discretely presented component units.

The Statement of Net Position presents the State's non-fiduciary assets, liabilities and deferred outflows/inflows of resources, with the difference reported as net position. Net position is reported in three categories:

- Net Investment In Capital Assets consists of capital assets, net of accumulated amortization/depreciation and reduced by outstanding balances for bonds, notes and other debt that are attributed to the acquisition, construction or improvement of those assets. In addition, deferred outflows/ inflows of resources that are attributable to the acquisition, construction or improvement of capital assets or related debt are included in Net Investment in Capital Assets. If there are significant unspent related debt proceeds or deferred inflows of resources at the end of the reporting period, the portion of the debt or deferred inflows of resources attributable to the unspent amount are not included.
- Restricted net position results when constraints placed on net position use are either externally imposed by creditors, grantors, contributors, and the like, or imposed by law through constitutional provisions or enabling legislation.

State of Georgia

Notes to the Financial Statements

For the Fiscal Year Ended June 30, 2025

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

- Unrestricted net position consists of net position that does not meet the definition of the two preceding categories. Unrestricted net position often is designated, indicating it is not available for general operations. Such designations have internally imposed constraints on resources, but can be removed or modified.

When both restricted and unrestricted resources are available for use, generally it is the State's policy to use restricted resources first. Other funds not otherwise remitted to the State Treasury, which may be available from restricted or unrestricted net position should be utilized next, prior to the use of State funds.

The Statement of Activities demonstrates the degree to which the direct expense of a given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable within a specific function. Program revenues include (a) charges to customers or applicants who purchase, use, or directly benefit from goods, services or privileges provided by a given function and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other items not meeting the definition of program revenues are instead reported as general revenues.

Fund Financial Statements

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though fiduciary funds are excluded from the government-wide statements. Major individual governmental funds and major individual proprietary funds are reported as separate columns in the fund financial statements. All remaining governmental and proprietary funds are aggregated and reported as nonmajor funds. Internal service funds are also aggregated and reported in a separate column on the proprietary funds financial statements.

D. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to timing of the measurements made, regardless of the measurements focus applied.

The government-wide financial statements and the proprietary and fiduciary fund financial statements are reported using the economic resources measurement focus and the "accrual basis of accounting". Under the accrual basis of accounting, revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of cash flows. Grants and similar items are recognized as revenues in the fiscal year in which eligibility requirements imposed by the provider have been met. Unearned revenue is recorded when cash or other assets are received prior to being earned. Additionally, long-term assets and liabilities, such as capital assets and intangible right-to-use assets and long-term debt, are included on the financial statements.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized when they become earned, measurable and available. "Earned" means substantially accomplished, "measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. For this purpose, the State generally considers taxes and other revenues to be available if the revenues are collected within 30 days after fiscal year-end. An exception to this policy is federal grant revenues, which generally are considered to be available if collection is expected within 12 months after year-end. Unearned revenue reported represents a liability that represents amounts received, but not yet earned, and unavailable revenue represents amounts earned which are not yet available. Capital purchases are recorded as expenditures and neither capital assets, intangible right-to-use assets nor long-term liabilities, such as long-term debt, are reflected on the balance sheet.

State of Georgia

Notes to the Financial Statements

For the Fiscal Year Ended June 30, 2025

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Expenditures generally are recorded when the related fund liability is incurred, as under the accrual basis of accounting. Specifically, under the modified accrual basis of accounting, expenditures are recognized when the related liability is incurred and measurable. However, debt service expenditures, as well as expenditures related to compensated absences, claims and judgments, and other long-term liabilities, are recorded only when payment is due or (for debt service expenditures), when amounts have been accumulated in the debt service fund for payments to be made early in the subsequent fiscal year.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. Operating expenses for enterprise funds and internal service funds include the cost of sales and services, administrative expenses and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

The State's proprietary funds and discretely presented component units, other than certain higher education foundations and similar organizations, follow all GASB pronouncements, (including all National Council on Governmental Accounting (NCGA) Statements and Interpretations currently in effect). Certain higher education foundations and similar organizations report under the Financial Accounting Standards Board (FASB) standards; including FASB Codification Topic 958, *Not-for-Profit Entities*. As such, certain revenue recognition criteria and presentation features are different from GASB revenue recognition criteria and presentation features. The FASB reports were reclassified or reformatted, as applicable, to GASB presentation in these financial statements.

GAAP requires that revenues and expenses relating to summer school activities, the dates of which cross the State's fiscal year, are allocated between fiscal years rather than reported in a single fiscal year with the exception of teachers' salaries which are recorded in the fiscal year earned.

The State reports the following major funds:

Major Governmental Funds

General Fund – The principal operating fund of the State which accounts for all financial resources of the general government, except those required to be accounted for in another fund.

Capital Projects Fund – Accounts for the financial resources to be used for the acquisition and construction of major capital facilities (other than those financed by proprietary funds) financed with general obligation bond proceeds, interest income on investments, appropriations, and cash supplements from State and local agencies as designated for Georgia State Financing and Investment Commission construction projects, including educational facilities for county and independent school systems.

Major Enterprise Funds

Higher Education Fund – Accounts for the operations of State colleges and universities and State technical colleges.

State Health Benefit Plan (SHBP) – Administers self-insured program of health benefits for the employees of units of government of the State, units of county government and local education agencies located within the State.

Unemployment Compensation Fund – Accounts for the collection of employers' unemployment insurance tax and the payment of unemployment insurance benefits.

State of Georgia

Notes to the Financial Statements

For the Fiscal Year Ended June 30, 2025

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Additionally, the State reports the following fund types:

Governmental Funds

Special Revenue Funds – Account for specific revenue sources that are legally restricted to expenditures for specific purposes. The State's special revenue funds represent the blended component units that conduct general governmental functions, along with activities related to the National Opioid Settlement Fund and Transportation Investment Act.

Debt Service Funds – Account for the payment of principal and interest on general long-term debt. The General Obligation Debt Sinking Fund, which is a legally mandated fund responsible for fulfilling annual debt service requirements on all general obligation debt, is included in this fund type, as is the SRTA Debt Service Fund.

Proprietary Funds

Enterprise Funds – Account for those activities for which fees are charged to external users for goods or services. These funds are also used when the activity is financed with debt that is secured by a pledge of the net revenues from fees and charges.

The State's nonmajor enterprise funds are Georgia Higher Education Facilities Authority, Georgia Access Fund, State Employees' Assurance Department and State Road and Tollway Authority.

Internal Service Funds – Account for the financing of goods or services provided by one department or agency to other State departments or agencies, or to other governmental entities, on a cost-reimbursement basis. The predominant participant in internal service fund activity is the primary government. The activities accounted for in the State's internal service funds include risk management, prison industries, property management, technology, and personnel administration.

Fiduciary Funds

Pension and Other Employee Benefit Trust Funds – Account for the retirement systems and plans administered by Employees' Retirement System of Georgia, TRS, and for pension plans administered on behalf of a variety of local government officials and employees. These funds also include those used to report the accumulation of resources for, and payment of other postemployment benefits.

Investment Trust Funds – Account for the external portions of government-sponsored investment pools, including Georgia Fund 1 and Georgia Fund 1 Prime.

Private Purpose Trust Funds – Report resources of all other trust arrangements in which principal and income benefit individuals, private organizations, or other governments. The Auctioneers Education, Research and Recovery Fund, Real Estate Education, Research and Recovery Fund, Subsequent Injury Trust Fund and Tuition Guaranty Trust Fund are reported in this category.

Custodial Funds – Reports fiduciary activities that are not held in a trust or equivalent arrangement that meets specific criteria. ARPA NEU for Local Governments, Child Support Recovery Program, Detainees' Accounts, Flexible Benefits Program, Insurance Premium Tax Collections for Local Governments Fund, Revenue Tax Collections for Local Governments Fund, Survivor Benefit Fund, Student Financial Aid and Support Fund, External Investment Pool, and other miscellaneous custodial funds are reported in this category.

State of Georgia

Notes to the Financial Statements

For the Fiscal Year Ended June 30, 2025

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

E. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources and Net Position/Fund Balances

Cash and Cash Equivalents

Cash and cash equivalents include currency on hand and demand deposits with banks and other financial institutions and short-term, highly liquid investments with maturity dates within three months of the date acquired, such as certificates of deposit, money market certificates and repurchase agreements. Cash and cash equivalents also include the holdings of the Board of Regents short-term fund reported in Proprietary Funds.

Investments

Investments include financial instruments with terms in excess of three months from the date of purchase, certain other securities held for the production of revenue, and land and other real estate held as investments by endowments. Investments are presented at fair value. Changes in the fair value of land and other real estate held as investments by endowments are reported as investment income.

Pooled Investments with State Treasury

The Office of the State Treasurer (OST) manages the Local Government Investment Pool (LGIP) Trust. The LGIP Trust consists of four offerings: Georgia Fund 1 ("GF1"), Georgia Fund 1 Prime ("GF1 Prime"), Georgia Fund 1 Plus ("GF1 Plus") and Georgia Extended Asset Pool Plus ("GEAP Plus") and the LGIP Trust Reserve. For cash flow purposes, amounts reported in the Pooled Investments with State Treasury are considered cash equivalents.

All offerings except for Georgia Fund 1 Prime generally value investments as follows:

- All investments except repurchase agreements, non-negotiable certificates of deposit (CD), direct-issued commercial paper, and other such nonparticipating investments are priced at fair value.
- Repurchase agreements, non-negotiable CD's, direct-issued commercial paper, and other such nonparticipating investments are carried at cost because they are nonparticipating contracts that do not capture interest rate changes in their value.

Georgia Fund 1 Prime carries all investments at amortized cost.

Security transactions are accounted for on a trade date basis which means that the purchases and sales of securities are recorded on the day the trade takes place with a corresponding payable or receivable.

External Investment Pools

The State Depository Board may permit any department, board, bureau or other agency to invest funds collected directly by such organization in short-term time deposit agreements, provided that the interest income of those funds is remitted to the State Treasurer as revenues of the State. As a matter of general practice, however, demand funds of any department, board, bureau or other agency in excess of current operating expenses are required to be deposited with the State Treasurer for the purpose of pooled investment per Official Code of Georgia (OCGA) §50-17-63. Such cash is managed primarily in pooled investment funds to maximize interest earnings. The pooled investment funds "Georgia Fund 1, and "Georgia Fund 1 Prime" are also available on a voluntary basis to

State of Georgia

Notes to the Financial Statements

For the Fiscal Year Ended June 30, 2025

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

organizations outside of the State reporting entity. The funds in the local government investment pool may be consolidated with State funds under control of the State Treasurer for investment purposes, per OCGA § 36-83-8.

Georgia Fund 1 – The (GF1 or the Primary Liquidity Portfolio's) primary objectives are safety of capital, investment income, liquidity and diversification while maintaining principal. It is managed as a stable Net Asset Value (NAV) pool. The Pool operates and reports to participants on an amortized cost basis. The income, gains and losses, net of administration fees of the pool are allocated to participants monthly on the ratio of the participant's share of the total funds in the pool based on the participant's average daily balance. This method differs from the fair value method used to value investments in these financial statements because the amortized cost method is not designed to distribute to participants all unrealized gains and losses in the fair values of the pool's investments. Per the Governmental Accounting Standards Board ("GASB") 79, to qualify for the use of amortized cost accounting for financial reporting purposes, an investment pool must meet all the criteria listed in GASB 79. GF1 is managed as a stable NAV pool but does not comply with all the requirements listed in GASB 79; therefore, the investments of the pool are reported at fair value at fiscal year end.

Georgia Fund 1 Plus – (GF1 Plus) was established on July 1, 2016, and initially funded through redemptions in GF1. It is managed to maintain a stable Net Asset Value (NAV) of \$1.00. For financial reporting purposes, the pool is reported at fair value. GF1 Plus was established as an additional LGIP investment option for the state, state agencies, and eligible municipalities looking to benefit from higher yields available by adding credit exposure.

Georgia Fund 1 Prime - (GF1 Prime) is a new offering under the LGIP Trust in FY24. GF1 Prime offers participants the potential to earn higher yields from the risk of exposure to credit investments. GF1 Prime is intended for local participant's strategic funds that have longer time horizons than that of typical operational funds. GF1 Prime investments are managed by a Fund Manager with full oversight by the Office of the State Treasurer. The fund started with an initial investment of \$500 million on December 4, 2024

GF1 Prime is an LGIP Offering under the LGIP Trust. GF1 Prime is managed by the Fund Manager to maintain a stable NAV of \$.100 and is rated AAmmf by Fitch Ratings. GF1 Prime is available for use by Georgia local governments, authorities, and approved state entities. GF1 Prime may provide a higher investment yield than GF1, due to the inclusion of investment grade credit securities. Due to the risk of exposure from credit investments, GF1 Prime is intended for participants' strategic cash (and not operating or restricted bond funds). As a conservative and liquid investment option for strategic cash, GF1 Prime seeks to minimize the risk of principal loss while offering daily liquidity, a stable NAV, and a competitive rate of return. The State Depository Board (the Board) has authorized the State Treasurer to work with an approved Fund Manager to manage GF1 Prime servicing and investments. OST will oversee servicing and investments by this entity to ensure compliance with investment policies, GF1 Prime Investment Guidelines, and accomplishment of investment performance expectations. The Board has selected a Fund Manager to provide LGIP servicing and investment services for GF1 Prime. Due to the inclusion of credit investment instruments in GF1 Prime, mandatory training will be required for certain staff of participant entities in the fund. GF1 Prime is managed to comply with the requirements listed in GASB No. 79, and the investments of the offering are reported at amortized cost.

Georgia Extended Asset Pool Plus – (GEAP Plus) was established on July 1, 2018 as an investment for the OPEB Trust funds. As of June 30, 2025, GEAP Plus consists of four individual Target Maturity Portfolios (TMPs). As of June 30, 2025, originally purchased securities for one TMP matured. The remaining three TMP maturities ranged from six months to eighteen months. Participants may invest in any

State of Georgia

Notes to the Financial Statements

For the Fiscal Year Ended June 30, 2025

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

new TMP offerings. Each TMP is managed to provide principal and income at maturity consistent with maintaining preservation of principal if held to maturity. The participant account values and yields are determined by using the amortized cost valuation method. Securities are initially valued at cost.

Thereafter, discounts are accreted, and premiums are amortized to maturity, regardless of the impact of changes in interest rates on the market value of securities. All earned interest is reinvested within each respective TMP. The investments of GEAP Plus are reported at fair market value at fiscal year-end.

Other Investments

The State's Unemployment Compensation Fund monies are required by the Social Security Act to be invested in the U.S. Department of Treasury, Bureau of Public Debt Unemployment Trust Fund (BPDUTF), which is not registered with the Securities and Exchange Commission. The fair value of the position in the BPDUTF is the same as the value of the BPDUTF shares.

Receivables

Receivables in the State's governmental funds pertain primarily to the accrual of taxes, as well as to federal grants and to revenues related to charges for services. Receivables in all other funds have arisen in the ordinary course of business. Receivables are recorded, net of an allowance for uncollectible accounts, when either the asset or revenue recognition criteria (See Note 1-D) have been met. Receivables from the federal government are reasonably assured; an allowance for uncollectible accounts is not typically established for federal receivables. In the governmental fund financial statements, the portion considered "available" is recorded as revenue; the remainder is recorded as a deferred inflow of resources.

Inventories and Prepaid Items

Inventories of supplies and materials are determined by physical count and/or perpetual inventory records and are valued at cost, weighted average cost, moving average cost, or lower of weighted average cost or market, using the first-in/first-out (FIFO) method, depending on the individual organization's preference. The costs of governmental fund inventories are recorded as expenditures when consumed rather than when purchased for larger agencies and agencies with material inventories. Other agencies may use either the purchase or consumption method.

Prepaid items include payments made to vendors and local government organizations for services that will benefit periods beyond the fiscal year-end. Also, the employer's portion of health insurance benefits applicable to coverage effective after the fiscal year-end is recorded as a prepaid item.

The fund balance of governmental funds is reported as nonspendable for inventories and prepaid items to indicate that these amounts do not represent expendable available financial resources.

Restricted Assets

Certain cash and cash equivalents, investments, and other assets are classified as restricted assets on the Balance Sheet and/or Statement of Net Position because their use is limited by applicable bond covenants, escrow arrangements or other regulations.

Capital Assets

Capital assets of governmental funds are recorded as expenditures at the time of purchase and capitalized in the governmental activities column of the government-wide Statement of Net Position. Capital assets of the State's

State of Georgia

Notes to the Financial Statements

For the Fiscal Year Ended June 30, 2025

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

proprietary funds and component units are capitalized in the fund in which they are utilized. Capital assets are stated at historical cost or, in some instances, estimated historical cost. Estimation methods include using historical sources to determine the cost of similar assets at the time of acquisition and indexing where the historical cost of an asset is estimated by taking the current cost of a similar asset and dividing it by an index figure which adjusts for inflation. Donated capital assets are stated at acquisition value at the time of donation and disposals are removed at recorded cost. Infrastructure and intangible assets, as defined by the State's policy, acquired after June 30, 1980, are reported.

All acquisitions in the following asset categories are capitalized regardless of cost:

- Land and non-depreciable land improvements
- Bridges and roadways included in the State highway system
- Works of art and collections, acquired or donated (unless held for financial gain)

Amounts for other asset categories are capitalized when the cost or value equals or exceeds the following thresholds. Items acquired through capital or donations are subject to these capitalization thresholds, using the classifications most closely related to the leased or donated assets.

Asset Category	Threshold
Infrastructure other than bridges and roadways in State highway system	\$ 1,000,000
Software	\$ 1,000,000
Intangible assets, other than software	\$ 100,000
Buildings and building improvements	\$ 100,000
Improvements other than buildings	\$ 100,000
Library collections – capitalize all if collection equals or exceeds	\$ 100,000
Machinery and equipment	\$ 10,000

The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives is not capitalized. The State holds certain assets such as works of art, historical documents, and artifacts that have not been capitalized or depreciated because either they are held for financial gain or they are protected and preserved for exhibition, education, or research and are considered to have inexhaustible useful lives. Major outlays for construction of bridges and roadways in the State highway system are capitalized as projects are constructed. All other major construction projects are capitalized when projects are completed. Interest incurred during construction is not capitalized in governmental funds.

Capital assets are depreciated over their useful lives using the straight-line depreciation method. The government-wide, proprietary fund and component unit financial statements report depreciation expense. Capital assets without indefinite or inexhaustible useful lives are generally amortized or depreciated on the straight-line basis over the following useful lives:

State of Georgia

Notes to the Financial Statements

For the Fiscal Year Ended June 30, 2025

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Infrastructure	10-100 years
Buildings and building improvements	5-60 years
Improvements other than buildings	15-50 years
Machinery and equipment	3-20 years
Software	3-10 years
Intangible assets, other than software	20 years
Library collections	10 years
Works of art and collections	5-40 years

Deferred Outflows of Resources

In addition to assets, the government-wide and fund financial statements will sometimes report a separate section of deferred outflows of resources. This separate financial statement element represents a consumption of net assets or fund balance that applies to future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then.

Local Education Agencies Payables

Local Education Agencies Payables are comprised of balances due to the local school districts related to federal and state grants and also includes the accrual for teacher's salary for the portion that is earned as of year-end, but not paid until the following fiscal year.

Policy Claims and Uninsured Liabilities

Policy claims liabilities are for insurance claims incurred prior to the reporting date and are based on actuarial estimates; however, policy claims liabilities for Unemployment Insurance are for claims filed as of the reporting date. See Note 17 (Risk Management) for additional information about policy claims liabilities.

Compensated Absences

The liability for compensated absences is accrued for the estimated value of leave payments (e.g., for vacation, holiday deferrals, FLSA compensatory time, sick leave, etc.) using pay rates in effect at the end of the fiscal year. When determining the liability, leave is considered taken on a first in, first out (FIFO) basis. It is also reported for financial statement purposes for any unused or unsettled balances. The liability and expense incurred are recorded at the end of the fiscal year in the Statement of Net Position, and as a component of compensation and benefit expense in the Statements of Revenues, Expenses and Changes in Net Position.

Full-time employees earn annual leave ranging from 10 to 14 hours each month depending upon the employee's length of continuous State service with a maximum accumulation of 360 hours. Employees are paid for unused accumulated annual leave upon retirement or termination of employment. Funds are provided in the appropriation of funds each fiscal year to cover the cost of annual leave of terminated or retired employees.

Employees earn 10 hours of sick leave each month with a maximum accumulation of 720 hours. Sick leave does not vest with the employee. Unused accumulated sick leave is forfeited upon retirement or termination of employment. However, certain employees who retire with 120 days or more of forfeited annual and sick leave are entitled to additional service credit in ERS. A liability has been recorded for the amount of sick leave earned for services previously rendered by the employee that is more likely than not to be used as time off while employed.

State of Georgia

Notes to the Financial Statements

For the Fiscal Year Ended June 30, 2025

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Overtime for non-exempt employees is governed by the provisions of the Fair Labor Standards Act (FLSA). Overtime worked by non-exempt employees will normally be credited as FLSA compensatory time at a rate of one and one-half hours of compensatory time for each hour of overtime worked. Employees receive pay for overtime in lieu of FLSA compensatory time as provided in statewide policy or upon exceeding the accumulation limits of FLSA compensatory time and upon separation from employment.

Long-term Obligations

Long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities column or business-type activities column on the government-wide Statement of Net Position and on the proprietary fund Statement of Net Position in the fund financial statements. Bond discounts and premiums are deferred and amortized over the life of the bonds using a method that approximates the effective interest method or the straight-line method. Bonds payable are reported net of the unamortized bond premium or discount. Bond issuance costs are recognized during the current period.

In the fund financial statements, governmental funds recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Principal and interest payments on long-term debt usually should be reported as expenditures under the modified accrual basis of accounting when due. When notes and loans payables become due and payable the liabilities are recorded in the fund from which payment will be made. When bonds or notes are a direct obligation and/or expected to be repaid from proprietary resources, they are recorded as a liability of the proprietary fund at face value.

The *Tax Reform Act of 1986* requires governmental organizations issuing tax-exempt bonds to refund to the U.S. Treasury, interest earnings on bond proceeds in excess of the yield on those bonds. Governmental organizations must comply with arbitrage rebate requirements in order for their bonds to maintain tax-exempt status. Organizations are required to remit arbitrage rebate payments for non-purpose interest to the federal government at least once every five years over the life of the bonds. Arbitrage liability, if applicable, is treated as an expense in the government-wide statements when the liability is recognized. In the fund financial statements, governmental funds report arbitrage (other debt service) expenditures when the liability is due.

Pollution remediation obligations are recorded when the State knows that a site is polluted and one or more obligating events have occurred. The amount recorded is an estimate of the current value of potential outlays for the cleanup, calculated using the “expected cash flows” measurement technique.

Intangible Right-To-Use Assets

The State has both leases under which it is obligated as a lessee and leases for which it is a lessor. The State leases certain academic spaces, administrative offices, and equipment under lease agreements. Leases, as a lessee, are included in intangible right-to use assets and lease obligations on the Statement of Net Position. Financed leases, which transfer ownership, are included in capital assets and notes payable on the Statement of Net Position.

An intangible right-to-use asset represents the State’s right to use an underlying asset for the lease term. Lease obligations represent the State’s liability to make lease payments arising from lease agreements. Intangible right-to-use assets and lease obligations are recognized based on the present value of lease payments over the lease term,

State of Georgia

Notes to the Financial Statements

For the Fiscal Year Ended June 30, 2025

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

where the initial term exceeds twelve months. Residual value guarantees and the value of an option to extend or terminate a lease are reflected to the extent it is reasonably certain to be paid or exercised. Variable payments based on future performance or usage are not included in the measurement of the lease obligation. Intangible right-to-use assets are amortized using a straight-line basis over the shorter of the lease term or useful life of the underlying asset.

The State is a lessor for non-cancelable leases of land and land improvements, buildings, and equipment. Rental income arising from leases as a lessor is included as a receivable and deferred inflow of resources at the commencement of the lease and revenue is recognized on a straight line basis over the lease term.

At the commencement of a lease, the State initially measures the lease receivable at the present value of payments expected to be received during the lease term. Subsequently, the lease receivables are reduced by the principal portion of lease payments received. The deferred inflow of resources for deferred lease receipts is initially measured as the initial amount of the lease receivable, adjusted for lease payments made at or before the lease commencement date, less certain costs paid to or reimbursed to the lessee.

Key estimates and judgments include how the State determines (1) the discount rate it uses to discount the expected lease receipts to present value, (2) lease term, and (3) lease receipts:

- The State uses its estimated incremental borrowing rate as the discount rate for leases, unless specifically identified in the lease.
- The lease terms include the non-cancelable periods of the leases. Lease receipts included in the measurement of the lease receivables are composed of fixed payments the State will receive over the lease term.
- The State monitors changes in circumstances that would require a remeasurement of its leases, and will remeasure the lease receivables and deferred inflows of resources if certain changes occur that are expected to significantly affect the amounts of the lease receivables.

Governmental funds recognize periodic payments on leases as expenditures in the period incurred. State organizations reported as governmental funds are also recording other financing sources and capital outlay expenditures for the net present value of the minimum lease payments. This applies in the initial year of the lease term only. Principal amounts of lease payments due within 12 months are recorded as a current liability. As a lessor, governmental funds should report a lease receivable and deferred inflow of resources at inception of the lease and periodic lease payments are recorded as revenue and a reduction to the lease receivable.

Proprietary funds, fiduciary funds, component units using the accrual basis, and the government-wide financial statements are reporting capital assets as well as long and short-term payables on the statement of net position. Therefore, for leases, an intangible right-to-use asset and lease obligation are recorded at inception of the lease and periodic lease payments are recorded as interest expense and a reduction to the lease obligation. Additionally, amortization expense related to the leased intangible right-to-use asset are recorded.

The State also entered into certain subscription-based agreements to use vendor-provided information technology (IT). Subscription-based information technology arrangements (SBITAs) result in an intangible right-to-use asset and a subscription obligation on the Statement of Net Position. The State capitalizes SBITA items greater than \$100,000 over the subscription term and the initial term exceeds 12 months. A SBITA is defined as a contract that conveys control of the right to use another party's (a SBITA vendor's) information technology (IT) software, alone or in combination with tangible capital assets (the underlying IT assets), as specified in the contract for a period of time in an exchange or exchange-like transaction.

State of Georgia

Notes to the Financial Statements

For the Fiscal Year Ended June 30, 2025

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Deferred Inflows of Resources

In addition to liabilities, the government-wide and fund financial statements will sometimes report a separate section for deferred inflows of resources. This separate financial statement element represents an acquisition of net assets or fund balance that applies to future period(s) and so will not be recognized as an inflow of resources (revenue) until that time.

Net Position

The difference between assets, deferred outflows of resources, liabilities and deferred inflows of resources is “Net Position” on the government-wide, proprietary fund and fiduciary fund financial statements.

Net position is reported as net investment in capital assets, restricted or unrestricted. “Net Investment in Capital Assets” consists of capital assets and intangible right-to-use assets, net of accumulated amortization/depreciation and reduced by outstanding balances for bonds, notes and other debt that are attributed to the acquisition, construction or improvement of those assets. In addition, deferred outflows of resources and deferred inflows of resources that are attributable to the acquisition, construction or improvement of capital assets or related debt are included in Net Investment in Capital Assets. If there are significant unspent related debt proceeds or deferred inflows of resources at the end of the reporting period, the portion of the debt or deferred inflows of resources attributable to the unspent amount are not included.

Restricted net position results when constraints placed on net position use are either externally imposed by creditors, grantors, contributors, and the like, or imposed by law through constitutional provisions or enabling legislation.

Unrestricted net position consists of net position that does not meet the definition of the two preceding categories may be designated, indicating it is not available for general operations. Such designations have internally imposed constraints on resources, but can be removed or modified.

When both restricted and unrestricted net position are available for use, it is the State’s policy to first utilize federal funds available from restricted net position. Other funds not otherwise remitted to the State Treasury, which may be available from restricted or unrestricted net position should be utilized next, prior to the use of State funds.

Fund Balances

Generally, fund balance represents the difference between the assets, deferred outflows of resources, liabilities and deferred inflows of resources under the current financial resources measurement focus of accounting. In the fund financial statements, governmental funds report fund balance classifications that comprise a hierarchy based primarily on the extent to which the government is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. Fund balances are classified as follows:

Nonspendable – Fund balances are reported as nonspendable when amounts cannot be spent because they are either (a) not in spendable form (i.e., items that are not expected to be converted into cash) or (b) legally or contractually required to be maintained intact, such as inventory, prepaid items, and the principal in a permanent fund.

Restricted – Fund balances are reported as restricted when there are limitations imposed on their use either through constitutional provisions or enabling legislation adopted by the State or through the external restrictions imposed by creditors, grantors or laws or regulations of other governments.

State of Georgia

Notes to the Financial Statements

For the Fiscal Year Ended June 30, 2025

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Committed – Fund balances are reported as committed when they can be used only for specific purposes pursuant to constraints imposed by formal actions of both the Governor and the General Assembly. The Georgia Legislature and Governor represent the State’s highest level of decision-making authority. Formal action consists of legislation passed by both the House and Senate and signed by the Governor and is required to establish, modify or rescind a limitation.

Assigned – Fund balances are reported as assigned when amounts are constrained by the State’s intent that they be used for specific purposes, but they are neither restricted nor committed. Assignments may be made under statutory authority of management of the reporting organizations in the State.

Unassigned – The residual amount of fund balance is reported as unassigned for balances that do not meet the above constraints. The government reports positive unassigned fund balance only in the general fund. Negative unassigned fund balances may be reported in all funds.

As with net position, when both restricted and unrestricted (committed, assigned, unassigned) fund balances are available for use, it is the State’s policy to first utilize federal funds available from restricted fund balance. Other funds not otherwise remitted to the State Treasury, which may be available from restricted, committed or assigned fund balance should be utilized next, prior to the use of State funds when expenditures are incurred for purposes for which amounts in any of those funding sources could be used. Within unrestricted fund balance, after the above consideration of funding source, the State’s policy is that committed amounts generally should be reduced first, followed by assigned amounts and then unassigned amounts when expenditures are incurred for purposes for which amounts in any of those unrestricted fund balance classifications could be used.

Interfund Activity and Balances

Equally offsetting asset and liability accounts (due from/to other funds) are used to account for amounts owed to a particular fund by another fund for obligations on goods sold or services rendered.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements with the exception of activities between governmental activities and business-type activities. In the fund financial statements, transfers represent flows of assets without equivalent flows of assets in return or requirements for repayment.

In addition, transfers are recorded when a fund receiving revenue provides it to the fund which expends the resources. Transfers of balances between funds are made to accomplish various provisions of law.

Interfund payables and receivables have been eliminated from the Statement of Net Position except for amounts due between governmental and business-type activities. These amounts are reported as internal balances on the Statement of Net Position.

State of Georgia

Notes to the Financial Statements For the Fiscal Year Ended June 30, 2025

NOTE 2 - CHANGES IN FINANCIAL ACCOUNTING AND REPORTING

A. Implementation of New Accounting Standards

In fiscal year 2025, the State implemented the following GASB Statements:

In June 2022, the GASB issued GASB Statement No. 101, Compensated Absences. The objective of this Statement is to better meet the information needs of financial statement users by updating the recognition and measurement guidance for compensated absences. That objective is achieved by aligning the recognition and measurement guidance under a unified model and by amending certain previously required disclosures. The adoption of this statement does not have a significant impact on the financial statements.

In December 2023, the GASB issued GASB Statement No. 102, Certain Risk Disclosures. The objective of this statement is to provide users of financial statements with essential information about risks related to the government's vulnerabilities due to certain concentrations or constraints. The adoption of this statement does not have a significant impact on the current year financial statements. An evaluation of risk will be performed annually and reported, as applicable.

There are no material changes in financial accounting and reporting to report in fiscal year 2025.

State of Georgia

Notes to the Financial Statements For the Fiscal Year Ended June 30, 2025

NOTE 3 - FUND BALANCE AND NET POSITION

A. Fund Balances

The specific purposes of the governmental funds fund balances, classified as other than unassigned, at June 30, 2025 are as follows (amounts in thousands):

	General Fund	Capital Projects Fund	Nonmajor Governmental Funds	Total

State of Georgia

Notes to the Financial Statements

For the Fiscal Year Ended June 30, 2025

NOTE 3 - NET POSITION AND FUND BALANCES (continued)

B. Restricted Net Position

The State's net position restricted by enabling legislation represents resources which a party external to a government, such as citizens, public interest groups, or the judiciary, can compel the government to use only for the purpose specified by the legislation. The government-wide Statement of Net Position reports \$14.7 billion of restricted net position.

C. Deficit Net Position

The business-type activities of the State ended the year with an unrestricted net position deficit of \$4.5 billion, which is primarily due to the recognition of net pension and OPEB liabilities, as well as various debt related items. Items of note regarding this deficit balance are as follows:

- GASB 68, as related to pensions, required the State to recognize its proportionate share of the net pension liability of the pension plans applicable to said standard. As of June 30, 2025, the liability resulted in a \$3.6 billion impact to unrestricted net position.
- GASB 75, as related to OPEB, required the State to recognize its proportional share of the net OPEB liability of the OPEB plans applicable to said standard. As of June 30, 2025, the liability resulted in a \$4.0 billion impact to unrestricted net position.
- The State Road and Tollway Authority's deficit of \$197.9 million in unrestricted net position of business-type activities is primarily a result of \$367.4 million in outstanding balance for the Series 2021AB Guaranteed Revenue Bonds. Secured in July 2021, this financing provided defeasance of previous balances for the I-75 Northwest Corridor project TIFIA loan and the I-75S express lanes transportation revenue bonds, along with providing funding for ongoing capital needs for the authority.
- The unrestricted deficit balance of the primary government however has been adjusted for the governmental activities outstanding debt balances related to capital assets reported in business-type activities in the amount of \$3.1 billion, which is reflected in net investment in capital assets.

Total Cash and Investments	\$ 216,755,382	\$ 14,300,965	\$ 231,056,347

A. Deposits

Deposits include certificates of deposit and demand deposit accounts. The State Depository Board (Board) has authority to determine collateral requirements for State demand deposit accounts. Beginning in October 2008, in response to the U.S. financial crisis, the Board required all uninsured State deposits to be fully collateralized until September 2012. Its investment policy was amended to permit the Office of the State Treasurer (OST) to diversify its portfolio to include investments in deposit agreements that are with highly rated U.S. banks classified to be low or very low risk, as measured by the OST counterparty risk assessment model.

State of Georgia

Notes to the Financial Statements

For the Fiscal Year Ended June 30, 2025

NOTE 4 - DEPOSITS AND INVESTMENTS (continued)

The Board permits OST to invest in deposit agreements in approved banks as an alternative to purchasing commercial paper and corporate notes issued by highly rated U.S. banks because of the clear preference of all depositor claims, insured and uninsured, over general creditors. OST has been advised that there is a clear and significant difference in favor of deposits over commercial paper in the event of insolvency or liquidation of a U.S. bank thus, OST gives preference to interest-bearing demand deposits due to both a preference in safety of capital and daily liquidity. For any single financial institution, investments deposit agreements, in approved banks that are not collateralized or secured as described below, together with purchases of commercial paper, cannot exceed 5% of total portfolio assets invested by OST.

Other than the deposit agreements referenced above, State demand deposits, time deposits and other certificates of deposit must be secured by eligible collateral, a Federal Home Loan Bank letter of credit, or a surety bond approved by the Board. There are currently no issuers of surety bonds that have been approved by the Board. Eligible collateral includes any one or more of the following securities as enumerated in OCGA § 50-17-59:

- 1) Bonds, bills, certificates of indebtedness, notes or other direct obligations of the United States or of the State.
- 2) Bonds, bills, certificates of indebtedness, notes or other obligations of the counties or municipalities of the State.
- 3) Bonds of any public authority created by the laws of the State, providing that the statute that created the authority authorized the use of the bonds for this purpose, the bonds have been duly validated and they are not in default.
- 4) Industrial revenue bonds and bonds of development authorities created by the laws of the State, for which bonds have been duly validated and they are not in default.
- 5) Bonds, bills, certificates of indebtedness, notes or other obligations of a subsidiary corporation of the U.S. Government, which are fully guaranteed, both as to principal and interest and debt obligations issued, or securities guaranteed by the Federal Land Bank, the Federal Home Loan Bank, the Federal Intermediate Credit Bank, the Central Bank for Cooperatives, the Farm Credit Banks, the Federal Home Loan Mortgage Corporation and the Federal National Mortgage Association.

The Board is authorized in OCGA § 50-17-58 to allow agencies of the State the option of exempting demand deposits from the collateral requirements. Currently, the Board has only authorized OST to waive collateral on special accounts approved by the Board, as referenced above, in accordance with its investment policy. The Board requires all other State demand deposits, time deposits and certificates of deposits to be collateralized in an amount equal to and not less than 110% of any deposit not insured by the FDIC. In addition, the Board instituted a requirement to limit total State deposits at any State depository to not exceed 100% of the depository's equity capital. The Board may temporarily increase the total State deposit limit at any State depository to 125% of equity capital to allow for fluctuation in demand deposit balances. Credit unions are not authorized to serve as State depositories.

State of Georgia

Notes to the Financial Statements

For the Fiscal Year Ended June 30, 2025

NOTE 4 - DEPOSITS AND INVESTMENTS (continued)

Custodial Credit Risk – Deposits

The custodial credit risk for deposits is the risk that, in the event of a bank failure, the State's deposits may not be recovered. The OST Investment Policy specifies safety of capital as the first priority in investing funds and liquidity as the second priority, followed by investment return and diversification. In adherence to these objectives, OST maintains balances in deposit agreements in approved banks for investment unless commercial paper issued by those financial institutions offers a risk-adjusted advantage. OST closely monitors the credit of U.S. banks having deposit agreements.

Beginning in 2018, the Board implemented the Secure Deposit Program (SDP), a multi-bank pledging pool. The SDP requires participating banks that accept public deposits in Georgia to operate under the policy and procedures of the program. The State Treasurer sets the collateral requirements and pledging level for each covered depository. There are four tiers of collateralization levels specifying percentages of eligible securities to secure covered Deposits: 25%, 50%, 75%, and 110%. The SDP also provides for collateral levels to be increased to amount of up to 125% if economic or financial conditions warrants. The program lists the type of eligible collateral. The State Treasurer approves authorized custodians.

In accordance with the SDP, if a covered depository defaults, losses to public depositors are first satisfied with any applicable insurance, followed by demands of payment under any letters of credit or sale of the covered depository's collateral. If necessary, any remaining losses are to be satisfied by assessments made against the other participating covered depositories. Therefore, for disclosure purposes, all deposits of participants in the SDP are considered to be fully insured.

At June 30, 2025, bank balances of the primary government and its component units' deposits not included in the SDP totaled \$3.9 billion. It includes balances reported in fiduciary funds other than Pension and Other Employee Benefit Trust Funds as these balances are not separable from the holdings of the primary government. Of these bank balances, \$461.5 million were exposed to custodial credit risk as follows (amounts in thousands):

	Primary Government and Fiduciary Funds	Component Units	Total
Uninsured and uncollateralized	\$ 69,484	\$ 159,766	\$ 229,250
Uninsured and collateralized with securities held by the pledging financial institutions	905	41,773	42,678
Uninsured and collateralized with securities held by the pledging institutions' trust departments or agents, but not in the State's name	—	189,571	189,571
Total deposits exposed to custodial credit risk	\$ 70,389	\$ 391,110	\$ 461,499

The carrying amounts of deposits of certain higher education foundations which utilize FASB standards were \$501.2 million. These deposits are not included in the balances reflected above. Total SDP balance for the primary government and its component units' is \$1.9 billion.

State of Georgia

Notes to the Financial Statements

For the Fiscal Year Ended June 30, 2025

NOTE 4 - DEPOSITS AND INVESTMENTS (continued)

B. Investments

Investment Policies

Primary Government

The predominant portions of the primary government's investments are managed by OST and the University System of Georgia (USG). OST's and USG's investment policies are therefore presented as the investment policies of the primary government.

The State Depository Board has adopted two investment policies to govern State investments:

- 1) The Investment Policy for the Office of the State Treasurer (OST Investment Policy) dictates investment of assets managed by OST.
- 2) The Investment Policy for Approved State Investment Accounts (Investment Policy for Approved Agency Accounts) governs investments managed by organizations other than OST.

OST Investment Policy

OST is the only organization approved by the Board to invest funds pursuant to the OST Investment policy. The State Treasurer shall invest all funds with the degree of judgment and care, under circumstances then prevailing, which persons of prudence, discretion, and intelligence exercise in the management of their own affairs, not for speculation, but for investment. OST is to invest all funds prudently, considering first, the probable safety of capital and then probable income, while meeting daily cash flow requirements and conforming to all statutes governing the investment of public funds.

OST is authorized to invest in securities and other investments as permitted in OCGA § 36-83-2, § 36-83-4, § 50-5A-7, § 50-17-2, § 50-17-27 and § 50-17-63. Authorized investments are subject to certain restrictions pursuant to the OST Investment Policy and specific guidelines for the individual portfolios managed by OST. Authorized investments and related restrictions and guidelines are described below:

- a) Repurchase agreements – Repurchase agreements and reverse repurchase agreements may be transacted with authorized institutions that are rated investment grade by one or more nationally recognized rating agency or are determined by the Treasurer to have adequate capital and liquidity, with maximum exposure per institution determined by the Treasurer and adjusted as needed due to the financial condition of such institutions, the size of the OST investment portfolios, and in accordance with the OST counterparty risk assessment model. Repurchase agreements must be collateralized by obligations of the United States and its subsidiary corporations and instrumentalities or entities sanctioned or authorized by the United States government or other securities authorized for investment by the Treasurer in subsection (b) of Code of Section 50-17-63. Collateral comprised of obligations of the United States and its subsidiary corporations and instrumentalities or entities sanctioned or authorized by the United States government must have a market value of at least 102% of the investment and other eligible collateral must have a market value of 105% of the investment. Collateral must be held by a third party custodian approved by the Treasurer and marked-to-market daily. Exceptions to the requirements for third party custody of collateral or collateral requirements may be approved by the Treasurer for authorized institutions if necessary on occasion. All counterparties, and exceptions to

State of Georgia

Notes to the Financial Statements

For the Fiscal Year Ended June 30, 2025

NOTE 4 - DEPOSITS AND INVESTMENTS (continued)

custody and collateral requirements shall be reported by the Treasurer to the State Depository Board. All reverse repurchase agreements shall be approved in advance by the Treasurer.

- b) Certificates of deposit (CD's) – The maximum term of CD's shall not exceed five years. OST shall not place funds in non-negotiable CD's at any depository if such placement of funds will result in total state deposits at such depository in excess of 100% of total equity capital. Provided, however, that the Treasurer may authorize placement of funds in CD's at a depository if such placement of funds will result in total state deposits not to exceed 125% of total equity capital on an as needed basis to allow for fluctuations in demand deposit balances. All CD's must be fully insured by the FDIC or secured by collateral permitted by statute. Surety bonds acceptable as security for CD's shall require approval by the State Depository Board with such credit constraints or limitations it determines. Pledged securities shall be held by a third party custodian approved by OST. Pledged securities shall be marked-to-market at least monthly with depositories required to initially pledge to OST, and thereafter maintain upon notification or any shortfall, collateral having a market value equal to 110% of CD's or be secured through the Georgia multibank pledging pool program (Secure Deposit Program) with "Required Collateral" as defined therein.
- c) Commercial paper (CP) – CP issued by domestic corporations carrying ratings no lower than P-1 by Moody's Investors Service and A-1 by Standard & Poor's Corporation, in an amount, including the balance of any bank deposit held for investment purposes described in (d) (4), below, that does not exceed 5% of portfolio assets for any single issuer.
- d) Bank deposits held for investment purposes (formerly referred to as negotiated investment deposit agreements). – Deposit agreements with banks that are (1) secured by collateral permitted by statute, held by a third party custodian, marked-to-market daily, and having a market value equal to or exceeding 110% of the deposit; (2) secured through the Georgia multibank pledging pool program (Secure Deposit Program) with "Required Collateral" as defined therein; (3) fully secured by a letter-of-credit issued by a Federal Home Loan Bank; (4) fully secured by a surety bond issued by a financial institution approved by the State Depository Board; (5) fully insured by the FDIC; or, (6) subject to funds being available upon demand, with U.S. banks carrying ratings no lower than P-2 by Moody's Investors Service or A-2 by Standard & Poor's Corporation, are determined by the Treasurer to have adequate capital, with maximum exposure per institution determined by the Treasurer and adjusted as needed due to the financial condition of such institutions, the size of the OST investment portfolios, and in accordance with the OST counterparty risk assessment model in an amount, including any CP issued by the respective financial institution held for investment by OST, that does not exceed 5% of portfolio assets for any single institution.
- e) Prime bankers acceptances – Bankers acceptances must carry the highest rating assigned to such investments by a nationally recognized rating agency.
- f) Obligations issued by this state or its agencies or other political subdivisions of this state. Such investments, if meeting statutory investment requirements, may be approved for investment by the Treasurer with the requirement that they are of high credit quality and are reported to the State Depository Board.
- g) Obligations of corporations – Obligations of domestic corporations including notes, bonds, negotiable CD's, and other marketable securities must be rated investment grade or higher by a nationally recognized rating agency.

State of Georgia

Notes to the Financial Statements

For the Fiscal Year Ended June 30, 2025

NOTE 4 - DEPOSITS AND INVESTMENTS (continued)

- h) Obligations issued by the government of any foreign country – Direct obligations of the government of any foreign country must be rated A or higher by a nationally recognized rating agency.
- i) International Bank for Reconstruction and Development or the International Financial Corporation – Obligations issued, assumed, or guaranteed by the International Bank for Reconstruction and Development or the International Financial Corporation must be rated A or higher by nationally recognized rating agency.
- j) Georgia Fund 1 (GF1), Georgia Fund 1 Prime (GF1 Prime), Georgia Fund 1 Plus (GF1 Plus), Georgia Extended Asset Pool Plus (GEAP Plus), and any other funds comprising the local government investment pool in amounts necessary for prudent diversification, liquidity, and investment income.
- k) Asset-backed securities – Pursuant to OCGA § 50-5A-7(b), asset-backed securities rated AAA, having broad liquidity reflecting at least \$350 million of outstanding issuance and issued by an underlying credit rated A3/A or higher by Standard and Poor's Corporation or Moody's Investor Service.
- l) Commercial mortgage-backed securities – Pursuant to OCGA § 50-5A-7(b), commercial mortgage-backed securities rated AAA by Standard and Poor's Corporation or Moody's Investors Service.
- m) Such other limitations as determined by the Treasurer to be necessary for the preservation of principal, liquidity, or marketability of any of the portfolios, including allowing investment in any single issuer of CP as described in (c) above or bank deposits held for investment purposes as described in (d) above to temporarily exceed 5% for a period not to exceed 10 business days to allow for efficient investment of accounts experiencing significant fluctuation of balances.

