All employment is decided on the basis of qualifications, merit and business need.

Position Overview

Position Description: Reporting to the Deputy Chief Information Officer (CIO), the IT Security Architect is responsible for the development and delivery of IT security standards, best practices, architecture, and systems to ensure information system security for the Georgia Building Authority (GBA), Georgia State Financing and Investment Commission (GSFIC), and the State Properties Commission (SPC). The IT Security Architect implements processes and methods for auditing and addressing non-compliance, facilitates migration of non-compliant environments, and conducts studies inside and outside the organization to ensure compliance with current standards and industry security norms. Furthermore, the IT Security Architect participates in the planning and implementation of security administration for all IT related projects. Responsible for evaluation and selection of security applications and systems. Makes recommendations and assists with the implementation of changes to work methods and procedures to make them more effective or to strengthen security measures. This position is also the designated CISO for GBA, GSFIC, and SPC. The IT Security Architect also performs other job-related duties as assigned.

Minimum Qualifications: Bachelor's degree in Information Security, Information Technology, or related field AND Three (3) years managing security for an Enterprise network **OR** One or more of the following industry certifications: Certified Information Security Manager (CISM), Certified Information System Security Officer (CISSO), Certified Information System Security Professional (CISSP) AND Three (3) years managing security for an Enterprise network **OR** Seven (7) years managing security for an Enterprise network

Must meet agency requirements to become authorized driver

Preferred Qualifications:

- Master's Degree in Information Security, Management, Information Technology, or related field

This position is subject to close at any time once a satisfactory applicant pool has been identified.

The selected applicant must be authorized to work in the United States and must successfully pass a pre-employment criminal background check, motor vehicle records check and drug screen.