Investment Policy for Approved Agency Accounts

The OST Investment Policy does not authorize organizations other than OST to invest funds. OCGA § 50-17-63(a) requires all demand funds held by any State organization to be deposited in accounts at State depositories approved by the Board. In the alternative, with prior approval of the Board, a state entity may be permitted to invest in time deposits, other permitted investments and any interest income from the invested funds must be remitted to the Treasurer as revenues of the State unless specific statutes provide otherwise. Therefore, the Board adopted the Investment Policy for Approved State Agency Investment Accounts to govern investment activity in accounts approved by the Board other than investments managed or overseen by OST or “excluded entities”. These “excluded entities” include, but are not limited to, the Georgia Higher Education Savings Plan, USG, the Employees’ Retirement System (ERS), Teachers Retirement System of Georgia (TRS), and the Georgia Lottery Corporation. Only organizations that are approved by the Board to establish and maintain investment accounts may rely on the Investment Policy for Approved Agency Accounts to invest funds. As of June 30, 2025, no State organizations had received Board approval to establish investment accounts governed by the Investment Policy for Approved Agencies.

Board of Regents Investment Policies

The USG serves as fiscal agent for various units of the University System of Georgia and affiliated organizations. The USG pools the monies of these organizations with the USG’s monies for investment purposes. The investment pool is not registered with the SEC as an investment company. The fair value of the investments is determined daily. The pool does not issue shares. Each participant is allocated a pro rata share of each pooled investment fund balance at fair value along with a pro rata share of the pooled fund’s investment returns.

State of Georgia

Notes to the Financial Statements

For the Fiscal Year Ended June 30, 2025

NOTE 4 - DEPOSITS AND INVESTMENTS (continued)

The USG maintains investment policy guidelines for each pooled investment fund that is offered to qualified University System participants. These policies are intended to foster sound and prudent responsibility each institution has to the citizens of Georgia and which conforms to the Board of Regents investment policy. All investments must be consistent with donor intent, Board of Regents policy, and applicable Federal and state laws.

Units of the University System of Georgia and their affiliated organizations may participate in the Pooled Investment Fund program. The overall character of the pooled fund portfolio should be one of above average quality, possessing at most an average degree of investment risk. The Board of Regents' pooled investment fund options are described below:

- 1) Short-Term Fund - The Short-Term Fund is available to both University System of Georgia institutions and their affiliated organizations. The Fund provides a current return and stability of principal while affording a means of overnight liquidity for projected cash needs. Investments are in securities allowed under OCGA § 50-17-59 and § 50-17-63. The average maturities of investments in this fund will typically range between daily and four years, and the fund will typically have an overall average duration of 9 months to 1 year. The overall character of the portfolio is of Agency quality, possessing a minimal degree of financial risk. The market value of the Short Term Fund at June 30, 2025 was \$754.6 million, of which 100% was invested in debt securities. The Effective Duration of the Fund is 1.03 years.
- 2) Legal Fund - The Legal Fund is available to both University System of Georgia institutions and their affiliated organizations. The Fund provides an opportunity for greater return and modest principal growth to the extent possible with the securities allowed under OCGA § 50-17-59 and § 50-17-63. The average maturities of investments in this fund will typically range between three and five years, with a maximum of thirty years for any individual investment. The overall character of the portfolio is Agency quality, possessing a minimal degree of financial risk. The market value of the Legal Fund at June 30, 2025 was \$16.3 million, of which 100% is invested in debt securities. The Effective Duration of the Fund is 3.62 years.
- 3) Balanced Income Fund - The Balanced Income Fund is available to both University System of Georgia institutions and their affiliated organizations. The Fund is designed to be a vehicle to invest funds that are not subject to the state regulations concerning investing in equities. This pool is appropriate for investing longer term funds that require a more conservative investment strategy. Permitted investments in the fund are domestic US equities, domestic investment grade fixed income, and cash equivalents. The equity allocation shall range between 20% and 40%, with a target of 30% of the total portfolio. The fixed income (bond) portion of the portfolio shall range between 60% and 80%, with a target of 70% of the total portfolio. Cash reserves and excess income are invested at all times in the highest quality par stable (A1, P1) institutional money market mutual funds, or other high quality short term instruments. The market value of the Balanced Income Fund at June 30, 2025 was \$240.8 million, of which 66% is invested in debt securities. The Effective Duration of the Fund is 5.22 years.
- 4) Total Return Fund - The Total Return Fund is available to both University System of Georgia institutions and their affiliated organizations. The Fund is another pool designed to be a vehicle to invest funds that are not subject to state regulations concerning investing in equities. This pool offers greater overall equity exposure and is appropriate for investing longer term funds such as endowments. Permitted investments in the fund are domestic US equities, domestic investment grade fixed income, and cash equivalents. The equity allocation shall range between 60% and 80%, with a target of 70% of the total portfolio. The fixed income (bond) portion of the portfolio shall range between 20% and 40%, with a target of 30% of the total portfolio. Cash reserves and excess income are invested at all times in the highest quality par stable (A1,

NOTE 4 - DEPOSITS AND INVESTMENTS (continued)

P1) institutional money market mutual funds, or other high quality short term instruments. The market value of the Total Return Fund at June 30, 2025 was \$27.8 million, of which 28% is invested in debt securities. The Effective Duration of the Fund is 5.12 years.

- 5) Diversified Fund - The Diversified Fund is available to both University System of Georgia institutions and their affiliated organizations. The Fund is designed to provide improved return characteristics with reduced volatility through greater diversification. This pool is appropriate for investing longer term funds such as endowments. Permitted investments in the fund may include domestic, international and emerging market equities, domestic fixed income and global fixed income. The equity allocation shall range between 60% and 80% of the portfolio, with a target of 70% of the total portfolio. The fixed income (bond) portion of the portfolio shall range between 20% and 40%, with a target of 30% of the total portfolio. Cash reserves and excess income are invested at all times in the highest quality par stable (A1, P1) institutional money market mutual funds, or other high quality short term instruments. The market value of the Diversified Fund at June 30, 2025 was \$306.3 million, of which 29% is invested in debt securities. The Effective Duration of the Fund is 5.03 years.
- 6) Diversified Fund for Foundations - The Diversified Fund for Foundations is available only to University System of Georgia affiliated organizations. Like the Diversified Fund, the fund is designed to provide improved return characteristics with reduced volatility through greater diversification and is appropriate for investing longer term funds such as endowments. Investments in the fund may include domestic, international and emerging market equities, domestic and global investment grade and non-investment grade fixed income and liquid alternative investments. The equity allocation shall range between 40% and 75% of the portfolio, with a target of 65% of the total portfolio. The fixed income (bond) portion of the portfolio shall range between 10% and 40% of the portfolio, with a target of 20% of the total portfolio. The alternatives portion of the portfolio shall range between 0% and 30% of the portfolio, with a target of 15% of the total portfolio. Cash reserves and invested income are invested at all times in the highest quality par stable (A1, P1) institutional money market funds, or other high quality short term instruments. The market value of the Diversified Fund for Foundations at June 30, 2025 was \$65.6 million, of which 19% is invested in debt securities. The Effective Duration of the Fund is 5.15 years.

Fiduciary Funds – Pension and Other Employee Benefit Trust Funds

In accordance with OCGA § 47-20-83, Public Retirement Systems may invest in the following:

- 1) U.S. or Canadian corporations or their obligations with limits as to the corporations' size and credit rating.
- 2) Repurchase and reverse repurchase agreements for direct obligations of the U.S. Government and for obligations unconditionally guaranteed by agencies.
- 3) FDIC insured cash assets or deposits.
- 4) Bonds, notes, warrants, loans or other debt issued or guaranteed by the U.S. Government.
- 5) Taxable bonds, notes, warrants or other securities issued and guaranteed by any state, the District of Columbia, Canada or any province in Canada.
- 6) Bonds, debentures or other securities issued or insured or guaranteed by an agency, authority, unit, or corporate body created by the U.S. Government.
- 7) Investment grade collateralized mortgage obligations.

State of Georgia

Notes to the Financial Statements

For the Fiscal Year Ended June 30, 2025

NOTE 4 - DEPOSITS AND INVESTMENTS (continued)

- 8) Obligations issued, assumed or guaranteed by the International Bank for Reconstruction and Development or the International Financial Corporation.
- 9) Bonds, debentures, notes and other evidence of indebtedness issued, assumed, or guaranteed by any solvent institution existing under the laws of the U.S. or of Canada, or any state or province thereof, which are not in default and are secured to a certain level.
- 10) Secured and unsecured obligations issued by any solvent institution existing under the laws of the U.S. or of Canada, or any state or province thereof, bearing interest at a fixed rate, with mandatory principal and interest due at a specified time with additional limits.
- 11) Equipment trust obligations or interests in transportation equipment, wholly or in part within the U.S., and the right to receive determinate portions or related income.
- 12) Loans that are secured by pledge or securities eligible for investment.
- 13) Purchase money mortgages or like securities received upon the sale or exchange of real property acquired.
- 14) Secured mortgages or mortgage participation, pass-through, conventional pass-through, trust certificate, or other similar securities with restrictions.
- 15) Land and buildings on such land used or acquired for use as a fund's office for the convenient transaction of its own business with restrictions.
- 16) Real property and equipment acquired under various circumstances.
- 17) Shares of mutual funds registered with Securities and Exchange Commission.
- 18) Commingled funds and collective investment funds maintained by state chartered banks or trust companies.

In addition, large retirement systems have restrictions as to the concentration of investments in corporations and equities and additional stipulations exist related to decreases in a fund's asset value. The retirement systems have additional restrictions on the acquisition of securities of companies with activities in the Iran petroleum energy sector. A list of scrutinized companies with activities in the Iran petroleum energy sector has been compiled and is annually updated. This list is utilized to identify and potentially divest the retirement systems of such holdings.

In accordance with OCGA § 47-20-87, certain eligible large retirement systems (excluding the Teachers Retirement System of Georgia) are authorized to invest in alternative investments such as privately placed investment pools that include investments such as leveraged buyout funds, mezzanine funds, workout funds, debt funds, venture capital funds, merchant banking funds, funds of funds and secondary funds. In addition, these retirement systems are authorized to invest in private placements and other private investments such as leveraged buyouts, venture capital investment, equity investments such as preferred and common stock, warrants, options, private investments in public securities, recapitalizations, privatizations, mezzanine debt investments, distressed debt and equity investments, convertible securities, receivables, debt and equity derivative instruments, etc. The amount invested by an eligible large retirement system in alternative investments may not in the aggregate exceed 5% of the eligible large retirement system's assets at any time.

NOTE 4 - DEPOSITS AND INVESTMENTS (continued)

Other Postemployment Benefits (OPEB)

In May of 2018, the State created an investment policy for state and school OPEB trust funds. The policy requires at least 25% of funds to be invested at State Treasury and be subject to OST policy. The remaining funds are invested by ERS in publicly traded equities permitted in accordance with OCGA § 47-20-84.

Component Units

Component units follow applicable investing criteria as specifically authorized by statute or by the component unit's governing authority. Certain higher education foundations utilize FASB standards. Balances for those component units as of June 30, 2025, are as follows (amounts in thousands):

	Fair Value
Bond Securities	\$ 234,343
Certain split-interest investments	2,087

NOTE 4 - DEPOSITS AND INVESTMENTS (continued)

Interest Rate Risk

Interest rate risk is the risk that changes in interest rates of debt investments will adversely affect the fair value of an investment.

Primary Government

OST's policy for management of interest rate risk attempts to match investments with expected cash requirements. However, certificates of deposit may not have a term exceeding five years. The State Treasurer may establish duration or maturity limitations for other investments.

USG's policy for managing interest rate risk attempts to match investments with expected cash requirements.

The following table provides information about the primary government's exposure to interest rate risk. It includes balances reported in fiduciary funds other than Pension and Other Employee Benefit Trust Funds as these balances are not separable from the holdings of the primary government (amounts in thousands):

Fiduciary Funds – Pension and Other Employee Benefit Trust Funds Administered by the Employees' and Teachers Retirement Systems

The Boards of the Employees' and Teachers Retirement Systems have elected to manage interest rate risk of these pension and other employee benefit trust funds using the effective duration method. This method is widely used in the management of fixed income portfolios and quantifies to a much greater degree the sensitivity to interest rate changes when analyzing a bond portfolio with call options, prepayment provisions, and any other cash flows. Effective duration makes assumptions regarding the most likely timing and amounts of variable cash flows and is best utilized to gauge the effect of a change in interest rates on the fair value of a portfolio. It is believed that the reporting of effective duration found in the table below quantifies to the fullest extent possible the interest rate risk of the funds' fixed income assets (amounts in thousands):

NOTE 4 - DEPOSITS AND INVESTMENTS (continued)

Credit Risk

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations to the holder of the investment. The credit risk tables presented on the following pages have been prepared using Standard and Poor's Corporation ratings scales.

Primary Government

OST utilizes a counterparty risk assessment model to assess credit risk of financial institutions that have been approved to serve as counterparties and major depositories. OST has assigned credit limits to each financial institution based upon its counterparty risk assessment model which incorporates market indicators, default probabilities, issuer research and issuer ratings to determine maximum credit exposure per institution, term of investment for respective counterparties and collateralization requirements in accordance with the OST Investment Policy.

The University System of Georgia's policy for managing credit risk is contained in the investment policy guidelines for the various pooled investment funds:

- 1) In the Short-Term Fund and Legal Fund, all debt issues must be eligible investments under OCGA § 50-17-59 and § 50-17-63. Other investment portfolios of debt securities funds also must meet the eligible investment criteria under the same code section.
- 2) In the Balanced Income Fund, Total Return Fund, and Diversified Fund, total fixed income portfolios should have an average credit quality rating of at least A. Overnight investments shall be limited to high quality institutional money market mutual funds rated A1, P1 or other high quality short-term debt instruments rated at least AA+.
- 3) In the Diversified Fund for Foundations, fixed income investments include investment grade and high yield domestic bonds, dollar-and non-dollar denominated global bonds, and emerging market bonds. Overnight investments shall be limited to high quality institutional money market mutual funds rated A1, P1 or other high quality short-term debt instruments rated at least AA+.

Custodial Credit Risk - Investments

Custodial credit risk for investments is the risk that, in the event of the failure of a counterparty to a transaction, the value of the investment or collateral securities in possession of a third party custodian may not be fully recovered by the State.

Primary Government

OST's policy for managing custodial credit risk for investments is:

- 1) OST has appointed a federally regulated banking institution, State Street, as its custodian. State Street performs its duties to the standards of a professional custodian.
- 2) All securities transactions are settled on a delivery versus payment basis through an approved depository institution such as the Federal Reserve or the Depository Trust Company.

State of Georgia

Notes to the Financial Statements

For the Fiscal Year Ended June 30, 2025

NOTE 4 - DEPOSITS AND INVESTMENTS (continued)

- 3) Repurchase agreements are collateralized by obligations of the United States and its subsidiary corporations and instrumentalities or entities sanctioned or authorized by the United States government or other securities authorized by the Treasurer in subsection (b) of Code Section 50-17-63 in accordance with the State Depository Board policy.
- 4) OST has retained an independent firm to serve as its liquidation agent in the event of a counterparty default.

The University System of Georgia's policy for managing custodial credit risk for investment is:

- 1) The University System has appointed a federally regulated banking institution as custodian. The custodian performs its duties to the standards of a professional custodian and is liable to the University System of Georgia for claims, losses, liabilities and expenses arising from its failure to exercise ordinary care, its willful misconduct, or its failure to otherwise act in accordance with the contract.
- 2) All securities transactions are to be settled on a delivery vs. payment basis through an approved depository institution such as the Depository Trust Company or the Federal Reserve.
- 3) Repurchase agreements are to be collateralized by United States Treasury securities at 102% of the market value of the investment at all times.

At June 30, 2025, \$9.2 million was uninsured and held by the investment's counterparty's trust department or agent, but not in the USG's name.

Fiduciary Funds – Pension and Other Employee Benefit Trust Funds

The custodial credit risk of pension and other employee benefit trust funds is managed by restricting investments to those authorized by the Public Retirement System Investment Authority Law described above. At June 30, 2025, \$1.1 million of the pension and other employee benefit trust funds' investments were uninsured, unregistered and held by the counterparty or the counterparty's trust department, but not in the State's name.

Component Units

The component units follow the applicable investing criteria specifically authorized by statute or by the component unit's governing authority.

Concentration of Credit Risk

Concentration of credit risk is the risk of loss attributed to the magnitude of the State's investment in a single issuer.

Primary Government

To manage concentration risk, the OST Investment Policy requires diversification of investments to reduce overall portfolio risks while maintaining market rates of return. Investments in each portfolio shall be diversified to mitigate risk of loss from an over-concentration in a specific issuer, counterparty or depository. The State Treasurer establishes Investment Guidelines for each investment portfolio to assure that prudent diversification and adequate liquidity is maintained. OST utilizes a counterparty risk assessment model to determine maximum exposure to each approved financial institution.

State of Georgia

Notes to the Financial Statements

For the Fiscal Year Ended June 30, 2025

NOTE 4 - DEPOSITS AND INVESTMENTS (continued)

The University System's policy for managing concentration requires diversification of investments to reduce overall portfolio risk while maintaining market rates of return.

At June 30, 2025, for the USG business-type activity investments, approximately 10.73%, 7.53%, and 5.19% of investments were investments in Federal National Mortgage Assoc. notes and pools, Federal Home Loan Mortgage Corporation Pool, and Federal Home Loan Bank, respectively.

At June 30, 2025, approximately 36.59% of the primary government's total investments were investments in securities of U.S. agencies not explicitly guaranteed by the U.S. Government.

Fiduciary Funds – Pension, Other Employee Benefit Trust Funds and Custodial Funds

The concentration of credit risk policy of pension limits investments to no more than 5% of total net investments in any one issuer of corporate bonds. Investments issued or explicitly guaranteed by the U.S. government and investments in mutual funds, external investment pools, and other pooled investments are excluded from this requirement. At June 30, 2025, with the exception of the USG items listed below, no more than 5% of the pension's total investments were investments in any single issuer other than the U.S. Government or its agencies.

At June 30, 2025, approximately 10.73%, 7.53% and 5.19% of Board of Regents pooled investments were invested in Federal National Mortgage Assoc. notes and pools, and Federal Home Loan Mortgage Corporation notes and pools, and Federal Home Loan Bank, respectively.

Approximately 11.61%, 7.02% and 7.02% of the Deferred Compensation Fiduciary Fund investments were invested in TIAA Traditional Non Ben Responsive, and TIAA Traditional Non Ben Responsive and TIAA Real Estate, respectively.

Information related to Other Postemployment Benefit trust funds (OPEB) disclosures is included in the LGIP Trust Fund Financial Statement report issued by OST. For concentration of credit risk, refer to the report published on OST's website www.ost.georgia.gov. For the remaining funds invested by ERS, concentration of credit risk policy of OPEB limits investments to no more than 5% of total net investments in any one issuer of corporate bonds.

Component Units

The component units follow the applicable investing criteria specifically authorized by statute or by the component unit's governing authority. At June 30, 2025, no more than 5% of the component units total investments were investments in any single issuer other than the U.S. Government or its agencies.

C. Fair Value Measurements

In accordance with GASB Statement No. 72 (GASB 72), some investments are measured using inputs divided into three fair value hierarchies:

- Level 1: Unadjusted quoted prices for identical assets or liabilities in active markets that a government can access at the measurement date.
- Level 2: Inputs, other than quoted prices included within Level 1 that are observable for an asset or liability, either directly or indirectly.
- Level 3: Unobservable inputs for an asset or liability.

State of Georgia

Notes to the Financial Statements

For the Fiscal Year Ended June 30, 2025

NOTE 4 - DEPOSITS AND INVESTMENTS (continued)

Fixed-income securities use price evaluations; other investments are exempt from GASB 72's disclosure requirement because they are not reported at fair value, but instead valued using cost based measures.

In general, investments were valued using the following techniques:

- Equity securities classified in Level 1 are valued using prices quoted in active markets for those securities. Equity securities classified in Level 2 are valued using prices quoted for similar instruments in active markets. Equity securities classified in Level 3 are valued using third party valuations not currently observable in the market.
- Debt securities classified in Level 1 are valued using prices quoted in active market. Debt securities classified in Level 2 are valued using either a bid evaluation or a matrix pricing technique. Bid evaluations may include market quotations, yields, maturities, call features and ratings. Matrix pricing is used to value securities based on the securities' relationship to benchmark quoted prices. These securities have non-proprietary information that are readily available to market participants, from multiple independent sources, which are known to be actively involved in the market. Debt securities classified in Level 3 are not currently observable in the market.
- Mutual funds and commingled funds classified in Level 1 are valued using prices quoted in active markets for those investments types. Mutual funds and commingled funds classified in Level 2 are valued using prices quoted for similar instruments in active markets.
- Investments classified in Level 3 include real estate funds that invest primarily in U.S. commercial real estate. The fair values of the investment in this category have been estimated using the net asset value of the University System of Georgia's (USG) ownership interest in partners' capital. Real estate investments are less liquid and, generally, cannot be redeemed with the funds through normal redemption procedures. Distributions from real estate investment funds will be received as the underlying investments of a fund are liquidated. Guaranteed investment contracts are valued by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit worthiness of the issuer.

Foreign Currency Risk

Foreign currency risk is the risk that changes in exchange rates will adversely impact the fair value of an investment.

Fiduciary Funds – Pension and Other Employee Benefit Trust Funds

The State's currency risk exposures, or exchange rate risks, primarily reside within the retirement system's international equity investment holdings. The retirement systems' foreign exchange risk management policy is to minimize risk and protect the investments from negative impact by hedging foreign currency exposures with foreign exchange instruments when market conditions and circumstances are deemed appropriate.

As of June 30, 2025, the State's exposure to foreign currency risk in U.S. Dollars are highlighted in the tables below (amounts in thousands):

(Table on next page)

D. Pooled Investments with State Treasury

As of the end of the year, the state operates four local government investment offerings managed by OST and is comprised of GF1, GF1 Prime, GF1 Plus, and GEAP Plus. The pools invest funds of the State and funds of other governmental entities. The local government investment pools jointly maintain a reserve consisting of members' administrative fees. This reserve can be used to stabilize the investment pools and to fund the administrative expenses for managing the pools. Separate reports on the State's investment pools are issued. Refer to the OST website www.ost.georgia.gov for additional information on the GF 1, GF1 Prime, GF 1 Plus, and GEAP Plus pools.

State of Georgia

Notes to the Financial Statements

For the Fiscal Year Ended June 30, 2025

NOTE 4 - DEPOSITS AND INVESTMENTS (continued)

E. Securities Lending Program

The State is presently involved in securities lending programs with major brokerage firms. The State lends equity and fixed income securities for varying terms and receives a fee based on the loaned securities' value. During a loan, the State continues to receive dividends and interest as the owner of the loaned securities.

Fiduciary Funds – Pension and Other Employee Benefit Trust Funds

In the pension and other employee benefit trust funds' securities lending agreements, the brokerage firms pledge collateral securities consisting of U.S. Government and agency securities, mortgage-backed securities issued by a U.S. Government agency, and U.S. corporate bonds. The collateral value must be equal to at least 102% to 109% of the loaned securities value, depending on the type of collateral security.

Securities loaned totaled \$13.4 billion at June 30, 2025, and the collateral value was equal to 103.2%. The loaned securities are in the accompanying note disclosures based on the custodial arrangements for the collateral securities. Loaned securities are included in the accompanying Statement of Net Position because the State maintains ownership. The related collateral securities are not recorded as assets on the Statement of Fiduciary Net Position, and a corresponding liability is not recorded, since the State does not pledge or trade the collateral securities. In accordance with the criteria set forth in GASB Statement No. 28, *Accounting and Financial Reporting for Securities Lending Transactions*, the State is deemed not to have the ability to pledge or sell collateral securities, since the State's lending contracts do not address whether the lender can pledge or sell the collateral securities without a borrower default. The State has not previously demonstrated that ability, and there are no indications of the State's ability to pledge or sell collateral securities.

F. Other Investments

The State's Unemployment Compensation Fund monies are required by the Social Security Act to be invested in the U.S. Department of Treasury, Bureau of Public Debt Unemployment Trust Fund (BPDUTF), which is not registered with the SEC. The fair value of the position in the BPDUTF is the same as the value of the BPDUTF shares.

The Commissioner of the Department of Agriculture is directed by statute to require dealers in certain agricultural products and livestock to make and deliver to the Department a surety or cash bond to secure the faithful accounting for and payment to producers of the proceeds of agricultural products or livestock handled or sold by the dealer. Cash bonds are required to designate the Department as trustee of the funds and may take the form of certificates of deposit, letters of credit, money orders or cashiers' checks. At June 30, 2025, the Department held surety bonds in the amount of \$47.5 million, and cash bonds in the amount of \$14.7 million. These bonds are not recorded on the Statement of Net Position.

Securities are held by the Commissioner of Insurance pursuant to statutes that require licensed insurance companies to deposit securities prior to issuance of a certificate of authority to transact insurance. These securities remain in the name of the licensed insurance company as long as the company has a pending claim in the State or until a proper order of a court of competent jurisdiction has been issued to the receiver, conservator, rehabilitation, or liquidator of the insurer or to any other properly designated official or officials who succeed to the management and control of the insurer's assets. The purchase and redemption of such securities are allowed as long as the required levels of deposits are maintained. At June 30, 2025, securities valued at \$203.2 million were held by the Department of Insurance. These securities are not recorded on the Balance Sheet.

Notes to the Financial Statements

For the Fiscal Year Ended June 30, 2025

NOTE 4 - DEPOSITS AND INVESTMENTS (continued)

Statutes require that surety bonds be provided for State public works contracts. The Department of Transportation holds surety bonds in the amount of \$6.3 billion for construction performance to ensure proper completion and complete performance of construction contracts, and \$6.8 billion for construction payment to ensure that payments are made by the general contractor to all subcontractors. These bonds are not recorded on the Statement of Net Position.

The Georgia State Financing and Investment Commission (GSFIC) State Construction Manual policies require that surety bonds be provided for payment and performance of all State projects of \$0.1 million or more. The Department of Corrections holds surety bonds in the amount of \$130.1 million for construction performance to ensure proper completion and complete performance of construction contracts. These bonds are not recorded on the Statement of Net Position.

For any organization that elects to assume the liability for unemployment compensation payments in lieu of making contributions to the Unemployment Compensation Fund, the Commissioner of the Department of Labor is authorized by statute to require such organization to execute and file with the Commissioner a cash deposit or surety bond. Cash deposits are held on behalf of such organizations in the Department's name, and are reported as custodial funds. At June 30, 2025, the Department held surety bonds in the amount of \$73.3 million, and cash bonds in the amount of \$3.4 million. These bonds are not recorded on the Statement of Net Position.

Department of Defense Surety Bonds are required of all freight carriers in order to transport military freight. They are mandated by a wing of the military called the Surface Deployment and Distribution Command (SDDC). The bond amount is based on the size of the company and how many states they serve. Department of Defense holds surety bonds in the amount of \$42.7 million for freight carriers transporting military freight.

Notes to the Financial Statements

For the Fiscal Year Ended June 30, 2025

NOTE 5 - DERIVATIVE INSTRUMENTS

Derivative Instruments are utilized by some of the higher education foundations (reported as component units) and consist primarily of interest rate swap agreements. Certain foundations (component units) have elected to apply FASB provisions and therefore the disclosure information for these foundations is presented separately. Details of the long term liabilities associated with the interest rate swap derivatives are within *Note 9 – Long-term Liabilities*.

Component Units – GASB Organizations

No derivative instruments reported in the fiscal year 2025 and 2024 financial statements for higher education foundations reported as component units reporting under GASB provisions.

Component Units – FASB Organizations Interest Rate Swaps

The fair value balances and notional amounts of hedging derivative investments outstanding as reported in the fiscal year 2025 and 2024 financial statements for higher education foundations reported as component units reporting under FASB provisions are as follows (amounts in thousands):

Change in Fair Value			Fair Value at 06/30/25

				<u>\$ 201</u>	

The University of Georgia Foundation (UGAF)

The Foundation has an outstanding interest rate swap agreement effectively converting the interest rate exposure on the \$6.2 million note payable from variable to a 5.95% fixed rate over the term of the note payable. During November 2017, the Foundation modified and extended the agreement which included a fixed rate fee payment of \$0.3 million. As of June 30, 2025 and 2024, the total notional amount of the swap was \$3.3 and \$3.5 million respectively. As of June 30, 2025 and 2024, the fair value of this interest rate swap was a liability of \$0.4 and \$0.3 million, respectively. The Foundation recorded a related unrealized loss of \$36.4 thousand and and gain of \$0.1 million for the years ended June 30, 2025 and 2024, respectively.

The Foundation has an outstanding interest rate swap agreement effectively converting the interest rate exposure on the \$12.5 million note payable from variable to a 3.37% fixed rate over the term of the note payable. As of June 30, 2025 and 2024, the total notional amount of the swap was \$8.4 and \$8.9 million, respectively. As of June 30, 2025 and 2024, the fair value of this interest rate swap was an asset of \$0.4 and \$0.5 million, respectively. The

Amounts in the table are in thousands.

Georgia Tech Foundation, Inc.

The Foundation directly invests in derivatives associated with market risk. The purpose of these investment derivatives is to gain additional exposure to U.S. and foreign fixed income and equity markets.

Futures and forward contracts obligate the buyer to purchase an asset (and the seller to sell an asset), such as a physical commodity or financial instrument, at a predetermined future price.

The Foundation recognized net realized/unrealized gains and losses on direct positions in Equity Index Futures derivatives of \$9.6 and \$26.1 million, in 2025 and 2024 respectively. As of June 30, 2025, the Foundation held direct positions in derivatives as shown in the following table (amounts in thousands):

Investment	Fair Value at 06/30/25	Notional Exposure
Equity Index Futures	\$ 2,493	\$ 159,159
Total	<u>\$ 2,493</u>	<u>\$ 159,159</u>

Other long-term liabilities of Governmental Activities, such as pension, other post-employment benefits (OPEB) and compensated absences, are typically liquidated by the general fund.

Internal service funds predominantly serve the governmental funds. Accordingly, long-term liabilities for these funds are included as part of the above total for governmental activities. The following long-term liabilities of internal service funds were included in the above balance as of June 30, 2025: Lease obligations of \$81.3 million, subscription obligations of \$16.0 million, and compensated absences of \$5.9 million. Of these amounts, \$27.6 million, \$8.8 million, and \$3.8 million, respectively, are due within one year. In general, the lease obligations, subscription obligations and compensated absences of the governmental activities are liquidated by the general fund.

C. General Obligation Bonds

Primary Government

The State issues general obligation bonds to provide funds for the acquisition and construction of major capital facilities and equipment. *(Note: There were no new bond authorizations in FY 2025 and no bond issuances in FY 2025)*

Bonds Authorized but Unissued

Authorized but unissued general obligation bonds as of June 30, 2025, are as follows (amounts in thousands):

<u>Purpose</u>	<u>Authorized Unissued Debt</u>
K-12 Education	\$ 312,390
Economic Development	12,775
Total	\$ 325,165

Defeasance and Refunding of General Obligation Bonds

As of June 30, 2025, the State had no outstanding advance refunded bonds.

State of Georgia

Notes to the Financial Statements

For the Fiscal Year Ended June 30, 2025

NOTE 9 - LONG-TERM LIABILITIES (continued)

Early Retirement of Debt

From interest earnings available for the advance retirement of debt and from forfeited project proceeds, the State made purchases of various series of State of Georgia General Obligation Bonds in the secondary market with a par value of approximately \$80.1 million. The early retirements of the bonds will save the State over \$120.7 million in future principal and interest appropriations. Since July 1, 2000 the early retirement program has saved the State over \$1.4 billion in future principal and interest appropriations.

D. Revenue Bonds

Governmental Activities

SRTA has issued Federal Highway Grant Anticipation Revenue Bonds and Federal Highway Reimbursement Revenue Bonds (GARVEE) of \$548.0 million. The bond proceeds will be used for the purpose of providing funds for approved public transportation projects. All GARVEE bonds are pledged and payable solely from grant and reimbursement revenues received from the Federal Highway Administration. These bonds do not constitute a pledge of the faith and credit of SRTA or the State. The outstanding principal amount as of June 30, 2025 is \$333.5 million.

Business-type Activities

On July 1, 2021 SRTA issued Managed Lane System State of Georgia Guaranteed Revenue bonds series 2021A and 2021B in the amounts of \$330.2 million and \$37.2 million, respectively. The bonds were issued for the purposes of 1) to repay in-full the remaining debt on the TIFIA loan related to the I-75 Northwest Corridor Express Lanes project; 2) defeasance of outstanding I-75 South Toll Revenue Bonds; 3) pay the costs of certain tolling infrastructure related to the existing managed lane system; 4) pay the costs of certain tolling infrastructure related to certain future tolling facilities planned in the State's Major Mobility Investment Program; 5) to fund capitalized interest on the 2021A Bonds; and 6) to pay a portion of the costs of issuance of the bonds. The Series 2021A bonds mature on July 15, 2051 and the Series 2021B bonds mature on July 15, 2034. While these bonds are secured by the net toll revenue derived from the operation of the Managed Lane System, the State of Georgia has guaranteed the full payment of the bonds and the interest thereon in accordance with the Constitution of the State of Georgia and has reserved \$25.3 million in the State of Georgia Guaranteed Revenue Debt Common Reserve Fund that is on deposit at OST. As of June 30, 2025, the outstanding principal balance for both was \$367.4 million.

Georgia Higher Education Facilities Authority (GHEFA) has issued revenue bonds for the purpose of acquiring, constructing and equipping several projects on college campuses throughout the State. The bonds are secured solely by the related security deed and related assignment of contract documents. As of June 30, 2025, the outstanding principal for these revenue bonds is \$150.1 million.

Component Units

Higher Education Foundations have issued various revenue bonds to finance the costs of acquiring, renovating, constructing and equipping various facilities located on the campuses of the University System of Georgia. The bond issues have interest rates ranging from 0.71% to 5.75% with maturity dates through fiscal year 2057. As of June 30, 2025, the outstanding principal for these revenue bonds was \$2.5 billion. These bonds are secured by lease arrangements for these various facilities with the Board of Regents.

State of Georgia

Notes to the Financial Statements

For the Fiscal Year Ended June 30, 2025

NOTE 9 - LONG-TERM LIABILITIES (continued)

In March 2021, the Geo. L. Smith II Georgia World Congress Center Authority (GWCC) issued revenue bonds in the amounts of \$439.6 million. The proceeds of the bonds, together with the original issue premiums and other amounts contributed by GWCC, will be used to finance the construction of a convention center hotel, provide funds to make the interest payments on the bonds until the hotel opening, and to pay the costs of issuing the bonds. The bonds are special limited obligations of GWCC payable solely from and secured by a pledge of and lien on all operating revenues derived by GWCC from the operation of the convention center hotel, remaining after the payment of expenses to operate the convention center hotel. These revenues are pledged to secure the bonds until such time that all outstanding principal has been satisfied on the bonds. The bonds bear interest at rates ranging from 2.38% to 5.00% and interest is due semiannually beginning on July 1, 2021, until maturity on January 1, 2054. As of June 30, 2025 the outstanding principal was \$439.6 million.

Georgia Tech Foundation, Inc. has issued various revenue bonds to finance the costs of acquiring, renovating, constructing and equipping various facilities located on the campus of The Georgia Institute of Technology. The bond issues have interest rates ranging from 1.74% to 6.66% with maturity dates through fiscal year 2052. As of June 30, 2025, the outstanding principal for these revenue bonds was \$280.0 million. These bonds are secured by lease arrangements for these various facilities with the Board of Regents.

In July 2021, Georgia Ports Authority issued the Series 2021 revenue bonds in the amount of \$427.0 million. The proceeds of which are to be used to finance various capital improvement projects and to pay the costs of issuance of the Series 2021 bonds. The interest rate on the bonds is 4.00% to 5.00% with a maturity in 2052. In August 2022, the Authority issued the Series 2022 revenue bonds in the amount of \$755.6 million; proceeds of which are to be used to finance various capital improvement projects and to pay the costs of issuance of the Series 2022 bonds. The interest rate on the bonds is 4.00% to 5.25% with a maturity in 2052. Bonds payable at June 30, 2025 is \$1.1 billion. These bonds are secured by Georgia Ports Authority operating revenues.

Other component units had revenue bonds payable outstanding at June 30, 2025, of \$2.2 million as detailed below (amounts in thousands):

	<u>Amount</u>
Lake Lanier Island Development Authority	<u>\$ 2,245</u>

E. Mortgage Bonds

Component Units

Mortgage bonds outstanding of \$2.2 billion at June 30, 2025, were issued by the Georgia Housing and Finance Authority for financing the purchase of single-family mortgage loans for eligible persons and families of low and moderate income within the State. The bonds are secured by certain assets, which include mortgage loans purchased and certain cash and cash equivalents and investment securities in mortgage bond accounts, and any interest earned thereon.

State of Georgia

Notes to the Financial Statements For the Fiscal Year Ended June 30, 2025

NOTE 9 - LONG-TERM LIABILITIES (continued)

F. Notes and Loans Payable

Governmental Activities

Notes and loans payable for direct borrowings in governmental activities as of June 30, 2025, were \$36.5 million.

Energy Performance Contracts for the Department of Economic Development, the Department of Corrections and the Department of Natural Resources, attributed \$19.6 million, \$14.5 million, and \$2.4 million, respectively. These contracts contain provisions related to events of default. Significant to these provisions, an event of default occurs when: (a) the Primary Government fails to pay any payment of purchase price or other payment required to be paid when due, (b) the Primary Government has a breach in any material respect of the contract or failure of the Primary Government to observe or perform contract covenants for a period of 30 days after written notice, or (c) initiation by or against the Primary Government of a proceeding under any federal or state bankruptcy or insolvency seeking relief under such laws. Upon the occurrence of any event of default, the seller shall have the right to proceed by court action to enforce performance by the Primary Government of the applicable contract covenants or to recover for the the breach. The Primary Government would be responsible for attorney fees and expenses incurred by seller.

Total	<u><u>\$ 2,132,692</u></u>

Financing Lease Agreements

The University System of Georgia is obligated under various multi-year financing lease agreements for the acquisition or use of real property and equipment, whereby the assets transfer ownership at the end of the agreement. In accordance with O.C.G.A. § 50-5-64, these agreements shall terminate absolutely and without further obligation at the close of the fiscal year in which it was executed and at the close of each succeeding fiscal year for which it may be renewed. These agreements may be renewed only by a positive action taken by the University System of Georgia. In addition, these agreements shall terminate if the State does not provide adequate funding, but that is considered a remote possibility. The University System of Georgia's outstanding principal related to financing lease agreements for fiscal year 2025 was \$2.1 billion. Interest rates for these notes payable range from

Higher Education Foundations Notes and Loans

On November 22, 2024, the University of Georgia Athletic Association entered into a \$75 million revolving credit agreement with a bank, for a draw period until a final maturity of five years that expires in November 2029. The proceeds of the Credit Facility shall be used to bridge the cash needs to fund construction projects until cash receipts are realized from fundraising activities. Credit available under the revolving credit agreement is reduced by outstanding borrowings. Borrowings under the credit agreement bear interest at the bank's sum of daily SOFR plus 60.0 basis points (or 0.60%). At June 30, 2025 the outstanding balance was \$38.0 million and the rate applicable to the borrowings was 4.92%.

During 2007, the University of Georgia Foundation signed a 10 year \$ 6.2 million promissory loan agreement with a bank. During November 2017, the University of Georgia Foundation amended the agreement and made a one-time principal payment of \$0.8 million, extending the maturity date of the remaining outstanding balance to November 1, 2032. Interest is charged at the bank's 30-day London InterBank Offered Rate (LIBOR) plus 32.5 basis points; such rate was 4.75% at June 30, 2025. Principal and interest are payable monthly. The outstanding balance at June 30, 2025 was \$3.3 million.

During October 2014, the University of Georgia Foundation entered into a series of transactions, as follows: (1) The University of Georgia Foundation entered into a tax-exempt financing project with the Washington D.C. District Council for \$12.5 million involving tax-exempt bonds, which expire on November 1, 2039 and accrue interest at a per annum rate equal to 75.00% of the sum of one-month LIBOR plus 1.60% payable monthly; (2) The University of Georgia Foundation entered into a loan agreement with a bank in which the University of Georgia Foundation fully repaid its obligation under the newly acquired tax-exempt bonds in exchange for a promissory loan relating to the same principal. The promissory loan agreement expires on November 1, 2039 and includes certain debt covenants and restrictions. Interest on the promissory loan agreement is charged at 75.00% of the sum of one-month

State of Georgia

Notes to the Financial Statements

NOTE 9 - LONG-TERM LIABILITIES (continued)

LIBOR plus 1.60%; such rate was 4.52% at June 30, 2025. Principal and interest on the promissory loan agreement are payable quarterly. The outstanding balance at June 30, 2025 was \$8.4 million.

In November 2023, the Real Estate Foundation, a blended component unit with the University of Georgia Research Foundation, Inc., entered into a \$25.0 million revolving credit agreement with a bank, for a five-year term to expire on November 30, 2028. Borrowings under the revolving credit agreement bear interest at the bank's One Month Term Secured Overnight Financing Rate plus 0.85%. At June 30, 2025, the rate applicable to the borrowings was 5.18%. The outstanding balance at June 30, 2025 was \$13.7 million.

In September 2018, the University System of Georgia Foundation, Inc. and Affiliates refinanced a Bond Anticipation Note (BAN) with five individual, 19-year low-interest fixed rate notes payable with the USDA. The real estate on which the facilities are constructed will be leased to University System of Georgia Real Estate Foundation IV, LLC by the Board of Regents pursuant to a ground lease for minimal rent. The USDA notes payable will all mature on September 2037, with a fixed interest rate of 2.75%, and are payable annually. The outstanding balance at June 30, 2025 was \$29.9 million.

In November 2019, the University System of Georgia Foundation, Inc. and Affiliates refinanced a BAN with four individual, 22 year low-interest fixed rate notes payable with the USDA. The real estate on which the facilities are constructed will be leased to University System of Georgia Real Estate Foundation V, LLC by the Board of Regents pursuant to a ground lease for minimal rent. The USDA notes payable will all mature on November 2041, with a fixed interest rate of 3.00%, and are payable annually. The outstanding balance at June 30, 2025 was \$29.4 million.

The Georgia Advanced Technology Ventures, Inc. and Subsidiaries have an unsecured notes payable maturing in December 2034 with an interest rate of 6.03%. The outstanding balance as of June 30, 2025 was \$1.0 million.

The Georgia Advanced Technology Ventures, Inc. and Subsidiaries has an agreement to purchase multiple floors of the Centergy One Building on Fifth Street in Atlanta. The agreement ends at different dates by floor, three floors end in August 2033 and two floors in December 2034. The interest rate for all floors is 5.00%. The outstanding balance as of June 30, 2025 was \$37.6 million.

During fiscal year 2025, the University of North Georgia Real Estate Foundation entered into two promissory notes of \$7.0 million to finance a portion of the acquisition of the Bellamy apartment complex with a maturity date of March 2028. The interest rates were variable based on one-month CME Term SOFR rate and 1.25% over the index SOFR which was 6.33% and 5.64% respectively for June 30, 2025. The outstanding balance was \$7.0 million as of June 30, 2025 for both notes.

During fiscal year 2025, North Georgia Bellamy, LLC, a component unit of the University of North Georgia Real Estate Foundation, entered into two promissory notes of \$40.0 million to finance a portion of the acquisition of the Bellamy apartment complex with maturity dates of March 2028 and October 2026. The interest rate for the note maturing March 2028 is variable based on one-month CME Term SOFR rate which is 6.33% at June 30, 2025 with \$35.3 million outstanding. The interest rate for the note maturing October 2026 is fixed at 7.25% and the outstanding balance as of June 30, 2025 was \$4.7 million.

In addition to the notes and loans discussed in the previous paragraphs, as of June 30, 2025, an additional \$13.0 million in notes was held by various higher education foundations.

State of Georgia

Notes to the Financial Statements

For the Fiscal Year Ended June 30, 2025

NOTE 9 - LONG-TERM LIABILITIES (continued)

Other Component Units Notes and Loans

The Georgia Tech Foundation, Inc has one line of credit in the name of the Foundation of \$25.0 million. Interest is calculated using the SOFR rate. This resulted in an average effective interest rate of 5.40% at June 30, 2025. As of June 30, 2025, the outstanding balance on the note was \$9.1 million.

In September 2018, the Georgia Tech Foundation, Inc. entered into a loan agreement with a bank, borrowing \$25.1 million initially and may borrow an additional \$4.1 million increasing the loan to \$29.2 million. The loan was refinanced in 2022 with a new effective interest rate of 3.00% as of June 30, 2025 and a maturity in August 2028. As of June 30, 2025, the outstanding balance on the loan was \$25.0 million.

On May 15, 2020, the Georgia Geo. L. Smith World Congress Center Authority entered into a non-recourse note purchase agreement with Northwestern Mutual. Under this agreement, the Georgia Geo. L. Smith World Congress Center Authority received \$46.2 million in cash and will pay interest at a rate of 4.50% due semi-annually through fiscal year 2045. The liability is a direct borrowing and the Mercedes Benz Stadium license agreement payments were used as collateral. The outstanding balance as of June 30, 2025 was \$42.4 million.

In addition to the notes and loans discussed in the previous paragraphs, as of June 30, 2025, an additional \$21.4 million in notes were held by other component units of the State; of which \$14.1 million are currently in the drawdown period and do not have a debt to maturity schedule.

G. Interest Rate Swaps

As a means of interest rate management, various higher education foundations have entered into interest rate swap agreements. For further details on these agreements, please refer to *Note 5 - Derivative Instruments*.

H. Pollution Remediation

Pollution remediation obligations reflect estimates that have the potential to change due to such items as price increases or reductions, new technology, or changes in applicable laws or regulations.

Governmental Activities

Department of Natural Resources

Department of Natural Resources has recorded liabilities totaling \$108.0 million at June 30, 2025 for pollution remediation primarily related to sites included in the hazardous site inventory, Superfund sites where only operations and maintenance remains, and site containing underground storage tanks that are enrolled for remediation coverage in the Georgia Underground Storage Tank Program. The liabilities were determined by previous experience. Pollution remediation liability activity in fiscal year 2025 was as follows (amounts in thousands):

State of Georgia

Notes to the Financial Statements

For the Fiscal Year Ended June 30, 2025

NOTE 10 - LEASES AND SUBSCRIPTIONS

The State leases land, office facilities, office and computer equipment, and other assets. The State also enters into certain subscription-based contracts to use vendor-provided information technology (IT). Although lease and/or subscription terms vary, many leases and/or SBITAs are subject to appropriation from the General Assembly to continue the obligation. Other agreements generally contain provisions that, at the expiration date of the original term of the agreement, the State has the option of renewing the lease and/or subscription on a year-to-year basis. Leases and/or subscriptions renewed yearly for a specified time period, i.e. agreement expires at 12 months and must be renewed for the next year, do not meet the qualification as a lease or SBITA.

A. Lessee – Lease Obligations

Unless the lessor rate is known, the State's borrowing rate is used. Interest rates for 2025 ranged from 0.0005% - 21.0%.

The lease contracts, at times, include variable payments, residual value guarantees, or termination penalties that are not known or certain to be exercised at the time of the lease obligation valuation. For the fiscal year 2025, the State did not recognize any expense for lease variable payments related to payments based on performance and termination penalties for business-type activities. There were no residual value guarantees for the fiscal year.

For details of Intangible Right-To-Use Assets, see *Note 8 - Capital Assets and Intangible Right-to-use Assets*.

Note 9 - Long-Term Liabilities presents the ending balances of lease obligations in the aggregate. The breakdown of lease obligations by type as of June 30, 2025 are as follows:

NOTE 10 - LEASES (continued)

B. Lessor – Lease Receivable

The State leases property and equipment for use by others for terms varying from 1 to 70 years. There were no variable payments, residual value guarantees, or termination penalties reported for the fiscal year.

The entities whose principal ongoing operations consist of leasing assets to other entities include Georgia Building Authority, State Properties Commission, and Jekyll Island Authority. Minimum future revenues and rentals to be received under leases as of June 30, 2025 for the aforementioned entities are as follows (amounts in thousands):

Notes to the Financial Statements For the Fiscal Year Ended June 30, 2025

NOTE 10 - LEASES (continued)

C. Related Parties

Primary Government

University System of Georgia Foundations

During fiscal year 2025, various foundations that are not included in the government-wide financial statements have entered into transactions with institutions of the University System of Georgia. The University System of Georgia institutions have lease obligations to these foundations that are not included as component units in the amount of \$194.4 million as of June 30, 2025.

D. Subscription Obligations

Unless the vendor rate is known, the State's borrowing rate is used. Interest rates for 2025 ranged from 0.023% - 5.5%.

For the fiscal year 2025, the State recognized expense for lease variable payments related to payments based on performance and termination penalties of \$28.7 million for governmental activities.

For details of Subscription Based Intangible Right-To-Use Assets, refer to *Note 8 - Capital Assets and Intangible Right-to-use assets*.

Below is the future commitments related to the outstanding subscription obligations year at June 30, 2025:

Fiscal Year Ended June 30	Primary Government					
	Governmental Activities		Business-type Activities		Component Units	
	Principal	Interest	Principal	Interest	Principal	Interest
2026	\$ 75,648	\$ 3,368	\$ 55,067	\$ 5,998	\$ 3,849	\$ 532
2027	52,722	1,591	45,452	4,653	2,735	482
2028	16,869	475	33,796	3,341	2,026	313
2029	5,168	112	30,332	2,367	1,295	242
2030	293	9	28,549	1,500	817	189
2031-2035	185	3	38,510	922	3,778	378
Total Future Minimum Commitments	\$ 150,885	\$ 5,558	\$ 231,706	\$ 18,781	\$ 14,500	\$ 2,136

State of Georgia

Notes to the Financial Statements For the Fiscal Year Ended June 30, 2025

NOTE 11 - ENDOWMENTS

The State's donor restricted endowment funds reside primarily within the higher education institutions. The funds are pooled at the individual member institution level, unless required to be separately invested by the donor. There is no state law that governs endowment spending; rather, for University System of Georgia member institution controlled, donor-restricted endowments, where the donor has not provided specific instructions, the Board of Regents permits the individual member institution to develop policies for authorizing and spending realized and unrealized endowment income and appreciation as they determine to be prudent. Current year net appreciation on endowment investments available for authorization for expenditure was \$27.0 million and is reflected as expendable restricted net position.

Changes in the endowment net position for the year ended June 30, 2025, are as follows (amounts in thousands):

Component Units	Without Donor Restriction	With Donor Restriction	Total
Endowment net position, July 1	\$ 434,591	\$ 4,248,239	\$ 4,682,830
Contributions	3,223	258,931	262,154
Net realized and unrealized gains	38,188	469,285	507,473
Appropriation of endowment assets for expenditure	(14,763)	(198,271)	(213,034)
Transfers to comply with donor intent	(884)	(856)	(1,740)
Other	9,836	2,912	12,748
Endowment net position, June 30	<u><u>\$ 470,191</u></u>	<u><u>\$ 4,780,240</u></u>	<u><u>\$ 5,250,431</u></u>

State of Georgia

Notes to the Financial Statements

For the Fiscal Year Ended June 30, 2025

NOTE 12 - SERVICE CONCESSION ARRANGEMENTS

A. Primary Government

In March 2020, the GASB issued Statement No. 94, *Public-Private and Public-Public Partnerships and Availability Payment Arrangements*, effective for fiscal years beginning after June 15, 2022. The objectives of this statement are to improve financial reporting by addressing issues related to public-private and public-public partnership arrangements and to provide guidance for accounting and financial reporting for availability payment arrangements. Statement No. 94, *Public-Private and Public-Public Partnerships and Availability Payment Arrangements*, supersedes Statement No. 60, *Service Concession Arrangements*.

A public-private or public-public partnership (PPP) is an arrangement in which a government (the transferor) contracts with an operator to provide public services by conveying control of the right to operate or use a nonfinancial asset, such as infrastructure or other capital asset. Some PPP's are service concession arrangements (SCA).

University System of Georgia

During fiscal year ended June 30, 2015, the Board of Regents of the University System of Georgia (BOR) entered into a Service Concession Arrangement (SCA) with Corvias Campus Living-USG, LLC (Corvias), whereby Corvias Campus Living-USG, LLC, manages, maintains and operates certain existing student housing resources on the campuses of nine institutions: Abraham Baldwin Agricultural College; Armstrong State University (Georgia Southern University); Augusta University; College of Coastal Georgia; Columbus State University; Dalton State College; East Georgia State College; Georgia State University; and the University of North Georgia.

Pursuant to the contractual stipulations of this SCA, whereby the BOR and Corvias are the "parties" participating in this agreement, as of May 14, 2015, the institutions noted above transferred the housing resources covered by this SCA, along with associated lease obligations to the University System Office (USO) in fiscal year 2015 through special item transfer. In accordance with the SCA, in May 2015, Corvias provided \$311.6 million which the BOR used to retire the lease obligations transferred to the USO.

On February 23, 2018, the SCA contractual agreement with Corvias was amended. While performance measures and the operating agreement remain intact, the term of the agreement has changed. The SCA, which was originally for 65 years (780 months) to end in June 2080, will now end on June 30, 2055. This contract modification accelerates the amortization of the Deferred Inflows.

For the \$311.6 million that was originally received from Corvias Campus Living-USG, LLC, in fiscal year 2015, \$8.0 million was amortized at June 30, 2025, leaving a remaining Deferred Inflow of Resources balance of \$239.8 million at year end.

In addition to the existing student housing arrangement, Corvias designs and constructs authorized new housing projects that, once constructed, are similarly managed, maintained and operated on seven of the nine campuses with existing student housing resources. Two of these projects were completed in fiscal year 2016 and their fair market values were capitalized increasing Capital Assets by \$23.1 million. In fiscal year 2017, five additional housing projects were completed and their fair market values were capitalized increasing Capital Assets by \$154.4 million. A deferred inflow of resources was recorded as the offset to the Capital Asset additions. The deferred inflows associated with these projects are being amortized over the remaining life of the SCA in accordance with the term revision noted above. At June 30, 2025, the University System Office amortized \$4.6 million of Deferred Inflows related to these seven projects, leaving a remaining Deferred Inflow of Resources balance of \$139.1 million at year end.

State of Georgia

Notes to the Financial Statements

For the Fiscal Year Ended June 30, 2025

NOTE 12 - SERVICE CONCESSION ARRANGEMENTS (continued)

Also, as part of this SCA, and beginning in fiscal year 2016, the USO receives \$8.0 million in Ground Rent and \$500,000 in Supplemental Capital Repair and Replacement funds each year for the next ten years, with each amount escalating by 3% annually. The USO recorded accounts receivable and deferred inflow of resources in the amount of \$73.2 million representing the present value of this revenue stream based on the agreement terms and will amortize the deferred inflows over a ten-year period. The rate applied to the measurement of the receivable of the installment payments was 5.3%.

In June of 2025, Corvias Campus Living-USG, LLC filed for Chapter 11 bankruptcy. For fiscal year 2025, the University System Office adopted a conservative approach by recognizing only one year of Accounts Receivable and Deferred Inflows of Resources from the upcoming ten-year period, totaling \$11.1 million at a discount rate of 2.59%. For the year ended June 30, 2025, the University System Office amortized \$6.6 million and recognized \$4.5 million in associated interest income, leaving a remaining Deferred Inflow of Resources balance of \$4.5 million.

The USO also receives retained services funds each year as a percentage of gross revenues for that year. For the fiscal year ended June 30, 2025, the University System Office received \$11.1 million in retained services revenue.

The USO has no reportable future obligation for these services.

Augusta State University

On August 29, 2023, Augusta University entered into a 40-year agreement with Wellstar MCG Health Inc. (Wellstar). Under this agreement, Wellstar will deliver health services as a public service at the hospitals and facilities owned by the University. The agreement grants Wellstar control and ultimate authority to oversee and manage the University's healthcare facilities, including clinical operations and management of clinical services and program administration.

As part of the agreement, Wellstar has committed \$797 million toward the construction, completion and opening of the Columbia County Hospital, Medical Office Building and Surgery Center. In addition, Wellstar will integrate its Wellstar Epic electronic medical records system at the Augusta University's teaching hospital, and to support the capital improvements and deferred maintenance on the Augusta Campus (health science's campus).

The Electronic Health Record (EHR) system implementation, supported by a \$105 million appropriation from the Georgia Legislature and a \$10 million contribution from Augusta University, was completed during fiscal year 2025 resulting in the full expenditure of the previously allocated \$115 million.

Wellstar will initiate annual Variable Mission Support Payments, which will be overseen by an Escrow Agent. For the fiscal year 2025, there were not any variable or other payments, such as residual value guarantees or termination penalties, received for the fiscal year ended June 30, 2025.

Atlanta Metropolitan State College (AMSC)

In July 2023, AMSC entered into an agreement with Civic Media Group, LLC for the construction and operation of a digital billboard located on AMSC's campus grounds. The agreement is renewable for 10 years for a total of \$1.0 million. The amortized revenue recorded in fiscal year 2025 was \$0.2 million and the remaining deferred inflow of resources was \$0.8 million.

Kennesaw State University

At June 30, 2025, Kennesaw State University (KSU) was a participant in four Public-Private Partnerships.

State of Georgia

Notes to the Financial Statements

For the Fiscal Year Ended June 30, 2025

NOTE 12 - SERVICE CONCESSION ARRANGEMENTS (continued)

1. In August 2001, KSU entered into an agreement with Kennesaw State University Foundation, Inc. (KSUF) whereby KSUF will operate and collect revenues for housing operations from students. KSUF is required to operate the residence hall ("University Place") in accordance with a contractual agreement between the two parties. Under the terms of the agreement, the University received no funds upfront from KSUF, but will take full ownership of the residence hall at the end of the operating agreement in August 2037.
2. In August 2003, KSU entered into an agreement with KSUF whereby KSUF will operate and collect revenues for housing operations from students. KSUF is required to operate the housing ("University Village") in accordance with a contractual agreement between the parties. Under the terms of the agreement, the University received no funds upfront from KSUF, but will take full ownership of the housing at the end of the operating agreement in July 2036.
3. In August 2007, KSU entered into an agreement with KSUF whereby KSUF will operate and collect revenues for housing operations from students. KSUF is required to operate the housing ("University Suites") in accordance with a contractual agreement between the parties. Under the terms of the agreement, the University received no funds upfront from KSUF, but will take full ownership of the housing at the end of the operating agreement in September 2038.
4. In August 2020, the KSU entered into an agreement with KSUF to simplify the student experience for KSUF-owned housing (University Place, University Village, and University Suites). Under this agreement, KSU is responsible for providing property management services on behalf of KSUF in a fiduciary capacity for billing and the collection of housing charges.
5. In July 2017, KSU entered into a lease agreement with a food service provider whereby the vendor will operate a restaurant in accordance with a contractual agreement between the two parties. Under the terms of the agreement, the University received no funds upfront, but will take full ownership of the equipment and lease improvements at the end of the operating agreement in June 2027.

For fiscal year 2020, the KSU increased beginning deferred inflows by \$3.5 million related to the re-evaluation of SCA with the KSUF. The agreement terms were revised which reduced annual and accumulated amortization.

At June 30, 2025, the KSU reports the three housing residences and one retail space as capital assets with a net carrying value of \$40.1 million. For fiscal year 2025, the KSU reported a remaining deferred inflows of resources of \$40.1 million and amortized revenue of \$3.4 million.

For fiscal year 2025, KSU received variable payments related to revenue sharing arrangements, based on performance of the operator and/or the usage of the underlying public-private partnership asset in the amount of \$0.2 million.

Georgia Gwinnett College

On July 1, 2020, the College entered into an agreement with Aladdin Food Management Services, LLC whereby Aladdin will operate food services operations. The agreement is renewable for each year for ten years. Under the terms of the contract, Aladdin committed a lump sum upfront payment of \$1.3 million to the College to pay off the prior capital investment with Aramark Education Services, LLC.

The amortized revenue recorded related to the lump sum payment in fiscal year 2025 was \$0.1 million and the remaining deferred inflow was \$0.7 million.

State of Georgia

Notes to the Financial Statements

For the Fiscal Year Ended June 30, 2025

NOTE 12 - SERVICE CONCESSION ARRANGEMENTS (continued)

Georgia College and State University

On July 1, 2024, the University entered into a Service Concession Arrangement agreement with Barnes and Noble, whereby Barnes and Noble will operate the on campus bookstore operations. The agreement is renewable for each year for five years.

Under the terms of the contract, Barnes and Noble will pay Institution the greater of the following: Guaranteed Amount or Calculated Commission. After the first contract year, Barnes & Noble College will provide a guaranteed amount in all future years of this agreement equal to ninety percent (90%) of the calculated commission from the previous contract year. The total Barnes and Noble total guaranteed commitment amount was \$0.8 million.

For the fiscal year 2025, the University received the Guaranteed Commission payment of \$0.2 million. The amortized revenue recorded related to the payment in fiscal year 2025 was \$0.2 million and the remaining deferred inflow is \$0.6 million.

There were not any variable or other payments, such as residual value guarantees or termination penalties, received from either partnership for the fiscal year ended June 30, 2025.

Valdosta State University

In May, 2016, the institution entered into an agreement with Aramark Education Services, LLC (Aramark), whereby Aramark will operate food services operations from service participants. The agreement is renewable for each year for ten years.

Under terms of the original agreement Aramark also committed \$4.7 million in dining facility renovations. The amortized revenue recorded in fiscal year 2025 for the remaining construction commitment was \$0.5 million leaving deferred inflow balance of \$0.3 million.

In October, 2021, the institution entered into an agreement with Barnes & Noble College (BNC), whereby BNC will operate the bookstore from service participants. The agreement is renewable for every year for five years.

Under the terms of the original contract BNC committed to up to \$20,000 to renovate facilities with an additional \$84,000 investment for operating systems. The amortized revenue recorded in fiscal year 2025 for the remaining commitment was \$29,619 leaving deferred inflow balance of \$37,023.

There were not any variable or other payments, such as residual value guarantees or termination penalties, received from either partnership for the fiscal year ended June 30, 2025.

State of Georgia

Notes to the Financial Statements For the Fiscal Year Ended June 30, 2025

NOTE 13 - DEFERRED INFLOWS AND OUTFLOWS

Deferred Outflows and Inflows of Resources reported on the Statement of Net Position as of June 30, 2025, consisted of the following (amounts in thousands):

	Primary Government			Component Units
	Governmental Activities	Business-type Activities	Total	
Deferred Outflows of Resources				
Deferred Amount on Refundings of Bonded Debt	\$ 61,329	\$ 55,551	\$ 116,880	\$ 20,610

State of Georgia

Notes to the Financial Statements

For the Fiscal Year Ended June 30, 2025

NOTE 13 - DEFERRED INFLOWS AND OUTFLOWS (continued)

Of the \$1.7 billion of deferred outflows of resources reported in the governmental activities, \$326.9 million represent deferred outflows related to other postemployment benefits, of which \$4.4 million are reported in the internal service funds and \$1.3 billion represent deferred outflows relating to pensions, of which \$15.0 million are reported in the internal service funds. The remaining \$61.3 million represent deferred amounts on refundings of bonded debt.

Of the \$1.8 billion of deferred inflows of resources reported in the governmental activities, \$304.3 million represents deferred inflows related to other postemployment benefits, of which \$4.3 million are reported in the internal service funds and \$636.1 million represents deferred inflows relating to pensions, of which \$7.9 million are reported in the internal service funds, and \$746.0 million is related to leases. Additionally, the U.S. Department of Justice settled an agreement with the Volkswagen Corporation in which an Environmental Mitigation Trust was established. The State has \$20.2 million in unavailable revenues to fund future eligible mitigation actions.

Deferred outflows reported in business-type activities include \$2.0 billion which represent \$408.6 million relating to other postemployment benefits, \$1.5 billion which represent deferred outflows relating to pensions and \$55.6 million, which represent deferred amounts on refundings of bonded debt.

Of the \$2.8 billion of deferred inflows of resources reported in the business-type activities, \$1.5 billion represent deferred inflows relating to other postemployment benefits, \$733.9 million represent deferred inflows relating to pensions, \$431.7 million represent deferred service concession arrangement receipts described in *Note 12 - Service Concession Arrangements*, \$51.9 million represent deferred amounts on refundings of bonded debt, \$23.6 million is related to leases, and \$2.5 million represents grant funds received before the period when those resources are permitted to be used.

Of the \$128.4 million of deferred outflows of resources reported in the component units, \$26.3 million represent deferred outflows relating to other postemployment benefits, \$81.5 million represent deferred outflows relating to pensions and \$20.6 million represent deferred amounts on refundings of bonded debt.

Of the \$816.3 million of deferred inflows of resources reported in the component units, \$53.4 million represent deferred inflows relating to other postemployment benefits, \$42.0 million represent deferred inflows relating to pensions, \$705.1 million is related to leases, and \$15.7 million represent grants funds received before the period when those resources are permitted to be used.

Under the modified accrual basis of accounting, governmental funds reported \$3.1 billion in deferred inflows of resources, of which \$725.5 million is related to leases, and \$2.3 billion is for unavailable revenues, which consisted primarily of taxes and interest received more than 30 days after close of the current fiscal year.

State of Georgia

Notes to the Financial Statements For the Fiscal Year Ended June 30, 2025

NOTE 14 - RETIREMENT SYSTEMS

The State administers various retirement plans. The State is the plan sponsor (Plan) of these plans and in many cases the participating employer (Employer). The notes to the financial statements and required supplementary information that follow are presented from the perspective of the State as Plan sponsor and the State as Employer. In addition, the State is the only entity with a statutory requirement to contribute on behalf of the employer directly to many of these Plans creating a situation defined as a Non-employer Contributing Entity in a Special Funding Situation (SFS).

The State's significant retirement plans are:

- Teachers Retirement System of Georgia (TRS) (www.trsga.com)
- Employees' Retirement System (ERS), which is part of the Employees' Retirement System of Georgia (the System) (www.ers.ga.gov)

Each of these systems issue separate publicly available financial reports that include the applicable financial statements and required supplementary information. More detailed information can be found in the plan agreements and related legislation. Each plan, including benefit and contribution provisions, was established and can be amended by State law.

There are other retirement plans deemed to be not significant, which are presented in the Fiduciary Funds section of this report, but are not included in the notes to the financial statements and required supplementary information, as follows:

- Plans included in the System (www.ers.ga.gov):
 - Public School Employees Retirement System
 - Georgia Judicial Retirement System
 - Legislative Retirement System
 - Georgia Military Pension Fund
- Peace Officers' Annuity and Benefit Fund (www.poab.georgia.gov)
- Georgia Firefighters' Pension Fund (www.gfppf.org)
- Plans of the Georgia Ports Authority (www.gaports.com)
 - Retirement Plan for Employees of Georgia Ports Authority
 - Georgia Ports Authority Supplemental Retirement Plan
- Augusta University Early Retirement Pension Plan (www.usg.edu/regents)
- Magistrates Retirement Fund of Georgia (www.mrf.georgia.gov)
- Judges of the Probate Courts Retirement Fund of Georgia (www.jpc.georgia.gov)
- Superior Court Clerks' Retirement Fund of Georgia (www.scc.georgia.gov)
- Sheriffs' Retirement Fund of Georgia (www.georgiasheriffs.org)

In addition, the State administers the Regents Retirement Plan, which is an optional retirement plan for certain university employees. (www.usg.edu/regents)

A. Basis of Accounting

Retirement plan financial statements are prepared on the accrual basis of accounting. Contributions from the employers and members are recognized as additions when due, pursuant to formal commitments, as well as statutory or contractual requirements. Retirement benefits and refund payments are recognized as deductions when due and payable. The retirement plans' fiduciary net positions have been determined on the same basis as they are reported by the various plans.

State of Georgia

Notes to the Financial Statements

For the Fiscal Year Ended June 30, 2025

NOTE 14 - RETIREMENT SYSTEMS (continued)

B. Investments

Investments are reported at fair value and net asset value (NAV) as a practical expedient to fair value. Securities traded on a national or international exchange are valued at the last reported sales price.

For the fiscal year ended June 30, 2025, the annual money-weighted rate of return on pension plan investments, net of pension plan investment expense for the System, is represented below, along with the TRS plan.

Pension Plans	Net Annual Money-Weighted Rate
ERS	12.60 %
Teacher's Retirement System	10.08 %

For all plans mentioned above, the money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

ERS and TRS have investment policies regarding the allocation of invested assets.

The ERS and TRS policies are established on a cost basis in compliance with Georgia Statute. Plan assets are managed on a total return basis with a long-term objective of achieving and maintaining a fully funded status for the benefits provided through each pension plan.

The following table summarizes the adopted asset allocation policy by plan at June 30, 2025:

Target Allocation		
Asset Class	ERS	TRS
Fixed Income	25% - 45%	25% - 45%
Equities	55% - 75%	55% - 75%
Alternative Investments	0% - 5%	0% - 5%
Total	100.0 %	100.0 %

C. Defined Benefit Plans Descriptions and Funding Policies

Employees' Retirement System of Georgia (The System)

The System is comprised of individual retirement systems and plans covering substantially all employees of the State except for teachers and other employees covered by TRS. The System is administrated by a Board of Trustees that is comprised of active and retired members, ex-officio state employees, and appointees by the Governor.

State of Georgia

Notes to the Financial Statements

For the Fiscal Year Ended June 30, 2025

NOTE 14 - RETIREMENT SYSTEMS (continued)

Employees' Retirement System (ERS)

Plan Description: One of the plans within the System, also titled ERS, is a cost-sharing multiple-employer defined benefit pension plan that was established by the Georgia General Assembly during the 1949 Legislative Session for the purpose of providing retirement allowances for employees of the State and its political subdivisions. ERS is directed by a Board of Trustees and has the powers and privileges of a corporation. ERS acts pursuant to statutory direction and guidelines, which may be amended prospectively for new hires but for existing members and beneficiaries may be amended in some aspects only subject to potential application of certain constitutional restraints against impairment of contract.

Benefits Provided: The benefit structure of ERS is established by the Board of Trustees under statutory guidelines. Unless the employee elects otherwise, an employee who currently maintains membership with ERS based upon State employment that started prior to July 1, 1982, is an "old plan" member subject to the plan provisions in effect prior to July 1, 1982. Members hired on or after July 1, 1982, but prior to January 1, 2009, are "new plan" members subject to the modified plan provisions. Effective January 1, 2009, newly hired State employees, as well as rehired State employees who did not maintain eligibility for the "old" or "new" plan, are members of the Georgia State Employees' Pension and Savings Plan (GSEPS). Members of the GSEPS plan may also participate in the GSEPS 401(k) defined contribution component described below. ERS members hired prior to January 1, 2009, also have the option to irrevocably change their membership to the GSEPS plan.

Under the old plan, new plan, and GSEPS, a member may retire and receive normal retirement benefits after completion of 10 years of creditable service and attainment of age 60 or 30 years of creditable service regardless of age. Additionally, there are some provisions allowing for early retirement after 25 years of creditable service for members under age 60.

Retirement benefits paid to members are based upon a formula adopted by the Board of Trustees for such purpose. The formula considers the monthly average of the member's highest 24 consecutive calendar months of salary, the number of years of creditable service, the applicable benefit factor, and the member's age at retirement. Postretirement cost-of-living adjustments may be made to members' benefits provided the members were hired prior to July 1, 2009. The normal retirement pension is payable monthly for life; however, options are available for distribution of the member's monthly pension, at reduced rates, to a designated beneficiary upon the member's death. Death and disability benefits are also available through ERS.

Contributions: Member contribution rates are set by law. Member contributions under the old plan are 4% of annual compensation up to \$4,200 plus 6% of annual compensation in excess of \$4,200. Under the old plan, the State pays member contributions in excess of 1.25% of annual compensation. Under the old plan, these State contributions are included in the members' accounts for refund purposes and are used in the computation of the members' earnable compensation for the purpose of computing retirement benefits. Member contributions under the new plan and GSEPS are 1.25% of annual compensation. The State is required to contribute at a specified percentage of active member payroll established by the Board of Trustees and determined annually in accordance with an actuarial valuation and minimum funding standards as provided by law. These State contributions are not at any time refundable to the member or his/her beneficiary.

State of Georgia

Notes to the Financial Statements

For the Fiscal Year Ended June 30, 2025

NOTE 14 - RETIREMENT SYSTEMS (continued)

Employer and nonemployer contributions required, as a percentage of covered payroll, for fiscal year 2025 were based on the June 30, 2022 actuarial valuation as follows:

<u>Plan Segment</u>	<u>Contribution Rate 2025</u>
Old Plan*	29.20 %
New Plan	29.20 %
GSEPS	25.51 %

* 4.75% of which was paid by the State on behalf of old plan members.

The State makes contributions to ERS on behalf of certain non-State employers as follows: Pursuant to The Official Code of Georgia Annotated OCGA § 47-2-292 (a) the Department of Revenue receives an annual appropriation from the Georgia General Assembly to be used to fund the employer contributions for certain local county tax commissioners and employees. Pursuant to OCGA § 47-2-290(a) the Council of State Courts (CSC) and the Prosecuting Attorneys' Council (PAC) receive annual appropriations from the Georgia General Assembly for employer contributions of certain local employees in State Courts.

Members become vested after 10 years of service. Upon termination of employment, member contributions with accumulated interest are refundable upon request by the member. However, if an otherwise vested member terminates and withdraws his/her member contributions, the member forfeits all rights to retirement benefits.

Teachers Retirement System of Georgia (TRS)

Plan Description: TRS is a cost-sharing multiple-employer defined benefit plan created in 1943 by an act of the Georgia General Assembly to provide retirement benefits for qualifying employees in educational service. A Board of Trustees comprised of two appointees by the Board, two ex-officio State employees, five appointees by the Governor, and one appointee of the Board of Regents is ultimately responsible for the administration of TRS. All teachers in the state public schools, the University System of Georgia (except those professors and principal administrators electing to participate in an optional retirement plan), and certain other designated employees in educational-related work are eligible for membership.

Benefits Provided: TRS provides service retirement, disability retirement, and survivor's benefits. Title 47 of the OCGA assigns the authority to establish and amend the provisions of TRS to the State Legislature. A member is eligible for normal service retirement after 30 years of creditable service, regardless of age, or after 10 years of service and attainment of age 60. A member is eligible for early retirement after 25 years of creditable service.

Normal retirement (pension) benefits paid to members are equal to 2% of the average of the member's two highest paid consecutive years of service, multiplied by the number of years of creditable service up to 40 years. Early retirement benefits are reduced by the lesser of one-twelfth of 7% for each month the member is below age 60 or by 7% for each year or fraction thereof by which the member has less than 30 years of service. It is also assumed that certain cost-of-living adjustments, based on the Consumer Price Index, may be made in future years. Retirement benefits are payable monthly for life. A member may elect to receive a partial lump-sum distribution in addition to a reduced monthly retirement benefit. Options are available for distribution of the member's monthly pension, at a reduced rate, to a designated beneficiary on the member's death. Death, disability, and spousal benefits are also available.

State of Georgia

Notes to the Financial Statements

For the Fiscal Year Ended June 30, 2025

NOTE 14 - RETIREMENT SYSTEMS (continued)

Contributions: TRS is funded by member, employer and nonemployer contributing entity (Nonemployer) contributions as adopted and amended by the Board of Trustees. Members become fully vested after 10 years of service. If a member terminates with less than 10 years of service, no vesting of employer contributions occurs, but the member's contributions may be refunded with interest. Member contributions are limited by State law to not less than 5% or more than 6% of a member's earnable compensation.

The State makes contributions to TRS on behalf of certain non-State employers as follows: Pursuant to OCGA § 47-3-63, the employer contributions for certain full-time public school support personnel are funded on behalf of the employers by the State of Georgia.

Member contributions as adopted by the Board of Trustees for fiscal year 2025 were 6% of covered payroll. Employer and Nonemployer contributions required for fiscal year 2025 were 20.78% of annual salary as required by the June 30, 2022, actuarial valuation.

D. Defined Benefit Plans Membership and Participating Employers

The following table summarizes the participating membership and participating employers at June 30, 2025:

Participating Membership by Plan		
June 30, 2025		
Plan Membership	ERS	TRS
Inactive plan members or beneficiaries currently receiving benefits	55,596	155,826
Inactive plan members entitled to but not yet receiving benefits	78,192	16,416
Inactive plan members not entitled to benefits	—	132,261
Active plan members	57,929	242,241
Total	191,717	546,744
Number of Employers	365	330

These counts treat each legal entity in the State reporting entity as one employer.

State of Georgia

Notes to the Financial Statements For the Fiscal Year Ended June 30, 2025

NOTE 14 - RETIREMENT SYSTEMS (continued)

E. Defined Benefit Plans Net Pension Liability/(Asset) of Participating Employers and Nonemployer Contributing Entities

The following schedule is presented from the perspective of the State as the sponsor of the various Plans and summarizes the components of the Net Pension Liability of the participating employers and nonemployer contributing entities, as of June 30, 2025, by Plan (amounts in thousands):

<u>Components of the Net Pension Liability</u>	<u>ERS</u>	<u>TRS</u>
Total Pension Liability	\$ 21,472,685	\$ 137,943,737
Plan Fiduciary Net Position	18,637,570	116,767,912
Employers' and non-employer contributing entity's net pension liability	<u>\$ 2,835,115</u>	<u>\$ 21,175,825</u>
Plan fiduciary net position as a percentage of the total pension liability	86.80 %	84.65 %

F. Defined Benefit Plans Actuarial Methods and Assumptions

Actuarial Valuation Date

The total pension liability at June 30, 2025 is based upon the June 30, 2024 actuarial valuation for ERS and TRS using generally accepted actuarial procedures/techniques.

Actuarial Assumptions

The total pension liability, as of June 30, 2025, for each plan was determined by an actuarial valuation date indicated in the table below using the following actuarial assumptions, applied to all periods included in the measurement:

(Chart on next page)

State of Georgia

Notes to the Financial Statements

For the Fiscal Year Ended June 30, 2025

NOTE 14 - RETIREMENT SYSTEMS (continued)

Actuarial Assumptions

Plan	Valuation date	Inflation	Salary increases	Investment rate of return ¹	Cost of Living Adjustment	Mortality	Actuarial experience study
ERS	6/30/2024	2.50%	3.00% - 6.75%*	7.00%	1.05% annually	The Pub-2010 General Employee Table, with no adjustments, projected generationally with the MP-2019 scale is used for both males and females while in active service. Post-retirement mortality rates for were based on the Pub-2010 Family of Tables, with the MP-2019 projection scale applied generationally, as follows: service retirees - General Healthy Annuitant mortality table with further adjustments (set forward one year for both males and females and adjusted 105% and 108% respectively for males and females); disability retirees - General Disabled Table (set back three years for males, and adjusted 103% and 106% for males and females, respectively); beneficiaries - General Contingent Survivors Table (set forward two years for both males and females and adjusted 106% and 105% respectively).	7/1/2014-6/30/2019
TRS	6/30/2024	2.50%	3.00% - 8.75%*	6.90%	1.5% semi-annually	Post-retirement mortality rates for service retirements and beneficiaries were based on the Pub-2010 Teachers Headcount Weighted Below Median Healthy Retiree mortality table (set forward one year and adjusted 106%) with the MP-2019 Projection scale applied generationally. The rates of improvement were reduced by 20% for all years prior to the ultimate rate. Post-retirement mortality rates for disability retirements were based on the Pub-2010 Teachers Mortality Table for Disabled Retirees (set forward one year and adjusted 106%) with the MP-2019 Projected scale applied generationally. The rates of improvement were reduced by 20% for all years prior to ultimate rate. The Pub-2010 Teachers Headcount Weighted Below Median Employee mortality table (set forward one year and adjusted 106%) was used for death prior to retirement. Future improvement in mortality rates was assumed using the MP-2019 projection scale generationally. Rates of improvement were reduced by 20% for all years prior to the ultimate rate.	7/1/2018-6/30/2023

¹Investment rate of return is net of pension plan investment expense, including inflation.

*Includes respective inflation assumptions.

The actuarial assumptions used in the valuations are based on the results of the most recent actuarial experience studies dates noted in the table, with the exception of the investment rate of return and the annual rate of inflation for the ERS and TRS plans, and the payroll growth rate assumption for TRS.

State of Georgia

Notes to the Financial Statements

For the Fiscal Year Ended June 30, 2025

NOTE 14 - RETIREMENT SYSTEMS (continued)

Long-Term Expected Rate of Return

The long-term expected rate of return on pension plan investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected nominal returns, net of pension plan investment expense and the assumed rate of inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

Summarized by plan in the table below are the target asset allocation and best estimates of arithmetic real rates of return for each major asset class for ERS and TRS plans.

Asset Class	Target Allocation			
	ERS		TRS	
	Target allocation	Long-term expected real rate of return*	Target allocation	Long-term expected real rate of return*
Fixed Income	30.0 %	1.9%	30.0 %	1.9%
Domestic large equities	43.2 %	9.3 %	43.2 %	9.3 %
Domestic small equities	4.3 %	13.0 %	4.3 %	13.0 %
International developed market equities	12.3 %	9.3 %	12.3 %	9.3 %
International emerging market equities	5.2 %	11.3 %	5.2 %	11.3 %
Alternatives	5.0 %	11.4 %	5.0 %	11.4 %
Total	100.0 %		100.0 %	

* Rates shown are net of the 2.50% assumed rate of inflation .

Discount Rate

The discount rate used to measure the total pension liability for ERS and TRS, as of June 30, 2025, was 7.00% and 6.90%, respectively. The projection of cash flows used by each plan to determine the discount rate was assumed that plan member contributions will be made at the current contribution rate and that employer and nonemployer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, each pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

State of Georgia

Notes to the Financial Statements

NOTE 14 - RETIREMENT SYSTEMS (continued)

The following information is from the perspective of the State as the employer.

G. State's Proportionate Share of Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

The State reported a liability as the Employer for its proportionate share of the NPL associated with the plans listed below. In addition, the State reported a liability for its proportionate share of the NPL as a result of its statutory requirement to contribute to certain plans. These contributions were made by the State as the Non-employer Contributing Entity in a Special Funding Situation.

The following schedule is presented from the perspective of the State as the Employer and/or non-employer contributing entity and details the proportionate share of the pension amounts for each plan as of June 30, 2025 is as follows (amounts in thousands):

Aggregate Pension Amounts - All Plans			
	Primary Government	Component Units	
Pension liabilities	\$ 8,680,474	\$ 226,417	
Pension assets	\$ 121,198	\$ 9,108	
Deferred outflows of resources related to pensions	\$ 2,784,083	\$ 81,519	
Deferred inflows of resources related to pensions	\$ 1,369,982	\$ 42,035	
Pension expense/ expenditures	\$ 978,041	\$ 32,625	

State of Georgia

Notes to the Financial Statements

For the Fiscal Year Ended June 30, 2025

NOTE 14 - RETIREMENT SYSTEMS (continued)

The information below includes all significant plans and funds administered by the State of Georgia.

The NPL for each plan was measured as of June 30, 2024. The total pension liability/asset used to calculate the NPL for each plan was based on an actuarial valuation as of June 30, 2023 for ERS and TRS.

Employees' Retirement System

State's Proportionate Share of Net Pension Liability and Pension Expense

Primary Government: At June 30, 2025, the State reported a liability of \$4.0 billion, for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2024. The total pension liability used to calculate the net pension liability was based on an actuarial valuation as of June 30, 2023, with standard roll-forward techniques performed to update the total pension liability to June 30, 2024. The State's proportion of the net pension liability was based on contributions to ERS during the fiscal year ended June 30, 2024. At June 30, 2024, the State's proportion for the ERS plan as Employer was 88.503700% which was an increase of 0.306607% from its proportion measured as of June 30, 2023. For the year ended June 30, 2025, the State recognized pension expense of \$0.2 billion.

At June 30, 2025, the State reported a liability of \$48.8 million, for its proportionate share of the net pension liability, based on contributions to ERS during the fiscal year ended June 30, 2024, for certain Local County Tax Commissioners and the CSC and PAC employees in certain counties. At June 30, 2024, the State's proportion was 1.084300% for certain Local County Tax Commissioners and the CSC and PAC employees in certain counties. For the year ended June 30, 2025, the State recognized expense of \$(5.2) million.

Component Units: At June 30, 2025, the State reported a liability of \$62.3 million, for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2024. The total pension liability used to calculate the net pension liability was based on an actuarial valuation as of June 30, 2023, with standard roll-forward techniques performed to update the total pension liability to June 30, 2024. The State's proportion of the net pension liability was based on contributions to ERS during the fiscal year ended June 30, 2024. At June 30, 2024, the State's proportion for the ERS plan as Employer was 1.383000%, which was an increase of 0.004895% from its proportion measured as of June 30, 2023. For the year ended June 30, 2025, the State recognized pension expense of \$4.0 million.

State of Georgia

Notes to the Financial Statements

For the Fiscal Year Ended June 30, 2025

NOTE 14 - RETIREMENT SYSTEMS (continued)

State's Proportionate Share of Deferred Outflows/Inflows of Resources

At June 30, 2025, the State reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources (amounts in thousands):

	Primary Government				Component Units	
	State as Employer		State as Nonemployer Contributing Entity		State as Employer	
	Deferred Outflows of Resources	Deferred Inflows of Resources	Deferred Outflows of Resources	Deferred Inflows of Resources	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 213,562	\$ —	\$ 2,616	\$ —	\$ 3,338	\$ —
Changes of assumptions	—	—	—	—	—	—
Net difference between projected and actual earnings on pension plan investments	—	448,755	—	5,497	—	7,012
Changes in proportion and differences between State contributions and proportionate share of contributions	57,118	48,568	95	5,169	1,619	1,292
State contributions subsequent to the measurement date	829,953	—	9,076	—	12,601	—
Total	\$ 1,100,633	\$ 497,323	\$ 11,787	\$ 10,666	\$ 17,558	\$ 8,304

Primary Government: State contributions as employer and nonemployer subsequent to the measurement date of \$830.0 million and \$9.1 million are reported as deferred outflows of resources and will be recognized as a reduction of the NPL in the year ended June 30, 2026.

Component Units: State contributions as employer subsequent to the measurement date of \$12.6 million are reported as deferred outflows of resources and will be recognized as a reduction of the NPL in the year ended June 30, 2026.

State of Georgia

Notes to the Financial Statements

For the Fiscal Year Ended June 30, 2025

NOTE 14 - RETIREMENT SYSTEMS (continued)

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows (amounts in thousands):

Year ended June 30:	Primary Government		Component Units
	State as Employer	State as Nonemployer Contributing Entity	State as Employer

Teachers Retirement System of Georgia

State's Proportionate Share of Net Pension Liability and Pension Expense

Primary Government: At June 30, 2025, the State reported a liability of \$4.1 billion, for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2024. The total pension liability used to calculate the net pension liability was based on an actuarial valuation as of June 30, 2023, with standard roll-forward techniques performed to update the total pension liability to June 30, 2024. The State's proportion of the net pension liability was based on contributions to TRS during the fiscal year ended June 30, 2024. At June 30, 2024, the State's proportion for the TRS plan as Employer was 16.322084%, which was a decrease of (0.121321)% from its proportion measured as of June 30, 2023. For the year ended June 30, 2025, the State recognized pension expense of \$658.7 million.

At June 30, 2025, the State reported a liability of \$47.7 million, for its proportionate share of the net pension liability, based on contributions to TRS during the fiscal year ended June 30, 2024. At June 30, 2024, the State's proportion was 0.189653% for certain full-time public school support personnel. For the year ended June 30, 2025, the State recognized expense of \$7.0 million.

Component Units: At June 30, 2025, the State reported a liability of \$116.0 million, for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2024. The total pension liability used to calculate the net pension liability was based on an actuarial valuation as of June 30, 2023, with standard roll-forward techniques performed to update the total pension liability to June 30, 2024. The State's proportion of the net pension liability was based on contributions to TRS during the fiscal year ended June 30, 2024. At June 30, 2024, the State's proportion for the TRS plan as Employer was 0.461552%, which was a decrease of 0.048039% from its proportion measured as of June 30, 2023. For the year ended June 30, 2025, the State recognized pension expense of \$14.5 million.

State of Georgia

Notes to the Financial Statements

H. Actuarial Methods and Assumptions (GASB 68)

The total pension liability, as of June 30, 2024, for each plan was determined by an actuarial valuation date indicated in the table below using the following actuarial assumptions, applied to all periods included in the measurement:

(Chart on next page)

State of Georgia

Notes to the Financial Statements

For the Fiscal Year Ended June 30, 2025

NOTE 14 - RETIREMENT SYSTEMS (continued)

Actuarial Assumptions							Actuarial experience study
Plan	Valuation date	Inflation	Salary increases	Investment rate of return ¹	Cost of Living Adjustment	Mortality	
ERS	6/30/2023	2.50%	3.00% - 6.75%*	7.00%	1.05% annually	The Pub-2010 General Employee Table, with no adjustments, projected generationally with the MP-2019 scale is used for both males and females while in active service. Post-retirement mortality rates were based on the Pub-2010 Family of Tables, with the MP-2019 projection scale applied generationally, as follows: service retirees - General Healthy Annuitant mortality table with further adjustments (set forward one year and adjusted 105% and 108% respectively for males and females); disability retirees - General Disabled Table (set back three years for males and adjusted 103% and 106% for males and females respectively); beneficiaries - General Contingent Survivors Table (set forward two years for both males and females and adjusted 106% and 105% respectively).	7/1/2014- 6/30/2019
TRS	6/30/2023	2.50%	3.00% - 8.75%*	6.90%	1.5% semi- annually	Post-retirement mortality rates for service retirements and beneficiaries were based on the Pub-2010 Teachers Headcount Weighted Below Median Healthy Retiree mortality table (set forward one year and adjusted 106%) with the MP-2019 Projection scale applied generationally. The rates of improvement were reduced by 20% for all years prior to the ultimate rate. Post-retirement mortality rates for disability retirements were based on the Pub-2010 Teachers Mortality Table for Disabled Retirees (set forward one year and adjusted 106%) with the MP-2019 Projected scale applied generationally. The rates of improvement were reduced by 20% for all years prior to ultimate rate. The Pub-2010 Teachers Headcount Weighted Below Median Employee mortality table (set forward one year and adjusted 106%) was used for death prior to retirement. Future improvement in mortality rates was assumed using the MP-2019 projection scale generationally. Rates of improvement were reduced by 20% for all years prior to the ultimate rate.	7/1/2013- 6/30/2018

¹Investment rate of return is net of pension plan investment expense, including inflation.

*Includes respective inflation assumptions.

Long-Term Expected Rate of Return

The long-term expected rate of return on pension plan investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected nominal returns, net of pension plan investment expense and the assumed rate of inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

State of Georgia

Notes to the Financial Statements

For the Fiscal Year Ended June 30, 2025

NOTE 14 - RETIREMENT SYSTEMS (continued)

The target asset allocation and best estimates of arithmetic real rates of return for each major asset class are summarized by plan in the table below:

Asset Class	Target Allocation			
	ERS		TRS	
	Target allocation	Long-term expected real rate of return*	Target allocation	Long-term expected real rate of return*
Fixed Income	30.0 %	1.5%	30.0 %	1.5%
Domestic large equities	46.4 %	9.1 %	46.4 %	9.1 %
Domestic small equities	1.1 %	13.0 %	1.1 %	13.0 %
International developed market equities	13.6 %	9.1 %	13.6 %	9.1 %
International emerging market equities	3.9 %	11.1 %	3.9 %	11.1 %
Alternatives	5.0 %	10.6 %	5.0 %	10.6 %
Total	<u>100.0 %</u>		<u>100.0 %</u>	

* Rates shown are net of the 2.50% assumed rate of inflation.

Discount Rate

The discount rate used for ERS to measure the total pension liability, as of June 30, 2024, was 7.00%. The discount rate used for TRS to measure the total pension liability was 6.90%. The projection of cash flows used by each plan to determine the discount rate was assumed that plan member contributions will be made at the current contribution rate and that employer and non-employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, each pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

State of Georgia

Notes to the Financial Statements

For the Fiscal Year Ended June 30, 2025

NOTE 14 - RETIREMENT SYSTEMS (continued)

The following schedule is presented from the perspective of the State as the employer and non-employer contributing entity and details the State's proportionate share of the Net Pension Liability (NPL)/Net Pension Asset (NPA), as of June 30, 2024. The NPL is calculated using the discount rate detailed below, as well as what the State's proportionate share of the NPL would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate (amounts in thousands):

Sensitivity of the Net Pension Liability/Asset to Changes in the Discount Rate						
Primary Government			Component Units			
1% Decrease	Current Discount Rate	1% Increase	1% Decrease	Current Discount Rate	1% Increase	
(6.00%)	(7.00%)	(8.00%)	(6.00%)	(7.00%)	(8.00%)	
ERS's Net Pension Liability	\$ 6,002,877	\$ 3,984,331	\$ 2,286,740	\$ 93,798	\$ 62,257	\$ 35,732
SFS	73,528	48,803	28,010	—	—	—
Total ERS Net Pension Liability	<u>\$ 6,076,405</u>	<u>\$ 4,033,134</u>	<u>\$ 2,314,750</u>	<u>\$ 93,798</u>	<u>\$ 62,257</u>	<u>\$ 35,732</u>
	(5.90%)	(6.90%)	(7.90%)	(5.90%)	(6.90%)	(7.90%)
TRS's Net Pension Liability/(Asset)	\$ 7,061,210	\$ 4,101,766	\$ 1,687,273	\$ 199,675	\$ 116,009	\$ 47,712
SFS	82,047	47,669	19,605	—	—	—
Total TRS's Net Pension Liability/(Asset)	<u>\$ 7,143,257</u>	<u>\$ 4,149,435</u>	<u>\$ 1,706,878</u>	<u>\$ 199,675</u>	<u>\$ 116,009</u>	<u>\$ 47,712</u>

I. Defined Contribution Plans

GSEPS 401(k) Component of ERS Plan

In addition to the ERS defined benefit pension described above, GSEPS members may also participate in the Peach State Reserves 401(k) defined contribution plan and receive an employer matching contribution. The 401(k) plan is administered by the System and was established by the Georgia Employee Benefit Plan Council in accordance with State law and Section 401(k) of the IRC. The GSEPS segment of the 401(k) plan was established by State law effective January 1, 2009. Plan provisions and contribution requirements specific to GSEPS can be amended by State law. Other general 401(k) plan provisions can be amended by the ERS Board of Trustees as required by changes in federal tax law or for administrative purposes. The State was not required to make significant contributions to the 401(k) plan prior to GSEPS because most members under other segments of the plan either were not State employees or were not eligible to receive an employer match on their contributions.

State of Georgia

Notes to the Financial Statements

For the Fiscal Year Ended June 30, 2025

NOTE 14 - RETIREMENT SYSTEMS (continued)

The GSEPS plan includes automatic enrollment in the 401(k) plan at a contribution rate of 5% of salary unless the participating member elects otherwise. The member may change such level of participation at any time. In addition, the member may make such additional contributions as he or she desires, subject to limitations imposed by federal law. During the 2022 Legislative Session, the Georgia General Assembly approved a change to the GSEPS 401(k) employer match structure. The new structure increased the match and added a years of service component. Starting July 1, 2022, the employer match is dollar per dollar, up to 5% of pay, and GSEPS members with at least 6 years of service who are contributing a minimum of 5%, will get an additional half percent Employer match for every full year of service in excess of five years, up to a maximum match of 9%.

GSEPS employer contributions are subject to a vesting schedule, which determines eligibility to receive all or a portion of the employer contribution balance at the time of any distribution from the account after separation from all State service. Vesting is determined based on the table below:

Less than 1 year	0%
1 year	20%
2 years	40%
3 years	60%
4 years	80%
5 or more years	100%

Employee contributions and earnings thereon are 100% vested at all times. The 401(k) plan also allows participants to roll over amounts from other qualified plans to their respective account in the 401(k) plan on approval of the 401(k) plan administrator. Such rollovers are 100% vested at the time of transfer. Participant contributions are invested according to the participant's investment election. If the participant does not make an election, investments are automatically defaulted to a Lifecycle fund based on the participant's date of birth.

The participants may receive the value of their vested accounts upon attaining age 59.5, qualifying financial hardship, or 30 days after retirement or other termination of service (employer contribution balances are only eligible for distribution upon separation from service). Upon the death of a participant, his or her beneficiary shall be entitled to the vested value of his or her accounts. Employees who die while actively employed and eligible for 401(k) employer matching contributions become fully vested in employer contributions upon death. Distributions are made in installments or in a lump sum.

There were 84,758 plan members and 457 participating employers in the plan at June 30, 2025. For the fiscal year ended June 30, 2025, the State's employer and employee GSEPS contributions were \$117.2 million and \$123.6 million, respectively. Additionally, the State made contributions of \$0.1 million on behalf of employers that are not in the reporting entity. Employer contributions may be partially funded from non-vested contributions that were forfeited by employees.

State of Georgia

Notes to the Financial Statements For the Fiscal Year Ended June 30, 2025

NOTE 14 - RETIREMENT SYSTEMS (continued)

Regents Retirement Plan

The Regents Retirement Plan, a single-employer defined contribution plan, is an optional retirement plan established by the Georgia General Assembly in OCGA § 47-21-1. It is administered and may be amended by the Board of Regents of the University System of Georgia (Board of Regents). A participant in the plan is an “eligible university system employee” defined as a faculty member or all exempt full and partial benefit eligible employees as designated by the regulations of the Board. Under the Plan, a plan participant may purchase annuity contracts from three approved vendors (VALIC, Fidelity, and TIAA-CREF) for the purpose of receiving retirement and death benefits. The approved vendors have separately issued financial reports that may be obtained through their respective corporate offices.

Benefits depend solely on amounts contributed to the plan plus investment earnings. Benefits are payable to participating employees or their beneficiaries in accordance with the terms of the annuity contracts.

The institutions of the University System of Georgia make monthly employer contributions for the Regents Retirement Plan at rates determined by the Board of Regents in accordance with State statute and as advised by their independent actuary. For the fiscal year ended June 30, 2025, the employer contribution was 9.24% of the participating employee's earned compensation, and employees contributed 6.00% of their earned compensation. Amounts attributable to all plan contributions are fully vested and non-forfeitable at all times. For the fiscal year ended June 30, 2025, employer and employee contributions were \$167.6 million and \$109.3 million, respectively.

State of Georgia

Notes to the Financial Statements

For the Fiscal Year Ended June 30, 2025

NOTE 15 - POSTEMPLOYMENT BENEFITS - MULTI-EMPLOYER PLANS

The State administers various multiple-employer other postemployment benefit (OPEB) plans. The State is the plan sponsor (Plan) of these plans and in many cases the participating employer (Employer). The notes to the financial statements and required supplementary information that follow are presented from the perspective of the State as Plan sponsor and the State as Employer.

The State's multiple-employer OPEB plans are:

- Plans Administered by Department of Community Health (DCH):
 - Georgia State Employees Post-employment Health Benefit Fund (State OPEB Fund)
 - Georgia School Personnel Post-employment Health Benefit Fund (School OPEB Fund)
- State Employees' Assurance Department (SEAD-OPEB Plan), which is administered by Employees' Retirement System (ERS) (www.ers.ga.gov):

The financial statements for the State OPEB Fund, School OPEB Fund, and SEAD-OPEB Plan are presented in the Fiduciary Funds section of this report. The SEAD-OPEB Plan issues separate publicly available financial reports that include the applicable financial statements and required supplementary information.

A. Basis of Accounting

The financial statements of these plans are prepared using the economic resources measurement focus and accrual basis of accounting. Contributions from employers and members are recognized in the period in which they are due. Benefits and refunds are recognized when due and payable in accordance with the terms of the plan. The OPEB plan's fiduciary net positions have been determined on the same basis as they are reported by the various plans.

B. Investments

Investments are reported at fair value. Short-term investments are reported at cost, which approximates fair value. Securities traded on a national or international exchange are valued at the last reported sales price.

For the fiscal year ended June 30, 2025, the annual money-weighted rate of return on OPEB plan investments, net of OPEB plan investment expense are represented below:

<u>OPEB Plans</u>	<u>Net Annual Money-Weighted Rate</u>
State OPEB Fund	12.77 %
School OPEB Fund	13.69 %
SEAD-OPEB Plan	12.60 %

For all plans mentioned above the money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested. These three plans have investment policies regarding the allocation of invested assets, established on a cost basis in compliance with Georgia Statute. Plan assets are managed on a total return basis with a short-term objective of stability of principal while allowing for liquidity and a long-term objective of achieving and maintaining a fully funded status for the benefits provided through each OPEB plan.

State of Georgia

Notes to the Financial Statements

For the Fiscal Year Ended June 30, 2025

NOTE 15 - POSTEMPLOYMENT BENEFITS - MULTI-EMPLOYER PLANS (continued)

The following table summarizes the adopted asset allocation policy by plan at June 30, 2025:

Asset Class	Target Allocation		
	State OPEB	School OPEB	SEAD-OPEB
Fixed Income	30 %	30 %	25% - 45%
Equities	70 %	70 %	55% - 75%
Alternative Investments	— %	— %	0% - 5%
Total	100.0 %	100.0 %	100.0 %

C. Plans Descriptions and Funding Policies

State OPEB Fund and School OPEB Fund

Plan Description: The State OPEB Fund and School OPEB Fund are cost-sharing multiple-employer defined benefit postemployment healthcare plans and are reported as employee benefit trust funds. The Funds are administered by a Board of Community Health (Board) that is comprised of nine members, including two former State of Georgia employees and seven industry professionals. The OCGA § 45-18-25 and § 20-2-875, for the State and School OPEB funds respectively, assigns the authority to establish and amend the benefit provisions of the group health plans, including benefits for retirees to the Board.

Benefits Provided: The State OPEB Fund provides postemployment health benefits (including benefits to qualified beneficiaries of eligible former employees) due under the group health plan for employees of State organizations (including technical colleges) and other entities authorized by law to contract with DCH for inclusion in the plan. Retiree medical eligibility is attained when an employee retires, and is immediately eligible to draw a retirement annuity from one of the State's retirement plans. If elected, dependent coverage starts on the same day as retiree coverage. It also pays administrative expenses of the fund. By law, no other use of the assets of the State OPEB Fund is permitted. The plan designs offered for the 2025 plan year include various plan options. For Medicare-eligible members there are Medicare Advantage plan options (UnitedHealthcare and Blue Cross and Blue Shield of Georgia) Standard and Premium Plans. Alternatively, for non-Medicare eligible members the plan options include Health Reimbursement Arrangement Plan Options (Blue Cross and Blue Shield of Georgia Gold, Silver, Bronze), Health Maintenance Organization Plan Options (Blue Cross and Blue Shield of Georgia, Kaiser Permanente, and UnitedHealthcare), and a High Deductible Health Plan Option (UnitedHealthcare).

The School OPEB Fund provides postemployment health benefits (including benefits for qualified beneficiaries of eligible former employees) due under the group health plan for public school teachers, including librarians, other certified employees of public schools, regional educational service agencies, and non-certified public school employees. Retiree medical eligibility is attained when an employee retires, and is immediately eligible to draw a retirement annuity from one of the State's retirement plans. If elected, dependent coverage starts on the same day as retiree coverage. It also pays administrative expenses of the fund. By law, no other use of the assets of the School OPEB Fund is permitted. The plan designs offered for the 2025 plan year include various plan options, which are the same options offered for the State OPEB fund as described in the previous paragraph.

State of Georgia

Notes to the Financial Statements For the Fiscal Year Ended June 30, 2025

NOTE 15 - POSTEMPLOYMENT BENEFITS - MULTI-EMPLOYER PLANS (continued)

Contributions: The State OPEB Fund and School OPEB Fund are currently funded on a pay-as-you-go basis. That is, annual costs of providing benefits will be financed in the same year as claims occur, with historically, no significant assets accumulating, as would occur in an advance funding strategy.

Additional contributions, totaling \$258.5 million, were voluntarily made in fiscal year 2025 for financing future costs associated with the School OPEB liability.

The contribution requirements of plan members and participating employers are established by the Board in accordance with the 2025 Appropriations Act and may be amended by the Board. Contributions of plan members or beneficiaries receiving benefits vary based on plan election, dependent coverage, and Medicare eligibility and election. As of January 1, 2012, for members with fewer than five years of service, contributions also vary based on years of service. As of January 1, 2012, on average, members with five years or more of service pay approximately 25% of the cost of health insurance coverage. In accordance with the Board resolution dated December 8, 2011, for members with fewer than five years of service as of January 1, 2012, the State provides a premium subsidy in retirement that ranges from 0% for fewer than 10 years of service to 75% (but no greater than the subsidy percentage offered to active employees) for 30 or more years of service. The subsidy for eligible dependents ranges from 0% to 55% (but no greater than the subsidy percentage offered to dependents of active employees minus 20%). No subsidy is available to Medicare eligible members not enrolled in a Medicare Advantage Option. The Board sets all member premiums by resolution and in accordance with the law and applicable revenue and expense projections. Any subsidy policy adopted by the Board may be changed at any time by Board resolution and does not constitute a contract or promise of any amount of subsidy.

The combined required employer contribution rates established by the Board for the active and retiree plans for the fiscal years ended June 30, 2025, were as follows:

Combined Active and State OPEB Fund Contribution Rates as a Percentage of Covered Payroll

State organizations, including technical colleges, and certain other eligible participating employers:

July 2024 - June 2025	29.454%	for August 2024 - July 2025 coverage

Combined Active and School OPEB Fund Contribution Rates per Member per Month

Certificated teachers, librarians, regional educational service agencies, certain other eligible participating employers:

July 2024 to June 2025	\$1,760.00	for August 2024 - July 2025 coverage

Library employees:

July to December 2024 and January - June 2025	\$1,093.00 and \$1,580.00	for August 2024 - January 2025 coverage and February - July 2025 coverage

Non-certificated school personnel:

July to December 2024 and February - July 2025.	\$1,195.00 and \$1,580.00	for August 2024 - January 2025 coverage and February - July 2025 coverage

State of Georgia

Notes to the Financial Statements

For the Fiscal Year Ended June 30, 2025

NOTE 15 - POSTEMPLOYMENT BENEFITS - MULTI-EMPLOYER PLANS (continued)

SEAD-OPEB Plan

Plan Description: The SEAD-OPEB Plan is a cost-sharing multiple-employer defined benefit other postemployment plan created by the 2007 Georgia General Assembly to provide term life insurance to eligible members of the ERS, Georgia Judicial Retirement System (JRS), and Legislative Retirement System (LRS). The SEAD-OPEB Plan provides benefits for retired and vested inactive members. Effective July 1, 2009, no newly hired members of any State public retirement system are eligible for term life insurance under the SEAD-OPEB Plan. The SEAD-OPEB Plan is administered by the SEAD Board that is comprised of six members, the State Auditor, State Treasurer, Department of Administrative Services Commissioner, Labor Commissioner, and two members appointed by the Governor. Pursuant to Title 47 of the OCGA, benefit provisions of the plan was established and can be amended by State statute.

Benefits Provided: The SEAD-OPEB Plan provides postemployment insurance coverage on a monthly, renewable term basis, with no return premiums or cash value available to be earned. The amount of insurance for a retiree with creditable service prior to April 1, 1964, is the full amount of insurance in effect on the date of retirement. The amount of insurance for a service retiree with no creditable service prior to April 1, 1964, is 70% of the amount of insurance in effect at age 60 or at termination, if earlier. Life insurance proceeds are paid in lump sum to the beneficiary upon death of the retiree. The net position represents the excess accumulation of investment income and premiums over benefit payments and expenses and is held as a reserve for payment of death benefits under existing policies. Administrative costs for the plan are determined based on the plan's share of overhead costs to accumulate and invest funds, actuarial services, and to process benefit payments to beneficiaries. Administrative fees are financed from the assets of the plan.

Contributions: Contributions by plan members are established by the SEAD Board, up to the maximum allowed by statute (not to exceed 0.5% of earnable compensation). The SEAD Board establishes employer contribution rates, such rates which, when added to members' contributions, shall not exceed 1% of earnable compensation. There were no employer contributions required for fiscal year ended June 30, 2025. Contributions were based on actuarial valuations, and for fiscal year 2025 were as follows:

	SEAD-OPEB Plan
	<u>Percentage</u>
Member Rates:	
ERS Old Plan	0.45 %
Less: Offset Paid by Employer	<u>(0.22%)</u>
Net ERS Old Plan	0.23 %
ERS New Plan, JRS, and LRS	0.23 %
Employer Rates/Amounts	0.00 %

State of Georgia

Notes to the Financial Statements For the Fiscal Year Ended June 30, 2025

NOTE 15 - POSTEMPLOYMENT BENEFITS - MULTI-EMPLOYER PLANS (continued)

D. Plan Membership and Participating Employers

The following table summarizes the participating membership and participating employers at June 30, 2025:

Participating Membership by Plan
June 30, 2025

Plan Membership	State OPEB Fund	School OPEB Fund	SEAD-OPEB Plan
Inactive plan members or beneficiaries currently receiving benefits	36,667	93,922	43,757
Inactive plan members entitled to but not yet receiving benefits	—	—	1,032
Active plan members	47,112	181,029	13,045
Total	83,779	274,951	57,834
Open to New Members (Yes/No)	Yes	Yes	No
Number of Employers	177	254	372

These counts treat each legal entity in the State reporting entity as one employer.

E. Net OPEB Liability/(Asset)

For defined benefit OPEB plans that are administered through trusts that meet the specified criteria, GASB 74 requires the net OPEB liability to be measured as the total OPEB liability, less the amount of the OPEB plan's fiduciary net position. The total OPEB liability is actuarially determined. The following schedule is presented from the perspective of the State as the sponsor of the various Plans and summarizes the components of the Net OPEB Liability (NOL)/ Net OPEB Asset (NOA), as of June 30, 2025, by Plan (amounts in thousands):

Components of the Net OPEB Liability/(Asset)	State OPEB Fund	School OPEB Fund	SEAD-OPEB Plan
Total OPEB Liability	\$ 2,325,833	\$ 10,529,423	\$1,034,260
Plan Fiduciary Net Position	3,056,125	1,224,499	1,709,232
Net OPEB liability/(asset)	<u>\$ (730,292)</u>	<u>\$ 9,304,924</u>	<u>\$ (674,972)</u>
Plan fiduciary net position as a percentage of the total OPEB liability	131.40 %	11.63 %	165.26 %

State of Georgia

Notes to the Financial Statements

For the Fiscal Year Ended June 30, 2025

NOTE 15 - POSTEMPLOYMENT BENEFITS - MULTI-EMPLOYER PLANS (continued)

F. Actuarial Methods and Assumptions

For the State OPEB fund and School OPEB fund, the impacts of the Affordable Care Act (ACA) and the Inflation Reduction Act (IRA) was addressed in the valuations. Review of the information currently available did not identify any specific provisions of the legislation that are anticipated to directly impact results at this time other than plan design features and fees currently mandated by the ACA and incorporated in the plan designs, which are included in the current baseline claim costs, and the anticipation of potential changes to Medicare due to the IRA, which are included in our trend assumption. Continued monitoring of the impact on the Plan's liability due to this and other legislation, if applicable, will be required. Additionally, the impact of the COVID-19 pandemic was considered in this valuation; however, no changes were incorporated at this time due to the level of uncertainty regarding the impact on both plan costs and contribution levels going forward. Continued monitoring of the COVID-19 impact on the Plan's liability will also be required.

For the SEAD-OPEB Plan, the annual actuarial valuations providing the measures to assess funding progress will utilize the actuarial methods and assumptions last adopted by the SEAD Board based upon the advice and recommendations of the actuary. The SEAD Board will periodically have actuarial projections of the valuation results performed to assess the current and expected future progress towards the overall funding goals of the Plan.

Projections of benefits for financial reporting purposes for all plans are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculation.

Actuarial Valuation Date

The total OPEB liability at June 30, 2025, is based upon the June 30, 2024 actuarial valuation for State OPEB Fund, School OPEB Fund and the SEAD-OPEB Plan, using generally accepted actuarial procedures/techniques.

Actuarial Assumptions

The total OPEB liability, as of June 30, 2025, for each plan was determined by an actuarial valuation date indicated in the table below using the following actuarial assumptions, applied to all periods included in the measurement and rolled forward to the measurement date:

(Chart on next page)

Mortality	Pre-retirement mortality rates were based on the Pub-2010 General Employee Mortality Table, with no adjustment, with the MP-2019 Projection scale applied generationally. Post-retirement mortality rates for service retirements were based on the Pub-2010 General Healthy Annuitant Mortality Table (ages set forward one year and adjusted 105% for males and 108% for females) with the MP-2019 Projection scale applied generationally. Post-retirement mortality rates for disability retirements were based on the Pub-2010 General Disabled Mortality Table (ages set back three years for males and adjusted 103% for males and 106% for females) with the MP-2019 Projection scale applied generationally. Post-retirement mortality rates for beneficiaries were based on the Pub-2010 General Contingent Survivor Mortality Table (ages set forward two years and adjusted 106% for males and 105% for females) with the MP-2019 Projection scale applied generationally. For Teachers Retirement System (TRS): The Pub-2010 Teachers Headcount Weighted Below Median Employee mortality table with ages set forward one year and adjusted 106% was used for death prior to retirement. Future improvement in mortality rates was assumed using the MP-2019 projection scale generationally. These rates of improvement were reduced by 20% for all years prior to the ultimate rate. Post-retirement mortality rates for service retirements and beneficiaries were based on the Pub-2010 Teachers Headcount Weighted Below Median Healthy Retiree mortality table (ages set forward one year and adjusted 106%) with the MP-2019 Projection scale applied generationally. The rates of improvement were reduced by 20% for all years prior to the ultimate rate. Post-retirement mortality rates for disability retirements were based on the Pub-2010 Teachers Mortality Table for Disabled Retirees (ages set forward one year and adjusted 106%) with the MP-2019 Projection scale applied generationally. The rates of improvement were reduced by 20% for all years prior to the ultimate rate. Post-retirement mortality rates for service retirements were based on the Pub-2010 General Healthy Below-Median Annuitant Mortality Table (ages set forward two years and adjusted 101% for males and 103% for females) with the MP-2019 Projection scale applied generationally. Postretirement mortality rates for disability retirements were based on the Pub-2010 General Disabled Mortality Table (ages set back three years for males and adjusted 103% for males and 106% for females) with the MP-2019 Projection scale applied generationally. Post-retirement mortality rates for beneficiaries were based on the Pub-2010 General Below-Median Contingent Survivor Mortality Table (ages set forward two years and adjusted 104% for males and 99% for females) with the MP-2019 Projection scale applied generationally. The Pub-2010 General Employee Table, with no adjustments, projected generationally with the MP-2019 scale is used for both males and females while in active service. Post-retirement mortality rates for were based on the Pub-2010 Family of Tables, with the MP-2019 projection scale and further adjustments, as follows: service retirees - General Healthy Annuitant Table with further adjustments (set forward one year and adjusted 105% and 108% respectively for males and females); disability retirees - General Disabled Table (set back three years for males, and adjusted 103% and 106% for males and females, respectively); beneficiaries - General Contingent Survivors Table (set forward two years for both males and females and adjusted 106% and 105% respectively).		
Actuarial experience study	7/1/2014 - 6/30/2019	7/1/2013 - 6/30/2018	7/1/2014 - 6/30/2019

¹ Long-term expected rate of return is net of investment expense, including inflation

*Includes respective inflation assumption.

State of Georgia

Notes to the Financial Statements

For the Fiscal Year Ended June 30, 2025

NOTE 15 - POSTEMPLOYMENT BENEFITS - MULTI-EMPLOYER PLANS (continued)

The actuarial assumptions used in the valuations, for the State and School OPEB funds, are based on the results of the most recent actuarial experience studies which covered the five year period ending June 30, 2019, and June 30, 2018, respectively. Various assumptions and methods have been revised to reflect the results of the TRS experience study for the five-year period ending June 30, 2018. With the exception of the assumed annual rate of inflation which was changed from 2.75% to 2.50% effective with the June 30, 2018 valuation, for School OPEB funds. The remaining actuarial assumptions (e.g., initial per capita costs, health care cost trends, rate of plan participation, rates of plan election, etc.) used in the June 30, 2024 valuation for the State and School OPEB funds were based on a review of recent plan experience done concurrently with the June 30, 2024 valuation.

The actuarial assumptions used in the valuation for the SEAD-OPEB Plan were based on the results of an actuarial experience study, which covered the five year period ending June 30, 2019. The assumed investment rate of return was lowered from 7.30% to 7.00%, and the assumed annual rate of inflation from 2.75% to 2.50% in the experience study.

Long-Term Expected Rate of Return

For all plans, the long-term expected rate of return on OPEB plan investments were determined using a log-normal distribution analysis, in which expected future real rates of return (expected returns, net of investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized by plan in the table below:

Asset Class	Target Allocation					
	State-OPEB Fund		School-OPEB Fund		SEAD-OPEB Plan	
	Target allocation	Long-term expected real rate of return*	Target allocation	Long-term expected real rate of return*	Target allocation	Long-term expected real rate of return*
Fixed Income	30.0 %	3.5%	30.0 %	3.5%	30.0 %	1.9%
Domestic large equities	70.0 %	9.3 %	70.0 %	9.3 %	43.2 %	9.3 %
Domestic small equities	—	—	—	—	4.3 %	13.0 %
International developed market equities	—	—	—	—	12.3 %	9.3 %
International emerging market equities	—	—	—	—	5.2 %	11.3 %
Alternatives	—	—	—	—	5.0 %	11.4 %
Total	100.0 %		100.0 %		100.0 %	

* Rates shown are net of the respective assumed rates of inflation.

State of Georgia

Notes to the Financial Statements

For the Fiscal Year Ended June 30, 2025

NOTE 15 - POSTEMPLOYMENT BENEFITS - MULTI-EMPLOYER PLANS (continued)

Discount Rate

In order to measure the total OPEB liability, as of June 30, 2025, for the State OPEB fund, a single equivalent rate of 7.00% was used as the discount rate, the same as last year's rate. The projection of cash flows used to determine the discount rate assumed that contributions from members and from the employer will be made at the current level as averaged over the last five years, adjusted for annual projected changes in headcount. Based on those assumptions, the fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on investments was applied to all periods of projected benefit payments to determine the total OPEB liability. Projected future benefit payments for all current plan members were projected through 2124.

In order to measure the total OPEB liability for the School OPEB, a single equivalent interest rate of 5.28% was used as the discount rate, as compared with last year's rate of 3.68%. This is comprised mainly of the yield or index rate for 20 year tax-exempt general obligation bonds with an average rating of AA or higher (5.20% per the Municipal Bond Index Rate). The projection of cash flows used to determine the discount rate assumed that contributions from members and from the employer will be made at the current level as averaged over the last five years, adjusted for annual projected changes in headcount. Projected future benefit payments for all current plan members were projected through 2134.

The discount rate used to measure the total OPEB liability for the SEAD-OPEB Plan was 7.00%, the same as last year's rate. The projection of cash flows used to determine the discount rate assumed that plan member insurance premiums will be made at the current contribution rate and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on investments was applied to all periods of projected benefit payments to determine the total OPEB liability.

Sensitivity of the Net OPEB Liability/(Asset) to Changes in the Discount Rate

The following schedule summarizes the NOL/(NOA) of the employers, as of June 30, 2025. The NOL/(NOA) is calculated using the determined discount rate as well as what the NOL/(NOA) would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate by the Plan (amounts in thousands):

Sensitivity of the Plan Participating Employer Contributing Entities Net OPEB Liability/(Asset) to Changes in the Discount Rate

	1% Decrease	Current Rate	1% Increase
	(6.00%)	(7.00%)	(8.00%)
State's Net OPEB (Asset)	\$ (505,500)	\$ (730,292)	\$ (923,884)
	(4.28%)	(5.28%)	(6.28%)
School's Net OPEB Liability	\$ 10,466,183	\$ 9,304,924	\$ 8,311,580
	(6.00%)	(7.00%)	(8.00%)
SEAD-OPEB Plan's Net OPEB (Asset)	\$ (429,845)	\$ (674,972)	\$ (669,239)

State of Georgia

Notes to the Financial Statements

NOTE 15 - POSTEMPLOYMENT BENEFITS - MULTI-EMPLOYER PLANS (continued)

Sensitivity of the Net OPEB Liability/(Asset) to Changes in the Healthcare Cost Trends

The following schedule summarizes the NOL/(NOA) of the employers, as of June 30, 2025. The NOL/(NOA) is calculated using the determined healthcare cost trends as well as what the NOL/(NOA) would be if it were calculated using healthcare cost trends that are 1-percentage-point lower or 1-percentage-point higher than the current rate by the Plan (amounts in thousands):

Sensitivity of the Plan Participating Employer Contributing Entities Net OPEB Liability/(Asset) to Changes in Healthcare Cost Trends			
	1% Decrease	Current Rate	1% Increase
State's Net OPEB (Asset)	\$ (956,162)	\$ (730,292)	\$ (464,611)
School's Net OPEB Liability	\$ 8,089,332	\$ 9,304,924	\$ 10,773,465
SEAD-OPEB Plan's Net (Asset)	N/A	N/A	N/A

State of Georgia

Notes to the Financial Statements For the Fiscal Year Ended June 30, 2025

NOTE 15 - POSTEMPLOYMENT BENEFITS - MULTI-EMPLOYER PLANS (continued)

The following information is from the perspective of the State as the employer.

G. State's Proportionate Share of OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

The State reported a liability as the Employer for its proportionate share of the NOL associated with the plans listed below.

The following schedule is presented from the perspective of the State as the Employer details the proportionate share of the OPEB amounts for each plan as of June 30, 2025 is as follows (amounts in thousands):

Aggregate OPEB Amounts - All Plans			
	Primary Government		Component Units
OPEB liabilities	\$ —	\$	57,084
OPEB assets	\$ 732,227	\$	6,327
Deferred outflows of resources related to OPEBs	\$ 369,434	\$	18,145
Deferred inflows of resources related to OPEBs	\$ 341,498	\$	37,381
OPEB expense/expenditures	\$ (144,891)	\$	(2,658)

The information below includes all multi-employer plans and funds administered by the State of Georgia.

The NOL/NOA for each plan was measured as of June 30, 2024. The total OPEB liability/asset used to calculate the NOL/NOA for each plan was based on an actuarial valuation as of June 30, 2023 for State, School, and SEAD.

State OPEB Fund

State's Proportionate Share of Net OPEB Asset and OPEB Expense

Primary Government: At June 30, 2025, the State reported an asset of \$230.8 million for its proportionate share of net OPEB asset. The net OPEB asset was measured as of June 30, 2024. The total OPEB asset used to calculate the net OPEB asset was based on an actuarial valuation as of June 30, 2023, with standard roll-forward techniques performed to update the total OPEB asset to June 30, 2024. The State's proportion of the net OPEB asset was based on the State's proportion of the prior year contributions received by the OPEB plan relative to the contributions for all participants in the plan. At June 30, 2024, the State's proportion for the State plan as employer was 91.559490%, which was a decrease of 0.095367% from its proportion measured as of June 30, 2023. For the year ended June 30, 2025, the State recognized OPEB expense of \$(104.4) million.

State of Georgia

Notes to the Financial Statements

For the Fiscal Year Ended June 30, 2025

NOTE 15 - POSTEMPLOYMENT BENEFITS - MULTI-EMPLOYER PLANS (continued)

Component Units: At June 30, 2025, the State reported an asset of \$0.7 million, for its proportionate share of net OPEB asset. The net OPEB asset was measured as of June 30, 2024. The total OPEB asset used to calculate the net OPEB asset was based on an actuarial valuation as of June 30, 2023, with standard roll-forward techniques performed to update the total OPEB asset to June 30, 2024. The State's proportion of the net OPEB asset was based on the State's proportion of the prior year contributions received by the OPEB plan relative to the contributions for all participants in the plan. At June 30, 2024, the State's proportion for the State plan as Employer was 0.261185%, which was an increase of 0.008743% from its proportion measured as of June 30, 2023. For the year ended June 30, 2025, the State recognized OPEB expense of \$(0.2) million.

State's Proportionate Share of Deferred Outflows/Inflows of Resources

At June 30, 2025, the State reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources (amounts in thousands):

	Primary Government		Component Units	
	State as Employer		State as Employer	
	Deferred Outflows of Resources	Deferred Inflows of Resources	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 62,483	\$ 93,570	\$ 178	\$ 267
Changes of assumptions	107,822	273	308	1
Net difference between projected and actual earnings on OPEB plan investments	—	170,254	—	486
Changes in proportion and differences between State contributions and proportionate share of contributions	29,249	29,773	386	61
State contributions subsequent to the measurement date	164,875	—	464	—
Total	\$ 364,429	\$ 293,870	\$ 1,336	\$ 815

Primary Government: State contributions as employer subsequent to the measurement date of \$164.9 million are reported as deferred outflows of resources and will be recognized as a reduction of the NOL in the year ended June 30, 2026.

State of Georgia

Notes to the Financial Statements

For the Fiscal Year Ended June 30, 2025

NOTE 15 - POSTEMPLOYMENT BENEFITS - MULTI-EMPLOYER PLANS (continued)

Component Units: State contributions as employer subsequent to the measurement date of \$0.5 million are reported as deferred outflows of resources and will be recognized as a reduction of the NOL in the year ended June 30, 2026. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows (amounts in thousands):

Year ended June 30:	Primary Government	Component Units
	State as Employer	State as Employer
2026	\$ (40,752)	\$ 8
2027	25,492	222
2028	(38,725)	(83)
2029	(40,330)	(90)
2030	—	—
Thereafter	—	—

School OPEB Fund

State's Proportionate Share of Net OPEB Liability and OPEB Expense

Component Units: At June 30, 2025, the State reported a liability of \$57.1 million, for its proportionate share of net OPEB liability. The net OPEB liability was measured as of June 30, 2024. The total OPEB liability used to calculate the net OPEB liability was based on an actuarial valuation as of June 30, 2023, with standard roll-forward techniques performed to update the total OPEB liability to June 30, 2024. The State's proportion of the net OPEB liability was based on the State's proportion of the prior year contributions received by the OPEB plan relative to the contributions for all participants in the plan. At June 30, 2024, the State's proportion for the School plan as Employer was 0.500891% which was a decrease of 0.074817% from its proportion measured as of June 30, 2023. For the year ended June 30, 2025, the State recognized OPEB expense of \$(2.3) million.

State of Georgia

Notes to the Financial Statements

NOTE 15 - POSTEMPLOYMENT BENEFITS - MULTI-EMPLOYER PLANS (continued)

State's Proportionate Share of Deferred Outflows/Inflows of Resources

At June 30, 2025, the State reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources (amounts in thousands):

	Component Units	
	State as Employer	
	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 2,799	\$ 10,307
Changes of assumptions	6,656	5,651
Net difference between projected and actual earnings on OPEB plan investments	—	372
Changes in proportion and differences between State contributions and proportionate share of contributions	3,933	19,693
State contributions subsequent to the measurement date	3,256	—
Total	\$ 16,644	\$ 36,023

Component Units: State contributions as employer subsequent to the measurement date of \$3.3 million are reported as deferred outflows of resources and will be recognized as a reduction of the NOL in the year ended June 30, 2026.

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows (amounts in thousands):

	Component Units
Year ended June 30:	State as Employer
2026	(5,794)
2027	(7,320)
2028	(5,152)
2029	(2,652)
2030	(1,582)
Thereafter	(135)

State Employees' Assurance Department (SEAD-OPEB Plan)

State's Proportionate Share of Net OPEB Asset and OPEB Expense

Primary Government: At June 30, 2025, the State reported an asset of \$501.4 million, for its proportionate share of net OPEB asset. The net OPEB asset was measured as of June 30, 2024. The total OPEB asset used to calculate the net OPEB asset was based on an actuarial valuation as of June 30, 2023, with standard roll-forward techniques performed to update the total OPEB asset to June 30, 2024. The State's proportion of the net OPEB asset was based

State of Georgia

Notes to the Financial Statements

For the Fiscal Year Ended June 30, 2025

NOTE 15 - POSTEMPLOYMENT BENEFITS - MULTI-EMPLOYER PLANS (continued)

on the State's proportion of the prior year payroll of SEAD members. At June 30, 2024, the State's proportion for the SEAD plan as Employer was 89.339727%, which was a decrease of 0.077053% from its proportion measured as of June 30, 2023. For the year ended June 30, 2025, the State recognized OPEB expense of \$(40.5) million.

Component Units: At June 30, 2025, the State reported an asset of \$5.7 million, for its proportionate share of net OPEB asset. The net OPEB asset was measured as of June 30, 2024. The total OPEB asset used to calculate the net OPEB asset was based on an actuarial valuation as of June 30, 2023, with standard roll-forward techniques performed to update the total OPEB asset to June 30, 2024. The State's proportion of the net OPEB asset was based on the State's proportion of the prior year payroll of SEAD members. At June 30, 2024, the State's proportion for the SEAD plan as Employer was 1.017736%, which was a decrease of 0.065269% from its proportion measured as of June 30, 2023. For the year ended June 30, 2025, the State recognized OPEB expense of \$(0.2) million.

State's Proportionate Share of Deferred Outflows/Inflows of Resources

At June 30, 2025, the State reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources (amounts in thousands):

	Primary Government		Component Units	
	State as Employer		State as Employer	
	Deferred Outflows of Resources	Deferred Inflows of Resources	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 2,015	\$ —	\$ 23	\$ —
Changes of assumptions	—	—	—	—
Net difference between projected and actual earnings on OPEB plan investments	—	44,758	—	505
Changes in proportion and differences between State contributions and proportionate share of contributions	2,990	2,870	142	38
State contributions subsequent to the measurement date	—	—	—	—
Total	<u>\$ 5,005</u>	<u>\$ 47,628</u>	<u>\$ 165</u>	<u>\$ 543</u>

There were no State contributions as employer subsequent to the measurement date.

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows (amounts in thousands):

Year ended June 30:	Primary Government	Component Units

NOTE 15 - POSTEMPLOYMENT BENEFITS - MULTI-EMPLOYER PLANS (continued)

H. Actuarial Methods and Assumptions (GASB 75)

The total OPEB liability for each plan was determined by an actuarial valuation date indicated in the table below using the following actuarial assumptions, applied to all periods included in the measurement and rolled forward to the measurement date:

Actuarial Assumptions

	State OPEB Fund	School OPEB Fund	SEAD-OPEB Plan
Valuation date	6/30/2023	6/30/2023	6/30/2023
Inflation	2.50%	2.50%	2.50%
Salary increases	3.00% - 6.75%*	3.00% - 8.75%*	3.00% - 6.75%*
Long-term expected rate of return¹	7.00%	7.00%	7.00%
Initial Healthcare Cost Trend	6.75%	6.75%	N/A
Ultimate Trend Rate	4.50%	4.50%	N/A
Year Ultimate Trend is Reached	2032	2032	N/A
Mortality	Pre-retirement mortality rates were based on the Pub-2010 General Employee Mortality Table, with no adjustment, with the MP-2019 Projection scale applied generationally. Post-retirement mortality rates for service retirements were based on the Pub-2010 General Healthy Annuitant Mortality Table (ages set forward one year and adjusted 105% for males and 108% for females) with the MP-2019 Projection scale applied generationally. Post-retirement mortality rates for disability retirements were based on the Pub-2010 General Disabled Mortality Table (ages set back three years for males and adjusted 103% for males and 106% for females) with the MP-2019 Projection scale applied generationally. Post-retirement mortality rates for beneficiaries were based on the Pub-2010 General Contingent Survivor Mortality Table (ages set forward two years and adjusted 106% for males and 105% for females) with the MP-2019 Projection scale applied generationally.	For TRS: Post-retirement mortality rates for service retirements and beneficiaries were based on the Pub-2010 Teachers Headcount Weighted Below Median Healthy Retiree mortality table (ages set forward one year and adjusted 106%) with the MP-2019 Projection scale applied generationally. The rates of improvement were reduced by 20% for all years prior to the ultimate rate. Postretirement mortality rates for disability retirements were based on the Pub-2010 Teachers Mortality Table for Disabled Retirees (ages set forward one year and adjusted 106%) with the MP-2019 Projection scale applied generationally. The rates of improvement were reduced by 20% for all years prior to the ultimate rate. The Pub-2010 Teachers Headcount Weighted Below Median Employee mortality table with ages set forward one year and adjusted 106% was used for death prior to retirement. Future improvement in mortality rates was assumed using the MP-2019 projection scale generationally. These rates of improvement were reduced by 20% for all years prior to the ultimate rate. Public School Employees Retirement System (PSERS): Pre-retirement mortality rates were based on the Pub-2010 Below-Median General Employee Mortality Table, with no adjustment, with the MP-2019 Projection scale applied generationally. Post-retirement mortality rates for service retirements were based on the Pub-2010 General Healthy Below-Median Annuitant Mortality Table (ages set forward two years and adjusted 101% for males and 103% for females) with the MP-2019 Projection scale applied generationally. Postretirement mortality rates for disability retirements were based on the Pub-2010 General Disabled Mortality Table (ages set back three years for males and adjusted 103% for males and 106% for females) with the MP-2019 Projection scale applied generationally. Post-retirement mortality rates for beneficiaries were based on the Pub-2010 General Below-Median Contingent Survivor Mortality Table (ages set forward two years and adjusted 104% for males and 99% for females) with the MP-2019 Projection scale applied generationally.	The Pub-2010 General Employee Table, with no adjustments, projected generationally with the MP-2019 scale is used for both males and females while in active service. Post-retirement mortality rates for were based on the Pub-2010 Family of Tables, with the MP-2019 projection scale and further adjustments, as follows: service retirees - General Healthy Annuitant Table with further adjustments (set forward one year and adjusted 105% and 108% respectively for males and females); disability retirees - General Disabled Table (set back three years for males, and adjusted 103% and 106% for males and females, respectively); beneficiaries - General Contingent Survivors Table (set forward two years for both males and females and adjusted 106% and 105% respectively).
Actuarial Experience Study	7/1/2014 - 6/30/2019	7/1/2013 - 6/30/2018	7/1/2014 - 6/30/2019

¹ Long-term expected rate of return is net of investment expense, including inflation

*Includes respective inflation assumption.

State of Georgia

Notes to the Financial Statements

For the Fiscal Year Ended June 30, 2025

NOTE 15 - POSTEMPLOYMENT BENEFITS - MULTI-EMPLOYER PLANS (continued)

The actuarial assumptions used in the valuations, for the State and School OPEB funds, are based on the results of the most recent actuarial experience studies, which covered the last five year period ending June 30, 2019, and June 30, 2018, respectively. Various assumptions and methods have been revised to reflect the results of the TRS experience study for the five-year period ending June 30, 2018. With the exception of the assumed annual rate of inflation which was changed from 2.75% to 2.50% effective with the June 30, 2018 valuation for School OPEB funds. The remaining actuarial assumptions (e.g. initial per capita costs, health care cost trends, rates of plan participation, rates of plan election, etc.) used in the June 30, 2023 valuation for the State and School OPEB funds were based on a review of the recent plan experience done concurrently with the June 30, 2023 valuation.

The actuarial assumptions used in the valuation for the SEAD-OPEB Plan were based on the results of an actuarial experience study, which covered the five year period ending June 30, 2019. Based on the funding policy adopted by the Board, the assumed investment rate of return was lowered from 7.30% to 7.00%. Also, the assumed annual rate of inflation was lowered from 2.75% to 2.50%.

Long-Term Expected Rate of Return

For all plans, the long-term expected rate of return on OPEB plan investments were determined using a log-normal distribution analysis, in which expected future real rates of return (expected returns, net of investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the table below:

Asset Class	Target Allocation					
	State-OPEB Fund		School-OPEB Fund		SEAD-OPEB Plan	
	Target allocation	Long-term expected real rate of return*	Target allocation	Long-term expected real rate of return*	Target allocation	Long-term expected real rate of return*
Fixed Income	30.0 %	2.6%	30.0 %	2.6%	30.0 %	1.5%
Domestic large equities	70.0 %	9.1 %	70.0 %	9.1 %	46.4 %	9.1 %
Domestic small equities	—	—	—	—	1.1 %	13.0 %
International developed market equities	—	—	—	—	13.6 %	9.1 %
International emerging market equities	—	—	—	—	3.9 %	11.1 %
Alternatives	—	—	—	—	5.0 %	10.6 %
Total	100.0 %		100.0 %		100.0 %	

* Rates shown are net of the respective assumed rates of inflation.

State of Georgia

Notes to the Financial Statements

For the Fiscal Year Ended June 30, 2025

NOTE 15 - POSTEMPLOYMENT BENEFITS - MULTI-EMPLOYER PLANS (continued)

Discount Rate

In order to measure the total OPEB liability for the State OPEB, a single equivalent rate of 7.00% was used as the discount rate, the same as last year's rate. Based on those assumptions, the fiduciary net position was projected to be available to make all projected future benefit payment of current plan members. Therefore, the long-term expected rate of return on investments was applied to all periods of projected benefit payments to determine the total OPEB liability. Projected future benefit payments for all current plan members were projected through 2122.

In order to measure the total OPEB liability for the School OPEB, a single equivalent interest of 3.68% was used as the discount rate, as compared with the prior measurement period date rate of 3.57%. This is comprised mainly of the yield or index rate for 20 year tax-exempt general obligation municipal bonds with an average rating of AA or higher (3.65% per the Municipal Bond Index Rate). The projection of cash flows used to determine the discount rate assumed that contributions from members and from the employer will be made at the current level as averaged over the last five years, adjusted for annual projected changes in head count. Projected future benefit payments for all current plan members were projected through 2128.

The discount rate used to measure the total OPEB liability for the SEAD-OPEB plan was 7.00%, the same as last year's rate. The projection of cash flow used to determine the discount rate assumed that plan member insurance premiums will be made at the current contribution rate and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on investments was applied to all periods of projected benefit payments to determine the total OPEB liability.

Sensitivity of the State's proportionate share of the NOL/(NOA) to changes in the discount rate

The following schedule is presented from the perspective of the State as the employer details the State's proportionate share of the NOL/(NOA) calculated using the discount rate detailed below, as well as what the State's proportionate share of the NOL/(NOA) would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate (amounts in thousands):

Sensitivity of the Net OPEB Liability/(Asset) to Changes in the Discount Rate						
	Primary Government			Component Units		
	1% Decrease	Current Rate	1% Increase	1% Decrease	Current Rate	1% Increase
	(6.00%)	(7.00%)	(8.00%)	(6.00%)	(7.00%)	(8.00%)
State's Net OPEB (Asset)	\$ (15,303)	\$ (230,797)	\$ (416,248)	\$ (44)	\$ (658)	\$ (1,187)
	(2.68%)	(3.68%)	(4.68%)	(2.68%)	(3.68%)	(4.68%)

State of Georgia

Notes to the Financial Statements

For the Fiscal Year Ended June 30, 2025

NOTE 16 - POSTEMPLOYMENT BENEFITS - SINGLE-EMPLOYER PLANS

The State administers various single-employer other postemployment benefit (OPEB) plans. The State is the plan sponsor (Plan) of these plans and in many cases the participating employer (Employer). The notes to the financial statements and required supplementary information that follow are presented from the perspective of the State as Plan sponsor and the State as Employer.

The State's significant single-employer OPEB plan is:

- Board of Regents Retiree Health Benefit Fund (Regents Plan), which is administered by the Board of Regents of the University System of Georgia (Board of Regents) (www.usg.edu/regents)

Each of these plans issue separate publicly available financial reports that include the applicable financial statements and required supplementary information.

There are other single-employer OPEB plans deemed to be not significant, in which the related OPEB activities are presented in the Component Unit financial statements of this report. However, these other plans are not included in the notes to the financial statements and required supplementary information, as follows:

- Georgia Ports Authority Retiree Medical and Dental Plan (www.gaports.com)
- Georgia World Congress Center Authority Post-Employment Health Benefit Plan (www.gwcca.org)
- Georgia Public Telecommunications Commission Post-Employment Health Benefits Plan (www.gpb.org)

A. Basis of Accounting

The financial statements of this plan are prepared using the economic resources measurement focus and accrual basis of accounting. Contributions from the employer are recognized in the period in which they are due. Benefits and refunds are recognized when due and payable in accordance with the terms of the plan. The OPEB plan's fiduciary net position has been determined on the same basis as reported by the plan.

B. Investments

Investments are reported at fair value. Short-term investments are reported at cost, which approximates fair value. Securities traded on a national or international exchange are valued at the last reported sales price.

For the fiscal year ended June 30, 2025, the annual money-weighted rate of return on OPEB plan investments, net of OPEB plan investment expense, for the Regents Plan was 8.54%.

The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested. The Regents Plan has an investment policy regarding the allocation of invested assets. The assets are invested in the Board of Regents' Balanced Income pooled investment fund, which is not subject to state regulations concerning investments. Plan assets are managed on a total return basis with a short-term objective of achieving the highest quality per stable and a long-term objective of a more conservative investment strategy.

State of Georgia

Notes to the Financial Statements

For the Fiscal Year Ended June 30, 2025

NOTE 16 - POSTEMPLOYMENT BENEFITS - SINGLE-EMPLOYER PLANS (continued)

The following table summarizes the adopted asset allocation policy by plan at June 30, 2025:

<u>Asset Class</u>	<u>Target Allocation</u>
Fixed Income	70.0 %
Equities	30.0 %
Total	100.0 %

C. Plan Description and Funding Policy

Regents Plan

Plan Description: The Regents Plan is a single-employer, defined benefit, postemployment healthcare plan administered by the University System Office, an organizational unit of the University System of Georgia (USG). The Regents Plan was authorized pursuant to OCGA § 47-21-21 for the purpose of accumulating funds necessary to meet employer costs of retiree postemployment health insurance benefits. The Plan is administered by the Board of Regents that is comprised of 19 members, all appointed by the Governor (five from state-at-large and one from each of the State's 14 congressional districts). Benefit provisions of the plans were established and can be amended by the Board of Regents.

Benefits Provided: Pursuant to the general powers conferred by OCGA § 20-3-31, the USG has established group health and life insurance programs for regular employees of the USG. It is the policy of the USG to permit employees of the USG eligible for retirement or who become permanently and totally disabled to continue as members of the group health and life insurance programs. The USG offers its employees and retirees under the age of 65 access to three self-insured healthcare plan options and one fully insured plan option. For the USG's Plan Year 2025, the following self-insured health care options were available: Blue Choice HMO plan, Consumer Choice HSA plan (Blue Cross and Blue Shield of Georgia), and the Comprehensive Care plan (Blue Cross and Blue Shield of Georgia). The USG also offers a self-insured dental plan administered by Delta Dental.

Retirees age 65 and older participate in a secondary healthcare coverage for Medicare-eligible retirees and dependents provided through a retiree health care exchange option. The USG makes contributions to the retirees' health reimbursement account, which can be used by the retiree to pay premiums and out-of-pocket healthcare related expenses.

Contributions: The contribution requirements of plan members and the employer are established and may be amended by the Board of Regents. The Regents Plan is substantially funded on a pay-as-you-go basis; however, amounts above the pay-as-you-go basis may be contributed annually, either by specific appropriation or by Board of Regents designation. Organizational units of the USG pay the employer portion for group insurance for eligible retirees. The employer portion of health insurance for its eligible retirees is based on rates that are established annually by the Board of Regents for the upcoming plan year. For the 2025 plan year, the employer rate was approximately 82% of the total health insurance cost for eligible retirees, and the retiree rate was approximately 18%. For employees hired on or after January 1, 2013 and retirees after January 1, 2018, the amount the USG contributes is tied to year of service, which ranges from 0% to 100%. The employer covers the total premium cost for \$25,000 of basic life insurance. If an individual elects to have supplemental, and/or dependent life insurance coverage, such costs are borne entirely by the retiree. For fiscal year ended June 30, 2025, the USG contributed approximately \$94.3 million to the plan for current premiums or claims.

State of Georgia

Notes to the Financial Statements

For the Fiscal Year Ended June 30, 2025

NOTE 16 - POSTEMPLOYMENT BENEFITS - SINGLE-EMPLOYER PLANS (continued)

D. Plan Membership and Participating Employers

The following table summarizes the participating membership and participating employers, for the Regents Plan at June 30, 2025:

<u>Plan Membership</u>	<u>June 30, 2025</u>	<u>June 30, 2024</u>
Inactive plan members or beneficiaries currently receiving benefits	22,265	21,974
Inactive plan members entitled to but not yet receiving benefits	—	—
Active plan members	48,817	47,934
Total	71,082	69,908
 Open to New Members (Yes/No)	 Yes	 Yes
Number of Employers	1	1

This count treats each legal entity in the State reporting entity as one employer.

E. Net OPEB Liability of Participating Employers

Net OPEB Liability

For defined benefit OPEB plans that are administered through trusts that meet the specified criteria, GASB 74 requires the net OPEB liability to be measured as the total OPEB liability, less the amount of the OPEB plan's fiduciary net position. The total OPEB liability is actuarially determined. The following schedule is presented from the perspective of the State as the sponsor of the Regents Plan and summarizes the components of the Net OPEB Liability (NOL) of the employer, as of June 30, 2025 (amounts in thousands):

<u>Components of the Net OPEB Liability</u>	
Total OPEB Liability	\$ 2,551,487
Plan Fiduciary Net Position	230,859
Net OPEB liability	<u>\$ 2,320,628</u>
 Plan fiduciary net position as a percentage of the total OPEB liability	 9.05 %

State of Georgia

Notes to the Financial Statements

For the Fiscal Year Ended June 30, 2025

NOTE 16 - POSTEMPLOYMENT BENEFITS - SINGLE-EMPLOYER PLANS (continued)

F. Actuarial Methods and Assumptions

Projections of benefits for financial reporting purposes for this Plan is based on the substantive plan (the plan as understood by the employer and plan members) and includes the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and Plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculation.

Actuarial Valuation Date

The total OPEB liability at June 30, 2025, is based upon May 1, 2025 actuarial valuation for the Regents Plan, using generally accepted actuarial procedures/techniques. Update procedures were used to roll forward the total OPEB liability to June 30, 2025.

Actuarial Assumptions

The total OPEB liability for the Regents Plan was determined by an actuarial valuation date indicated in the table below using the following actuarial assumptions, applied to all periods included in the measurement and rolled forward to the measurement date:

Valuation date	May 1, 2025
Inflation	2.30%
Salary increases	3.75%
Long-term expected rate of return ¹	5.91%
Initial Healthcare Cost Trend	
Pre-Medicare Eligible	8.80%
Medicare Eligible	1.00%
Ultimate Trend Rate	
Pre-Medicare Eligible	4.50%
Medicare Eligible	1.00%
Year Ultimate Trend is Reached	
Pre-Medicare Eligible	2036
Medicare Eligible	2025
Mortality	Pub-2016 for Teachers headcount weighted projected with scale MP-2021.
Actuarial experience study	
Economic and demographic assumptions	5/1/2018-5/1/2023
Disability and Salary Increases assumptions	6/30/2018-6/30/2023

¹ Long-term expected rate of return is net of investment expense, including inflation

State of Georgia

Notes to the Financial Statements

For the Fiscal Year Ended June 30, 2025

NOTE 16 - POSTEMPLOYMENT BENEFITS - SINGLE-EMPLOYER PLANS (continued)

The economic and demographic assumptions are based on the results of the most recent actuarial experience study over the Plan, which covered a five-year period ending May 1, 2023, with the exception of the disability and salary increase assumption. These actuarial assumptions are based on the results of the most recent actuarial experience study of the Teachers Retirement System of Georgia, which covered the five-year period ending June 30, 2018.

Long-Term Expected Rate of Return

For the Regents Plan, the long-term expected rate of return on OPEB plan investments were determined using a building-block method in which expected future real rates of return (expected returns, net of investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the table below:

<u>Asset Class</u>	<u>Target allocation</u>	<u>Long-term expected real rate of return*</u>
Fixed Income	70.0 %	2.53 %
Equity Allocation	30.0 %	4.27 %
Total	<u>100.0 %</u>	<u>3.53 %</u>

* Rates shown are net of the 2.30% assumed rate inflation.

Discount Rate

In order to measure the total OPEB liability for the Regents Plan, as of June 30, 2025, a single equivalent yield or index rate of 5.20% was used as the discount rate, as compared with last year's single equivalent yield or index rate of 3.96%. This is comprised mainly of the yield or index rate for 20-year tax-exempt general obligation municipal bonds with an average rating of AA or higher (5.20% per the Bond Buyers Index). Assumed contributions are based on the contribution policy, and projected total contributions are the pay as you go costs of the plan. The current contribution policy is not designed to pre-fund the plan, and the unfunded liability is not expected to be paid off at any point in the future. Projected future benefit payments for all current plan members were projected through 2123.

State of Georgia

Notes to the Financial Statements

For the Fiscal Year Ended June 30, 2025

NOTE 16 - POSTEMPLOYMENT BENEFITS - SINGLE-EMPLOYER PLANS (continued)

Sensitivity of the Net OPEB Liability to Changes in the Discount Rate

The following schedule summarizes the NOL, as of June 30, 2025, of the employer. The NOL is calculated using the determined discount rate as well as what the NOL would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate by the Regents Plan (amounts in thousands):

Sensitivity of the Plan Participating Employer Contributing Entities Net OPEB Liability to Changes in the Discount Rate			
	1% Decrease	Current Rate	1% Increase
	4.20%	5.20%	6.20%
Regents OPEB Liability	\$ 2,643,490	\$ 2,320,628	\$ 2,050,656

Sensitivity of the Net OPEB Liability to Changes in the Healthcare Cost Trends

The following schedule summarizes the NOL of the employer, as of June 30, 2025. The NOL is calculated using the determined healthcare cost trends as well as what the NOL would be if it were calculated using healthcare cost trends that are 1-percentage-point lower or 1-percentage-point higher than the current rate by the Regents Plan (amounts in thousands):

Sensitivity of the Plan Participating Employer Contributing Entities Net OPEB Liability to Changes in Healthcare Cost Trends			
	1% Decrease	Current Rate	1% Increase
Regents OPEB Liability	\$ 2,069,941	\$ 2,320,628	\$ 2,623,591

State of Georgia

Notes to the Financial Statements

For the Fiscal Year Ended June 30, 2025

NOTE 16 - POSTEMPLOYMENT BENEFITS - SINGLE-EMPLOYER PLANS (continued)

The following information is from the perspective of the State as the employer.

G. State's Proportionate Share of OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

The State reported a liability as the Employer for its proportionate share of the NOL associated with the plans listed below.

The following schedule is presented from the perspective of the State as the Employer details the proportionate share of the OPEB amounts for each plan as of June 30, 2025 is as follows (amounts in thousands):

Aggregate OPEB Amounts - All Plans			
	Primary Government	Component Units	
OPEB liabilities	\$ 2,903,672	\$	32,456
Deferred outflows of resources related to OPEBs	\$ 366,043	\$	8,133
Deferred inflows of resources related to OPEBs	\$ 1,491,209	\$	16,033
OPEB expense/expenditures	\$ (298,029)	\$	146

The information below includes all significant plans and funds administered by the State of Georgia.

The NOL for the Regents Plan was measured as of June 30, 2024. The total OPEB liability used to calculate the NOL was based on an actuarial valuation as of May 1, 2024.

Regents Plan

State's Proportionate Share of Net OPEB Liability and OPEB Expense

Primary Government: At June 30, 2025, the State reported a net OPEB liability of \$2.9 billion, for the Regents Plan. The net OPEB liability was measured as of June 30, 2024. The total OPEB liability used to calculate the net OPEB liability was based on an actuarial valuation as of May 1, 2024, with standard roll-forward techniques performed to update the total OPEB liability to June 30, 2024. The net OPEB liability was based on contributions during the fiscal year ended June 30, 2024. For the year ended June 30, 2025, the State recognized OPEB expense of \$(298.0) million.

State of Georgia

Notes to the Financial Statements

For the Fiscal Year Ended June 30, 2025

NOTE 16 - POSTEMPLOYMENT BENEFITS - SINGLE-EMPLOYER PLANS (continued)

State's Proportionate Share of Deferred Outflows/Inflows of Resources

At June 30, 2025, the State reported deferred outflows of resources and deferred inflows of resources related to the Regents Plan from the following sources (amounts in thousands):

	Primary Government	
	State as Employer	
	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 73,392	\$ 15,370
Changes of assumptions	191,538	1,475,839
Net difference between projected and actual earnings on OPEB plan investments	6,847	—
State contributions subsequent to the measurement date	94,266	—
Total	\$ 366,043	\$ 1,491,209

Primary Government: State contributions as Employer subsequent to the measurement date of \$94.3 million are reported as deferred outflows of resources and will be recognized as a reduction of the NOL in the year ended June 30, 2026.

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows (amounts in thousands):

Year ended June 30:	Primary Government	
	State as Employer	
2026	\$	(481,609)
2027		(395,764)
2028		(237,489)
2029		(94,643)
2030		(9,927)
Thereafter		—

State of Georgia

For the Fiscal Year Ended June 30, 2025

NOTE 16 - POSTEMPLOYMENT BENEFITS - SINGLE-EMPLOYER PLANS (continued)

Changes in the Net OPEB Liability

For single-employer, defined benefit OPEB plans that are administered through trusts that meet the specified criteria, GASB 75 requires a schedule of the changes in the net OPEB liability, for the current reporting period. The following schedule is presented from the perspective of the State as the Employer of the Regents Plan and summarizes the changes the Net OPEB Liability (NOL) of the employer (amounts in thousands):

Total OPEB liability:	
Service cost	\$ 73,933
Interest	126,160
Benefit changes	—
Differences between expected and actual experience	4,085
Changes of assumptions	(368,522)
Benefit payments/refunds	(103,013)
Net change in total OPEB liability	(267,357)
Total OPEB liability-beginning	3,396,082
Total OPEB liability-ending (a)	3,128,725
Plan fiduciary net position:	
Contributions-employer	93,500
Contributions-member	—
Net investment income	16,393
Benefit payments/refunds	(103,013)
Administrative expense	(562)
Net change in plan fiduciary net position	6,318
Plan fiduciary net position-beginning	218,735
Plan fiduciary net position-ending (b)	225,053
Net OPEB liability-ending (a)-(b)	\$ 2,903,672

H. Actuarial Methods and Assumptions (GASB 75)

Projections of benefits for financial reporting purposes for this Plan is based on the substantive plan (the plan as understood by the employer and plan members) and includes the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculation.

Actuarial Valuation Date

The total OPEB liability at June 30, 2024, is based upon the actuarial valuation for May 1, 2024 for the Regents Plan, using generally accepted actuarial procedures/techniques. Update procedures were used to roll forward the total OPEB liability to June 30, 2024.

State of Georgia

Notes to the Financial Statements

For the Fiscal Year Ended June 30, 2025

NOTE 16 - POSTEMPLOYMENT BENEFITS - SINGLE-EMPLOYER PLANS (continued)

Actuarial Assumptions

The total OPEB liability for the Regents Plan was determined by an actuarial valuation date indicated in the table below using the following actuarial assumptions:

Valuation date	5/1/2024
Inflation	2.30%
Salary increases	3.75%
Long-term expected rate of return ¹	6.02%
Initial Healthcare Cost Trend	
Pre-Medicare Eligible	8.70%
Medicare Eligible	2.00%
Ultimate Trend Rate	
Pre-Medicare Eligible	4.50%
Medicare Eligible	2.00%
Year Ultimate Trend is Reached	
Pre-Medicare Eligible	2035
Medicare Eligible	2024
Mortality	Healthy: Pub-2010 for Teacher headcount weighted project with scale MP-2021
Actuarial experience study	
Economic and demographic assumptions	5/1/2018 - 5/1/2023
All other assumptions	7/1/2013 - 6/30/2018

¹ Long-term expected rate of return is net of investment expense, including inflation

The economic and demographic assumptions are based on the results of the most recent actuarial experience study over the Plan, which covered a three-year period ending May 1, 2023. All other assumptions are based on the results of the most recent actuarial experience study of the Teacher's Retirement System of Georgia, which covered the five year period ending June 30, 2018.

Long-Term Expected Rate of Return

For the Regents Plan, the long-term expected rate of return on OPEB plan investments was determined using a building-block method, in which expected future real rates of return (expected returns, net of investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

State of Georgia

Notes to the Financial Statements

For the Fiscal Year Ended June 30, 2025

NOTE 16 - POSTEMPLOYMENT BENEFITS - SINGLE-EMPLOYER PLANS (continued)

The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the table below:

Asset Class	Target allocation	Long-term expected real expected rate of return*
Fixed Income	70%	2.64 %
Equity Allocation	30%	4.41 %
Total	100.0 %	3.64 %

* Rates shown are net of the 2.30% assumed rate of inflation.

Discount Rate

In order to measure the total OPEB liability for the Regents Plan, as of June 30, 2024, a single equivalent yield or index rate of (3.96)% was used as the discount rate, as compared with last year's yield or index rate of 3.69%. This is comprised mainly of the yield or index rate for 20-year tax-exempt general obligation municipal bonds with an average rating of AA or higher (3.93% per the Bond Buyers Index). Assumed contributions are based on the contribution policy, and projected total contributions are the pay as you go costs of the plan. The current contribution policy is not designed to pre-fund the plan, and the unfunded liability is not expected to be paid off at any point in the future. Projected future benefit payments for all current plan members were projected through 2122.

Sensitivity of the State's proportionate share of the NOL to changes in the Discount Rate

The following schedule is presented from the perspective of the State as the Employer and details the State's proportionate share of the NOL, as of June 30, 2024. The NOL was calculated using the discount rate detailed below, as well as what the State's proportionate share of the NOL would be if it were calculated using a discount rate that is 1-percentage-point lower or 1-percentage-point higher than the current rate (amounts in thousands):

Sensitivity of the Employer Net OPEB Liability to Changes in the Discount Rate			
	1% Decrease	Current Rate	1% Increase
Regents Net OPEB Liability	\$ 3,359,849	\$ 2,903,672	\$ 2,530,318

Sensitivity of the State's proportionate share of the NOL to changes in Healthcare Cost Trends

The following schedule is presented from the perspective of the State as the Employer and details the State's proportionate share of the NOL, as of June 30, 2024. The NOL was calculated using the healthcare cost trends detailed below, as well as what the State's proportionate share of the NOL would be if it were calculated using healthcare cost trend rates that are 1-percentage-point lower or 1-percentage-point higher than the current rate (amounts in thousands):

Sensitivity of the Employer Net OPEB Liability to Changes in the Health Care Cost Trends			
	1% Decrease	Current Rate	1% Increase
Regents Net OPEB Liability	\$ 2,553,816	\$ 2,903,672	\$ 3,337,184

State of Georgia

Notes to the Financial Statements For the Fiscal Year Ended June 30, 2025

NOTE 17 - RISK MANAGEMENT

A. Public Entity Risk Pool

The Department of Community Health (DCH) administers the State Health Benefit Plan (SHBP) for the State. Under OCGA § 45-18-2, the DCH Board has the authority to establish a health insurance plan; provide rules and regulations; and general provisions of the plan. The plan is comprised of three health insurance plans: (1) a plan primarily for State employees OCGA § 45-18-2, (2) a plan for teachers OCGA § 20-2-881, and (3) a plan for non-certificated public school employees OCGA § 20-2-911. The SHBP acts as the plan administrator for approximately 450 organizations (state, county and local educational agencies) and provides health coverage to more than 0.6 million employees, teachers, retirees and their dependents. All employees become members of the plan unless coverage is rejected or waived. An employee may withdraw from the plan if they become eligible for coverage under the aged program of the Social Security Administration OCGA § 45-18-17. SHBP accepts all of the risk of insuring its employees.

SHBP is accounted for on the accrual basis. Claim liabilities are based on estimates for claims that have been incurred, but not reported. Liabilities are reported when it is probable that a loss has occurred and the amount of that loss can be reasonably estimated. Estimates of liabilities for incurred, (both reported and unreported) but unpaid are actuarially determined based on estimates of the ultimate cost of settling claims, using past experience adjusted for current trends and any other factors that would modify past experience. Because actual claim liabilities depend on such factors as inflation, changes in legal doctrines and damage awards, the process used in computing claim liabilities may not result in an exact amount. Claim liabilities are evaluated periodically to take into consideration recently settled claims, the frequency of claims and other economic and social factors.

SHBP's general objectives as required under Georgia Compensation Rules & Regulations OCGA § 111-4-1 are to collect enrollment information from covered employer groups, collect health premiums and employer contributions, and provide management and planning of health benefits.

DCH utilizes third party administrators to process Medicaid, PeachCare, and State employee health benefit claims. Agreements between individual administrators and DCH are for the processing of specific claim types. If an administrator was unable to continue processing claims for DCH under such an agreement, the DCH's ability to adjudicate such claims in the short-term could be threatened.

The following table provides information about the changes in the reported claims liabilities for the past two years (amounts in thousands):

(Table on next page)

State of Georgia

B. Board of Regents Employee Health Benefits Plan

The University System of Georgia (USG) maintains a program of health benefits for its employees and retirees. This plan is funded jointly through premiums paid by participants covered under the plan and employer contributions paid by the Board of Regents (BOR) and its organizational units. A self-insured program of professional liability for its employees was established by the BOR of the USG under powers authorized by the OCGA § 45-9-1. All units of the USG share the risk of loss for claims of the plan.

The following table represents changes in the balances of claims liabilities for the past two years (amounts in thousands):

	Board of Regents Employee Health Benefits Plan	
	Fiscal Year Ended 6/30/2025	Fiscal Year Ended 6/30/2024
Unpaid Claims and Claim Adjustments July 1	\$ 52,765	\$ 49,093
Current Year Claims and Changes in Estimates	541,057	494,703
Claims Payments	(537,100)	(491,031)
Unpaid Claims and Claim Adjustments June 30	\$ 56,722	\$ 52,765

State of Georgia

Notes to the Financial Statements For the Fiscal Year Ended June 30, 2025

NOTE 17 - RISK MANAGEMENT (continued)

C. Other Risk Management

The Department of Administrative Services (DOAS) has the responsibility for the State of Georgia of making and carrying out decisions that will minimize the adverse effects of accidental losses that involve State government assets. The State believes it is more economical to manage its risks internally and set aside assets for claim settlement. Accordingly, DOAS processes claims for risk of loss to which the State is exposed, including general liability, property and casualty, workers' compensation, unemployment compensation, and law enforcement officers' and teachers' indemnification. Limited amounts of commercial insurance are purchased applicable to property, employee and automobile liability, fidelity and certain other risks.

The BOR is part of the State of Georgia reporting entity, and as such, is covered by the State of Georgia risk management program administered by DOAS. Premiums for the risk management program are charged to the various state organizations by DOAS to provide claims servicing and claims payment.

Charges by the workers' compensation risk management fund and the liability insurance risk management fund to other funds have failed to recover the full cost of claims over a reasonable period of time. Therefore, the unadjusted deficit at June 30, 2025, of \$555.6 million both for workers' compensation and liability was charged back to the contributing funds. Expenditures of \$331.4 million are reported in the General Fund, and expenses of \$154.2 million are reported in the Higher Education Fund (enterprise fund) relating to this charge-back.

The following table represents changes in the balances of claims liabilities for the past two years (amounts in thousands):

	Risk Management Fund	
	Fiscal Year Ended 6/30/2025	Fiscal Year Ended 6/30/2024
Unpaid Claims and Claim Adjustments July 1	\$ 920,885	\$ 984,240
Current Year Claims and Changes in Estimates	287,850	135,948
Claims Payments	(216,645)	(199,303)
Unpaid Claims and Claim Adjustments June 30	<u>\$ 992,090</u>	<u>\$ 920,885</u>

State of Georgia

Notes to the Financial Statements

For the Fiscal Year Ended June 30, 2025

NOTE 18 - TAX ABATEMENT

As of June 30, 2025, the State had four tax abatement programs, the Mega Project Tax Credit, the Tourism Development Act, and Projects that were designated as a Competitive Project of Regional Significance. However, given the limited number of recipients under each of these programs, the State is legally prohibited from disclosing detailed information relating to the tax abatement programs and amounts abated. The fourth tax abatement program is the Georgia Entertainment Industry Investment Act and additional information is provided below.

Mega Project Tax Credit

The Mega Project Tax Credit provides tax abatements to encourage job creation under Official Code of Georgia OCGA § 48-7-40.24. This abatement is obtained through application by the business enterprise and certification by a panel composed of the commissioner of Community Affairs, the commissioner of Economic Development, and the director of the Office of Planning and Budget. In order to receive the tax abatements projects must create a certain level of new full-time employee jobs with average wages above a percentage of average wage projects within the county, and meet other requirements. The tax abatement equals \$5,250 per new eligible full-time employee job for five years beginning with the year in which such job is created through year five after such creation; provided, however, that where the amount of such credit exceeds a business enterprise's liability for such taxes in a taxable year, the excess may be taken as a credit against such business enterprise's quarterly or monthly tax payment. Additionally, there are various recapture provisions such as forfeiting the right to the claim or a percentage of the credit, with allowances for relief from recapture based on certain major events.

Tourism Development Act

The Tourism Development Act provides tax abatements to encourage the creation of tourism attractions or expansion of existing tourism attractions under OCGA § 48-8-270. This abatement is obtained through the discretion of the commissioner of Economic Development and the commissioner of Community Affairs, in consideration of the execution of the agreement and subject to the approved company's compliance with the terms of the agreement. The term of the agreement granting the tax abatement (sales and use tax refund for new projects or an incremental sales and use tax refund for expansions of existing tourism attractions) is ten years, commencing on the date the tourism attraction opens for business and begins to collect sales and use taxes or for an expansion, the date construction is complete. Additionally, there are various recapture provisions if an approved company fails to abide by the terms of the agreement, such as voiding of the agreement and all sales and use tax proceeds that were refunded shall become immediately due and payable back to the State.

Competitive Project of Regional Significance

The Competitive Project of Regional Significance designation provides tax abatements to a business enterprise whose location or expansion of some or all of the operations in this state would have a significant regional impact under OCGA § 48-8-3(93)(D). This abatement is obtained in accordance with the regulations promulgated by the commissioner of Economic Development. The tax abatement indicates that sales and use taxes levied by or imposed by the State shall not apply to sales of personal property used for and in the construction of these designated projects.

Legal Prohibition

The State is legally prohibited from providing more detailed information relating to these three tax abatement programs and amounts abated. The restrictions relating to reporting of confidential income tax information and other tax types are generally covered under OCGA § 48-7-60 and § 48-2-15, respectively.

State of Georgia

Notes to the Financial Statements

For the Fiscal Year Ended June 30, 2025

NOTE 18 - TAX ABATEMENT

Georgia Entertainment Industry Investment Act

The Georgia Entertainment Industry Investment Act provides tax abatements to encourage the production of certain projects (such as feature films; television films, pilots or series; televised specials; televised commercials; and music videos) under OCGA § 48-7-40.26. This abatement is obtained through an application and certification process with the Department of Economic Development and the Department of Revenue. An audit is required prior to utilization or transfer, of any earned Georgia film tax credit that exceeds \$2.5 million in 2021, \$1.25 million in 2022, and for any credit amount thereafter. As of January 1, 2023, all projects are required to go through a mandatory audit.

The Georgia Entertainment Industry Investment Act provides for a transferable tax credit equal to 20 percent of the based investment in this state and an additional tax credit equal to 10 percent of such base investment if the qualified production activity includes a qualified Georgia promotion.

The gross amount of revenue estimated to be abated in the fiscal year ending June 30, 2025, as a result of Georgia Entertainment Industry Investment Act tax abatement agreements, is estimated to be \$548.6 million. There are no commitments other than to reduce taxes and there are no provisions for recapturing abated taxes.

State of Georgia

Notes to the Financial Statements

For the Fiscal Year Ended June 30, 2025

NOTE 19 - LITIGATION, CONTINGENCIES, AND COMMITMENTS

A. Grants and Contracts

The amounts received or receivable from grantor agencies are subject to audit and review by grantor agencies, principally the federal government. This could result in a request for reimbursement by the grantor agency for any expenditures which are disallowed under grant terms.

B. Litigation and Contingencies

The State is a defendant in various legal proceedings pertaining to matters incidental to the performance of routine governmental operations. The ultimate disposition of these proceedings is not presently determinable. However, it is not believed that the ultimate disposition of these proceedings would have a material adverse effect on the financial condition of the State. The following are significant active litigation, claims and assessments involving the State:

Primary Government

CSX Transportation v. David M. Curry, Commissioner, Georgia Department of Revenue, Ga. Tax Tribunal Docket Nos. 1622264, 1645680, 1733834, 1914964, and 2229506. CSX filed multiple appeals of constructive denials of refunds for sales and use tax imposed on diesel fuel starting in 2013. The Department of Revenue (“DOR”) did not act on the refund claims due to the pendency of litigation on a comparable issue in the U.S. Supreme Court against the state of Alabama. The issue is whether the sales and use tax imposed on diesel fuel purchased by rail carriers violates Section 306 of the Railroad Revitalization and Regulatory Reform Act of 1976 (the “4-R Act”), prohibiting discriminatory treatment of rail carriers. CSX contends that the application of a four percent (4%) sales tax rate to its purchase of diesel fuel violates Section 306 of the 4-R Act because motor carriers are subject to state and local taxes but are exempt from the first three percent (3%) of the four percent (4%) sales tax rate under O.C.G.A. § 48-8-31, and because interstate water carriers are exempt from sales and use tax under O.C.G.A. § 48-8-3(17). The total of the sales and use tax refunds claimed by CSX for tax periods October 2010 through July 2019 is approximately \$65.0 million. The Georgia Tax Tribunal cases were stayed pending the outcome of litigation in Alabama, *CSX Trans., Inc. v. Alabama Dept. of Revenue*, Case No. 17-11705-G. The Eleventh Circuit Court of Appeals (“Eleventh Circuit”) ruled in *CSX Trans., Inc. v. Ala. Dept. of Revenue*, 888 F.3d 1163 (11th Cir. 2018) that Alabama’s sales and use tax did not discriminate against railroads when compared to motor carriers but did discriminate against railroads when compared to water carriers. Alabama and CSX filed petitions for certiorari to the U.S. Supreme Court which denied the petitions on June 24, 2019. Therefore, the Eleventh Circuit’s decision was affirmed, and the case was remanded to the District Court in Alabama to conclude proceedings. The District Court issued a final judgment in favor of CSX in Alabama in 2019, and a District Court ruled in favor of the smaller railroad carriers there in 2021 on the same grounds. Those District Court judgments were appealed to the Eleventh Circuit and are now pending. At this stage of litigation, it is impracticable to render an opinion about whether the likelihood of an unfavorable outcome is either “probable” or “remote”; however, the State believes it has meritorious defenses and is vigorously defending this action.

Pavliscaak, Grant, and Cody v. Employees Retirement System of Georgia Pavliscaak, Grant, and Cody v. Employees Retirement System of Georgia, and James Potvin, in his official capacity as Executive Director of ERSGA, Fulton County Superior Court Case 25CV010024. In July 2025, plaintiffs Andrew J. Pavliscaak, William J. Grant, and Brian Allen Cody filed a class action lawsuit against Employees’ Retirement System of Georgia (“ERSGA”) and James Potvin in his official capacity as ERSGA’s Executive Director, in the Fulton County Superior Court. Plaintiffs subsequently filed an amended complaint against the same defendants, in September 2025. In the operative complaint, Plaintiffs allege they were Employees’ Retirement System of Georgia members and that they have been wrongly denied full mandatory cost-of-living adjustments post-retirement and seek certification as a class action, which class could include all retirees who became members of ERSGA prior to 1992. Plaintiffs seek to recover

State of Georgia

Notes to the Financial Statements For the Fiscal Year Ended June 30, 2025

NOTE 19 - LITIGATION, CONTINGENCIES, AND COMMITMENTS (continued)

damages based on ERSGA's alleged failure to provide full cost-of-living adjustments, beginning in 2019, and an order requiring ERSGA to issue full cost-of-living adjustments prospectively. ERSGA denies that there is any contractual obligation to provide cost-of-living adjustments as claimed by Plaintiffs. ERSGA filed a motion to dismiss all of Plaintiffs claims on October 22, 2025. At this stage of litigation, it is impracticable to render an opinion about whether the likelihood of an unfavorable outcome is either "probable" or "remote"; however, ERSGA believes it has meritorious defenses and is vigorously defending this action.

C. Guarantees and Financial Risk

Component Units

Georgia Housing Finance Authority (GHFA) has uninsured single-family mortgage loans of approximately \$75.2 million as of June 30, 2025. All of these loans are for home mortgages in the State of Georgia. Current economic conditions in Georgia have a direct impact on foreclosures and the higher rate of loss on foreclosed loans. If the economy declines, one impact of these conditions could be a decline in housing values and an increase in unemployment and underemployment. GHFA could incur a higher rate of foreclosure and a higher rate of loss on foreclosed loans as a result of the impact of their economic factors and the decline in the value of its underlying collateral on uninsured loans. If the economy declines and, as a result, GHFA could experience a dramatic increase in foreclosures, it is possible that the combination of such an increase combined with lower housing prices could result in increased losses of loan assets that could have adverse impacts on the GHFA's ability to repay its outstanding bonds.

D. Other Significant Commitments

Primary Government

Contractual Commitments

The Georgia Constitution permits State organizations to enter into contractual commitments provided they have funds available (statutory basis) at the time of the execution of the contract. At June 30, 2025, the fund balances of the primary government include encumbrances of \$11.1 billion (amounts in thousands):

	<u>Encumbrances</u>
Function	
Conservation	\$ 18,505
Culture and Recreation	107,005
Economic Development and Assistance	173,875
Education	1,292,187
General Government	2,178,774
Health and Welfare	1,276,307
Public Safety	300,082
Transportation	5,738,205
Total Investments	\$ 11,084,940

State of Georgia

Notes to the Financial Statements For the Fiscal Year Ended June 30, 2025

NOTE 19 - LITIGATION, CONTINGENCIES, AND COMMITMENTS (continued)

Department of Revenue

As of June 30, 2025, the Department of Revenue had unclaimed film tax credits of approximately \$1.4 billion.

State Accounting Office

In fiscal year 2023, SAO entered into a contractual obligation with Workday for a period of 21 years to provide the ERP system software for the State of Georgia. As of June 30, 2025, the outstanding amount of the contractual obligation with Workday is \$166.3 million.

Employees' Retirement System

As of June 30, 2025, Employees' Retirement System (ERS) of Georgia committed to fund certain private equity partnerships for a total capital commitment of \$1.1 billion. Of this amount, \$353.7 million remained unfunded and is not recorded on the Combining Statement of Fiduciary Net Position - Pension and Other Employee Benefit Trust Funds - Defined Benefit Pension Plans.

Georgia Technology Authority

On July 1, 2021, GTA entered into a \$378.0 million services contract with AT&T. This is a five year contract with three optional years, and has a remaining balance of \$174.5 million as of June 30, 2025.

State Road and Tollway Authority

State Road and Tollway Authority (SRTA) has contractual commitments on uncompleted contracts of \$2.0 billion, of which, the most significant are for the I-20 East Interchange Reconstruction Project (\$451.7 million), the I-285 at I-20 West Interchange Project (\$1.1 billion), SR 316 Bundle-1 Project (\$79.4 million), SR 316 Bundle-2 Project (\$127.1 million) and the SR400 Express Lanes Project (\$155.0 million).

Component Units

Contractual Commitments

Georgia Environmental Finance Authority

As of June 30, 2025, Georgia Environmental Finance Authority (GEFA) had commitments to fund projects, excluding the undisbursed portion of loans in process, totaling \$192.6 million.

Georgia Ports Authority

As of June 30, 2025, Georgia Ports Authority (GPA) had commitments for construction projects of approximately \$383.4 million.

State of Georgia

Notes to the Financial Statements For the Fiscal Year Ended June 30, 2025

NOTE 20 - SUBSEQUENT EVENTS

A. Primary Government

State Road and Tollway Authority

The window for the thirteenth (13th) round of Georgia Transportation Infrastructure Bank (GTIB) applications opened on December 8, 2025, and applications will be accepted by the Authority through February 13, 2026. Awards are expected to occur in June 2026 and will be a combination of loans and grants. The amount of awards available for this round will be up to \$50 million.

The SR 400 Express Lanes project is a Public-Private-Partnership (P3) procured in accordance with O.C.G.A. 32-2-78 and 32-2-80, by the Georgia Department of Transportation (GDOT). GDOT is the project sponsor and serves as the Project Manager. The State Road and Tollway Authority (SRTA) is the signatory to the resulting 50-year design, build, finance, operate, and maintain (DBFOM) contract with SR 400 Peach Partners, LLC (Peach Partners) and will provide toll transaction services. On August 15th, 2025, SRTA received a Concession Payment from Peach Partners in the amount of \$3.8 billion, and SRTA is the “governing entity” over the Concession Payment. However, the uses of such funds are subject to agreement with other responsible parties and governed by multiple factors and provisions. Allowable allocations of the Concession Payment include the following, most of which are yet to be specified and authorized:

- State agency expenses affiliated with the project, as incurred by SRTA and GDOT
- Reserves for project and agency contingencies and any potential future project commitments and liabilities
- Supportive transportation projects and capital mobility improvements connecting to and/or within close proximity of the SR 400 Express Lanes corridor

The Georgia Department of Transportation (GDOT) announced in May 2025 that C.W. Matthews Contracting Company, Inc. was selected to Design and Build the SR316 Bundle 3 project. The contract was signed by the Authority in September 2025. The total cost of the contract is \$148.6 million. The Authority is the contract holder for the project and GDOT will serve as the Authority’s agent.

The federal exemption allowing certified Alternative Fuel Vehicles (AFVs) to ride toll-free in the I-85 High Occupancy Toll (HOT) Lanes expired at 11:59 pm on September 29, 2025. This change, based on 23 United States Code 166(b), means that all certified AFV riders must pay tolls or meet the occupancy requirements to ride in the I-85 HOT Lanes starting on September 30, 2025.

On July 9, 2025, the Authority issued the Managed Lane System Guaranteed Revenue Bonds, Series 2025 (Full Faith and Credit), in the amount of \$94.8 million. The bonds were issued for the purposes of 1) to continue to transition to a new roadside tolling system integrator, 2) pay costs for Managed Lane System enhancements and expansion, and 3) to pay continued capital costs for the State’s Major Mobility Investment Program. The Series 2025 bonds will mature in fiscal year 2056.

B. Component Units

Georgia Higher Education Facilities Authority

On January 6, 2026, the Authority issued Series 2026A and Series 2026B revenue bonds in principal amounts of \$190.5 million and \$39.5 million respectively, with semiannual installments due beginning July 1, 2026 through January 1, 2046.

State of Georgia

Notes to the Financial Statements

For the Fiscal Year Ended June 30, 2025

NOTE 20 - SUBSEQUENT EVENTS (continued)

Georgia Housing and Finance Authority

In September 2025, the Authority issued 2025 Series E (non-AMT) bonds for \$224.4 million and 2025 Series F (Federally Taxable) bonds for \$19.6 million.

In December 2025, the Authority issued Bond deal series G and H for \$241.8 million.

University System of Georgia

Following the vote on consolidation approval by the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC), the Board of Regents of the USG voted on December 8, 2025 to consolidate East Georgia State College and Georgia Southern University. The consolidated institution will retain EGSC's open access mission while becoming a part of Georgia Southern University, with integrated campuses and access points. The Swainsboro campus will be named Georgia Southern University – East Georgia Campus. The instructional sites in Statesboro and Augusta will be designated as Georgia Southern University – East Georgia Center Statesboro and Georgia Southern University – East Georgia Center Augusta. Name changes become effective January 1, 2026.

Georgia Institute of Technology

In August 2025, the Board of Regents of the University System of Georgia (BOR Board) entered into an amendment to extend and amend the lease agreement with the Georgia Tech Applied Research Corporation (GTARC), a component unit, for the use of office space in Huntsville, Alabama. The amended lease provides for modifications that expand the premises, add renewal terms, and modify the rental rate schedule of the original lease. The term of the amended lease is scheduled to end in fiscal year 2036, and the total estimated rental payments over the revised remaining term of the lease will be \$21.5 million. The right-of-use asset and lease obligation will be recorded on the Institute's books in fiscal year 2026.

In May 2025, the BOR Board approved the gift of the Centennial Research Building (CRB) located at 400 Tenth Street NW from the Georgia Tech Applied Research Corporation (GTARC) for the use and benefit of the Georgia Institute of Technology (GIT). The University Financing Foundation (TUFF) leases the Centennial Research Building (CRB) located at 400 Tenth Street NW to the Georgia Tech Research Corporation (GTRC) who then subleases the building to the Board of Regents for the Georgia Institute of Technology's (GIT) use in research operations. At the respective board meetings in May 2025, Georgia Tech Applied Research Corporation (GTARC) approved a resolution to purchase CRB from TUFF for approximately \$29 million and gift to Board of Regents; and the Board of Regents approved accepting of the CRB gift is subject to the completion of an environmental site assessment that indicates no significant adverse environmental issues. In connection with the CRB gift the Board of Regents, for GIT's use and benefit, also approved acquiring six (6) adjacent land parcels to CRB from TUFF for \$4 million. GTARC completed the purchase of CRB in October 2025 and will complete the gifting of CRB to the Board of Regents in early 2026.

In February 2025, the BOR Board authorized execution of a subrental agreement between Georgia Advanced Technology Ventures (GATV), a component unit, as sublandlord, and the Board of Regents of USG, as sub-tenant, for the use and benefit of the Georgia Institute of Technology (GIT) for use of office and lab space in the Science Square Lab located 101 Nerem Street NW, Atlanta, Georgia. This sublease will allow GIT to lease approximately 35,501 rentable square feet of space on the sixth floor of the building for a total rental of approximately \$2 million per year commencing February 2026 and ending June 30, 2026 with options to renew on a year-to-year basis for nine consecutive one-year periods plus a tenth renewal term of seven and one half months. The right-of-use asset and lease obligation will be recorded on the Institute's books in fiscal year 2026.

State of Georgia

Notes to the Financial Statements

For the Fiscal Year Ended June 30, 2025

NOTE 20 - SUBSEQUENT EVENTS (continued)

In August 2024, the BOR Board entered into a rental agreement with Georgia Tech Facilities, Inc. (GTFI), a component unit, for the Curran Street Residence Hall. This residence hall will encompass approximately 191,000 square feet of space and will be constructed on approximately 2.5 acres on the campus of GIT. The residence hall will contain approximately 862 beds along with related student amenities. The 30-year lease will commence on the first day of the month after the certificate of occupancy is issued. The total estimated rental payments over the lease term will be \$220.7 million and will include semi-annual payments for base rent, and a repair and replacement contribution. In August 2024, GTFI issued \$102.3 million in bonds to fund construction, which is expected to be complete in Spring 2026. The capital asset and finance lease liability will be recorded on the Institute's books once construction is complete, and the certificate of occupancy is issued.

In September 2018, the BOR Board approved the project for the third phase of Technology Square (Tech Square III) located on the blocks between Fifth Street, Spring Street, and West Peachtree Street. The project is funded from a combination of state funding, institutional funding, philanthropic donations and Public Private Ventures (PPV) bond financing with an estimated project cost of \$240 million. Tech Square III will add more than 400,000 square feet of new space for research and collaboration. Bond funding received via Georgia Tech Facilities Inc.'s (GTFI) issuance in 2024 has been fully expended; funding from General Obligation bonds issued through the Georgia State Financing and Investment Commission in 2023 was drawn down during the year and should be fully expended in fiscal year 2026. Philanthropic and institutional funding were also expended during fiscal year 2025 on building construction and furniture, fixtures and equipment (FFE). In November 2023, the BOR Board authorized the execution of a rental agreement for between GTFI, a component unit, as landlord and the BOR Board as Tenant, for 100,000 square feet located in the basement and on floors 1-3 of Tech Square III. The rental agreement commences on the first day of the month after GTFI obtains the temporary or final certificate of occupancy, but no earlier than January 1, 2026 and ends the following June 30. On November 13, 2025 the temporary certificate of occupancy was issued. The annual base rent is not to exceed \$3.7 million per year, with options to renew annually for up to 29 consecutive one-year periods. The capital asset, finance lease liability, and capital gift will be recorded on the Institute's books in fiscal year 2026.

Kennesaw State University

Kennesaw State University (KSU) entered into an agreement with Kennesaw State University Foundation, Inc. (KSUF) where KSUF would construct and equip a student housing facility. This new facility will be leased to KSU for a 30-year period through June 30, 2056, with lease payments totaling \$93.3 million, which includes prepaid rent of \$12 million to be used for construction. At the end of the lease, the ownership of the student housing facility will transfer to KSU. The commencement of the lease will occur in August 2026, after the substantial completion of the improvements is finalized. On April 8, 2025, KSUF entered into a promissory note agreement to repay \$39.5 million Series 2025 bonds issued by the Development Authority of Cobb County. The proceeds of the bonds will be used for the purpose of (i) financing the cost of acquiring, constructing and equipping a student housing facility consisting of 462 beds to be located on the Kennesaw campus of KSU, (ii) fund capitalized interest for the Series 2020 Bonds and (iii) paying all or a portion of the costs of issuing the Series 2025 Bonds.

University System Office

Corvias Campus Living-USG, LLC operated and managed certain student housing at nine USG campuses. Abraham Baldwin Agricultural College; Georgia Southern University Armstrong Campus; Augusta University; College of Coastal Georgia; Columbus State University; Dalton State College; East Georgia State College; Georgia State University; and University of North Georgia. In June 2025, Corvias Campus Living-USG, LLC filed for Chapter 11 bankruptcy protection. As part of the bankruptcy proceedings, on October 20, 2025, a stipulation regarding the use of cash collateral was filed. This stipulation included a plan for the USG to secure funding to acquire Corvias's assets. On January 6, 2026 the Georgia Higher Education Facilities Authority, issued the Series 2026 Bonds for \$230.0 million, as noted above, for the University System of Georgia Foundation (USGF). The bond proceeds were

State of Georgia

Notes to the Financial Statements

For the Fiscal Year Ended June 30, 2025

NOTE 20 - SUBSEQUENT EVENTS (continued)

used for the acquisition and maintenance of the Corvias assets. The institutions referenced above entered into agreements with the USGF to lease the housing facilities in January 2026. At the end of the lease term, ownership of the student housing facilities will transfer to the Board of Regents.

Budgetary Comparison

For the Fiscal Year Ended June 30, 2025

Budgetary Reporting

Budgetary Process

OCGA § 45-12-4 sets forth the process for the development and monitoring of an appropriated budget for the State. Not later than September 1 of each year, the head of each executive branch budget unit (e.g. agencies, departments, and commissions) must submit estimates of the financial requirements for the subsequent fiscal year to Office of Planning and Budget (OPB), which operates under the direction of the Governor. Budget estimates relative to the legislative and judicial branches of State government are provided to OPB for the purpose of estimating the total financial needs of the State but are not subject to revision or review by OPB.

The Governor, through the OPB, examines the estimates and may investigate and revise executive branch submissions as necessary. Upon the completion and revisions of the estimates, the Governor must prepare and submit a budget report to the General Assembly within five days of the date on which the General Assembly convenes. The Governor also possesses the responsibility and authority to establish the revenue estimate for the corresponding fiscal year.

The General Assembly, after adopting such modifications to the Governor's budget report as it deems necessary, enacts the General Appropriations Act for the subsequent fiscal year. Each General Appropriations Act enacted, along with amendments as are adopted, continues in force and effect for the next fiscal year after adoption. In accordance with the Georgia Constitution, Article III, Section IX, Paragraph IV, "The General Assembly shall not appropriate [State] funds for any given fiscal year which, in aggregate, exceed a sum equal to the amount of unappropriated surplus expected to have accrued in the state treasury at the beginning of the fiscal year together with an amount not greater than the total treasury receipts from existing revenue sources anticipated to be collected in the fiscal year, less refunds, as estimated in the budget report and amendments thereto." The Constitution also authorizes the passage of additional Supplementary Appropriation Acts, provided sufficient surplus is available or additional revenue measures have been enacted. Finally, the Governor may withhold allotments of funds to budget units in order to maintain this balance of revenues and expenditures. Compliance with this requirement is demonstrated in the Governor's budget report and the Appropriation Acts for each fiscal year.

To the extent that federal funds received by the State are changed by federal authority or exceed the amounts appropriated by the original or supplementary appropriations acts, such excess, changed or unanticipated funds are "continually appropriated;" that is, they are amended into departmental budgets when such events are known. Similarly, revenues generated by departments that may be retained for departmental operations ("other funds") are amended in as such funds are collected or anticipated.

Internal transfers within a budget unit are subject to the condition that no funds shall be transferred for the purpose of initiating a new program area which otherwise had received no appropriation of any funding source.

The Governor, through OPB, requires each budget unit, other than those of the legislative and judicial branches, to submit an annual operating budget based on the programs set forth in the Appropriations Act. Budget units submit periodic allotment requests, which must be approved in conjunction with quarterly work programs prior to release of appropriated funds. Further monitoring of budget unit activities is accomplished by review of expenditure reports, which are submitted quarterly to OPB.

Required Supplementary Information

Notes to Required Supplementary Information

Budgetary Comparison

For the Fiscal Year Ended June 30, 2025

The appropriated budget covers a majority of the organizations comprising the State's General Fund and includes appropriations for debt service. The budget also includes certain proprietary funds, the Higher Education Fund, and the administrative costs of operating certain public employee retirement systems.

Budget units of the State are responsible for budgetary control of their respective portion of the total State appropriated budget. The legal level of budgetary control is at the program level by funding source. Budgetary programs represent a discrete activity or activities or specific initiative for which funds are being appropriated and as defined in the accompanying purpose statement of the program in the appropriations act. Expenditures against that program must align with purpose of the appropriation as defined in the bill. Due to the complex nature of the State appropriated budget, a separate *Budgetary Compliance Report* is published each year to report on compliance at the legal level of budgetary control. This report can be found on website of the State Accounting Office at <https://sao.georgia.gov/swar/bcr>.

Budgetary Basis of Accounting

The annual budget of the State is prepared on the modified accrual basis utilizing encumbrance accounting with the following exceptions: federal and certain other revenues are accrued based on the unexecuted portion of long-term contracts; and intrafund transactions are disclosed as revenues and expenditures. Under encumbrance accounting, encumbrances are used to indicate the intent to purchase goods or services. Liabilities and expenditures are recorded upon issuance of completed purchase orders. Goods or services need not have been received for liabilities and expenditures to be recorded. All unencumbered annual appropriations lapse at fiscal year-end unless otherwise specified by constitutional or statutory provisions. Supplementary and amended appropriations may be enacted during the next legislative session by the same process used for original appropriations.

Budgetary Compliance Exceptions

Expenditures of State funds may not exceed the amount appropriated at the legal level of control as provided by the Constitution. For the year ended June 30, 2025, total State funds expenditures did not exceed appropriated amounts.

For more information on budgetary exceptions, please refer to the *Budgetary Compliance Report* (BCR) issued under separate cover.

Budgetary Presentation

The accompanying Budgetary Comparison Schedule for the Budget Fund presents comparisons of the legally adopted budget with actual data prepared on the budgetary basis of accounting utilized by the State. The Budget Fund, a compilation of the budget units of the State, differs from the funds presented in the basic financial statements. The Budget-to-GAAP reconciliation immediately following the budgetary comparison schedule identifies the types and amounts of adjustments necessary to reconcile the Budget Fund with the General Fund as reported in accordance with generally accepted accounting principles.

Note, in the BCR the *Statements of Funds Available and Expenditures Compared to Budget By Program and Funding Source* displays budget (original, amended and final), the current year funds available, current year expenditures and variances to budget for each of the appropriated organizations. And the Statistical Schedules 4 and 5 in the BCR summarize the expenditures by agency (Statistical Schedule 4) and in total (Statistical Schedule 5), and these totals agree with the amounts presented in the RSI schedule above.

Claims Development Information

The table below illustrates how the State Health Benefit Plan's (SHBP) earned revenues and investment income compare to related costs of loss and other expenses assumed by the SHBP as of the end of the current fiscal year. The rows of the table are defined as follows: (1) This line shows the total of each fiscal year's earned contribution revenues and investment revenues. (2) This line shows each fiscal year's other operating costs of the fund including overhead and claims expense not allocable to individual claims. (3) This line shows the fund's incurred claims and allocated claim adjustment expenses (both paid and accrued) as originally reported at the end of the first year in which the event that triggered coverage under the contract occurred (policy year). (4) This section shows the cumulative net amounts paid as of the end of the policy year. (5) This section shows how current year's net incurred claims increased or decreased as of the end of the year. This annual reestimation results from new information received on known claims, reevaluation of existing information on known claims, as well as emergence of new claims not previously known. (6) This line compares the latest reestimated net incurred claims amount to the amount originally established (line 3) and shows whether this latest estimate of claims cost is greater or less than originally thought. As data for individual policy years mature, the correlation between original estimates and reestimated amounts is commonly used to evaluate the accuracy of net incurred claims currently recognized in less mature policy years.

Defined Benefit Pension Plans

Methods and Assumptions

For the Fiscal Year Ended June 30, 2025

Actuarial Methods and Assumptions - Plan Perspective:

This note provides information about changes of benefit terms, changes of assumptions, and methods and assumptions used in calculations of actuarially determined contributions.

Employees' Retirement System

Changes of benefit terms: A one-time 3% payment was granted to certain retirees and beneficiaries effective July 2016, and a one-time 3% payment was granted to certain retirees and beneficiaries effective July 2017. Two one-time 2% payments were granted to certain retirees and beneficiaries effective July 2018 and January 2019. Two one-time 3% payments were granted to certain retirees and beneficiaries effective July 2019 and January 2020. Two one-time 3% payments were granted to certain retirees and beneficiaries effective July 2021 and January 2022.

Changes of assumptions: On December 17, 2015, the Board adopted recommended changes to the economic and demographic assumptions utilized by the System. Primary among the changes were the updates to rates of mortality, retirement, disability, withdrawal, and salary increases. Subsequent to the June 30, 2016 actuarial valuation, ERS Board adopted a new funding policy. Because of this new funding policy, the assumed investment rate of return was reduced from 7.50% to 7.40% for the June 30, 2017 actuarial valuation. In addition, based on the ERS board's new funding policy, the assumed investment rate of return was further reduced by 0.10% from 7.40% to 7.30% as of the June 30, 2018 measurement date, and remained unchanged for June 30, 2019 and June 20, 2020. The assumed investment rate of return was further reduced by 0.10% from 7.30% to 7.20% as of the June 30, 2021 measurement date. On December 17, 2020, the Board adopted recommended changes to the economic and demographic assumptions utilized by the System based on the experience study prepared for the five-yr period ending June 30, 2019. Primary among the changes were the updates to mortality, retirement, withdrawal, and salary increases. This also included a change to the long-term assumed investment rate of return to 7.00%. Therefore, a change in assumptions due to the reduction in the assumed investment rate of return from 7.30% to 7.00%, are reflected, along with the assumptions changes due to the experience study, in the calculation of the June 30, 2021 ERS Total Pension Liability. On April 21, 2022, the Board adopted a new funding policy superseding and replacing the funding policy adopted March 15, 2018. This new funding policy, in part, provides that the Actuarial Accrued Liability and Normal Cost of the System will include a prefunded variable COLA for eligible retirees and beneficiaries of the System. Under the new policy, future COLAs are provided through a profit-sharing mechanism using the System's asset performance. After the parameters of this new policy, the assumption for future COLAs was set at 1.05%. Previously, no future COLAs were assumed. In addition, the funding policy set the assumed rate of return at 7.20% for the June 30, 2021 valuation and established a new Transitional Unfunded Actuarial Accrued Liability as of June 30, 2021, which will be amortized over a closed 20-year period. Based on the funding policy, the assumed investment rate of return was reduced from 7.20% to 7.10% for the June 30, 2023 actuarial valuation and then reduced from 7.10% to 7.00% for the June 30, 2024 actuarial valuation.

Teachers Retirement System of Georgia

Changes of benefit terms: There were no changes in benefits terms that affect the measurement of the total pension liability since the prior measurement date.

Changes of assumptions: On November 18, 2015, the Board adopted recommended changes to the economic and demographic assumptions utilized by the System. Primary among the changes were the updates to rates of mortality, retirement, disability, withdrawal, and salary increases. Based on the funding policy adopted by the Board on May

State of Georgia

Notes to Required Supplementary Information

Defined Benefit Pension Plans

Methods and Assumptions

For the Fiscal Year Ended June 30, 2025

15, 2019, the investment rate of return assumption was changed to 7.25%. In addition, the assumed rate of inflation was changed to 2.50%. On May 13, 2020, the Board adopted recommended changes to the economic and demographic assumptions utilized by the System. Primary among the changes were the updates to rates of mortality, retirement, disability, and withdrawal. On May 11, 2022, the Board adopted recommended changes to the investment rate of return assumption from 7.25% to 6.90%, and the payroll growth assumption was changed from 3.00% to 2.50%. On January 22, 2025, the Board adopted recommended changes to various assumptions and methods utilized by the System. Primary among the changes were updates on rates of mortality, retirement, disability, and withdrawal.

Actuarial Methods and Assumptions - Plan Perspective:

Methods and assumptions used in calculations of actuarially determined contributions: The actuarially determined contribution rates in the schedules of employers' and non-employers' contributions are calculated as of June 30, one to three years prior to the end of the fiscal year in which contributions are reported. The following actuarial methods and assumptions were used to determine the most recent contribution rates in those schedules:

	ERS	TRS
Valuation date	June 30, 2022	June 30, 2022
Actuarial cost method	Entry age	Entry age
Amortization method	Level dollar, closed	Level percent of payroll, closed
Remaining amortization period	18.0 years	21.9 years
Asset valuation method	5-year smoothed fair	5-year smoothed fair
Inflation	2.50%	2.50%
Salary increases:	3.00 - 6.75%	3.00 - 8.75%, including inflation
Investment rate of return	7.20%, net of pension plan investment expense, including inflation	6.90%, net of pension plan investment expense, including inflation
Cost-of-living adjustment	1.05% annually	
Post-retirement benefit increases:		1.50%, semi-annually

Schedule includes all significant plans and funds administered by the State of Georgia.

Methods and Assumptions

For the Fiscal Year Ended June 30, 2025

Actuarial Methods and Assumptions - State as Employer Perspective:

This note provides information about changes of benefit terms, changes of assumptions, and methods and assumptions used in calculations of actuarially determined contributions.

Employees' Retirement System

Changes of benefit terms: A one-time 3% payment was granted to certain retirees and beneficiaries effective July 2016. A one-time 3% payment was granted to certain retirees and beneficiaries effective July 2017. Two one-time 2% payments were granted to certain retirees and beneficiaries effective July 2018 and January 2019. Two one-time payments were granted to certain retirees and beneficiaries effective July 2019 and January 2020. Two one-time 3% payments were granted to certain retirees and beneficiaries effective July 2021 and January 2022.

Changes of assumptions: On December 17, 2015, the Board adopted recommended changes to the economic and demographic assumptions utilized by the System. Primary among the changes were the updates to rates of mortality, retirement, and withdrawal. On March 15, 2018, the ERS Board adopted a new funding policy, and this policy was most recently amended on June 18, 2020. Because of this new funding policy, the assumed investment rate of return was reduced from 7.50% to 7.40% for June 30, 2017 actuarial valuation. In addition, based on the ERS Board's new funding policy, the assumed investment rate of return was further reduced from 7.40% to 7.30% as of June 30, 2018 measurement date. On December 17, 2020, the Board adopted recommended changes to the economic and demographic assumptions utilized by the System. Primary among the changes were the updates to mortality, retirement, withdrawal, and salary increases. This also included a change to the long-term assumed investment rate of return to 7.00%. These assumption changes are reflected in the calculation of the June 30, 2021 Total Pension Liability. On April 21, 2022, the Board adopted a new funding policy superseding and replacing this funding policy. This new funding policy which, in part, provides that the Actuarial Accrued Liability and Normal Cost of the System will include a prefunded variable Cost-of-Living Adjustment (COLA) for eligible retirees and beneficiaries of the System. Under the new policy, future COLAs are provided through a profit-sharing mechanism using the System's asset performance. After studying the parameters of this new policy, the assumption for future COLAs was set at 1.05%. Previously, no future COLAs were assumed. In addition, the funding policy set the assumed rate of return at 7.20% for the June 30, 2021 valuation and established a new Transitional Unfunded Actuarial Accrued Liability as of June 30, 2021 which will be amortized over a closed 20-year period.

Teachers Retirement System of Georgia

Changes of benefit terms: There were no changes in benefits terms that affect the measurement of the total pension liability since the prior measurement date.

Changes of assumptions: On November 18, 2015, the Board adopted recommended changes to the economic and demographic assumptions utilized by the System. Primary among the changes were the updates to rates of mortality, retirement, withdrawal, and salary increases. Effective with the June 30, 2018 valuation, the long-term assumed rate of return on assets (discount rate) was changed from 7.50% to 7.25%, and the assumed annual rate of inflation was changed from 2.75% to 2.50%. On May 13, 2020, the Board adopted recommended changes to the economic and demographic assumptions utilized by the System. Primary among the changes were the updates to rates of mortality, retirement, disability, and withdrawal. Effective with the June 30, 2021 valuation, the long-term assumed rate of return on assets (discount rate) was changed from 7.25% to 6.90%, and the payroll growth assumption was changed from 3.00% to 2.50%.

Methods and Assumptions

For the Fiscal Year Ended June 30, 2025

Actuarial Methods and Assumptions - State as Employer Perspective:

Methods and assumptions used in calculations of actuarially determined contributions: The actuarially determined contribution rates in the schedules of employers' and non-employers' contributions are calculated as of June 30, three years prior to the end of the fiscal year in which contributions are reported. The following actuarial methods and assumptions were used to determine the most recent contribution rates in those schedules:

	ERS	TRS
Valuation date	June 30, 2021	June 30, 2021
Actuarial cost method	Entry age	Entry age
Amortization method	Level dollar, closed	Level percent of payroll, closed
Remaining amortization period	20.0 years	22.6 years
Asset valuation method	5-year smoothed fair	5-year smoothed fair
Inflation	2.50%	2.50%
Salary increases:	3.00 - 6.75%, including inflation	3.00 - 8.75%, including inflation
Investment rate of return	7.20%, net of pension plan investment expense, including inflation	6.90%, net of pension plan investment expense, including inflation
Post-Retirement Benefit Increases		1.50% semi-annually

Schedule includes all significant plans and funds administered by the State of Georgia

Notes to Required Supplementary Information

Methods and Assumptions

Multi-Employer and Single-Employer OPEB Plans

For the Fiscal Year Ended June 30, 2025

Actuarial Methods and Assumptions - Plan Perspective:

This note provides information about changes of benefit terms, changes of assumptions, and methods and assumptions used in calculations of the OPEB liability/asset and required contributions.

State OPEB Fund

Changes of benefit terms: There have been no changes in benefit terms.

Changes of assumptions:

- June 30, 2023 valuation: Medicare health care trend rates were updated
- June 30, 2022 valuation: The tobacco use assumption and aging factors were revised.
- June 30, 2020 valuation: Decremental assumptions were changed to reflect the ERS experience study.
- June 30, 2019 valuation: The inflation assumption was lowered from 2.75% to 2.5% in anticipation of the upcoming ERS Experience Study. Additionally, decremental assumptions were changed to reflect the TRS experience study. Approximately 6% of State OPEB employees are members of TRS.
- June 30, 2017 valuation: The participation assumption, tobacco use assumption and morbidity factors were revised. The June 30, 2017 actuarial valuation was revised, for various factors, including the methodology used to determine how employees and retirees were assigned to each of the OPEB Funds and anticipated participation percentages. Current and former employees of State organizations (including technical colleges, community service boards and public health departments) are now assigned to the State OPEB Fund based on their last employer payroll location; irrespective of retirement system affiliation. Additionally, there were changes the discount rate and an increase in the investment rate of return due to a longer term investment strategy.
- June 30, 2015 valuation: Decremental and underlying inflation assumptions were changed to reflect the Retirement Systems' experience studies.
- June 30, 2012 valuation: A data audit was performed and data collection procedures and assumptions were changed.

School OPEB Fund

Changes of benefit terms: There have been no changes in benefit terms.

Changes of assumptions:

- June 30, 2023 valuation: Medicare health care trend rates were updated.
- June 30, 2022 valuation: The tobacco use assumption and aging factors were revised.
- June 30, 2020 valuation: Decremental assumptions were changed to reflect the ERS experience study. Approximately 0.10% of employees are members of ERS.
- June 30, 2019 valuation: Decremental assumptions were changed to reflect the TRS experience study.
- June 30, 2018 valuation: The inflation assumption was lowered from 2.75% to 2.5%.
- June 30, 2017 valuation: The participation assumption, tobacco use assumption and morbidity factors were revised. The June 30, 2017 actuarial valuation was revised, for various factors, including the methodology used to determine how employees and retirees were assigned to each of the OPEB Funds and anticipated participation percentages. Current and former employees of State organizations (including technical colleges, community service boards and public health departments) are now assigned to the State OPEB Fund based on their last employer payroll location; irrespective of retirement system affiliation.

Notes to Required Supplementary Information

Methods and Assumptions

Multi-Employer and Single-Employer OPEB Plans

For the Fiscal Year Ended June 30, 2025

Additionally, there were changes the discount rate and an increase in the investment rate of return due to a longer term investment strategy.

- June 30, 2015 valuation: Decremental and underlying inflation assumptions were changed to reflect the Retirement Systems' experience studies.
- June 30, 2012 valuation: A data audit was performed and data collection procedures and assumptions were changed.

SEAD-OPEB Plan

Changes of benefit terms: There have been no changes in benefit terms.

Changes of assumptions:

- On December 17, 2020, the Board adopted recommended changes to the economic and demographic assumptions utilized by the Systems. Primary among the changes were the updates to rates of mortality, retirement, withdrawal, and salary increases. This also included a change to the long-term assumed investment rate of return to 7.00%. These assumption changes were first reflected in the calculations of the June 30, 2021 Total OPEB Liability.
- On March 15, 2018, the Board adopted a new funding policy. Because of this new funding policy, the assumed investment rate of return was reduced from 7.50% to 7.40% for June 30, 2017 actuarial valuation and further reduced from 7.40% to 7.30% for the June 30, 2018 actuarial valuation.

Regents Plan

Changes of benefit terms: Effective January 1, 2026 the Health Reimbursement Account (HRA) for Medicare-eligible retirees was decreased from \$2,640 to \$2,484 to purchase individual coverage and from \$5,280 to \$4,968 for dual coverage.

Changes of assumptions:

- Expected claims costs were updated to reflect actual claims experience.
- Trend rate schedule was updated to anticipated future experience.
- The discount rate was updated from 3.96% as of June 30, 2024 to 5.20% as of June 30, 2025.
- The Expected Return on Assets was changed from 6.02% to 5.91%.
- Base rate mortality tables for Healthy Participants were updated from Pub-2010 for Teachers (headcount weighted) healthy mortality to Pub-2016 for Teachers (headcount weighted) healthy mortality.
- Base rate mortality tables for Future Disabled Participants were updated from Pub-2010 for Teachers (headcount weighted) healthy mortality to Pub-2016 for Teachers (headcount weighted) healthy mortality.
- The HRA Annual Increase was changed from 2.00% to 1.00%

Methods and Assumptions

Multi-Employer and Single-Employer OPEB Plans

For the Fiscal Year Ended June 30, 2025

Actuarial Methods and Assumptions - Plan Perspective:

Methods and assumptions used in calculations of actuarially determined contributions: The actuarially determined contribution rates in the schedule of employers' contributions are calculated as of June 30, three years prior to the end of the fiscal year in which contributions are reported for State, School, and SEAD-OPEB Plan, and as of June 30, 2023 for the Regents Plan. The following actuarial methods and assumptions were used to determine the most recent contribution rates in the schedule:

	State OPEB	School OPEB
Valuation date	June 30, 2022	June 30, 2022
Actuarial cost method	Entry Age Normal	Entry Age Normal
Amortization method	Level percent of pay, closed	Level percent of pay, closed
Remaining amortization period	30 years	30 years
Asset Valuation method	Market Value	Market Value
Inflation	2.50%	2.50%
Healthcare cost trend rate		
Initial Trend Rate	7.00%	7.00%
Ultimate Trend Rate	4.50%	4.50%
Year of ultimate trend rate	2032	2032
Investment Rate of return*	4.50%	4.50%
	SEAD-OPEB Plan	Regents Plan
Valuation date	June 30, 2022	May 1, 2025
Actuarial cost method	Entry Age	Entry Age Normal
Amortization method	Level dollar, closed	Closed amortization period for unfunded and subsequent actuarial gains/losses
Remaining amortization period	Infinite	
Asset Valuation method	Fair Value	Fair Value
Inflation	2.50%	2.30%
Salary Increases	3.00 - 6.75%	3.75%
Healthcare cost trend rate		
Pre-Medicare Eligible	N/A	8.80%
Medicare Eligible	N/A	1.00%
Ultimate Trend Rate		
Pre-Medicare Eligible	N/A	4.50%
Medicare Eligible	N/A	1.00%
Year of ultimate trend rate	N/A	2036 Pre-Medicare Eligible 2025 Medicare Eligible
Investment Rate of return*	7.20%	5.91%

* Includes respective rates of inflation, net of investment expense.

The State OPEB Fund, School OPEB Fund, and the Regents Plan are funded on a pay-as-you go basis, and not funded based on the actuarially determined contributions.

Schedule includes all significant plans and funds administered by the State of Georgia.

Notes to Required Supplementary Information

Methods and Assumptions

Multi-Employer and Single-Employer OPEB Plans

For the Fiscal Year Ended June 30, 2025

Actuarial Methods and Assumptions - State as Employer Perspective:

This note provides information about changes of benefit terms, changes of assumptions, and methods and assumptions used in calculations of the OPEB liability/asset and required contributions.

State OPEB Fund

Changes of benefit terms: There have been no changes in benefit terms.

Changes of assumptions:

- June 30, 2023 valuation: Medicare health care trend rates were updated.
- June 30, 2022 valuation: The tobacco use assumption and aging factors were revised.
- June 30, 2020 valuation: Decremental assumptions were changed to reflect the ERS experience study.
- June 30, 2019 valuation: The inflation assumption was lowered from 2.75% to 2.5% in anticipation of the upcoming ERS Experience Study. Additionally, decremental assumptions were changed to reflect the TRS experience study. Approximately 6% of State OPEB employees are members of TRS.
- June 30, 2017 valuation: The participation assumption, tobacco use assumption and morbidity factors were revised. The June 30, 2017 actuarial valuation was revised, for various factors, including the methodology used to determine how employees and retirees were assigned to each of the OPEB Funds and anticipated participation percentages. Current and former employees of State organizations (including technical colleges, community service boards and public health departments) are now assigned to the state OPEB Fund based on their last employer payroll location, irrespective of retirement system affiliation. Additionally, there were changes the discount rate and an increase in the investment rate of return due to a longer term investment strategy.
- June 30, 2015 valuation: Decremental and underlying inflation assumptions were changed to reflect the Retirement Systems' experience studies.
- June 30, 2012 valuation: A data audit was performed and data collection procedures and assumptions were changed.

School OPEB Fund

Changes of benefit terms: There have been no changes in benefit terms.

Changes of assumptions:

- June 30, 2023 valuation: Medicare health care trend rates were updated.
- June 30, 2022 valuation: The tobacco use assumption and aging factors were revised.
- June 30, 2020 valuation: Decremental assumptions were changed to reflect the ERS experience study. Approximately 0.10% of employees are members of ERS.
- June 30, 2019 valuation: Decremental assumptions were changed to reflect the TRS experience study.
- June 30, 2018 valuation: The inflation assumption was lowered from 2.75% to 2.5%.
- June 30, 2017 valuation: The participation assumption, tobacco use assumption and morbidity factors were revised. The June 30, 2017 actuarial valuation was revised, for various factors, including the methodology used to determine how employees and retirees were assigned to each of the OPEB Funds and anticipated participation percentages. Current and former employees of State organizations (including technical colleges, community service boards and public health departments) are now assigned to the State OPEB Fund based on their last employer payroll location; irrespective of retirement system affiliation. Additionally, there were changes the discount rate and an increase in the investment rate of return due to a longer term investment strategy.

Methods and Assumptions

Multi-Employer and Single-Employer OPEB Plans

For the Fiscal Year Ended June 30, 2025

- June 30, 2015 valuation: Decremental and underlying inflation assumptions were changed to reflect the Retirement Systems' experience studies.
- June 30, 2012 valuation: A data audit was performed and data collection procedures and assumptions were changed.

State of Georgia

Required Supplementary Information

Notes to Required Supplementary Information

Methods and Assumptions

Multi-Employer and Single-Employer OPEB Plans

For the Fiscal Year Ended June 30, 2025

Actuarial Methods and Assumptions - State as Employer Perspective:

SEAD-OPEB Plan

Changes of benefit terms: There have been no changes in benefit terms.

Changes of assumptions:

- On December 17, 2020, the Board adopted recommended changes to the economic and demographic assumptions utilized by the Systems. Primary among the changes were the updates to rates or mortality, retirement, withdrawal, and salary increases. This also included a change to the long-term assumed investment rate of return to 7.00%. These assumption changes are reflected in the calculation of the June 30, 2021 Total OPEB Liability.
- On March 15, 2018, the Board adopted a new funding policy. Because of this new funding policy, the assumed investment rate of return was reduced from 7.50% to 7.40% for June 30, 2017 actuarial valuation. In addition, based on the Board's new funding policy, the assumed investment rate of return was further reduced by 0.10% from 7.40% to 7.30% as of the June 30, 2018 measurement date.

Regents Plan

Changes of benefit terms: HRA cost sharing for employees hired on or after January 1, 2013 and retiring after January 1, 2018 is based on a policy that ties years of service to the amount the USG contributes based on 22-tiers ranging from 100% for employees who retire with 30 years of service to 21% for employees retiring with 10 years of service. Effective January 1, 2024, the HRA for medicare eligible retirees was decreased from \$2,736 to \$2,640 to purchase individual coverage and from \$5,472 to \$5,280 for dual coverage.

Changes of assumptions:

- Expected claims costs were updated to reflect actual claims experience.
- Trend rate schedule was updated to anticipated future experience.
- The discount rate was updated from 3.69% as of June 30, 2023 to 3.96% as of June 30, 2024.
- The Expected Return on Assets was changed from 5.40 to 6.02%.
- The following assumptions were updated based on the 2024 Demographic Assumptions Review (experience study):
 - Retirement rates
 - Withdrawal rates
 - Percentage of participants that elect spousal coverage upon retirement was updated for males from 55% to 50%
 - Percentage of participants electing coverage upon retirement was updated for post-65 employees from 85% to 80%

Methods and Assumptions

Multi-Employer and Single-Employer OPEB Plans

For the Fiscal Year Ended June 30, 2025

Actuarial Methods and Assumptions - State as Employer Perspective:

Methods and assumptions used in calculations of actuarially determined contributions: The actuarially determined contribution rates in the schedules of employers' contributions are calculated as of June 30, as listed for all plans. The following actuarial methods and assumptions were used to determine the most recent contribution rates in those schedules:

	State OPEB	School OPEB
Valuation date	June 30, 2021	June 30, 2021
Actuarial cost method	Projected Unit Credit	Projected Unit Credit
Amortization method	Level percent of pay, open	Level percent of pay open
Remaining amortization period	30 years	30 years
Asset Valuation method	Market Value	Market Value
Inflation	2.50%	2.50%
Healthcare cost trend rate		
Pre-Medicare	6.50%	6.50%
Medicare Eligible	5.00%	5.00%
Investment Rate of return*	7.00%	4.50%

	SEAD-OPEB Plan	Regents Plan
Valuation date	June 30, 2021	May 1, 2024
Actuarial cost method	Entry Age	Entry Age Normal
Amortization method	Level dollar, open	Closed amortization period for initial unfunded and subsequent actuarial gains/losses
Remaining amortization period	Infinite	
Asset valuation method	Fair value	Fair Value
Inflation	2.50%	2.30%
Salary Increases	3.00 - 6.75%	3.75%
Healthcare cost trend rate		
Pre-Medicare	N/A	8.70%
Medicare Eligible	N/A	2.00%
Investment Rate of return*	7.20%	6.02%

* Includes respective rates of inflation, net of investment expense.

The State OPEB Fund, School OPEB Fund, and the Regents Plan are funded on a pay-as-you go basis, and not funded based on the actuarially determined contributions.

Schedule includes all significant plans and funds administered by the State of Georgia.

COMBINING AND INDIVIDUAL FUND STATEMENTS

NONMAJOR GOVERNMENTAL FUNDS

State of Georgia

Description of Nonmajor Governmental Funds

SPECIAL REVENUE FUNDS

Special Revenue Funds account for specific revenue sources that are legally restricted to expenditures for specific purposes. The State's special revenue funds, other than the National Opioid Settlement Fund and Transportation Investment Act Fund, include the blended component units that conduct general governmental functions as described below:

The **Georgia Aviation Authority** was created to provide oversight and efficient operation of state aircrafts and aviation operations, and ensure the safety of state air travelers and aviation property.

The **National Opioids Settlement Fund** was created for funds collected by the State for nationwide settlements to resolve opioids litigation brought by states and local political subdivisions against pharmaceutical distributors. These funds will be used for abatement of the opioid epidemic, with the majority of the proceeds restricted to funding future abatement efforts.

The **State Road and Tollway Authority** (SRTA) is a legally separate public corporation created to finance transportation projects and operate toll facilities in the State of Georgia.

The **Transportation Investment Act Fund** (TIA) accounts for funds collected by the State and dispensed to the Department of Transportation for TIA projects in the relevant special tax districts.

DEBT SERVICE FUNDS

Debt Service Funds account for the accumulation of resources that are restricted, committed or assigned to expenditures for principal and interest.

The **General Obligation Debt Sinking Fund** accounts for the payment of principal and interest on the State's general long-term debt.

The **State Road and Tollway Authority Debt Service Fund** accounts for the payment of principal and interest on the debt of the Authority's governmental funds. The Authority issues bonded debt which finances State transportation infrastructure construction. Debt service payments due on outstanding bonds are paid by the Authority from redirected funds from the U. S. Department of Transportation and/or State motor fuel tax funds.

NONMAJOR ENTERPRISE FUNDS

State of Georgia

Description of Nonmajor Enterprise Funds

The Enterprise Funds account for the business type activities of smaller governmental agencies that are funded by the issuance of debt or fees charged to external customers. The State's Nonmajor Enterprise Funds are described below:

The Georgia Access Fund is the State of Georgia's program for Georgians to shop for, compare, and directly enroll in health insurance coverage. Beginning Open Enrollment 2025, the current State-based exchange on the Federal Platform transitions to the new State-based exchange. The exchange is currently overseen by the Office of the Commissioner of Insurance.

The State Employees' Assurance Department - Active is used to account for the accumulation of resources for the purpose of providing survivors' benefits for eligible members of the Employees', Judicial, and Legislative Retirement Systems. SEAD - Active is a cost-sharing multiple employer life insurance plan created in 2007 by the Georgia General Assembly to amend Title 47 of the Official Code of Georgia Annotated, relating to retirement, so as to establish a fund for the provision of term life insurance to active members of ERS, LRS, and GJRS.

The Georgia Higher Education Facilities Authority is a legally separate public corporation created for the purpose of financing eligible construction, renovation, improvement, and rehabilitation or restoration projects for the Board of Regents of the University System of Georgia and the Technical College System of the State of Georgia through the issuance of revenue bonds. The Authority issues debt and enters into lease agreements. The current lease agreements outstanding are with an affiliate of the University System of Georgia Foundation, Inc. (nonmajor enterprise fund). The costs of the Authority's debt are recovered through lease payments from the Higher Education Foundations.

The State Road and Tollway Authority (SRTA) is a legally separate public corporation created to finance transportation projects and operate toll facilities in the State of Georgia. SRTA uses an enterprise fund to account for all tolling activities, including the including the I-75 South Metro Express Lanes, and all other facilities of the tolling system (i.e. the I-85 Express Lanes, the I-85 Extension Express Lanes, the I-75 Northwest Corridor Express Lanes, and five future toll facilities under planning and/or construction).

INTERNAL SERVICE FUNDS

State of Georgia

Description of Internal Service Funds

Internal Service Funds are used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the government and to other government units, on a cost reimbursement basis. The State's internal service funds are described below:

The **Department of Administrative Services** delivers a variety of supportive services to all state agencies and, upon request, to local governments in Georgia. Among the services provided are purchasing (procurement), surplus property transactions, document services, fleet management, and human resources administration.

The **Georgia Building Authority** is responsible for all services associated with the management of State office buildings, maintaining the grounds within the State Capitol complex, maintaining the Governor's Mansion and operating parking facilities.

The **Georgia Correctional Industries Administration** utilizes the inmate work force to manufacture products and provide services for the penal system, other units of state government and local governments.

The **Risk Management** column is an accumulation of the funds used to account for the State's self-insurance programs established by individual agreement, statute or administrative action:

The **Cyber Insurance Coverage Fund** was created for the development of a cyber insurance product for direct loss and out of pocket expenses incurred as a result of damage to data, systems or income defense and liability incurred as a result of employees' actions. Department of Administrative Services (DOAS) engaged with an insurance broker to develop an underwriting submission to present to the commercial insurance underwriters. DOAS Risk Management Services manages the insurance product with assistance from Georgia Technology Authority.

The **Liability Insurance Fund** is used to account for the accumulation of funds for the purpose of providing liability insurance coverage for employees of the State against personal liability for damages arising out of performance of their duties.

The **Post-Traumatic Stress Disorder Fund** is used to account for the accumulation of funds designated to supplement illness-specific insurance for first responders diagnosed with occupational post-traumatic stress disorder (PTSD).

The **Property Insurance Fund** is used to account for the assessment of premiums against various state agencies for the purpose of providing property, fire and extended coverage, automobile, aircraft and marine insurance.

The **State Indemnification Fund** is used to account for the accumulation of funds for the purpose of providing indemnification with respect to the death of any law enforcement officer, fireman or prison guard killed in the line of duty.

The **Teacher Indemnification Fund** is used to account for the accumulation of funds for the purpose of providing indemnification with respect to the death of any public school employees killed or permanently disabled by an act of violence in the line of duty on or after July 1, 2001.

The **Unemployment Compensation Fund** was created for the purpose of consolidating processing of unemployment compensation claims against state agencies and the payment of sums due to the Department of Labor.

The **Workers' Compensation Fund** was established to authorize insurance coverage for employees of the State and for the receipt of premiums as prescribed by the Workers' Compensation statutes of the State.

State of Georgia

Description of Internal Service Funds

The **Georgia Technology Authority** was created to provide technology enterprise management and technology portfolio management to state and local governments.

FIDUCIARY FUNDS

State of Georgia

Description of Fiduciary Funds

Fiduciary funds are used to account for assets held by the State in a fiduciary capacity. The State has the following fiduciary funds:

PENSION AND OTHER EMPLOYEE BENEFIT TRUST FUNDS

Pension and Other Employee Benefit Trust Funds are used to account for activities and balances of the public employee retirement systems and other employee benefit plans. The State's pension and other employee benefit trust funds are described below:

Pension Trust Funds

Defined Benefit Pension Plans

The **Employees' Retirement System** is used to account for the accumulation of resources for the purpose of providing retirement allowances for qualified employees of the State and its political subdivisions.

The **Firefighters' Pension Fund** is used to account for the accumulation of resources for the purpose of paying retirement benefits to the firefighters of the State.

The **Georgia Judicial Retirement System** is used to account for the accumulation of resources for the purpose of providing retirement allowances for trial judges and solicitors of certain courts in Georgia, and their survivors and beneficiaries, superior court judges of the State, and district attorneys of the State.

Other Defined Benefit Plans is comprised of the following smaller plans:

The **District Attorneys Retirement Fund** (old plan) is used to account for the accumulation of resources for the purpose of paying retirement benefits to the district attorneys of the State.

The **Augusta University Early Retirement Pension Plan** is a single-employer defined benefit pension plan designed to provide eligible participants additional benefits above the amounts payable through Teachers Retirement System of Georgia (TRS). The plan was designed to allow vested employees aged 55 or employees of any age with 25 years of creditable service to retire without penalties as applied by the TRS for early retirement.

The **Judges of the Probate Courts Retirement Fund of Georgia** is used to account for the accumulation of resources for the purpose of paying retirement benefits to the judges of the Probate Courts of the State.

The **Legislative Retirement System** is used to account for the accumulation of resources for the purpose of providing retirement allowances and other benefits for all members of the Georgia General Assembly.

The **Magistrates Retirement Fund of Georgia** is used to account for the accumulation of resources for the purpose of providing retirement benefits for those serving as duly qualified and commissioned chief magistrates of counties in the State.

The **Georgia Military Pension Fund** is used to account for the accumulation of resources for the purpose of providing retirement allowances and other benefits to members of the Georgia National Guard.

The **Sheriffs' Retirement Fund of Georgia** is used to account for the accumulation of resources for the purpose of paying retirement benefits to the sheriffs of the State.

State of Georgia

Description of Fiduciary Funds

The **Superior Court Clerks' Retirement Fund of Georgia** is used to account for the accumulation of resources for the purpose of paying retirement benefits to the Superior Court clerks of the State.

The **Superior Court Judges Retirement Fund of Georgia** (old plan) is used to account for the accumulation of resources for the purpose of paying retirement benefits to the Superior Court judges of the State.

The **Peace Officers' Annuity and Benefit Fund** is used to account for the accumulation of resources for the purpose of paying retirement benefits to the peace officers of the State.

The **Public School Employees Retirement System** is used to account for the accumulation of resources for the purpose of providing retirement allowances for public school employees who are not eligible for membership in the Teachers Retirement System of Georgia.

The **Teachers Retirement System of Georgia** is used to account for the accumulation of resources for the purpose of providing retirement allowances and other benefits for teachers and administrative personnel employed in State public schools and the University System of Georgia (except those professors and principal administrators electing to participate in an optional retirement plan), and for certain other designated employees in educational-related work.

Defined Contribution / Deferred Compensation Pension Plans

The **Georgia Defined Contribution Plan** is used to account for the accumulation of resources for the purpose of providing retirement allowances for State employees who are not members of a public retirement or pension system.

The **Deferred Compensation Plans** are used to account for the accumulation of resources for the purpose of providing retirement allowances for State and Board of Regents employees and employees of Community Service Boards who elect to defer a portion of their annual salary until future years.

Other Postemployment Benefit Plans

The **Board of Regents Retiree Health Benefit Fund** is used to account for the accumulation of resources necessary to meet employer costs of retiree post-employment health insurance benefits.

The **Georgia State Employees Post-employment Health Benefit Fund (State OPEB Fund)** pays postemployment health benefits (including benefits to qualified beneficiaries of eligible former employees) due under the group health plan for employees of State organizations and other entities authorized by law to contract with the Department of Community Health for inclusion in the plan. It also pays administrative expenses for the Fund. By law, no other use of assets of the State OPEB Fund is permitted.

The **Georgia School Personnel Post-employment Health Benefit Fund (School OPEB Fund)** pays postemployment health benefits (including benefits for qualified beneficiaries of eligible former employees) due under the group health plan for public school teachers including librarians and other certified employees of the public schools and regional educational service agencies, postemployment health benefits due under the group health plan for non-certificated public school employees, and administrative expenses of the Fund. By law, no other use of assets of the School OPEB Fund is permitted.

The **State Employees' Assurance Department (SEAD) - OPEB** is used to account for the accumulation of resources for the purpose of providing term life insurance to retired and vested inactive members of

State of Georgia

Description of Fiduciary Funds

Employees', Judicial, and Legislative Retirement Systems.

INVESTMENT TRUST FUNDS

Investment Trust Funds are used to account for the external portion of a government sponsored investment pool. The State's investment trust funds are described below:

The **Georgia Fund 1 (GF1)** is an investment pool of the LGIP Trust and an investment pool for the State and local governments, including state agencies, colleges and universities, counties, school districts, special districts, or any department, agency, or board of a political subdivision. The primary objectives of the pool is the prudent management of public funds on behalf of the State and local governments seeking income higher than money market rates.

The **Georgia Fund 1 Prime (GF1 Prime)** is an LGIP offering under the LGIP Trust and represents an additional investment option for Georgia local governments, authorities, and approved state entities looking to benefit from higher yields available by adding credit exposure.

PRIVATE PURPOSE TRUST FUNDS

Private Purpose Trust Funds are used to report resources of all other trust arrangements in which principal and income benefit individuals, private organizations, or other governments. The State's private purpose trust funds are described below:

The **Auctioneers Education, Research and Recovery Fund** provides for actual or compensatory damages in instances where a person is aggrieved by an act, representation, transaction, or conduct of a person licensed under OCGA § 43-6 (duly licensed auctioneer, apprentice auctioneer, or auction company) who is in violation of state law. Also, the fund is used to help underwrite the cost of education and research programs for the benefit of licensees and the public.

The **Real Estate Education, Research and Recovery Fund** provides for actual or compensatory damages in instances where a person is aggrieved by an act, representation, transaction, or conduct of a duly licensed broker, associate broker or salesperson who is in violation of state law. Also, the fund is used to help underwrite the cost of developing courses, conducting seminars, conducting research projects on matters affecting real estate brokerage, publishing and distributing educational materials, or other education and research programs for the benefit of licensees and the public.

The **Subsequent Injury Trust Fund** is a special workers' compensation fund designed to encourage employers to hire workers with pre-existing impairments by insuring against the aggravating impact such impairment could have if the worker were subsequently injured on the job.

The **Tuition Guaranty Trust Fund** is to protect students against financial loss when a postsecondary educational institution closes without reimbursing its students and without completing its educational obligations to its students. It is funded by postsecondary education institutions who participate in the trust.

CUSTODIAL FUNDS

Custodial Funds are used to report balances and activities for deposits and investments entrusted to the State as an agent for others. The State's significant custodial funds are described below:

State of Georgia

Description of Fiduciary Funds

The **ARPA NEU for Local Governments** accounts for the collection and disbursement of Coronavirus State and Local Fiscal Recovery Funds to Non-entitlement Units of Local Government (NEUs) as directed by the American Rescue Plan Act of 2021 (ARPA) on behalf of the federal government. Amounts received are distributed in conformity with the standards prescribed in the Social Security Act.

The **Child Support Recovery Program** accounts for the collection of court ordered child support or child support amounts due as determined in conformity with the Social Security Act. Amounts collected are distributed and deposited in conformity with state law and the standards prescribed in the Social Security Act.

The **Detainees' Accounts** are held for the detainees of statewide probation offices, correctional institutions, diversion centers, detention centers, transitional centers and boot camps for the purpose of paying court-ordered fines, fees and restitutions and for operating recreational activities for detainees.

The **Flexible Benefits Program** is for flexible benefits and spending accounts managed by the Department of Administrative Services. Voluntary payroll contributions from participant employees are held until disbursements are made to insurance companies for premiums and to participants for spending account reimbursements.

The **Insurance Premium Tax Collections for Local Governments Fund** accounts for the pro-rata share of premium taxes collected on the behalf of each participating municipality and county. The participating counties and municipalities may have the distributions deposited directly into their Georgia Fund 1 account through the Office of the State Treasurer.

Revenue Tax Collections for Local Governments Fund is used to account for the collection and disbursement of sales taxes at the Department of Revenue on behalf of county and municipal governments. This fund includes activity for Education Local Option Sales Tax, Homestead Option Sales Tax, Local Option Sales Tax, MARTA Sales Tax, Special Purpose Local Option Sales Tax, Ad Valorem Tax, Railroad Tax, Tennessee Valley Tax, E911 Prepaid Tax, E911 non Prepaid, Fireworks Tax, and the Transportation Investment Act.

Survivor Benefit Fund is within the Employees Retirement System (ERS) trust and is solely for maintaining group term life insurance coverage for members of the plan. All assets are limited to the payment of benefits and expenses for such coverage and cannot be used to pay pension benefits and expenses of ERS.

The **Student Financial Aid and Support Fund** are accounts for activities from the state acting as an agent or in a fiduciary capacity for various governments, companies, clubs or individuals for student support and financial aid.

Other Custodial Funds include custodial funds not considered significant enough to warrant separate presentation.

External Investment Pool account for activities of a pooled investment program held by the Board of Regents for affiliate organizations external to the state reporting unit.

NONMAJOR COMPONENT UNITS

State of Georgia

Description of Nonmajor Component Units

Component units are legally separate organizations for which the State's elected officials are considered to be financially accountable. Nonmajor component units are described below:

The **Atlanta-region Transit Link "ATL" Authority** is a body corporate and politic. The purpose of which is to manage transit and air quality within certain areas of the State of Georgia. The Board of Directors of the Authority consists of 16 members; of which, the primary government appoints or elects a majority.

Economic Development Organizations

The Economic Development organizations cultivate business for the State. These organizations are described below:

The **Georgia Development Authority** is a body corporate and politic. The Authority was created to assist agricultural and industrial interests by providing credit and servicing functions to better enable farmers and businessmen to obtain needed capital funds. The Board consists of three State officials designated by statute and four members appointed by the Governor.

The **OneGeorgia Authority** is a body corporate and politic and an instrumentality and public corporation of the State. The purpose of the Authority is to promote the health, welfare, safety and economic society of the rural citizens of the State through the development and retention of employment opportunities in rural areas and the enhancement of the infrastructures that accomplish that goal. The six members of the Authority are State officials designated by statute.

The **Savannah-Georgia Convention Center Authority** a state Authority, effective July 1, 2019, formally Georgia International and Maritime Trade Center Authority is a body corporate and politic. The Authority was created to develop and promote the growth of the State's import and export markets through its ports and other transportation modes, and to construct, operate and maintain the Savannah International Trade and Convention Center. The Authority is governed by a board of directors composed of 11 members; 6 members appointed by the Governor; 3 members appointed by the members of the Georgia General Assembly representing Chatham County; the President of the Savannah Area Convention and Visitors' Bureau; and the President of the Savannah Economic Development Authority.

The **Georgia Seed Development Commission** is a body corporate and politic and an instrumentality and public corporation of the State whose purpose is to purchase, process, and resell breeders' and foundation seeds. The Commission consists of 11 members who are accountable as trustees. Of the 11 members serving on the Board, six members are State officials or are appointed by State officials.

The **Georgia Military College (GMC)** is a public authority, body corporate and politic, and is an instrumentality and a public corporation of the State. GMC is dedicated to providing a high-quality military education to the youth of the State. The Board of Trustees consists of the mayor of the City of Milledgeville and six additional members, one of which is elected from each of the six municipal voting districts of the City, as required by statute. The government, control, and management of GMC are vested in the Board of Trustees. GMC receives any designated funds appropriated by the General Assembly through the Board of Regents of the University System of Georgia.

The **Georgia Public Telecommunications Commission** is a body corporate and politic. This Commission is a public charitable organization created for the purpose of providing educational, instructional and public broadcasting services to citizens of Georgia. The budget of the Commission must be approved by the State. The Board consists of nine members appointed by the Governor. Financial information presented for the Commission includes its component unit, Foundation for Public Broadcasting in Georgia, Inc.

State of Georgia

Description of Nonmajor Component Units

The **Georgia Regional Transportation Authority** is a body corporate and politic. Within its jurisdiction, the purpose of the Authority is to manage land transportation and air quality, review all Developments of Regional Impact (DRI), and approve the allocation of state and federal transportation resources in metro Atlanta via the Atlanta Transportation Improvement Program (TIP). The Governor appoints all 15 Board Members of the Authority.

The **Georgia Student Finance Authority** is a body corporate and politic. This Authority was created for the purpose of improving higher educational opportunities by providing educational scholarship, grant and loan assistance. A substantial amount of funding is provided to the Authority by the State. State officials comprise four of the 14 members of the Board, and the Governor appoints the remaining 10.

The **Higher Education Foundations** are nonprofit organizations established to secure and manage support for various projects including acquisitions and improvements of properties and facilities for the University System of Georgia.

The **REACH Georgia Foundation** is a nonprofit organization that was formed to ensure that Georgia's academically promising students have the academic, social and financial support needed to graduate from high school, access college and achieve postsecondary success. The REACH Georgia Program is the State of Georgia's first needs-based mentorship and college scholarship program and the Foundation's mission is to raise and invest funds.

The **Regional Educational Service Agencies** were established to provide shared services to improve the effectiveness of educational programs and services of local school systems and to provide direct instructional programs to selected public school students. The State has 16 of these agencies.

The **Georgia Superior Court Clerks' Cooperative Authority** is a body corporate and politic and an instrumentality and public corporation of the State created to provide a cooperative for the development, acquisition and distribution of record management systems, information, services, supplies and materials for superior court clerks of the State. Of the 10 members of the Board, the Governor appoints four. The nature of this organization is such that it would be misleading to exclude it from the reporting entity.

Tourism / State Attractions

These organizations promote State interests or encourage visitation to the State through the operation and maintenance of various attractions. Organizations involved in such activities are described below:

The **Georgia Agricultural Exposition Authority** is a body corporate and politic. This Authority is responsible for provision of a facility for the agricultural community, for public events, exhibits and other activities and for promotion and staging of a statewide fair. The Governor appoints the nine Board members.

The **Jekyll Island - State Park Authority** is a body corporate and politic and an instrumentality and public corporation of the State. The Authority was created to operate and manage resort recreational facilities on Jekyll Island. The Board consists of one State official designated by statute and eight members appointed by the Governor. Financial information presented for the Authority includes its component unit, Jekyll Island Foundation, Inc.

The **Lake Lanier Islands Development Authority** is a body corporate and politic and an instrumentality and public corporation of the State. The purpose of the Authority is to manage, preserve and protect projects on

State of Georgia

Description of Nonmajor Component Units

Lake Lanier Islands. The Board consists of one State official designated by statute and eight members appointed by the Governor.

The **North Georgia Mountains Authority** is a body corporate and politic and an instrumentality and public corporation of the State responsible for the construction and management of recreation, accommodation and tourist facilities and services. The Governor appoints the nine members of the Board.

The **Stone Mountain Memorial Association** is a body corporate and politic and an instrumentality and public corporation of the State. The Authority is responsible for the maintaining and operating of Stone Mountain as a Confederate memorial and public recreational area. The Board consists of one State official designated by statute and nine members appointed by the Governor.

(1) In fiscal year 2017, SRTA was re-examined, and it was determined that the toll facilities and customer service center (previously part of governmental activities) are now reported as part of business-type activities. In fiscal year 2018, SRTA determined that the customer service center no longer met the requirements of an Internal Service Fund. The activity of the customer service center was previously reported within SRTA's Nonmajor Enterprise Fund. In addition, SRTA's nonmajor enterprise fund included the Xpress commuter bus service and administration of the vanpool program that was previously reported by Georgia Regional Transportation Authority, a discretely presented component unit. In fiscal year 2019, SAO management decided to report SRTA's financial position and activities on a one-year lag. In fiscal year 2020, SAO management change the method to reporting for SRTA's financial position and activities on an estimated basis. In FY2022, SRTA's financial position and activities were changed from estimates to actuals.

(2) Beginning in fiscal year 2016, the Georgia Tech Facilities, Inc., the Middle Georgia State University Real Estate Foundation, Inc., the University of North Georgia Real Estate Foundation, Inc., and the University System of Georgia Foundation, Inc. are discreetly presented (previously blended) and the activity of the Georgia State University Research Foundation, Inc. is removed as it no longer met requirements for inclusion in the financial reporting entity as nonmajor enterprise funds. In fiscal year 2017 the Georgia Southern University Housing Foundation, Inc., UWG Real Estate Foundation, Inc. and VSU Auxiliary Services Real Estate Foundation, Inc. are reported as discretely presented component units (previously Higher Education Fund).

(3) The Department of Community Health (DCH) had correction of prior year errors of accruals for receivables and expenditures related the Care Management Organization (CMO) rate adjustments to the Federal agency that oversees Medicaid, CMS (the Centers for Medicare and Medicaid Services) for fiscal years 2023, 2022, 2021 and 2020.

(1) Beginning in fiscal year 2016, the Georgia Tech Facilities, Inc., the Middle Georgia State University Real Estate Foundation, Inc., the University of North Georgia Real Estate Foundation, Inc., and the University System of Georgia Foundation, Inc. are discretely presented (previously blended) and the activity of the Georgia State University Research Foundation, Inc. is removed as it no longer met requirements for inclusion in the financial reporting entity as nonmajor enterprise funds. Additionally, Georgia Southern University Housing Foundation, Inc., UWG Real Estate Foundation, Inc., and VSU Auxiliary Services Real Estate Foundation, Inc. are reported in the Higher Education Fund (previously blended nonmajor enterprise funds). Then in fiscal year 2017 these three foundations no longer met the requirements for being reported in the Higher Education Fund and are reported as discretely presented component units.

(2) In fiscal year 2017, SRTA was re-examined and it was determined that the toll facilities and customer service center (previously part of governmental activities) are now reported as part of business-type activities.

- (1) In fiscal year 2017, the activities of SRTA were re-examined, and only SRTA's General Funds was included in the State's Special Revenue Funds.
- (2) Noncapital expenditures are calculated as total expenditures less capital outlay expenditures less capital expenditures in current expenditure functions. Capital expenditures in current expenditure functions are identified in the process of reconciling Governmental Funds to Governmental Activities.
- (3) The Department of Community Health (DCH) had correction of prior year errors of accruals for receivables and expenditures related the Care Management Organization (CMO) rate adjustments to the Federal agency that oversees Medicaid, CMS (the Centers for Medicare and Medicaid Services) for fiscal years 2023, 2022, 2021 and 2020.

Individual Income Tax Rates by Filing Status and Income Level For the Last Ten Calendar Years

Tax Rate	Effective Date
5.19%	January 1, 2025

On and after January 1, 2025, the tax imposed pursuant to subsection (a) of this Code section shall be 5.19 percent for taxable years beginning on or after January 1, 2025; provided, however, that such rate shall be reduced by 0.10 percent annually beginning on January 1, 2026, until the rate reaches 4.99 percent, provided that such annual reductions in the tax rate shall be subject to delays as provided in paragraph (2) of this subsection

(1)

Includes employees that were active at any time during the Fiscal Year. An individual employee may, therefore, be included in multiple functions if the employee transferred among functions during the fiscal year. This does not represent the number of active employees at the end of the year.

(2) Employees of certain Business-Type Activities organizations are included in Governmental Activities as follows:

Employees of the State Health Benefit Plan are included as employees of the Department of Community Health in Health and Welfare.

Employees of the Unemployment Compensation Fund are included as employees of the Department of Labor in Economic Development and Assistance.

(3) In fiscal year 2017 SRTA, was examined and it was determined that the toll facilities and customer service center (previously part of Governmental Activities) are now reported as part of Business-Type Activities.

(4) No employees for the Nonmajor Enterprise Funds (Business-Type Activities) Georgia Higher Education Finance Authority and Higher Education Foundations are included as these organizations either have no employees, their data is not available or their employees are already reported as employees of another organization in either the Governmental Activities or Business-Type Activities.

APPENDIX D

Continuing Disclosure Agreement

(This page has been left blank intentionally.)

CONTINUING DISCLOSURE AGREEMENT

This Continuing Disclosure Agreement (this “Disclosure Agreement”) is executed and delivered by the State of Georgia acting by and through the Georgia State Financing and Investment Commission (the “Issuer”) in connection with the issuance of \$620,510,000* aggregate principal amount of State of Georgia General Obligation Bonds 2026A, \$160,460,000* aggregate principal amount of State of Georgia General Obligation Bonds 2026B (Federally Taxable), and \$790,125,000* aggregate principal amount of State of Georgia General Obligation Refunding Bonds 2026C (collectively, the “Bonds”). The Bonds are being issued pursuant to resolutions adopted by the Georgia State Financing and Investment Commission on June 9, 2026 and expected to be supplemented and amended on June 25, 2026* (collectively, the “Bond Resolutions”). The Issuer hereby covenants and agrees as follows:

Section 1. Purpose of the Disclosure Agreement. This Disclosure Agreement is being executed and delivered by the Issuer for the benefit of the Beneficial Owners (as hereinafter defined) of the Bonds and in order to assist the Participating Underwriters (as hereinafter defined) in complying with Rule 15c2-12 (as hereinafter defined).

Section 2. Definitions. In addition to the definitions set forth in the Bond Resolutions which apply to any capitalized term used in this Disclosure Agreement unless otherwise defined in this Section 2, the following capitalized terms shall have the following meanings:

“Annual Filing” shall mean any annual report provided by the Issuer pursuant to Rule 15c2-12 and this Disclosure Agreement.

“Annual Filing Date” shall mean the date set forth in Section 4(a) and Section 4(c) hereof, by which the Annual Filing is to be filed with the MSRB.

“Audited Financial Statements” shall mean the Issuer’s basic financial statements for the preceding Fiscal Year, which shall be prepared in accordance with generally accepted accounting principles, as in effect from time to time (except for any departures from generally accepted accounting principles that result in the Issuer’s inability to conform to future changes in generally accepted accounting principles), and which shall be accompanied by an audit report resulting from an audit conducted by (a) the State of Georgia Department of Audits and Accounts or (b) an independent certified public accountant or firm of independent certified public accountants, in conformity with generally accepted auditing standards (except for departures from generally accepted auditing standards disclosed from time to time in the audit report).

“Beneficial Owner” shall mean any person who (a) has the power, directly or indirectly, to vote or consent with respect to, or to dispose of ownership of, any Bonds (including persons holding Bonds through nominees, depositories, or other intermediaries) or (b) is treated as the owner of any Bonds for federal income tax purposes.

“Dissemination Agent” shall mean any Dissemination Agent designated in writing by the Issuer and which has filed with the Issuer a written acceptance of such designation.

“Effective Date” shall mean the date of original issuance and delivery of the Bonds.

“EMMA” shall mean the Electronic Municipal Market Access system as described in 1934 Act Release No. 59062 and maintained by the MSRB for purposes of Rule 15c2-12.

“Filing” shall mean, as applicable, any Annual Filing or Listed Event Filing or any other notice or report made public under this Disclosure Agreement and made to the MSRB in such form as shall be prescribed by the MSRB. As of the date hereof, all such filings shall be made in accordance with EMMA.

“Financial Obligation” means a (i) debt obligation; (ii) derivative instrument entered into in connection with, or pledged as security or a source of payment for, an existing or planned debt obligation; or (iii) guarantee of (i) or (ii). The term Financial Obligation does not include municipal securities as to which a final official statement has been otherwise provided to the MSRB consistent with Rule 15c2-12.

“Fiscal Year” shall mean any period of twelve consecutive months adopted by the Issuer as its fiscal year for financial reporting purposes and shall initially mean the period beginning on July 1 of each calendar year and ending on June 30 of the next calendar year.

“Issuer” shall mean the State of Georgia acting by and through the Georgia State Financing and Investment Commission.

“Listed Events” shall mean any of the events listed in Section 7(a) hereof.

“Listed Event Filing” shall have the meaning specified in Section 7(c) hereof.

“MSRB” shall mean the Municipal Securities Rulemaking Board, or any successor thereto for purposes of Rule 15c2-12.

“Official Statement” shall mean the Official Statement of the Issuer dated June 29, 2026* with respect to the Bonds.

“Participating Underwriter” shall mean any of the original underwriters of the Bonds required to comply with Rule 15c2-12 in connection with the offering of the Bonds.

“Rule 15c2-12” shall mean Rule 15c2-12 adopted by the Securities and Exchange Commission under the Securities Exchange Act of 1934, as the same may be amended from time to time.

“Securities and Exchange Commission” shall mean the United States Securities and Exchange Commission.

“Third Party Beneficiary” shall have the meaning specified in Section 12 hereof.

“Voluntary Filing” means the information provided to the MSRB by the Issuer pursuant to Section 6 hereof.

Section 3. Actions of the Issuer. The Secretary and Treasurer of the Georgia State Financing and Investment Commission (the “Secretary”) (or the Secretary’s authorized designee) shall be the individual person authorized to be responsible for taking all actions described in this Disclosure Agreement.

Section 4. Provision of Annual Filings.

(a) Not later than one year after the end of each Fiscal Year, commencing with the Fiscal Year ending June 30, 2026, the Issuer shall provide to the MSRB the Annual Filing which is consistent with the requirements of Section 5 hereof. In each case, the Annual Filing may be submitted as a single document or as separate documents comprising a package, and may cross reference other information as provided in Section 5 hereof. Notwithstanding the foregoing, the

Audited Financial Statements of the Issuer may be submitted separately from the balance of the Annual Filing when such Audited Financial Statements are available. If the Audited Financial Statements are not submitted as part of the Annual Filing to the MSRB pursuant to this Section 4(a), the Issuer shall provide unaudited financial statements to the MSRB with such Annual Filing and file the Audited Financial Statements with the MSRB when they are available to the Issuer.

(b) If the Annual Filing is not filed with the MSRB by the Annual Filing Date, the Issuer shall in a timely manner send a notice of such failure to the MSRB.

(c) The Issuer shall promptly file a notice of any change in its Fiscal Year and the new Annual Filing Date with the MSRB.

Section 5. Contents of Annual Filings. Each Annual Filing shall contain or incorporate by reference the following:

(a) the Audited Financial Statements;

(b) if generally accepted accounting principles have changed since the last Annual Filing was submitted pursuant to Section 4(a) hereof and if such changes are material to the Issuer, a narrative explanation describing the impact of such changes on the Issuer; and

(c) information for the preceding Fiscal Year regarding the following categories of financial information and operating data of the Issuer: (i) authorized indebtedness, (ii) state treasury receipts, legal debt margin and debt ratios, (iii) revenue shortfall reserve, (iv) state revenues, (v) analysis of general fund receipts, (vi) summary of appropriation allotments, (vii) monthly cash investments, and (viii) purchases for cancellation of state general obligation debt and state guaranteed revenue debt.

Any or all of the items listed above may be incorporated by reference from other documents, including official statements of debt issues with respect to which the Issuer is an “obligated person” (as defined by Rule 15c2-12), which have been submitted to the MSRB or the Securities and Exchange Commission. Any document incorporated by reference must be available to the public on the MSRB’s Internet Website or be filed with the Securities and Exchange Commission. The Issuer shall clearly identify each such other document so incorporated by reference.

Section 6. Voluntary Filings.

(a) The Issuer may file information with the MSRB from time to time (a “Voluntary Filing”).

(b) Nothing in this Disclosure Agreement shall be deemed to prevent the Issuer from disseminating any other information using the means of dissemination set forth in this Disclosure Agreement or including any other information in any Annual Filing, Annual Financial Statement, Voluntary Filing or Listed Event Filing, in addition to that specifically required by this Disclosure Agreement. If the Issuer chooses to include any information in any Annual Filing, Annual Financial Statement, Voluntary Filing or Listed Event Filing in addition to that which is specifically required by this Disclosure Agreement, the Issuer shall have no obligation under this Disclosure Agreement to update such information or include it in any future Annual Filing, Annual Financial Statement, Voluntary Filing or Listed Event Filing.

(c) Notwithstanding the foregoing provisions of this Section 6, the Issuer is under no obligation to provide any Voluntary Filing.

Section 7. Reporting of Significant Events.

(a) The occurrence of any of the following events with respect to a particular series of the Bonds constitutes a “Listed Event” only with respect to such series of the Bonds:

- (i) Principal and interest payment delinquencies.
- (ii) Non-payment related defaults, if material.
- (iii) Unscheduled draws on debt service reserves reflecting financial difficulties.
- (iv) Unscheduled draws on credit enhancements reflecting financial difficulties.
- (v) Substitution of credit or liquidity providers or their failure to perform.
- (vi) Adverse tax opinions, the issuance by the Internal Revenue Service of proposed or final determinations of taxability, Notices of Proposed Issue (IRS Form 5701-TEB) or other material notices or determinations with respect to the tax status of the Bonds, or other material events affecting the tax status of the Bonds.
- (vii) Modifications to rights of Beneficial Owners, if material.
- (viii) Bond calls, if material, and tender offers.
- (ix) Defeasances.
- (x) Release, substitution, or sale of property securing repayment, if material.
- (xi) Rating changes.
- (xii) Bankruptcy, insolvency, receivership, or similar event of the Issuer.
- (xiii) The consummation of a merger, consolidation, or acquisition involving the Issuer or the sale of all or substantially all of the assets of the Issuer, other than in the ordinary course of business, the entry into a definitive agreement to undertake such an action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms, if material.
- (xiv) Appointment of a successor or additional trustee or the change of name of a trustee, if material.
- (xv) Incurrence of a Financial Obligation of the Issuer, if material, or agreement to covenants, events of default, remedies, priority rights, or other similar terms of a Financial Obligation of the Issuer, any of which affect security holders, if material; and

(xvi) Default, event of acceleration, termination event, modification of terms, or other similar events under the terms of a Financial Obligation of the Issuer, any of which reflect financial difficulties.

(b) For the purposes of the event identified in Section 7(a)(xii) hereof, the event is considered to occur when any of the following occur: the appointment of a receiver, fiscal agent, or similar officer for the Issuer in a proceeding under the U.S. Bankruptcy Code or in any other proceeding under state or federal law in which a court or governmental authority has assumed jurisdiction over substantially all of the assets or business of the Issuer, or if such jurisdiction has been assumed by leaving the existing governing body and officials or officers in possession but subject to the supervision and orders of a court or governmental authority, or the entry of an order confirming a plan of reorganization, arrangement, or liquidation by a court or governmental authority having supervision or jurisdiction over substantially all of the assets or business of the Issuer.

(c) The Issuer shall in a timely manner and not in excess of ten (10) business days after the occurrence of any Listed Event, file a notice of the occurrence of such Listed Event with the MSRB (each a "Listed Event Filing"). Notice of Listed Events described in subsections (a)(viii) and (ix) above shall be disseminated automatically and need not be given under this subsection any earlier than the notice (if any) of the underlying event is given to the Beneficial Owners of affected Bonds pursuant to the Bond Resolutions.

Section 8. Termination of Reporting Obligation. The Issuer's obligations under this Disclosure Agreement shall terminate as to a particular series of the Bonds upon the legal defeasance, prior redemption, or payment in full of the affected series of Bonds. If such termination occurs prior to the final maturity of the affected series of Bonds, the Issuer shall give notice of such termination in the same manner as for a Listed Event under Section 7(c) hereof.

Section 9. Dissemination Agent. The Issuer may, from time to time, appoint a dissemination agent to assist it in carrying out its obligations under this Disclosure Agreement, and the Issuer may, from time to time, discharge the dissemination agent, with or without appointing a successor dissemination agent. If at any time there is not a designated dissemination agent, the Issuer shall be the dissemination agent.

Section 10. Amendment; Waiver. Notwithstanding any other provision of this Disclosure Agreement, the Issuer may amend this Disclosure Agreement, and any provision of this Disclosure Agreement may be waived, if:

(a) such amendment or waiver is made in connection with a change in circumstances that arises from a change in legal requirements, change in law, or change in the identity, nature, or status of the Issuer, or type of business conducted by the Issuer;

(b) such amendment or waiver does not materially impair the interests of the Beneficial Owners, as determined either by an unqualified opinion of nationally recognized bond counsel filed with the Issuer or by the approving vote of the Beneficial Owners owning more than two-thirds in aggregate principal amount of the Bonds outstanding at the time of such amendment or waiver; and

(c) such amendment or waiver is supported by an opinion of counsel expert in federal securities laws, to the effect that such amendment or waiver would not, in and of itself, cause the undertakings herein to violate Rule 15c2-12 if such amendment or waiver had been effective on the

date hereof but taking into account any subsequent change in or official interpretation of Rule 15c2-12, as well as any change in circumstances.

If any provision of Section 5 hereof is amended or waived, the first Annual Filing containing any amended, or omitting any waived, operating data or financial information shall explain, in narrative form, the reasons for the amendment or waiver and the impact of the change in the type of operating data or financial information being provided.

If the provisions of Section 5 hereof specifying the accounting principles to be followed in preparing the Issuer's financial statements are amended or waived, the Annual Filing for the Fiscal Year in which the change is made shall present a comparison between the financial statements or information prepared on the basis of the new accounting principles and those prepared on the basis of the former accounting principles. The comparison shall include a qualitative discussion of the differences in the accounting principles and the impact of the change in the accounting principles on the presentation of the financial information, in order to provide information to the Beneficial Owners to enable them to evaluate the ability of the Issuer to meet its obligations. To the extent reasonably feasible, the comparison shall also be quantitative. The Issuer shall file a notice of the change in the accounting principles in the same manner as for a Listed Event under Section 7(c) hereof on or before the effective date of any such amendment or waiver.

Section 11. Default. In the event of a failure of the Issuer to comply with any provision of this Disclosure Agreement, any Third-Party Beneficiary may take such actions as may be necessary or appropriate, including seeking mandamus or specific performance by court order, to cause the Issuer to comply with its obligations under this Disclosure Agreement. A default under this Disclosure Agreement shall not be deemed a "default" or an "event of default" under the Bond Resolutions, and the sole remedy under this Disclosure Agreement in the event of any failure of the Issuer to comply with this Disclosure Agreement shall be an action to compel performance. The cost to the Issuer of performing its obligations under the provisions hereof shall be paid solely from funds lawfully available for such purpose. Nothing contained in the Bond Resolutions or in this Disclosure Agreement shall obligate the levy of any tax for the Issuer's obligations set forth herein.

Section 12. Beneficiaries. This Disclosure Agreement shall inure solely to the benefit of the Issuer, the Participating Underwriters, and the Beneficial Owners from time to time of the Bonds, and shall create no rights in any other person or entity.

Neither this Disclosure Agreement, nor the performance by the Issuer of its obligations hereunder, shall create any third party beneficiary rights, shall be directly enforceable by any third party, or shall constitute a basis for a claim by any person except as expressly provided herein and except as required by law, including, without limitation, Rule 15c2-12; provided, however, the Participating Underwriters and the Beneficial Owners are hereby made third party beneficiaries hereof (collectively, and each respectively, a "Third Party Beneficiary") and shall have the right to enforce the obligations of the parties hereunder pursuant to Section 11 hereof.

Section 13. Intermediaries; Expenses. The Dissemination Agent appointed hereunder, if any, is hereby authorized to employ intermediaries to carry out its obligations hereunder. The Dissemination Agent shall be reimbursed immediately for all such expenses and any other reasonable expense incurred hereunder (including, but not limited to, attorney's fees).

Section 14. Counterparts. This Disclosure Agreement may be executed in several counterparts, each of which shall be an original and all of which shall constitute but one and the same instrument.

Section 15. Governing Law. This Disclosure Agreement shall be governed by and construed in accordance with the laws of the State of Georgia, excluding choice of law provisions, and applicable federal law.

Section 16. Severability. In case any one or more of the provisions of this Disclosure Agreement shall for any reason be held to be illegal or invalid, such illegality or invalidity shall not affect any other provision of this Disclosure Agreement, but this Disclosure Agreement shall be construed and enforced as if such illegal or invalid provision had not been contained herein.

Re: \$_____ STATE OF GEORGIA GENERAL OBLIGATION BONDS 2026A

To the Addressee:

We have acted as bond counsel to the State of Georgia (the “State”) and the Georgia State Financing and Investment Commission (the “Commission”) in connection with the issuance by the State of its \$_____ STATE OF GEORGIA GENERAL OBLIGATION BONDS 2026A (the “2026A Bonds”). In such capacity, we have examined such law and such certified proceedings, certifications, and other documents as we have deemed necessary to render this opinion, including the resolution of the Commission adopted on June 9, 2026, as supplemented and amended on June __, 2026* (together, the “Resolution”) authorizing the issuance of the 2026A Bonds.

As to questions of fact material to our opinion, we have relied upon certified proceedings and certifications of public officials and others furnished to us without undertaking to verify the same by independent investigation.

Based upon the foregoing, we are of the opinion that, under existing law:

1. The 2026A Bonds have been duly authorized and executed by the State, and are valid and binding general obligations of the State in accordance with their terms.

2. Under the Constitution of the State of Georgia (the “State Constitution”), the General Assembly of the State is required to raise by taxation and to appropriate to a special trust fund designated STATE OF GEORGIA GENERAL OBLIGATION DEBT SINKING FUND (the “Sinking Fund”) in each fiscal year such amounts as are necessary to pay the debt service requirements in such fiscal year on all general obligation bonds issued pursuant to the State Constitution. The State Constitution also provides that if for any reason the monies in the Sinking Fund are insufficient to make, when due, all payments required with respect to general obligation bonds, the first revenues thereafter received in the general fund of the State shall be set aside to the extent necessary to cure the deficiency and deposited into the Sinking Fund; provided, however, the obligation to make such Sinking Fund deposits shall be subordinate to the obligation imposed upon the fiscal officers of the State pursuant to the provisions of Article VII, Section IV, Paragraph III of the State Constitution with respect to contracts of the State securing outstanding obligations of various State authorities. The State Constitution now provides that the State and all State institutions, departments, and agencies of the State are prohibited from entering into any contract (except contracts pertaining to

guaranteed revenue debt) intended to secure any bonds or other obligations of any public agency, public corporation, authority, or similar entity.

3. The full faith, credit, and taxing power of the State are pledged to the payment of the principal of and interest on the 2026A Bonds.

4. Interest on the 2026A Bonds (including any original issue discount properly allocable to an owner thereof) is excludable from gross income for federal income tax purposes and is not an item of preference for purposes of the federal alternative minimum tax imposed on individuals and corporations; however, interest on the 2026A Bonds is taken into account in determining the annual adjusted financial statement income of certain corporations for the purpose of computing the alternative minimum tax imposed on certain corporations. The opinion set forth in the preceding sentence is subject to the condition that the State and the Commission comply with all requirements of the Internal Revenue Code of 1986, as amended, that must be satisfied subsequent to the issuance of the 2026A Bonds in order that the interest thereon be, and continue to be, excludable from gross income for federal income tax purposes. The State and the Commission have covenanted to comply with all such requirements. Failure to comply with certain of such requirements may cause interest on the 2026A Bonds to be included in gross income for federal income tax purposes retroactively to the date of issuance of the 2026A Bonds. We express no opinion regarding other federal income tax consequences caused by the receipt or accrual of interest on the 2026A Bonds.

5. The interest on the 2026A Bonds is exempt from present State of Georgia income taxation.

6. Under existing law, registration of the 2026A Bonds with the Securities and Exchange Commission is not required under the Securities Act of 1933, as amended, in connection with the offering and sale of the 2026A Bonds and the Resolution is not required to be qualified under the Trust Indenture Act of 1939.

7. The 2026A Bonds are exempt from the registration provisions of the Georgia Uniform Securities Act of 2008 by virtue of O.C.G.A. § 10-5-10(1) thereof.

The rights of the owners of the 2026A Bonds and the enforceability of the 2026A Bonds are limited by bankruptcy, insolvency, reorganization, moratorium, and other similar laws affecting creditors' rights generally, and by equitable principles, whether considered at law or in equity.

We express no opinion herein regarding the accuracy, adequacy, or completeness of the Official Statement, dated _____, 2026, relating to the 2026A Bonds. Further, we express no opinion regarding tax consequences arising with respect to the 2026A Bonds other than as expressly set forth herein.

This opinion is given as of the date hereof, and we assume no obligation to revise or supplement this opinion to reflect any facts or circumstances that may hereafter come to our attention or any changes in law that may hereafter occur.

Very truly yours,

GRAY PANNELL LLC

Re: \$_____ STATE OF GEORGIA GENERAL OBLIGATION BONDS 2026B
(FEDERALLY TAXABLE)

To the Addressee:

We have acted as bond counsel to the State of Georgia (the “State”) and the Georgia State Financing and Investment Commission (the “Commission”) in connection with the issuance by the State of its \$_____ STATE OF GEORGIA GENERAL OBLIGATION BONDS 2026B (FEDERALLY TAXABLE) (the “2026B Bonds”). In such capacity, we have examined such law and such certified proceedings, certifications, and other documents as we have deemed necessary to render this opinion, including the resolution of the Commission adopted on June 9, 2026, as supplemented and amended on June __, 2026* (together, the “Resolution”) authorizing the issuance of the 2026B Bonds.

As to questions of fact material to our opinion, we have relied upon certified proceedings and certifications of public officials and others furnished to us without undertaking to verify the same by independent investigation.

Based upon the foregoing, we are of the opinion that, under existing law:

1. The 2026B Bonds have been duly authorized and executed by the State, and are valid and binding general obligations of the State in accordance with their terms.

2. Under the Constitution of the State of Georgia (the “State Constitution”), the General Assembly of the State is required to raise by taxation and to appropriate to a special trust fund designated STATE OF GEORGIA GENERAL OBLIGATION DEBT SINKING FUND (the “Sinking Fund”) in each fiscal year such amounts as are necessary to pay the debt service requirements in such fiscal year on all general obligation bonds issued pursuant to the State Constitution. The State Constitution also provides that if for any reason the monies in the Sinking Fund are insufficient to make, when due, all payments required with respect to general obligation bonds, the first revenues thereafter received in the general fund of the State shall be set aside to the extent necessary to cure the deficiency and deposited into the Sinking Fund; provided, however, the obligation to make such Sinking Fund deposits shall be subordinate to the obligation imposed upon the fiscal officers of the State pursuant to the provisions of Article VII, Section IV, Paragraph III of the State Constitution with respect to contracts of the State securing outstanding obligations of various

State authorities. The State Constitution now provides that the State and all State institutions, departments, and agencies of the State are prohibited from entering into any contract (except contracts pertaining to guaranteed revenue debt) intended to secure any bonds or other obligations of any public agency, public corporation, authority, or similar entity.

3. The full faith, credit, and taxing power of the State are pledged to the payment of the principal of and interest on the 2026B Bonds.

4. The interest on the 2026B Bonds is not excludable from gross income for federal income tax purposes. The interest on the 2026B Bonds is exempt from present State of Georgia income taxation.

5. Under existing law, registration of the 2026B Bonds with the Securities and Exchange Commission is not required under the Securities Act of 1933, as amended, in connection with the offering and sale of the 2026B Bonds and the Resolution is not required to be qualified under the Trust Indenture Act of 1939.

6. The 2026B Bonds are exempt from the registration provisions of the Georgia Uniform Securities Act of 2008 by virtue of O.C.G.A. § 10-5-10(1) thereof.

The rights of the owners of the 2026B Bonds and the enforceability of the 2026B Bonds are limited by bankruptcy, insolvency, reorganization, moratorium, and other similar laws affecting creditors' rights generally, and by equitable principles, whether considered at law or in equity.

We express no opinion herein regarding the accuracy, adequacy, or completeness of the Official Statement, dated _____, 2026, relating to the 2026B Bonds. Further, we express no opinion regarding tax consequences arising with respect to the 2026B Bonds other than as expressly set forth herein.

Re: \$_____ STATE OF GEORGIA GENERAL OBLIGATION REFUNDING BONDS
2026C

To the Addressee:

We have acted as bond counsel to the State of Georgia (the “State”) and the Georgia State Financing and Investment Commission (the “Commission”) in connection with the issuance by the State of its \$_____ STATE OF GEORGIA GENERAL OBLIGATION REFUNDING BONDS 2026C (the “2026C Bonds”). In such capacity, we have examined such law and such certified proceedings, certifications, and other documents as we have deemed necessary to render this opinion, including the resolution of the Commission adopted on June 9, 2026, as supplemented and amended on June __, 2026* (together, the “Resolution”) authorizing the issuance of the 2026C Bonds.

As to questions of fact material to our opinion, we have relied upon certified proceedings and certifications of public officials and others furnished to us without undertaking to verify the same by independent investigation.

Based upon the foregoing, we are of the opinion that, under existing law:

1. The 2026C Bonds have been duly authorized and executed by the State, and are valid and binding general obligations of the State in accordance with their terms.

2. Under the Constitution of the State of Georgia (the “State Constitution”), the General Assembly of the State is required to raise by taxation and to appropriate to a special trust fund designated STATE OF GEORGIA GENERAL OBLIGATION DEBT SINKING FUND (the “Sinking Fund”) in each fiscal year such amounts as are necessary to pay the debt service requirements in such fiscal year on all general obligation bonds issued pursuant to the State Constitution. The State Constitution also provides that if for any reason the monies in the Sinking Fund are insufficient to make, when due, all payments required with respect to general obligation bonds, the first revenues thereafter received in the general fund of the State shall be set aside to the extent necessary to cure the deficiency and deposited into the Sinking Fund; provided, however, the obligation to make such Sinking Fund deposits shall be subordinate to the obligation imposed upon the fiscal officers of the State pursuant to the provisions of Article VII, Section IV, Paragraph III of the State Constitution with respect to contracts of the State securing outstanding obligations of various State authorities. The State Constitution now provides that the State and all State institutions, departments, and agencies of the State are prohibited from entering into any contract (except contracts pertaining to

guaranteed revenue debt) intended to secure any bonds or other obligations of any public agency, public corporation, authority, or similar entity.

3. The full faith, credit, and taxing power of the State are pledged to the payment of the principal of and interest on the 2026C Bonds.

4. Interest on the 2026C Bonds (including any original issue discount properly allocable to an owner thereof) is excludable from gross income for federal income tax purposes and is not an item of preference for purposes of the federal alternative minimum tax imposed on individuals and corporations; however, interest on the 2026C Bonds is taken into account in determining the annual adjusted financial statement income of certain corporations for the purpose of computing the alternative minimum tax imposed on certain corporations. The opinion set forth in the preceding sentence is subject to the condition that the State and the Commission comply with all requirements of the Internal Revenue Code of 1986, as amended, that must be satisfied subsequent to the issuance of the 2026C Bonds in order that the interest thereon be, and continue to be, excludable from gross income for federal income tax purposes. The State and the Commission have covenanted to comply with all such requirements. Failure to comply with certain of such requirements may cause interest on the 2026C Bonds to be included in gross income for federal income tax purposes retroactively to the date of issuance of the 2026C Bonds. We express no opinion regarding other federal income tax consequences caused by the receipt or accrual of interest on the 2026C Bonds.

5. The interest on the 2026C Bonds is exempt from present State of Georgia income taxation.

6. Under existing law, registration of the 2026C Bonds with the Securities and Exchange Commission is not required under the Securities Act of 1933, as amended, in connection with the offering and sale of the 2026C Bonds and the Resolution is not required to be qualified under the Trust Indenture Act of 1939.

7. The 2026C Bonds are exempt from the registration provisions of the Georgia Uniform Securities Act of 2008 by virtue of O.C.G.A. § 10-5-10(1) thereof.

The rights of the owners of the 2026C Bonds and the enforceability of the 2026C Bonds are limited by bankruptcy, insolvency, reorganization, moratorium, and other similar laws affecting creditors' rights generally, and by equitable principles, whether considered at law or in equity.

We express no opinion herein regarding the accuracy, adequacy, or completeness of the Official Statement, dated June , 2026, relating to the 2026C Bonds. Further, we express no opinion regarding tax consequences arising with respect to the 2026C Bonds other than as expressly set forth herein.

This opinion is given as of the date hereof, and we assume no obligation to revise or supplement this opinion to reflect any facts or circumstances that may hereafter come to our attention or any changes in law that may hereafter occur.

APPENDIX H**Currently Outstanding Bonds to be Refunded
By the 2026C Bonds**

(This page has been left blank intentionally.)

The State is proposing to refund certain outstanding general obligation bonds as shown below. The bonds to be refunded are not final and are subject to change. The State reserves the right to refund all bonds to be refunded in full or in part as to principal amount, a portion of, or none of the bonds listed below, and also reserves the right to refund bonds in addition to, or lieu of, those listed below. In the event that any of the bonds or principal amounts listed are not refunded with proceeds of 2026C Bonds, the State reserves the right to refund any such bonds or portions thereof in the future.

(This page has been left blank intentionally.)

OFFICIAL NOTICE OF SALE

STATE OF GEORGIA

\$620,510,000* GENERAL OBLIGATION BONDS 2026A (“2026A Bonds”)

and

\$790,125,000* GENERAL OBLIGATION REFUNDING BONDS 2026C (“2026C Bonds”)

Bidding As:

\$279,065,000* General Obligation Bonds 2026A (“Tax-Exempt Bidding Group 1”)

\$341,445,000* General Obligation Bonds 2026A (“Tax-Exempt Bidding Group 2”)

\$382,930,000* General Obligation Bonds 2026C (“Tax-Exempt Bidding Group 3”)

\$407,195,000* General Obligation Bonds 2026C (“Tax-Exempt Bidding Group 4”)

(Collectively, the “Tax-Exempt Bonds”)

For bidding purposes only, the bonds from the 2026A Bonds and 2026C Bonds are being divided into bidding groups as shown in the maturity schedules provided within this Official Notice of Sale; however, bonds will retain their distinction as being either 2026A Bonds or 2026C Bonds for all purposes other than bidding. Separate bids will be received electronically (as described in further detail below) by the Georgia State Financing and Investment Commission (the “Commission”) for the purchase through a single bid of each of the following:

- (i) \$279,065,000* of State of Georgia General Obligation Bonds 2026A maturing on each July 1 from July 1, 2027 to July 1, 2036*, inclusive (the “Tax-Exempt Bidding Group 1 Bonds”);
- (ii) \$341,445,000* of State of Georgia General Obligation Bonds 2026A maturing on each July 1 from July 1, 2037* to July 1, 2046, inclusive (the “Tax-Exempt Bidding Group 2 Bonds”);
- (iii) \$382,930,000* of State of Georgia General Obligation Refunding Bonds 2026C maturing on each December 1 from December 1, 2026* to December 1, 2029*, inclusive (the “Tax-Exempt Bidding Group 3 Bonds”); and
- (iv) \$407,195,000* of State of Georgia General Obligation Refunding Bonds 2026C maturing on each December 1 from December 1, 2030* to December 1, 2034*, inclusive (the “Tax-Exempt Bidding Group 4 Bonds”).

Collectively, the Tax-Exempt Bidding Group 1 Bonds, the Tax-Exempt Bidding Group 2 Bonds, the Tax-Exempt Bidding Group 3 Bonds, and the Tax-Exempt Bidding Group 4 Bonds will be referred to as the “Tax-Exempt Bonds.” Separate all or none (“AON”) bids will be received for each bidding group via **PARITY®**, on the following date and times:

BIDDING DATE: WEDNESDAY, JUNE 24, 2026*

Bidding Group	Time
Tax-Exempt Bidding Group 1 Bonds	10:45 AM EDT
Tax-Exempt Bidding Group 2 Bonds	11:15 AM EDT
Tax-Exempt Bidding Group 3 Bonds	11:45 AM EDT
Tax-Exempt Bidding Group 4 Bonds	12:15 PM EDT

* Preliminary, subject to change

Bidders may submit electronic bids for any of the bidding groups of Tax-Exempt Bonds, but each as a separate electronic bid. **THE SALE AND DELIVERY OF EACH OF THE TAX-EXEMPT BIDDING GROUP 1 BONDS AND THE TAX-EXEMPT BIDDING GROUP 2 BONDS ARE CONTINGENT UPON THE SALE AND DELIVERY OF THE OTHER BIDDING GROUP OF 2026A BONDS. THE SALE AND DELIVERY OF EACH OF THE TAX-EXEMPT BIDDING GROUP 3 BONDS AND THE TAX-EXEMPT BIDDING GROUP 4 BONDS ARE CONTINGENT UPON THE SALE AND DELIVERY OF THE OTHER BIDDING GROUP OF 2026C BONDS.**

DESCRIPTION OF THE TAX-EXEMPT BONDS – BIDDING GROUPS

The Tax-Exempt Bonds will be dated the date of delivery, expected to be on or about July 9, 2026*, and will be issued in book entry form only as fully registered bonds in denominations of \$5,000 each or any integral multiple thereof. Both principal and semiannual interest are payable by the designated corporate trust office of The Bank of New York Mellon Trust Company, N.A., as Paying Agent.

For the 2026A Bonds, interest is payable each July 1 and January 1 with the first interest payment due on January 1, 2027. The 2026A Bonds mature on July 1 of the years as set forth in the tables shown below:

\$620,510,000 GENERAL OBLIGATION BONDS 2026A		
Maturity Years (July 1)	Tax-Exempt Bidding Group 1 Principal*	Tax-Exempt Bidding Group 2 Principal*
2027	\$29,355,000	
2028	30,870,000	
2029	32,450,000	
2030	34,115,000	
2031	35,860,000	
2032	21,015,000	
2033	22,095,000	
2034	23,225,000	
2035	24,415,000	
2036	25,665,000	
2037		\$26,985,000
2038		28,370,000
2039		29,825,000
2040		31,350,000
2041		32,960,000
2042		34,650,000
2043		36,430,000
2044		38,295,000
2045		40,260,000
2046		42,320,000
Aggregate Principal Amount	\$279,065,000	\$341,445,000

* Preliminary, subject to change

For the 2026C Bonds, interest is payable each June 1 and December 1 with the first interest payment due on December 1, 2026. The 2026C Bonds mature on December 1 of the years as set forth in the tables shown below:

\$790,125,000* GENERAL OBLIGATION REFUNDING BONDS 2026C		
Maturity Years (December 1)	Tax-Exempt Bidding Group 3 Principal*	Tax-Exempt Bidding Group 4 Principal*
2026	\$ 92,110,000	
2027	92,790,000	
2028	96,900,000	
2029	101,130,000	
2030		\$ 105,780,000
2031		109,980,000
2032		77,445,000
2033		80,690,000
2034		33,300,000
Aggregate Principal Amount	\$ 382,930,000	\$ 407,195,000

SERIAL BONDS

All the Tax-Exempt Bonds will be serial bonds unless the successful bidder shall designate consecutive principal maturities of the same interest rate within a bidding group to be combined into one or more term bonds. Any such term bonds shall be subject to mandatory sinking fund redemption commencing on July 1 for the 2026A Bonds and December 1 for the 2026C Bonds of the first year which has been combined to form such term bond and continuing each July 1 or December 1, as applicable, of each year thereafter until the stated maturity date of that term bond. The principal amount redeemed in any year shall be equal to the principal amount for each such year set forth in the amortization schedule for the respective bidding group of the Tax-Exempt Bonds, as shown above. The Tax-Exempt Bonds to be redeemed in any year by mandatory sinking fund redemption shall be redeemed at par and shall be selected as described in the Preliminary Official Statement from among Tax-Exempt Bonds of the same maturity.

BIDDING PROCEDURES

Bids must be submitted electronically at the times as shown above for the respective bidding groups of Tax-Exempt Bonds (each bidding group on an all or none basis) by means of the respective bidding group “AON Bid Form” via *PARITY*®. By submitting a bid for the respective bidding group of Tax-Exempt Bonds, a bidder represents and warrants to the Commission that the bidder has an established industry reputation for underwriting new issuances of municipal bonds and such bidder’s bid is submitted for and on behalf of such bidder by an officer or agent who is duly authorized to bind the bidder to a legal, valid and enforceable contract for the purchase of the respective bidding group of the Tax-Exempt Bonds. **Once a final bid is communicated electronically via *PARITY*® to the Commission, the bid will constitute an irrevocable offer to purchase the applicable bidding group of the Tax-Exempt Bonds on the terms herein and therein provided.** For purposes of the electronic bidding process, the time as maintained on the *PARITY*®

* Preliminary, subject to change

system shall constitute the official time. The Commission reserves the right to reject any and all bids and to waive any informalities in any and all bids.

BID SPECIFICATIONS

General: Bidders may name the rate or rates of interest the bonds of each respective bidding group of Tax-Exempt Bonds are to bear in multiples of 1/8 or 1/20 of 1%. All Tax-Exempt Bonds of each maturity must bear a single rate. No bid for other than the entire bidding group of each respective bidding group of Tax-Exempt Bonds will be considered. No bid for less than 100.1% of the aggregate principal amount of each respective bidding group of Tax-Exempt Bonds will be considered. All bids must be unconditional.

Tax-Exempt Bidding Group 1 Bonds: For maturities from July 1, 2027* through and including July 1, 2036*, the interest rate must be 5.00%.

Tax-Exempt Bidding Group 2 Bonds: For maturities from July 1, 2037* through and including July 1, 2046*, the interest rate must be 5.00%.

Tax-Exempt Bidding Group 3 Bonds: For maturities from December 1, 2026* through and including December 1, 2029*, the interest rate must be 5.00%.

Tax-Exempt Bidding Group 4 Bonds: For maturities from December 1, 2030* through and including December 1, 2034*, the interest rate must be 4.00%.

BASIS OF AWARD

Each bidding group of the Tax-Exempt Bonds will be awarded to the bidder submitting a bid in conformance with this Official Notice of Sale that produces the lowest true interest cost (the “successful bidder” or “Purchaser”) on the applicable bidding group of the Tax-Exempt Bonds based on the Tax-Exempt Bonds Bid Maturity Schedule. The true interest cost (expressed as an annual interest rate) will be the rate necessary, when using a 360-day year comprised of twelve 30-day months and semiannual compounding, to discount the debt service payments for the respective bidding group of Tax-Exempt Bonds from the payment dates to the date of the Tax-Exempt Bonds and to the aggregate price bid for the respective bidding group of Tax-Exempt Bonds.

In case of a tie with respect to any bidding group of Tax-Exempt Bonds, the successful bidder will be determined based on which bid was submitted first. The time as maintained on the **PARITY**® system shall constitute the official time. In the case of a tie with the time, the successful bidder will be determined by lot.

AWARD OF THE TAX-EXEMPT BONDS

The Commission will notify each apparent successful bidder as soon as possible after bids for each bidding group have been received and verified (the “Verbal Award”), that such bidder’s bid is the lowest and best bid received which conforms to the requirements of this Official Notice of Sale, subject to verification and official action by the Commission. **The award of the respective bidding groups of Tax-Exempt Bonds will be considered at the Commission meeting to be held beginning at 9:30AM EDT, on Thursday, June 25, 2026* (the “Sale Date”), and the Commission’s acceptance of each winning bid shall be made to each successful bidder as promptly as possible thereafter.**

* Preliminary, subject to change

ADJUSTMENT OF PRINCIPAL AMOUNT OF THE TAX-EXEMPT BONDS

Each schedule of maturities set forth above for the Tax-Exempt Bonds (the “Tax-Exempt Bonds Initial Maturity Schedule”) represents an estimate of the principal amount of Tax-Exempt Bonds that will be sold. The Commission reserves the right to change the Tax-Exempt Bonds Initial Maturity Schedule by announcing any such change not later than 9:00AM EDT on the day of the bids via a supplement to this Official Notice of Sale to be posted on www.munios.com. The resulting schedule of maturities (the “Tax-Exempt Bonds Bid Maturity Schedule”) for the Tax-Exempt Bonds may or may not be identical to the Tax-Exempt Bonds Initial Maturity Schedule. Furthermore, if no such change is announced, the Tax-Exempt Bonds Initial Maturity Schedule will become the Tax-Exempt Bonds Bid Maturity Schedule for the Tax-Exempt Bonds.

After determination of the winning bidder of each bidding group, the Commission reserves the right to change the Tax-Exempt Bonds Bid Maturity Schedule for the Tax-Exempt Bonds (the “Tax-Exempt Bonds Final Maturity Schedule”), by increasing or decreasing the aggregate principal amount by an amount not to exceed 10% of the stated aggregate principal amount for each bidding group of Tax-Exempt Bonds. In such event, the dollar amount bid by the applicable successful bidder will be adjusted to reflect any adjustment in the aggregate principal amount of the applicable bidding group of the Tax-Exempt Bonds. Such adjusted bid price will reflect changes in the dollar amount of the underwriter’s discount and original issue discount/premium, if any, but will not change the selling compensation per \$1,000 of par amount of the respective bidding group from the selling compensation that would have been received based on the purchase price in the applicable winning bid and the provided initial reoffering prices set forth in such bid.

Each successful bidder may not withdraw its bid or change interest rates bid for the applicable bidding group of the Tax-Exempt Bonds as a result of any changes made to the principal amounts of each maturity in accordance with the aforementioned terms. The Commission will notify the successful bidder of any adjustment to the Tax-Exempt Bonds Bid Maturity Schedule not later than 5:00 PM EDT on the day of the sale.

RIGHT TO CHANGE THE SALE AND SUPPLEMENT NOTICE OF SALE

The Commission reserves the right to change, from time to time, the date and/or times established for the receipt of bids. A change of the bid date and/or times will be announced via a supplement to this Official Notice of Sale to be posted on www.munios.com not later than 9:00AM EDT, on the announced date for receipt of bids, and an alternative sale date and times will be announced via a supplement to this Official Notice of Sale to be posted on www.munios.com by 3:00PM EDT, at least one business day prior to such alternative date and times for receipt of bids.

On such alternative date and times for receipt of bids for the various bidding groups as shown above, the Commission will accept electronic bids for the purchase of the Tax-Exempt Bonds, such bids to conform in all respects to the provisions of this Official Notice of Sale, except for the changes in the date and times for receipt of bids and any other changes announced via a supplement to this Official Notice of Sale to be posted on www.munios.com.

In addition, any other information in connection with the offer and sale of the Tax-Exempt Bonds will be given to prospective bidders via a supplement to this Official Notice of Sale to be posted on www.munios.com, and any such supplemental information shall be deemed a part of this Official Notice of Sale.

BOOK ENTRY

The Tax-Exempt Bonds will be issued in book entry form, as more fully described in the Preliminary Official Statement. Beneficial owners of the Tax-Exempt Bonds will not receive physical delivery of Tax-Exempt Bond certificates. Principal and interest payments on the Tax-Exempt Bonds will be made to Cede & Co., as nominee of The Depository Trust Company (“DTC”), New York, New York, which will act as depository for the Tax-Exempt Bonds. Such payments then will be distributed to the participating members of DTC, and by such participating members to the beneficial owners of the Tax-Exempt Bonds.

OPTIONAL REDEMPTION

The 2026A Bonds maturing on or before July 1, 2036 are not subject to optional redemption prior to their stated maturity. The 2026A Bonds maturing on or after July 1, 2037 will be subject to redemption at the option of the Commission, on behalf of the State, on and after July 1, 2036, and prior to their stated maturity, in whole or in part at any time at a redemption price equal to the principal amount of the 2026A Bonds to be redeemed, plus accrued and unpaid interest thereon to the date fixed for redemption.

The 2026C Bonds are not subject to optional redemption prior to their stated maturity.

AUTHORIZATION AND SECURITY

The Tax-Exempt Bonds will be issued by the Commission for and on behalf of the State of Georgia (the “State”) pursuant to powers granted to the Commission in the Constitution of the State of Georgia, the Act of the Georgia General Assembly creating the Commission, and the authorizing resolutions of the Commission. The Tax-Exempt Bonds so issued constitute direct and general obligations of the State for the payment of which the full faith, credit, and taxing power of the State are pledged.

DELIVERY AND PAYMENT

Delivery of the Tax-Exempt Bonds will be made in New York, New York as soon as the Tax-Exempt Bonds can be prepared, which is expected to be July 9, 2026*. However, the successful bidder shall allow 30 days from the date of acceptance of bids for delivery. Payment for the Tax-Exempt Bonds shall be made in federal funds.

CUSIP NUMBERS AND DTC ELIGIBILITY

Public Resources Advisory Group, municipal advisor to the State (“Municipal Advisor”), will timely apply for CUSIP numbers with respect to the Tax-Exempt Bonds as required by MSRB Rule G-34. It is anticipated that CUSIP numbers will be printed on the Tax-Exempt Bonds, but the failure to print such CUSIP numbers on any Tax-Exempt Bond or any error with respect thereto shall not constitute cause for a failure or refusal by the successful bidder to accept delivery of and make payment for the Tax-Exempt Bonds. It will be the responsibility of each successful bidder to timely obtain and pay for the assignment of such CUSIP numbers.

It is anticipated that the Tax-Exempt Bonds will be eligible for custodial deposit with DTC; however, it will be the responsibility of each successful bidder to obtain such eligibility. Failure of the successful bidder to obtain DTC eligibility will not constitute cause for failure or refusal by the successful bidder to accept delivery of and pay for the applicable bidding group of the Tax-Exempt Bonds in accordance with its bid and agreement to purchase such bidding group of the Tax-Exempt Bonds.

* Preliminary, subject to change

LEGAL OPINIONS AND CLOSING CERTIFICATES

The Tax-Exempt Bonds will be validated by the Superior Court of Fulton County, Georgia prior to their issuance, and delivery will be accompanied by an execution, signature and no litigation certificate and a tax and non-arbitrage certificate and agreement. The legality of the proceedings and the Tax-Exempt Bonds will be approved by Gray Pannell LLC, Savannah, Georgia, Bond Counsel, the cost of whose approving opinion will be paid by the State. The State also will furnish to each successful bidder at the closing of the purchase of the Tax-Exempt Bonds: (i) a certificate of authorized officers of the Commission to the effect that, to the best knowledge, information, and belief of such officers, the Preliminary Official Statement used in connection with the Tax-Exempt Bonds did not on the date of sale, and the final Official Statement does not on the date of delivery, contain any misstatement of a material fact or omit to state a material fact necessary to make the statements therein contained, in light of the circumstances under which they were made, not misleading and (ii) an opinion of Kutak Rock LLP, Atlanta, Georgia, disclosure counsel to the State, to the effect that their performance of certain services, their participation in certain discussions, and their examination of certain factual certifications and legal opinions did not disclose to them any information that would lead them to believe that the Preliminary Official Statement or the final Official Statement (excluding any financial, statistical, demographic and numerical information, any forecasts, estimates, assumptions or expressions of opinion, and information regarding DTC and its book-entry only system of registration, as to all of which no opinion is expressed) contains any untrue statement of a material fact or omits to state a material fact necessary to make the statements therein, in light of the circumstances under which they were made, not misleading.

CONTINUING DISCLOSURE

A Preliminary Official Statement for the Tax-Exempt Bonds has been prepared by the Commission. The Preliminary Official Statement will be deemed by the Commission to be final for the purposes of compliance with Rule 15c2-12 of the Securities and Exchange Commission (“Rule 15c2-12”), except for certain omissions permitted thereunder. In order to assist bidders in complying with paragraph (b)(5) of Rule 15c2-12, the State will undertake, pursuant to the resolutions authorizing the issuance of the Tax-Exempt Bonds and a Continuing Disclosure Agreement delivered simultaneously with the Tax-Exempt Bonds, to provide annual reports and notices of certain material events in accordance with the provisions of Rule 15c2-12. A form of the Continuing Disclosure Agreement is set forth in APPENDIX D of the Preliminary Official Statement and will be set forth in the final Official Statement. The State’s failure to deliver the Continuing Disclosure Agreement on the date of issuance and delivery of the Tax-Exempt Bonds shall relieve the successful bidder of its obligation to purchase the Tax-Exempt Bonds.

As of the date hereof, the State is not aware of any instances in the previous five years in which it has failed to comply in any material respect with any previous undertaking entered into pursuant to Rule 15c2-12. See “CONTINUING DISCLOSURE” in the Preliminary Official Statement.

DISCLAIMER

*Each bidder shall be solely responsible for making the necessary arrangements to access the **PARITY**® system for purposes of submitting its bid in a timely manner and in compliance with the requirements of this Official Notice of Sale. Neither the Commission nor **PARITY**® shall have any duty or obligation to provide or assure such access to any bidder; neither the Commission nor **PARITY**® shall be responsible for the proper operation of, or have any liability for, any delays or interruptions of, or any damages caused by, the **PARITY**® system. The Commission is authorizing the use of **PARITY**® as a communication mechanism to conduct the electronic bidding for the Tax-Exempt Bonds; the owners of such services are not agents of the Commission. The Commission is not bound by any advice and determination of **PARITY**® to the effect that any particular bid complies with the terms of this Official Notice of Sale and in*

*particular the specifications set forth in “BID SPECIFICATIONS” and “BASIS OF AWARD” below. All costs and expenses incurred by bidders in connection with their registration via **PARITY**® are the sole responsibility of such bidders.*

UNDERTAKINGS OF THE SUCCESSFUL BIDDER

The successful bidders shall make a bona fide public offering of each maturity of the applicable bidding group of the Tax-Exempt Bonds awarded to it and shall, within 30 minutes of being notified of the award of a bidding group of the Tax-Exempt Bonds, advise the State in writing (via electronic transmission) of the initial public offering prices of the applicable bidding group of the Tax-Exempt Bonds awarded to it (the “Initial Reoffering Prices”). Each successful bidder must provide the Initial Reoffering Prices to the Commission. Such reoffering prices and yields, among other things, will be used by the Commission to calculate the final principal amount of each maturity and the final aggregate principal amount of the Tax-Exempt Bonds. Each successful bidder will be responsible to the Commission in all respects for the accuracy and completeness of any information it provides with respect to such reoffering. Each successful bidder must, by electronic transmission or delivery received by the Commission within 24 hours after notification of the award, furnish the following information to Bond Counsel to complete the Official Statement in final form, as described below:

- A. Selling compensation (aggregate total anticipated compensation to the underwriters expressed in dollars, based on the expectation that all Tax-Exempt Bonds awarded to it are sold at the prices or yields at which the successful bidder advised the Commission that the applicable bidding group of the Tax-Exempt Bonds were initially offered to the public).
- B. The identity of the underwriters if the successful bidder is part of a group or syndicate.
- C. Any other material information the Commission determines is necessary to complete the Official Statement in final form.

ESTABLISHMENT OF ISSUE PRICE

Each successful bidder shall assist the Commission in establishing the issue price of the respective bidding group of the Tax-Exempt Bonds to be purchased by such successful bidder and shall execute and deliver to the Commission on or prior to the date of delivery of the Tax-Exempt Bonds an “issue price” or similar certificate setting forth the reasonably expected initial offering prices to the public or the sales price or prices of the applicable bidding group of the Tax-Exempt Bonds, together with the supporting pricing wires or equivalent communications, substantially in the applicable form attached hereto as Exhibit A with such modifications as may be appropriate or necessary, in the reasonable judgment of the successful bidder, the Commission and Bond Counsel to the State.

The Commission intends that the provisions of Treasury Regulation Section 1.148-1(f)(3)(i) (defining “competitive sale” for purposes of establishing the issue price of each Bidding Group of the Tax-Exempt Bonds) will apply to the initial sale of each bidding group of the Tax-Exempt Bonds (“competitive sale requirements”) because:

1. the Commission has disseminated this Official Notice of Sale to potential underwriters in a manner that is reasonably designed to reach potential underwriters;
2. all bidders shall have an equal opportunity to bid;
3. the Commission expects to receive bids from at least three underwriters of municipal bonds who have established industry reputations for underwriting new issuances of municipal bonds; and

4. the Commission anticipates awarding the sale of each bidding group of the Tax-Exempt Bonds to the bidder who submits a firm offer to purchase such bidding group of the Tax-Exempt Bonds at the lowest true interest cost submitted by all bidders for such bidding group, as set forth in this Official Notice of Sale.

In the event the competitive sale requirements are not satisfied for any applicable bidding group of the Tax-Exempt Bonds, the Commission shall so advise the successful bidder. In such case, the Commission will treat the initial offering price to the public as of the Sale Date of any maturity of the applicable bidding group of the Tax-Exempt Bonds as the issue price of that maturity (the “hold-the-offering-price rule”). The successful bidder will not be permitted to cancel or withdraw its bid in the event the Commission determines to apply the hold-the-offering-price rule to any maturity of the applicable bidding group of the Tax-Exempt Bonds. **Any bid submitted pursuant to this Official Notice of Sale shall be considered a firm bid for the purchase of the applicable bidding group of the Tax-Exempt Bonds.** As specified in “BIDDING PROCEDURES” above, by submitting a bid for a bidding group of the Tax-Exempt Bonds, a bidder represents and warrants to the Commission that the bidder has an established industry reputation for underwriting new issuances of municipal bonds and such bidder’s bid is submitted for and on behalf of such bidder by an officer or agent who is duly authorized to bind the bidder to a legal, valid and enforceable contract for the purchase of such bidding group of the Tax-Exempt Bonds. Once the bids are communicated electronically via PARITY® to the Commission, each bid will constitute an irrevocable offer to purchase the applicable bidding group of the Tax-Exempt Bonds on the terms herein and therein provided.

By submitting a bid, each successful bidder shall (i) confirm that the underwriters have offered or will offer the applicable bidding group of the Tax-Exempt Bonds to the public on or before the date of award at the reasonably expected offering price or prices (the “initial offering price”), and (ii) agree, on behalf of the underwriters participating in the purchase of the applicable bidding group of the Tax-Exempt Bonds, that the underwriters will neither offer nor sell unsold bonds of the applicable bidding group of Tax-Exempt Bonds, as applicable, of any maturity to which the hold-the-offering-price rule shall apply to any person at a price that is higher than the initial offering price to the public during the period starting on the sale date (as defined in “AWARD OF THE Tax-Exempt BONDS” above) and ending on the earlier of the following:

1. the close of the fifth (5th) business day after the sale date; or
2. the date on which the underwriters have sold at least 10% of that maturity of the Tax-Exempt Bonds to the public at a price that is no higher than the initial offering price to the public.

The successful bidder shall promptly advise the Commission when the underwriters have sold 10% of any such maturity of the applicable bidding group of the Tax-Exempt Bonds to the public at a price that is no higher than the initial offering price to the public, if that occurs prior to the close of the fifth (5th) business day after the sale date and shall provide documentation satisfactory to Bond Counsel to the State and the Commission.

The Commission acknowledges that if the “hold-the-offering-price” applies, the successful bidder will rely on (i) the applicable agreement of each underwriter to comply with the requirements for establishing the issue price for the bidding group of the Tax-Exempt Bonds awarded to it, including, but not limited to, its agreement to comply with the hold-the-offering-price rule, if applicable to the bidding group of the Tax-Exempt Bonds, as set forth in an applicable agreement among underwriters and the related pricing wires, (ii) in the event a selling group has been created in connection with the initial sale of the bidding group of the Tax-Exempt Bonds to the public, the agreement of each dealer who is a member of the selling group to comply with requirements for establishing the issue price for such bidding group of the Tax-Exempt Bonds, including, but not limited to, its agreement to comply with the hold-the-offering-price rule, if applicable to the bidding group of the Tax-Exempt Bonds, as set forth in a selling group agreement and the related pricing

wires, and (iii) in the event that an underwriter or dealer who is a member of the selling group is a party to a third party distribution agreement that was employed in connection with the initial sale of the applicable bidding group of the Tax-Exempt Bonds to the public, the agreement of each broker-dealer that is a party to such agreement to comply with the requirements for establishing the issue price for the applicable bidding group of the Tax-Exempt Bonds, including, but not limited to, its agreement to comply with the hold-the-offering-price rule, if applicable to the bidding group of the Tax-Exempt Bonds, as set forth in the third party distribution agreement and the related pricing wires.

By submitting a bid and if the competitive sale requirements are not met, each bidder confirms that: (i) any agreement among underwriters, any selling group agreement and each third party distribution agreement (to which the bidder is a party) relating to the initial sale of the applicable bidding group of the Tax-Exempt Bonds to the public, together with the related pricing wires, contains or will contain language obligating each underwriter, each dealer who is a member of the selling group, and each broker-dealer that is a party to such third party distribution agreement, as applicable, to comply with the hold-the-offering-price rule for so long as directed by the successful bidder and as set forth in the related pricing wires, and (ii) any agreement among underwriters relating to the initial sale of the applicable bidding group of the Tax-Exempt Bonds to the public, together with the related pricing wires, contains or will contain language obligating each underwriter that is a party to a third party distribution agreement to be employed in connection with the initial sale of the applicable bidding group of the Tax-Exempt Bonds to the public to require each broker-dealer that is a party to such third party distribution agreement to comply with the hold-the-offering-price rule for so long as directed by the successful bidder or such underwriter and as set forth in the related pricing wires.

Sales of any Tax-Exempt Bonds to any person that is a related party to an underwriter participating in the initial sale of the applicable bidding group of the Tax-Exempt Bonds to the public (each such term being used as defined below) shall not constitute sales to the public for purposes of this Official Notice of Sale. Further, for purposes of this Official Notice of Sale:

1. “public” means any person other than an underwriter or a related party,
2. “underwriter” means (A) any person that agrees pursuant to a written contract (i.e. this Official Notice of Sale) with the Commission (or with the lead underwriter to form an underwriting syndicate) to participate in the initial sale of the applicable bidding group of the Tax-Exempt Bonds to the public and (B) any person that agrees pursuant to a written contract directly or indirectly with a person described in clause (A) to participate in the initial sale of the applicable bidding group of the Tax-Exempt Bonds to the public (including a member of a selling group or a party to a third party distribution agreement participating in the initial sale of the applicable bidding group of the Tax-Exempt Bonds to the public),
3. a purchaser of any of the applicable bidding group of the Tax-Exempt Bonds is a “related party” to an underwriter if the underwriter and the purchaser are subject, directly or indirectly, to (i) more than 50% common ownership of the voting power or the total value of their stock, if both entities are corporations (including direct ownership by one corporation of another), (ii) more than 50% common ownership of their capital interests or profits interests, if both entities are partnerships (including direct ownership by one partnership of another), or (iii) more than 50% common ownership of the value of the outstanding stock of the corporation or the capital interests or profit interests of the partnership, as applicable, if one entity is a corporation and the other entity is a partnership (including direct ownership of the applicable stock or interests by one entity of the other), and
4. “sale date” means the date that the Tax-Exempt Bidding Group 1 Bonds, the Tax-Exempt Bidding Group 2 Bonds, the Tax-Exempt Bidding Group 3 and Tax-Exempt Bidding Group 4 Bonds are awarded by the Commission to a successful bidder. See “AWARD OF THE TAX-EXEMPT BONDS” above.

OFFICIAL STATEMENT

The Commission will prepare and provide to the Purchaser, within seven (7) business days after the sale, a sufficient number of copies of the final Official Statement to enable the successful bidder to comply with Rule 15c2-12. The final Official Statement will be in substantially the same form as the Preliminary Official Statement, subject to any additions, deletions, or revisions that the Commission believes are necessary.

ADDITIONAL INFORMATION

The Preliminary Official Statement, including the Official Notice of Sale, may be obtained via the Internet at www.munios.com.

[Alternate 1 – Competitive Sale Safe Harbor Requirements Met]

EXHIBIT A

[\$Amount]

STATE OF GEORGIA

\$279,065,000* GENERAL OBLIGATION BONDS 2026A (Tax-Exempt Bidding Group 1)

\$341,445,000* GENERAL OBLIGATION BONDS 2026A (Tax-Exempt Bidding Group 2)

\$382,930,000* GENERAL OBLIGATION REFUNDING BONDS 2026C (Tax-Exempt Bidding Group 3)

\$407,195,000* GENERAL OBLIGATION REFUNDING BONDS 2026C (Tax-Exempt Bidding Group 4)

ISSUE PRICE CERTIFICATE

The undersigned, on behalf of [NAME OF UNDERWRITER] (the “[SHORT NAME OF UNDERWRITER]”), hereby certifies as set forth below with respect to the sale of the above-captioned obligation (the “Bonds”).

1. *Reasonably Expected Initial Offering Price.*

(a) As of the Sale Date, the reasonably expected initial offering prices of the Bonds to the Public by the “[SHORT NAME OF UNDERWRITER]” are the prices listed in Schedule A (the “Expected Offering Prices”). The Expected Offering Prices are the prices for the Bonds used by the “[SHORT NAME OF UNDERWRITER]” in formulating its bid to purchase the Bonds. Attached as Schedule B is a true and correct copy of the bid provided by the “[SHORT NAME OF UNDERWRITER]” to purchase the Bonds.

(b) The “[SHORT NAME OF UNDERWRITER]” was not given the opportunity to review other bids prior to submitting its bid.

(c) The bid submitted by the “[SHORT NAME OF UNDERWRITER]” constituted a firm bid to purchase the Bonds.

2. *Defined Terms.*

(a) *Maturity* means Bonds with the same credit and payment terms and maturity date. Bonds with different maturity dates, or Bonds with the same maturity date but different stated interest rates, are treated as separate Maturities.

(b) *Public* means any person (including an individual, trust, estate, partnership, association, company, or corporation) other than an Underwriter or a related party to an Underwriter. The term “related party” for purposes of this Certificate generally means any two or more persons who have greater than 50 percent common ownership, directly or indirectly.

(c) *Sale Date* means the first day on which there is a binding contract in writing for the sale or exchange the Bonds. The Sale Date of the Bonds is [DATE].

* Preliminary, subject to change

(d) *Underwriter* means (i) any person that agrees pursuant to a written contract with the Issuer (or with the lead underwriter to form an underwriting syndicate) to participate in the initial sale of the Bonds to the Public, and (ii) any person that agrees pursuant to a written contract directly or indirectly with a person described in clause (i) of this paragraph to participate in the initial sale of the Bonds to the Public (including a member of a selling group or a party to a retail distribution agreement participating in the initial sale of the Bonds to the Public).

The representations set forth in this certificate are limited to factual matters only. Nothing in this certificate represents [SHORT NAME OF UNDERWRITER]'s interpretation of any laws, including specifically Sections 103 and 148 of the Internal Revenue Code of 1986, as amended, and the Treasury Regulations thereunder. The undersigned understands that the foregoing information will be relied upon by the Issuer with respect to certain of the representations set forth in the Tax and Non-Arbitrage Certificate and agreement dated [Issue Date] relating to the Bonds and with respect to compliance with the federal income tax rules affecting the Bonds, and by Gray Pannell LLC in connection with rendering its opinion that the interest on the Bonds is excludable from gross income for federal income tax purposes, the preparation of the Internal Revenue Service Form 8038-G, and other federal income tax advice that it may give to the Issuer from time to time relating to the Bonds.

ISSUE PRICE CERTIFICATE

The undersigned, on behalf of [NAME OF UNDERWRITER] (the “[SHORT NAME OF UNDERWRITER]”), hereby certifies as set forth below with respect to the sale of the above-captioned obligation (the “Bonds”).

1. ***Initial Offering Price of the Bonds.***

(a) The [SHORT NAME OF UNDERWRITER] [the Underwriting Group] offered each Maturity of the Bonds to the Public for purchase at the respective initial offering prices listed in Schedule A (the “Initial Offering Prices”) on or before the Sale Date. A copy of the pricing wire or equivalent communication for the Bonds is attached to this Certificate as Schedule B.

(b) As set forth in the Official Notice of Sale and bid award, the [SHORT NAME OF UNDERWRITER] [the members of the Underwriting Group] [has][have] agreed in writing that, (i) for each Maturity of the Bonds, [it][they] would neither offer nor sell any of the Bonds of such Maturity to any person at a price that is higher than the Initial Offering Price for such Maturity during the Holding Period for such Maturity, and (ii) any selling group agreement shall contain the agreement of each dealer who is a member of the selling group, and any third party distribution agreement shall contain the agreement of each broker-dealer who is a party to the third party distribution agreement, to comply with the hold-the-offering-price rule. Pursuant to such agreement, no Underwriter (as defined below) has offered or sold any Maturity of the Bonds at a price that is higher than the respective Initial Offering Price for that Maturity of the Bonds during the Holding Period.

2. ***Defined Terms.***

(a) *Holding Period* means, for each Maturity of the Bonds, the period starting on the Sale Date and ending on the earlier of (i) the close of the fifth business day after the Sale Date ([DATE]), or (ii) the date on which [SHORT NAME OF UNDERWRITER][the Underwriters] [has][have] sold at least 10% of such Maturity of the Bonds to the Public at prices that are no higher than the Initial Offering Price for such Maturity.

(b) *Issuer* means the State of Georgia acting by and through the Georgia Financing and Investment Commission.

* Preliminary, subject to change

(c) *Maturity* means Bonds with the same credit and payment terms and maturity date. Bonds with different maturity dates, or Bonds with the same maturity date but different stated interest rates, are treated as separate Maturities.

(d) *Public* means any person (including an individual, trust, estate, partnership, association, company, or corporation) other than an Underwriter or a related party to an Underwriter. The term “related party” for purposes of this Certificate generally means any two or more persons who have greater than 50 percent common ownership, directly or indirectly.

(e) *Sale Date* means the first day on which there is a binding contract in writing for the sale or exchange the Bonds. The Sale Date of the Bonds is [DATE].

(f) *Underwriter* means (i) any person that agrees pursuant to a written contract with the Issuer (or with the lead underwriter to form an underwriting syndicate) to participate in the initial sale of the Bonds to the Public, and (ii) any person that agrees pursuant to a written contract directly or indirectly with a person described in clause (i) of this paragraph to participate in the initial sale of the Bonds to the Public (including a member of a selling group or a party to a third party distribution agreement participating in the initial sale of the Bonds to the Public).

The representations set forth in this certificate are limited to factual matters only. Nothing in this certificate represents [NAME OF UNDERWRITING FIRM][the Representative’s] interpretation of any laws, including specifically Sections 103 and 148 of the Internal Revenue Code of 1986, as amended, and the Treasury Regulations thereunder. The undersigned understands that the foregoing information will be relied upon by the Issuer with respect to certain of the representations set forth in the Tax and Non-Arbitrage Certificate and Agreement dated [Issue Date] relating to the Bonds and with respect to compliance with the federal income tax rules affecting the Bonds, and by Gray Pannell LLC in connection with rendering its opinion that the interest on the Bonds is excluded from gross income for federal income tax purposes, the preparation of the Internal Revenue Service Form 8038-G, and other federal income tax advice that it may give to the Issuer from time to time relating to the Bonds.

OFFICIAL NOTICE OF SALE**STATE OF GEORGIA****\$160,460,000* GENERAL OBLIGATION BONDS 2026B (FEDERALLY TAXABLE)**

** Preliminary, subject to change*

(This page has been left blank intentionally.)

OFFICIAL NOTICE OF SALE

\$160,460,000*

STATE OF GEORGIA

GENERAL OBLIGATION BONDS 2026B (FEDERALLY TAXABLE) (“2026B Bonds”)

All or none (“AON”) bids will be received electronically (as described in further detail below) by the Georgia State Financing and Investment Commission (the “Commission”) for the purchase through a single bid of the \$160,460,000* State of Georgia General Obligation Bonds 2026B (Federally Taxable) (the “2026B Bonds”). Bids will be received via **PARITY®**, until **10:15 AM EDT, on Wednesday, June 24, 2026***.

DESCRIPTION OF THE 2026B BONDS

The 2026B Bonds will be dated the date of delivery, expected to be July 9, 2026*, and will be issued in book-entry form only as fully registered bonds in denominations of \$5,000 each or any integral multiple thereof. Principal and semiannual interest are payable by the designated corporate trust office of The Bank of New York Mellon Trust Company, N.A., as Paying Agent. For the 2026B Bonds, interest is payable each January 1 and July 1 with the first interest payment due on January 1, 2027. The 2026B Bonds mature on July 1 of the years as set forth in the table shown below:

Maturity Years (July 1)	2026B Bonds Principal*
2027	\$ 14,995,000
2028	15,760,000
2029	16,500,000
2030	17,230,000
2031	18,005,000
2032	3,550,000
2033	3,740,000
2034	3,940,000
2035	4,140,000
2036	4,345,000
2037	4,570,000
2038	4,805,000
2039	5,055,000
2040	5,320,000
2041	5,600,000
2042	5,905,000
2043	6,220,000
2044	6,560,000
2045	6,920,000
2046	7,300,000
Aggregate Principal Amount	\$ 160,460,000

* Preliminary, subject to change

SERIAL BONDS

All the 2026B Bonds will be serial bonds unless the successful bidder shall designate consecutive principal maturities of the same interest rate to be combined into one or more term bonds. Each such term bond shall be subject to mandatory sinking fund redemption commencing on July 1 of the first year which has been combined to form such term bond and continuing each July 1 of each year thereafter until the stated maturity date of that term bond. The principal amount redeemed in any year shall be equal to the principal amount for each such year set forth in the amortization schedule, as shown above. The 2026B Bonds to be redeemed in any year by mandatory sinking fund redemption shall be redeemed at par and shall be selected as described in the Preliminary Official Statement from among the 2026B Bonds of the same maturity.

BIDDING PROCEDURES

Bids must be submitted electronically at the time as shown above for the 2026B Bonds on an all or none basis by means of the “AON Bid Form” via **PARITY®**. By submitting a bid for the 2026B Bonds, a bidder represents and warrants to the Commission that such bidder’s bid is submitted for and on behalf of such bidder by an officer or agent who is duly authorized to bind the bidder to a legal, valid and enforceable contract for the purchase of the 2026B Bonds. **Once a final bid is communicated electronically via PARITY® to the Commission, the bid will constitute an irrevocable offer to purchase the 2026B Bonds on the terms herein and therein provided.** For purposes of the electronic bidding process, the time as maintained on the **PARITY®** system shall constitute the official time. The Commission reserves the right to reject any and all bids and to waive any informalities in any and all bids.

BID SPECIFICATIONS

Bidders may name the rate or rates of interest the 2026B Bonds are to bear in multiples of 1/100 of 1%, but not to exceed 6.50%. All bonds of each maturity must bear a single rate. No bid for other than all of the 2026B Bonds will be considered. All bids for all 2026B Bonds must be unconditional. No bid for less than 100.1% of the aggregate principal amount of the 2026B Bonds will be considered.

BASIS OF AWARD

The 2026B Bonds will be awarded to the bidder submitting a bid in conformance with this Official Notice of Sale that produces the lowest true interest cost (TIC) on the 2026B Bonds based on the 2026B Bonds Bid Maturity Schedule (the “successful bidder” or “Purchaser”). The true interest cost (expressed as an annual interest rate) will be the rate necessary, when using a 360-day year comprised of twelve 30-day months and semiannual compounding, to discount the debt service payments for the 2026B Bonds from the payment dates to the date of the 2026B Bonds and to the aggregate price bid for the 2026B Bonds.

In case of a tie, the successful bidder will be determined based on which bid was submitted first. The time as maintained on the **PARITY®** system shall constitute the official time. In the case of a tie with the time, the successful bidder will be determined by lot.

AWARD OF THE 2026B BONDS

The Commission will notify the apparent successful bidder as soon as possible after bids for the 2026B Bonds have been received and verified (the “Verbal Award”), that such bidder’s bid is the lowest and best bid received which conforms to the requirements of this Official Notice of Sale, subject to verification and official action by the Commission. **The award of the 2026B Bonds will be considered at**

the Commission meeting to be held beginning at 9:30AM EDT on Thursday, June 25, 2026* (the “Sale Date”), and the Commission’s acceptance of the winning bid shall be made to the successful bidder as promptly as possible.

ADJUSTMENT OF PRINCIPAL AMOUNT OF THE 2026B BONDS

Each schedule of maturities set forth above for the 2026B Bonds (the “2026B Bonds Initial Maturity Schedule”) represents an estimate of the principal amount of 2026B Bonds that will be sold. The Commission reserves the right to change the 2026B Bonds Initial Maturity Schedule, by announcing any such change not later than 9:00AM EDT on the day of the bid via a supplement to this Official Notice of Sale to be posted on www.munios.com. The resulting schedule of maturities (the “2026B Bonds Bid Maturity Schedule”) may or may not be identical to the 2026B Bonds Initial Maturity Schedule. Furthermore, if no such change is announced, the 2026B Bonds Initial Maturity Schedule will become the 2026B Bonds Bid Maturity Schedule.

After determination of the winning bidder of the 2026B Bonds, the Commission reserves the right to change the 2026B Bonds Bid Maturity Schedule (the “2026B Bonds Final Maturity Schedule”) by increasing or decreasing the aggregate principal amount by an amount not to exceed 10% of the stated aggregate principal amount for the 2026B Bonds Bid Maturity Schedule. In such event, the dollar amount bid by the successful bidder will be adjusted to reflect any adjustment in the aggregate principal amount of the 2026B Bonds. Such adjusted bid price will reflect changes in the dollar amount of the underwriter’s discount and original issue discount/premium, if any, but will not change the selling compensation per \$1,000 of par amount of the 2026B Bonds from the selling compensation that would have been received based on the purchase price in the winning bid and the provided reoffering prices set forth in such bid.

The successful bidder may not withdraw its bid or change interest rates bid for the 2026B Bonds as a result of any changes made to the principal amounts of each maturity in accordance with the aforementioned terms. The Commission will notify the successful bidder of any adjustment to the 2026B Bonds Bid Maturity Schedule not later than 5:00 PM EDT, on the day of the sale.

RIGHT TO CHANGE THE SALE AND SUPPLEMENT NOTICE OF SALE

The Commission reserves the right to change, from time to time, the date and/or time established for the receipt of bids. A change of the bid date and/or time will be announced via a supplement to this Official Notice of Sale to be posted on www.munios.com not later than 9:00AM EDT, on the announced date for receipt of bids, and an alternative sale date and times will be announced via a supplement to this Official Notice of Sale to be posted on www.munios.com by 3:00PM EDT, at least one business day prior to such alternative date and times for receipt of bids.

On such alternative date and times for receipt of bids, the Commission will accept electronic bids for the purchase of the 2026B Bonds, such bids to conform in all respects to the provisions of this Official Notice of Sale, except for the changes in the date and times for receipt of bids and any other changes announced via a supplement to this Official Notice of Sale to be posted on www.munios.com.

In addition, any other information in connection with the offer and sale of the 2026B Bonds will be given to prospective bidders via a supplement to this Official Notice of Sale to be posted on www.munios.com, and any such supplemental information shall be deemed a part of this Official Notice of Sale.

* Preliminary, subject to change

BOOK ENTRY

The 2026B Bonds will be issued in book-entry form, as more fully described in the Preliminary Official Statement. Beneficial owners of the 2026B Bonds will not receive physical delivery of 2026B Bond certificates. Principal and interest payments on the 2026B Bonds will be made to Cede & Co., as nominee of The Depository Trust Company (“DTC”), New York, New York, which will act as depository for the 2026B Bonds. Such payments will then be distributed to the participating members of DTC, and by such participating members to the beneficial owners of the 2026B Bonds.

OPTIONAL REDEMPTION

The 2026B Bonds will be subject to redemption on any Business Day prior to their stated maturity at the option of the Commission in whole or in part at any time, at a redemption price, which prior to July 1, 2036* shall equal the Make-Whole Redemption Price (as defined below) and on or after July 1, 2036* shall equal one hundred percent (100%) of the principal amount of the 2026B Bonds to be redeemed plus accrued and unpaid interest thereon to the date fixed for redemption.

The “Make-Whole Redemption Price” will be the greater of (a) Amortized Value (as defined below) of the 2026B Bonds (but not less than one hundred percent (100%) of the principal amount of such 2026B Bonds to be redeemed on the redemption date; or (b) the sum of the present values of the remaining scheduled payments of principal and interest to the maturity date on the 2026B Bonds to be redeemed, not including any portion of those payments of interest accrued and unpaid as of the date on which the 2026B Bonds are to be redeemed, discounted to the date on which the 2026B Bonds are to be redeemed on a semi-annual basis, assuming a 360-day year consisting of twelve 30-day months, at the Treasury Rate (as defined below), plus (i) with respect to such 2026B Bonds maturing on July 1, 2027 through and including July 1, 2034*, five (5)* basis points, and (ii) with respect to such 2026B Bonds maturing on July 1, 2035* and July 1, 2036*, ten (10)* basis points; plus, in each case, accrued interest on the 2026B Bonds to be redeemed to the redemption date.

“Amortized Value” means, with respect to a 2026B Bond to be redeemed at a Make-Whole Redemption Price, the principal amount of the 2026B Bond to be redeemed, multiplied by the price of such 2026B Bond expressed as a percentage, calculated based on the industry standard method of calculating bond prices, with a delivery date equal to the redemption date, the maturity date of such 2026B Bond, an initial par call date of July 1, 2036*, and a yield equal to such 2026B Bond’s original reoffering yield.

“Treasury Rate” means, with respect to any redemption date for a particular 2026B Bond, the yield to maturity as of such redemption date of United States Treasury securities with a constant maturity (as compiled and published in the Federal Reserve Statistical Release H.15 (the “Statistical Release”) that has become publicly available at least two (2) business days, but not more than sixty (60) calendar days, prior to the redemption date (excluding inflation indexed securities) (or, if such Statistical Release is no longer published, any publicly available source of similar market data)) most nearly equal to the period from the redemption date to the maturity date of the 2026B Bonds to be redeemed.

AUTHORIZATION AND SECURITY

The 2026B Bonds will be issued by the Commission for and on behalf of the State of Georgia pursuant to powers granted to the Commission in the Constitution of the State of Georgia, the Act of the Georgia General Assembly creating the Commission, and the authorizing resolutions of the Commission.

* Preliminary, subject to change

The 2026B Bonds so issued constitute direct and general obligations of the State of Georgia for the payment of which the full faith, credit, and taxing power of the State are pledged.

DELIVERY AND PAYMENT

Delivery of the 2026B Bonds will be made in New York, New York as soon as the 2026B Bonds can be prepared, which is expected to be July 9, 2026*; however, the purchaser shall allow 30 days from the date of acceptance of bids for delivery. Payment for the 2026B Bonds shall be made in federal funds.

CUSIP NUMBERS AND DTC ELIGIBILITY

Public Resources Advisory Group, municipal advisor to the State, (“Municipal Advisor”) will timely apply for CUSIP numbers with respect to the 2026B Bonds as required by MSRB Rule G-34. It is anticipated that CUSIP numbers will be printed on the 2026B Bonds, but the failure to print such numbers on any 2026B Bond or any error with respect thereto shall not constitute cause for a failure or refusal by the successful bidder to accept delivery of and make payment for the 2026B Bonds. It will be the responsibility of the successful bidder to timely obtain and pay for the assignment of such CUSIP numbers.

It is anticipated that the 2026B Bonds will be eligible for custodial deposit with DTC; however, it will be the responsibility of the successful bidder to obtain such eligibility. Failure of the successful bidder to obtain DTC eligibility will not constitute cause for failure or refusal by the successful bidder to accept delivery of and pay for the 2026B Bonds in accordance with its bid and agreement to purchase the 2026B Bonds.

LEGAL OPINIONS AND CLOSING CERTIFICATES

The 2026B Bonds will be validated by the Superior Court of Fulton County, Georgia, prior to their issuance, and delivery will be accompanied by an execution, signature, and no-litigation certificate. The legality of the proceedings and the 2026B Bonds will be approved by Gray Pannell LLC, Savannah, Georgia, Bond Counsel, the cost of whose approving opinion shall be paid by the State. The State also will furnish to the successful bidder at the closing of the purchase of the 2026B Bonds: (i) a certificate of authorized officers of the Commission to the effect that, to the best knowledge, information, and belief of such officers, the Preliminary Official Statement used in connection with the 2026B Bonds did not on the date of sale, and the final Official Statement does not on the date of delivery, contain any misstatement of a material fact or omit to state a material fact necessary to make the statements therein contained, in light of the circumstances under which they were made, not misleading; and (ii) an opinion of Kutak Rock LLP, Atlanta, Georgia, disclosure counsel to the State, to the effect that their performance of certain services, their participation in certain discussions, and their examination of certain factual certifications and legal opinions did not disclose to them any information that would lead them to believe that the Preliminary Official Statement or the final Official Statement (excluding any financial, statistical, demographic and numerical information, any forecasts, estimates, assumptions or expressions of opinion, and information regarding DTC and its book-entry only system of registration, as to all of which no opinion is expressed) contains any untrue statement of a material fact or omits to state a material fact necessary to make the statements therein, in light of the circumstances under which they were made, not misleading.

CONTINUING DISCLOSURE

A Preliminary Official Statement for the 2026B Bonds has been prepared by the Commission. The Preliminary Official Statement is deemed by the Commission to be final for the purposes of compliance

* *Preliminary, subject to change*

with Rule 15c2-12 of the Securities and Exchange Commission (“Rule 15c2-12”), except for certain omissions permitted thereunder. In order to assist bidders in complying with paragraph (b)(5) of Rule 15c2-12, the State will undertake, pursuant to the resolutions authorizing the issuance of the 2026B Bonds and a Continuing Disclosure Agreement delivered simultaneously with the 2026B Bonds, to provide annual reports and notices of certain listed events in accordance with the provisions of Rule 15c2-12. A form of the Continuing Disclosure Agreement is set forth in APPENDIX D of the Preliminary Official Statement and will be set forth in the final Official Statement. The State's failure to deliver the Continuing Disclosure Agreement on the date of issuance and delivery of the 2026B Bonds shall relieve the successful bidder of its obligation to purchase the 2026B Bonds.

As of the date of hereof, the State is not aware of any instances in the previous five years in which it has failed to comply in any material respect with any previous undertaking entered into pursuant to Rule 15c2-12. See “CONTINUING DISCLOSURE” in the Preliminary Official Statement.

DISCLAIMER

*Each bidder shall be solely responsible for making the necessary arrangements to access the **PARITY**® system for purposes of submitting its bid in a timely manner and in compliance with the requirements of this Official Notice of Sale. Neither the Commission or **PARITY**® shall have any duty or obligation to provide or assure such access to any bidder nor shall the Commission or **PARITY**® be responsible for the proper operation of, or have any liability for, any delays or interruptions of, or any damages caused by, the **PARITY**® system. The Commission is authorizing the use of **PARITY**® as a communication mechanism to conduct the electronic bidding for the 2026B Bonds; the owners of such services are not agents of the Commission. The Commission is not bound by any advice and determination of **PARITY**® to the effect that any particular bid complies with the terms of this Official Notice of Sale and in particular the specifications set forth in “BID SPECIFICATIONS” and “BASIS OF AWARD” below. All costs and expenses incurred by bidders in connection with their registration via **PARITY**® are the sole responsibility of such bidders.*

UNDERTAKINGS OF THE SUCCESSFUL BIDDER

The successful bidder shall make a bona fide public offering of each maturity of the 2026B Bonds awarded to it and shall, within 30 minutes of being notified of the award of the 2026B Bonds, advise the State in writing (via electronic transmission) of the initial public offering prices of the 2026B Bonds awarded to it (the “Initial Reoffering Prices”). The successful bidder must, by electronic transmission or delivery received by the Commission within 24 hours after notification of the award, furnish the following information to the Commission to complete the Official Statement in final form, as described below:

- A. Selling compensation (aggregate total anticipated compensation to the underwriters expressed in dollars, based on the expectation that all 2026B Bonds awarded to it are sold at the prices or yields at which the successful bidder advised the Commission that the 2026B Bonds were initially offered to the public).
- B. The identity of the underwriters if the successful bidder is part of a group or syndicate.
- C. Any other material information the Commission determines is necessary to complete the Official Statement in final form.

OFFERING AND SALES IN NON-U.S. JURISDICTIONS

In connection with offers and sales of the 2026B Bonds, no action has been taken by the Commission or the State so as to permit or approve thereof a public offering of the 2026B Bonds, or possession or distribution of any information relating to the pricing of the 2026B Bonds, the Official Statement or any other offering or publicity material relating to the 2026B Bonds, in any non-U.S. jurisdiction where action for that purpose is required. Accordingly, the successful bidder accepts full and absolute responsibility thereto and agrees it will comply with all applicable laws and regulations in force in any non-U.S. jurisdiction in which it proposes to offer or sell 2026B Bonds or possess or distribute the Official Statement or any other offering or publicity material relating to the 2026B Bonds and it shall obtain any consent, approval or permission required for the offer or sale of the 2026B Bonds under the laws and regulations in force in any non-U.S. jurisdiction to which it is subject or in which it makes such offers or sales, and acknowledges and agrees the Commission and the State will have no responsibility therefor. All costs and expenses incurred by the successful bidder in connection with the offer or sale in non-U.S. jurisdictions are the sole responsibility of the successful bidder, and neither the Commission nor the State will be responsible for any such costs and expenses.

NEITHER THE STATE NOR THE COMMISSION MAKES ANY REPRESENTATION OR WARRANTY AS TO THE ACCURACY, COMPLETENESS, OR ADEQUACY OF THE INFORMATION UNDER THE CAPTION IN THE OFFICIAL STATEMENT TITLED "INFORMATION CONCERNING OFFERING RESTRICTIONS IN CERTAIN JURISDICTIONS OUTSIDE THE UNITED STATES." SUCH INFORMATION IS PROVIDED SOLELY FOR THE CONVENIENCE OF THE SUCCESSFUL BIDDER. COMPLIANCE WITH ANY RULES OR RESTRICTIONS OF ANY NON-U.S. JURISDICTION RELATING TO THE OFFERING, SOLICITATION, AND/OR SALE OF THE 2026B BONDS IS SOLELY THE RESPONSIBILITY OF THE SUCCESSFUL BIDDER AND NEITHER THE STATE NOR THE COMMISSION SHALL HAVE ANY RESPONSIBILITY OR LIABILITY IN CONNECTION THEREWITH.

In connection with any such offering or sale in non-U.S. jurisdictions, the successful bidder will be required to deliver a certificate substantially in the form attached hereto as Exhibit A, with such modifications as may be appropriate or necessary, in the reasonable judgment of the successful bidder, the Commission and Bond Counsel.

OFFICIAL STATEMENT

The Commission will prepare and provide to the Purchaser, within seven (7) business days after the sale, a sufficient number of copies of the final Official Statement to enable the Purchaser to comply with Rule 15c2-12. The final Official Statement will be in substantially the same form as the Preliminary Official Statement, subject to any additions, deletions, or revisions that the Commission believes are necessary.

ADDITIONAL INFORMATION

The Preliminary Official Statement, including the Official Notice of Sale, may be obtained via the Internet at www.munios.com.

Exhibit A
Certificate as to Offerings and Sales in Non-U.S. Jurisdictions

State of Georgia
\$[Amount] General Obligation Bonds 2026B (Federally Taxable)

The undersigned, an authorized representative of [] (“the Initial Purchaser”), the initial purchaser of the \$[Amount] State of Georgia General Obligation Bonds 2026B (Federally Taxable) (the “2026B Bonds”), hereby represents and warrants to the Georgia State Financing and Investment Commission (the “Commission”) acting for and on behalf of the State of Georgia (the “State”) that: (i) the 2026B Bonds that have been offered or sold outside of the territory of the United States of America by the Initial Purchaser have been offered or sold in compliance in all material respects with the applicable securities laws and related rules and regulations of the jurisdiction in which they were offered or sold; (ii) no 2026B Bonds that were offered or sold outside the territory of the United States of America were offered or sold in jurisdictions other than those described in the Official Statement dated [], 2026 relating to the 2026B Bonds under the heading “INFORMATION CONCERNING OFFERING RESTRICTIONS IN CERTAIN JURISDICTIONS OUTSIDE THE UNITED STATES”; and (iii) the Initial Purchaser acknowledges that the Commission has relied on the representations made by the Initial Purchaser herein in the award of the 2026B Bonds to the Initial Purchaser in accordance with the terms and conditions of the Official Notice of Sale with respect to the 2026B Bonds.
